

transported in interstate commerce by JEA (a municipal electric company with a service territory located exclusively in the State of Florida) from Georgia into Florida. JEA will then resell that electricity to its customers in Florida.

In this Petition, JEA seeks a determination from the Commission⁴ on the following narrow legal issue:

Does the Commission have jurisdiction over the PPA (and the transactions therein) under Section 201(b)(1) of the FPA, even though MEAG and JEA are each exempt from regulation by the Commission as “public utilities” under Section 201(f) of the FPA?

Based on specific facts presented by the PPA and in this Petition, JEA believes that the answer to this question must be “yes.”

To be clear, at issue in this Petition is the authority of this Commission only to regulate the sale of electric energy at wholesale in interstate commerce pursuant to this specific PPA under Section 201(b)(1) of the FPA, 16 U.S.C. § 824(b), and not the status of JEA and MEAG as entities that are exempt from regulation as “public utilities” under Section 201(f) of the FPA, 16 U.S.C. § 824(f). JEA expressly acknowledges and agrees that the exemption in Section 201(f) applies to both it and MEAG, and does not seek any determination by the Commission on that exemption. But as Commission precedent and case law firmly establish, the existence of that exemption is not relevant to the jurisdictional nature of the PPA as a facility for the sale of energy at wholesale in interstate commerce.

For further clarity, this Petition is expressly tailored to the specific facts and circumstances associated with this specific PPA between MEAG and JEA. JEA is not seeking a blanket declaration of jurisdiction on any other PPA or wholesale transaction between other

⁴ See *Montana-Dakota Utils. Co.*, 81 FERC ¶ 61,298 at 62,407 (1997).

public entities or any other party. The PPA at issue is highly distinctive due to the nature of the parties to the PPA, including that:

- MEAG, an entity in Georgia, is selling electricity at wholesale to JEA, an entity in Florida;
- MEAG is purchasing its underlying energy from an affiliated owner of a portion of the generation unit in Georgia;
- MEAG is then selling that energy to JEA via a back-to-back PPA for ultimate use in Florida;
- MEAG has publicly and expressly stated that the Georgia Public Service Commission has no jurisdiction over MEAG or the PPA;
- The costs associated with the construction of two new nuclear generation units in Burke County, Georgia, known as Plant Vogtle Units 3 and 4 (the “Project”) have far surpassed the initial projections with the parties executed the PPA, including the recent modification of the underlying EPC agreement from a fixed rate structure to a cost-plus premium structure in which all increased costs are passed through from MEAG to JEA without any incentive to curtail costs; and
- The PPA has extremely unique terms and conditions which directly affects JEA’s operations within its footprint in Florida, the rates that JEA can utilize to serve its retail customers in Florida, and how JEA can recover its costs associated with this PPA from its end users.

I. COMMUNICATIONS

Pursuant to Rule 2010 of the Commission’s Rules of Practice and Procedure,⁵ the persons designated to receive service and to whom correspondence and communications should be addressed concerning this petition are as follows:

⁵ 18 C.F.R. § 385.2010 (2017).

*JEA requests that each of the designated persons be placed on the official service list for this proceeding and, to the extent necessary, respectfully requests waiver of Section 385.203(b)(3)⁶ of the Commission's regulations in order to permit designation of such persons for service in this proceeding.

II. DESCRIPTION OF THE PARTIES AND THE AGREEMENTS

A. Description of the Parties

JEA is a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida. JEA serves approximately 458,000 electric end use customers in its 900 square mile service territory in the Jacksonville, Florida area. JEA owns and operates an electric transmission and distribution system in Florida that includes five conventional and renewable generating plants (with 3,330 MW of installed capacity), more than 745 circuit miles of transmission lines, and more than 6,760 miles of distribution lines.

MEAG is a public corporation and an instrumentality of the State of Georgia created under the provisions of Georgia Law, Ga. L. 1975, p. 107 *et seq.*, codified at O.C.G.A. § 46-3-

⁶ 18 C.F.R. § 385.203(b)(3) (2017).

110 *et seq.* MEAG is the wholesale electric power supplier for the forty-nine (49) political subdivisions that are its Participants.⁷ MEAG meets the power supply needs of its Participants from its ownership interests in two nuclear and two coal-fired electric generating plants, as well as from a number of arrangements with other utilities, which allow for the purchase and sale of capacity and energy, and other sources. MEAG owns a 22.7 percent undivided ownership interest in the two nuclear generating units that constitute the Project.⁸ The Plant Vogtle Units 3 and 4 are currently under construction and are anticipated to be operational in 2021 and 2022, respectively. Under the PPA, MEAG has agreed to sell JEA the output associated with approximately 41.2 percent of MEAG's interest in the Project, or approximately 206 MWs of electricity, capacity and ancillary services based upon the nominal ratings of the two additional units.

B. PPA Background

MEAG and JEA entered into the current PPA as of December 31, 2014,⁹ pursuant to which MEAG agreed to sell “the capacity, energy and ancillary services actually generated by, attributable to, or resulting from ... and any Environmental Attributes and Production Tax Credit attributable to” MEAG's ownership share of the Project (collectively, the “Output”).¹⁰ More

⁷ The 49 Participants of MEAG Power are the Cities of Acworth, Adel, Albany, Barnesville, Blakely, Brinson, Buford, Cairo, Calhoun, Camilla, Cartersville, College Park, Commerce, Covington, Doerun, Douglas, East Point, Elberton, Ellaville, Fairburn, Fitzgerald, Forsyth, Fort Valley, Grantville, Griffin, Hogansville, Jackson, LaFayette, LaGrange, Lawrenceville, Mansfield, Marietta, Monroe, Monticello, Moultrie, Newnan, Norcross, Oxford, Palmetto, Quitman, Sandersville, Sylvania, Sylvester, Thomaston, Thomasville, Washington, West Point, Whigham, Georgia, all municipal corporations organized and existing under the laws of the State of Georgia, and Crisp County, Georgia.

⁸ The Alvin W. Vogtle Electric Generating Plant (known as Plant Vogtle), is located near Waynesboro in eastern Georgia near the South Carolina border and is jointly owned by Georgia Power (45.7%), Oglethorpe Power Corporation (30%), MEAG (22.7%) and Dalton Utilities (1.6%).

⁹ The original power purchase agreement between MEAG and JEA was executed in 2008, and subsequently was amended via the PPA in 2014 to incorporate provisions in connection with the issuance of a loan guaranty by the U.S. Department of Energy for a portion of the financing for the Project.

¹⁰ Capitalized terms used herein in reference to the PPA have the meaning ascribed to them in the PPA.

specifically, MEAG agreed to purchase the Output from an affiliated Special Purpose Entity (“MEAG Power SPVJ LLC”) via its own power purchase agreement, and then resell that Output to JEA via a back-to-back sale mechanism using the PPA.

The PPA clearly envisions that the underlying transaction constitutes interstate commerce. In this regard, the PPA specifies that the Delivery Point for the electricity sold is “at the point where said transmission forms part of the Georgia Integrated Transmission System,” and that JEA is obligated to “arrange, either directly or indirectly through a third party, for all transmission service and transmission auxiliary services and ... pay all costs pursuant to the transmission provider’s tariff and the transmission provider’s protocols including all costs associated with line losses, necessary to transmit the Output delivered under this Agreement from the Delivery Point to any point at which [JEA] redelivers the Output to its customer(s).” PPA, Section 604(b).¹¹ The PPA also imposes a number of conditions on JEA (an entity subject to rate regulation only by the State of Florida) that go to the core of its ability to serve its customers. For example, the PPA includes conditions that dictate the entities to whom JEA can sell electricity purchased from MEAG (PPA Sections 305 (Resale Covenant) and 306 (Tax Covenant)), and imposes obligations on JEA with respect to the operation of its electric system in Florida and the rates that it is required to charge its retail end use customers (PPA Section 307 (Rate Covenant)).¹²

¹¹ JEA has arranged for that transmission to occur using the interstate transmission system for ultimate delivery to JEA’s end use customers in Florida, when and if construction of the Project is completed and it begins to generate electricity.

¹² This latter condition is especially significant, not only because it directly intrudes on the regulatory authority of the State of Florida, but also because MEAG is not required by the PPA to deliver electric energy to JEA on or before a date certain, if ever. Notwithstanding this uncertainty, JEA continues to make monthly payments and otherwise honor its contractual obligations under the PPA.

C. Recent Developments

Since late 2017, JEA has engaged in discussions with MEAG concerning the Project, and has stated that it is in favor of discontinuing the Project given the extensive cost overruns that have occurred. For example, JEA (though its legal counsel) sent MEAG a letter on September 29, 2017, in which JEA stated that in light of the cost overruns and delays associated with the construction of the Project, that JEA “does not wish to proceed” with its construction or the PPA. *See Exhibit C.* In response to JEA’s expressions of concern, MEAG demanded that unless JEA promptly provided written assurances that it would fulfill its obligations under the PPA, MEAG was prepared to proceed immediately to enforce its rights under the Agreement and under applicable law.¹³

JEA again reached out to MEAG on August 17, 2018 regarding JEA’s conclusion that the continued construction and operation of the Project was no longer economically feasible. *See Exhibit E.* In that letter, JEA noted that the most recent report issued by the lead owner for Plant Vogtle identified an additional \$2.3 billion cost overrun, and that the guaranteed maximum price of the Project had increased from \$14.5 billion (with an in-service date of 2016) to \$27.5 billion (with an expected in service date of 2021 for Unit 3 and 2022 for Unit 4).

In response to that letter, the Interim CEO of JEA and the CEO of MEAG engaged in additional discussions over JEA’s concern, with the most recent discussion occurring on September 10, 2018. Notwithstanding those discussions, and without any prior notice or warning to JEA, on September 11, 2018, MEAG filed a complaint against JEA in the U.S. District Court for the Northern District of Georgia (the “MEAG Complaint”), in which MEAG

¹³ *See Exhibit D.*

requested the court to both approve and order JEA to perform its obligations under the PPA.¹⁴ In this regard, in Paragraph 67 of the Complaint, MEAG requested the Court, *inter alia*, to order

- (a) That JEA take all Output (as defined in the PPA) made available to it under the Agreement;
- (b) That JEA use all Output in compliance with the terms of the PPA;
- (c) That JEA make all payments to MEAG Power as and when required by the terms of the PPA;
* * *
- (f) That JEA rescind its August 17, 2018 letter; and
- (g) That JEA, in all other ways, act in strict compliance with the terms of the Agreement and do nothing to threaten the continued financing of the project.

The MEAG Complaint contains a number of allegations which directly implicate, and reinforce the need for the Commission to confirm, the jurisdictional nature of the PPA under the FPA, and to require that the PPA be filed with the Commission for review and approval as is required under the FPA. Specifically, MEAG admitted that:

- It did not anticipate that it would need the Output until between 2034 and 2037 (*MEAG Complaint* at ¶ 9);
- The PPA is a “hell-or-high-water” contract that specifically provides that JEA has no right, under any circumstances, to abandon the PPA or be relieved of its contractual obligations (*Id.*);
- By structuring its ownership in the Project in the manner it did, and then entering into the PPA, MEAG “could take more of an ownership share of Units 3 and 4 than its Participants needed in the relative short term by shifting the cost and benefit of power” from those units to other purchasers, such as JEA (*Id.* at ¶ 11); and
- In August 2018, it was announced that the budget for the Project would need to be revised upward by over \$2 billion (*Id.* at ¶ 34).

¹⁴ A copy of MEAG’s Complaint (omitting Exhibit A thereto, which contains a copy of the PPA) is attached hereto as Exhibit F. In addition to the MEAG lawsuit, a second lawsuit is pending in Florida State Court, in which the City of Jacksonville, Florida and JEA filed a Complaint for Declaratory Judgment against MEAG on the same day. In that second lawsuit, the City of Jacksonville and JEA requested the court to rule that JEA lacked authority under Florida law to execute the PPA, and that the PPA was therefore *ultra vires*, void *ab initio*, and unenforceable. See Exhibit G. Unlike the MEAG Complaint, the City’s Complaint does not implicate the Commission’s jurisdiction under the FPA, as it involves issues associated with the authority of JEA to *enter into* and *purchase* electricity under the PPA.

Finally, MEAG requests the court to enter an order, *inter alia*, finding that the PPA is lawful and enforceable.

III. THE FPA GRANTS THE COMMISSION EXCLUSIVE JURISDICTION OVER THE PPA AND ALL INTERSTATE TRANSACTIONS THEREUNDER

A. The Commission has exclusive jurisdiction over any interstate transmission or interstate sales of electricity for resale, regardless of the entities involved

Section 201(b) of the FPA grants the Commission *exclusive* jurisdiction over several types of electricity transactions:¹⁵

- The transmission of electric energy in interstate commerce;
- The sale of electric energy at wholesale in interstate commerce; and,
- All facilities for such transmission or sale of electric energy.

See 16 U.S.C. § 824(b)(1).¹⁶ As a result of this exclusive jurisdiction, the states do not have authority to regulate interstate transmission or sales of electricity at wholesale in interstate commerce. *See United States v. Public Utilities Comm'n*, 345 U.S. 295, 307, 311, 314 (1953) (“*US v. PUC*”); *Ark. Power & Light Co. v. FPC*, 368 F.2d 376, 384 (8th Cir. 1966) (“*Arkansas P&L*”) (“Federal regulation of sales for resale under Section 201 of the Federal Power Act thus precludes concurrent state jurisdiction.”).

¹⁵ The Commission has reiterated this concept innumerable times. *See, e.g., Pa. Power & Light Co.*, 23 FERC ¶ 61,006 at 61,018, reh’g denied, 23 FERC ¶ 61,325 (1983); *S. Co. Servs., Inc.*, 37 FERC ¶ 61,256 at 61,652 (1986); *Fla. Power & Light Co.*, 40 FERC ¶ 61,045 at 61,120-21, reh’g denied, 41 FERC ¶ 61,153 at 61,382 (1987); *Houlton Water Co. v. Me. Pub. Serv. Co.*, 60 FERC ¶ 61,141 at 61,515 (1992); *N. Ind. Pub. Serv. Co.*, 66 FERC 61,213 at 61,488 (1994); *Conn. Light & Power Co.*, 70 FERC ¶ 61,012 at 61,030, reconsid. denied, 71 FERC ¶ 61,035 (1995); *Cent. Vt. Public Serv. Corp.*, 84 FERC ¶ 61,194 at 61,973-75 (1998); *Progress Energy, Inc.*, 97 FERC ¶ 61,141 at 61,628 (2001); *Armstrong Energy Ltd. P’ship, LLLP*, 99 FERC ¶ 61,024 at 61,104 (2002); *Niagara Mohawk Power Corp.*, 100 FERC 61,019 at P 17 (2002); *Barton Village, Inc. v. Citizens Utilities Co.*, 100 FERC ¶ 61,244 at P 12 (2002); *Va. Electric & Power Co.*, 103 FERC ¶ 61,109 at P 6 (2003); *S. Cal. Edison Co.*, 106 FERC ¶ 61,183 at P 14, 19 (2004); *Midwest Indep. Transmission Sys. Operator, Inc.*, 106 FERC ¶ 61,337 at P 14 & n.17 (2004); *Entergy Servs., Inc.*, 120 FERC ¶ 61,020 at P 28 (2007); *Aquila Merchant Servs., Inc.*, 125 FERC ¶ 61,175 at P 17 (2008).

¹⁶ *See also New York v. FERC*, 535 U.S. 1, 6, 122 S. Ct. 1012, 152 L.Ed.2d 47 (2002) (confirming that FERC has jurisdiction over all transmission of electric energy in interstate commerce and the sale of electric energy at wholesale in interstate commerce); citing *Gulf States Util. Co. v. FPC*, 411 U.S. 747, 758, 93 S. Ct. 1870, 36 L.Ed.2d 635 (1973).

The United States Supreme Court has reiterated this regulatory construct and, as recently as 2016, confirmed the Commission’s broad authority under the FPA to regulate matters that directly affect the sale of wholesale electric power in interstate commerce as “obligat[ing] FERC to oversee all prices for those interstate transactions and all rules and practices affecting such prices.” *FERC v. Electric Power Supply Ass’n*, 136 S.Ct. 760, 767 (2016) (“*Elec. Power Supply Ass’n*”) (emphasis added). Included within the “interstate transactions” that the Commission is obligated to oversee are the interstate transactions contemplated by the PPA.

Section 201(c) of the FPA establishes that “electric energy shall be held to be transmitted in interstate commerce if transmitted from a State and consumed at any point outside thereof . . .” 16 U.S.C. § 824(c). Section 201(d) of the FPA makes clear that the term “sale of electricity at wholesale” means “a sale of electric energy to any person for resale.” 16 U.S.C. § 824(d). In other words, the FPA extends the Commission’s jurisdiction over not only interstate transmission of electricity, but also the sale of such electricity “to any person for resale.” Because JEA is a “person” under the FPA, and resells the electric energy and related products purchased from MEAG under the PPA to its end use customers in Florida (*i.e.*, in interstate commerce), the underlying sale of electric energy by MEAG to JEA pursuant to the PPA is subject to this Commission’s jurisdiction under Section 201(b) of the FPA. *See US v. PUC*, 345 U.S. at 316 (holding that a municipality was a “person” for purposes of the FPA, and that the Commission therefore had jurisdiction over an electric company’s sales of electricity to a municipal county for resale).¹⁷

¹⁷ JEA is aware of the recent decision issued by the U.S. Court of Appeals for the DC Circuit (“CADC”) in *City of Clarksville, Tennessee v. FERC*, No. 16-1244 (Apr. 24, 2018), which declined to apply the Supreme Court’s analysis of this issue under the FPA in *U.S. v. PUC* on the grounds that the facts presented in *US v. PUC* were “inapposite” to those pending before the CADC in *Clarksville* under the Natural Gas Act. As a result, JEA submits that the CADC’s decision in *Clarksville* is not relevant to the Commission’s review of and determination on the questions presented in this Petition.

B. In reviewing its jurisdiction under FPA § 201(b), the Commission looks to the nature of the underlying transaction, and not the entities involved

The Commission has exclusive jurisdiction over all transactions involving the sale of electric energy at wholesale in interstate commerce, including such transactions under the PPA. It is unquestionable that, if these transactions were being made by a public utility, they would be subject to Commission jurisdiction under Section 201(b) of the FPA. As a result, any argument that could be raised against Commission jurisdiction over the PPA based on the claim that MEAG is an entity of the State of Georgia and, as such, is exempt from the application of the FPA pursuant to Section 201(f) is simply not relevant. Instead, the Commission has found on numerous occasions that public entities are in fact subject to the FPA to the extent they avail themselves of interstate transactions.

With regard to state regulated activities, public entities like MEAG are generally exempt from regulation under the FPA as a “public utility,” but only as to those activities that are subject to state regulation or matters that are wholly intrastate. *See* FPA § 201(f). Neither is true in the case of MEAG’s PPA with JEA or the interstate services that are contemplated thereunder. *Arkansas P&L*, 368 F.2d at 383 (the municipal exemption applies to the party’s status as a public utility under the FPA and “not to the Commission’s jurisdiction over sales in interstate commerce for resale”).

Here, under the PPA, MEAG has agreed to sell electricity generated in Georgia to JEA for transmission to and resale in Florida to JEA’s customers. The PPA expresses the clear intent of the parties that the transaction involves “the sale of electric energy at wholesale in interstate commerce.” Once electricity or natural gas is placed in interstate commerce, the Commission has jurisdiction over that sale – regardless of the parties involved. *See US v. PUC*, 345 U.S. at 313-14; *Arkansas P&L*, 368 F.2d at 383.

C. Long-held precedent requires the Commission to assert jurisdiction over all interstate transmission and interstate sales of electricity for resale in order to avoid a regulatory gap in oversight

The PPA is a “facility” that expressly allows MEAG (an entity created under the laws of Georgia) to impose and enforce conditions on the operation of JEA’s Electric System in Florida. The existence and enforcement of those conditions is not subject to the jurisdiction of either Georgia or Florida. As a result, if the Commission fails to assert jurisdiction over the PPA, the sale of electric energy at wholesale in interstate commerce that the PPA contemplates will avoid all regulatory oversight.

One of the primary purposes of the FPA is to eliminate this regulatory gap in jurisdiction (which is otherwise known as the *Attleboro* gap, after the controlling case).¹⁸ *See US v. PUC*, 345 U.S. at 307 (The FPA “was intended to ‘fill the gap’ – the phrase is repeated many times in the hearings, congressional debates and contemporary literature – left by *Attleboro* in utility regulation. Congress interpreted that case as prohibiting state control of wholesale rates in interstate commerce for resale, and so armed the Federal Power Commission [now FERC] with precisely that power.”); *see also Elec. Power Supply Ass’n*, 136 S. Ct. at 780 (The FPA “prevents the creation of any regulatory no man’s land,” as “some entity must have jurisdiction.”).

The Georgia Public Service Commission has been investigating the issue of cost recovery related to the Plant Vogtle construction for some time. In October 2017, MEAG filed an Application to Intervene in the Georgia Commission’s cost investigation proceeding related to

¹⁸ In 1927 in *Public Util. Comm’n of R. I. v. Attleboro Steam & Elec. Co.*, 273 U.S. 83, 89–90 (1927), the Supreme Court held that the Commerce Clause prevents state and local regulators from regulating certain interstate electricity transactions, including wholesale sales (i.e., sales for resale) across state lines. *Id.* at 89-90. This inability of the state commissions to regulate the wholesale sales of power between multi-state utilities or with utility affiliates formed a regulatory gap in coverage, an underlying cause of the adoption of the FPA several years later.

the construction of Plant Vogtle, and made quite clear in its Application that MEAG was *not* subject to the Georgia Commission’s jurisdiction. In its petition, MEAG argued that:

While MEAG Power is exempt from Commission regulation under O.C.G.A. § 46-3-152, and the Participants [i.e., MEAG’s members] are regulated at the local level and exempt from rate regulation by the [Georgia] Commission by way of the Constitution of the State of Georgia, Article III, Section VI, Para. 5(d) and O.C.G.A. § 46-3-12, the outcome of this proceeding could affect MEAG Power and its Participants as to the completion of the Vogtle Units 3 & 4 Project.¹⁹

Because MEAG maintains that its activities and rates are exempt from regulation by the Georgia Commission, it necessarily follows that MEAG’s sales of Output from the Project (whether under the PPA to JEA or otherwise) similarly are exempt from regulation by the Georgia Commission. And there can be no dispute that the State of Florida lacks authority to regulate the activities of MEAG, including those taken by MEAG in connection with the PPA. As a result, if this Commission does not assert its exclusive jurisdiction over MEAG’s interstate sale of electricity at wholesale to JEA under the PPA, and its exclusive jurisdiction under FPA Sections 205 and 206 to review the terms and conditions associated with that interstate sale by MEAG, then there is no entity that would have the ability to oversee or otherwise regulate those sales. This is the very “regulatory gap” that the FPA was designed to address after *Attleboro*.

D. Commission oversight of the PPA is necessary and appropriate

The need for the Commission to assert jurisdiction over the PPA becomes even more apparent when the specific provisions of the PPA are reviewed. For example, the PPA allows MEAG to impose and enforce conditions on:

- the rates charged by JEA to its customers (PPA Section 307);

¹⁹ See, Application to Intervene of the Municipal Electric Authority of Georgia, *In Re: Verification of Expenditures Pursuant To Georgia Power Company's Certificate of Public Convenience and Necessity for Plant Vogtle Units 3 and 4, Seventeenth Semi-annual Construction Monitoring Report; Proposed Forecast Cost and Schedule Revisions; and Determination of Continuation or Cancellation of the Project*, Georgia PSC Docket No. 29849 (emphasis added), found at <http://www.psc.state.ga.us/factsv2/Document.aspx?documentNumber=169880>.

- the operation of JEA’s electric system and its use of operating reserves in connection with that system (PPA Section 307);
- the entities to whom JEA can sell the Output purchased by it under the PPA (PPA Sections 305 and 306); and,
- the manner in which JEA is obligated to recover its costs under the PPA from its customers (PPA Section 202(h)).

At the same time, JEA has no right under the PPA to dispatch or otherwise schedule the operation of the Project or the delivery of its Output (PPA Section 202). Indeed, MEAG is under no obligation thereunder to ensure that the Project achieves commercial operation and in fact delivers Output to JEA, let alone on time or within an agreed upon budget. Instead, JEA is required by the terms of the PPA to pay its share of the Project’s cost of construction – regardless of whether the Project is completed or is operating or operable (PPA Section 205(g)). In the end, the question under the terms of the agreement is not if JEA must pay under the PPA – there is no question it must – but instead is merely how much and when (*see, e.g.*, PPA Section 211(b), establishing JEA’s payment obligations in the event construction of the Project is terminated or cancelled prior to commercial operation).

With no oversight and answering to no electorate or regulator, it has become clear that MEAG has no incentive to impose any cost discipline on its contractors, or any disincentive from exercising prudent management and control of the Project rather than simply continuing to pass the limitless cost-overruns onto JEA.²⁰ Indeed, when the Georgia Commission attempted to exert oversight over these cost overruns, MEAG politely but firmly informed the Georgia Commission that it lacked jurisdiction over MEAG and its transactions. When JEA attempted to

²⁰ In this regard, although the construction of the Project originally was being undertaken on a fixed-price basis, it is now being done on a cost-plus basis by a new EPC contractor due to the 2017 filing of bankruptcy of the initial EPC contractor. MEAG is now passing through those increased cost-plus assessments to JEA, who has no say in the matter or, unless this Commission asserts jurisdiction, any ability to have any regulatory oversight on the costs.

engage MEAG in discussions concerning the same issues, MEAG stated that unless JEA promptly provided written assurances that it would fulfill its obligations under the PPA, MEAG was prepared to proceed immediately to enforce its rights under the Agreement and under applicable law. And when JEA again requested MEAG to vote in favor of canceling the Project, MEAG's response was to file the MEAG Complaint with no prior notice to JEA.

MEAG's actions clearly illustrate the existence of a significant regulatory gap – a gap that carries with it a very real risk to both JEA and its customers. Unless the Commission acts to assert jurisdiction and fill this gap, there is no agency that will be able to oversee MEAG's activities with respect to the Project and the PPA, and ensure that the rates, terms and conditions contained within the PPA (along with their implementation by MEAG) are “just and reasonable” and are not “unduly discriminatory or preferential.”

IV. REQUESTED FINDINGS OF LAW UNDER THIS PETITION AND REQUEST FOR EXPEDITED TREATMENT

The Commission's rules of procedure contemplate the ability of a party to petition for an order making findings of law on matters within the scope of this Commission. *See* 18 CFR § 385.207. As outlined above, both MEAG and JEA intended the PPA to encompass sales of electric energy at wholesale in interstate commerce. Both the PPA and its underlying transactions clearly fall within the Commission's exclusive purview under the FPA, and the fact that MEAG is a public entity does not alter that conclusion (let alone grant MEAG the right to make such interstate transactions without any regulatory oversight).

In light of the foregoing, JEA respectfully requests the Commission issue an order:

1. declaring that the PPA and the underlying sale of electric energy and related products by MEAG to JEA are wholesale transactions in interstate commerce, and are thus subject to the Commission's exclusive jurisdiction under FPA Section 201(b);

2. Declaring the PPA between MEAG and JEA is a “facility” for such wholesale transactions in interstate commerce, and are thus subject to the Commission’s exclusive jurisdiction under FPA Section 201(b); and
3. Finding that, as a facility for such wholesale transactions in interstate commerce, MEAG is obligated as the Seller to present the PPA to the Commission for review and approval under the FPA.

The Commission should be able to settle the jurisdiction issue swiftly. There are no relevant facts in dispute, the statutory provisions are clear, and the precedent supporting inclusion of the PPA and any interstate transactions contemplated thereunder as wholesale transactions in interstate commerce, and thus subject to the Commission’s exclusive jurisdiction under FPA Section 201(b), is clear and compelling. Until the Commission resolves this threshold jurisdictional issue, over which it has exclusive jurisdiction, MEAG likely will not file the PPA with the Commission for approval under Section 205 of the PPA, and the U.S. District Court hearing the MEAG Complaint will be unable to determine if the PPA constitutes a lawful contract that is subject to potential enforcement.

Respectfully submitted,

JEA

By its Attorneys,

)

Docket No. EL18-____-000

AFFIDAVIT OF AARON ZAHN
IN SUPPORT OF PETITION FOR A DECLARATORY ORDER

I, Aaron Zahn, being duly sworn, depose and say:

1. My name is Aaron Zahn and my business address is 21 West Church Street, Jacksonville, Florida 32202-3139. I am the Interim Managing Director and Chief Executive Officer for JEA, which is a body politic and corporate and an independent agency of the City of Jacksonville, Florida (“JEA”). I have served in this role since April 2018. I am responsible for managing all aspects of JEA’s operations.

2. I am the authorized representative of JEA and am providing this affidavit in support of the Petition for Declaratory Order of JEA (the “Petition”).

3. I have read the Petition and am familiar with the contents therein.

4. I caused the Petition to be prepared; and that the statements appearing therein are true and correct to the best of my knowledge, information, and belief.

5. This concludes my affidavit.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and accurate.

September 14, 2018

Aaron Zahn, Interim Managing Director and Chief Executive Officer

This AMENDED AND RESTATED POWER PURCHASE AGREEMENT (“Agreement”) is entered into effective as of December 31, 2014 (the “Execution Date”), between the Municipal Electric Authority of Georgia, a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia, created by the provisions of Georgia Law, Ga. L. 1975, p. 107, *et seq.*, codified at O.C.G.A. §§ 46-3-110, *et seq.*, as amended from time to time (“MEAG”) and JEA, a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida (“Buyer”). MEAG and Buyer are sometimes referred to in this Agreement individually as a “Party” and collectively as the “Parties.”

RECITALS

WHEREAS, MEAG owns an undivided ownership interest in two additional nuclear generating units under construction at Plant Vogtle in Burke County, Georgia, a portion of which ownership interest is known as the “Plant Vogtle Additional Units PPA Project” or “Project J,” a portion of which ownership interest is known as the “Plant Vogtle Additional Units PPA-2 Project” or “Project P” and the remainder of which ownership interest is known as the “Plant Vogtle Additional Units Non-PPA Project” or “Project M”;

WHEREAS, MEAG desires to sell the Output (such term, and all other capitalized terms used in these Recitals without definition, having the respective meanings assigned thereto in Section 104 hereof) of the Plant Vogtle Additional Units PPA Project for the Term of this Agreement, and Buyer desires to purchase such Output predicated upon the understanding that the sale of the Output by MEAG to Buyer will require Buyer to assume a proportionate share of the related construction risk;

WHEREAS, the Parties entered into a Power Purchase Agreement, dated as of May 12, 2008, as amended by Amendment No. 1 to Power Purchase Agreement, dated as of April 24, 2009 and by Amendment No. 2 to Power Purchase Agreement, dated as of January 26, 2010 (as so amended, and as the same may be further amended prior to the Effective Date, the “Original Agreement”), relating to the Plant Vogtle Additional Units PPA Project;

WHEREAS, as an additional source of financing, MEAG may decide to obtain one or more loans with respect to the Plant Vogtle Additional Units PPA Project (the “DOE Guaranteed Loan”) to be made by FFB and guaranteed by DOE pursuant to Title XVII of the Energy Policy Act of 2005;

WHEREAS, in the event that MEAG does decide to obtain the DOE Guaranteed Loan, in order to obtain the DOE Guaranteed Loan, MEAG will transfer the portion of its undivided ownership interest in the Additional Units that currently constitutes a part of the Plant Vogtle Additional Units PPA Project to the PPA Project Entity;

WHEREAS, MEAG will simultaneously with the execution and delivery of this Agreement enter into the PPA Project Entity Power Purchase Agreement with the PPA Project Entity, for the purchase and sale of all of the Output for resale to Buyer under this Agreement and to the Additional Units PPA Participants under the Power Sales Contracts during the respective terms of this Agreement and the Power Sales Contracts; and

WHEREAS, the Parties desire to amend and restate the Original Agreement on the terms and conditions hereof in connection with the foregoing.

AGREEMENT

NOW THEREFORE, in consideration of the above recitals, mutual covenants and agreements herein contained, and for other good and valuable consideration, the sufficiency and adequacy of which are hereby acknowledged, the Parties agree to the following:

ARTICLE I

EFFECTIVENESS; TERM; TERMINATION OR AMENDMENT;

DEFINITIONS AND INTERPRETATION

SECTION 101. EFFECTIVENESS. Notwithstanding anything to the contrary herein, this Agreement shall become fully binding and enforceable on the Execution Date; provided, that the obligations of the Parties hereunder shall not commence, the terms and conditions hereof other than this Section 101 shall not be effective, and the Original Agreement shall not be amended and restated by this Agreement, in each case, until the occurrence of the “Effective Date.” The Effective Date shall occur automatically, without any further action, consent or agreement of the Parties, on the date (if any) on which (a) the “DOE Guarantee” (as defined in the DOE Loan Guarantee Agreement) shall be issued by DOE and (b) both MEAG and Buyer shall have approved in writing the final Credit Subsidy Cost established under (and as defined in) the DOE Loan Guarantee Agreement.

In the event, however, that (a) the Effective Date shall not occur on or before January 1, 2017 or (b) the DOE Loan Guarantee Agreement and the other DOE Loan Documents shall be terminated prior to the making of any Advance, then this Agreement shall be null and void and without further force or effect, and the Original Agreement shall continue in full force and effect.

SECTION 102. TERM. This Agreement shall commence upon the execution by the last signatory and, subject to Section 101, shall remain in full force and effect until midnight Eastern

Prevailing Time on the twentieth (20th) anniversary of the Commercial Operation Date of the second of the Additional Units (the “Term”) or until the Parties’ remaining obligations under this Agreement shall have been fully performed and satisfied, whichever event occurs later, but in no event shall such Term extend beyond fifty (50) years from the Execution Date.

SECTION 103. TERMINATION OR AMENDMENT OF AGREEMENT.

(a) Subject to Section 101, this Agreement shall not be terminated by either Party under any circumstances.

(b) This Agreement, on which purchasers of PPA Bonds and DOE shall have relied as an inducement to purchase and hold the PPA Bonds and to guarantee the DOE Guaranteed Loan, respectively, shall not be amended, modified, or otherwise altered in any manner except as provided in this Agreement. So long as any of the PPA Bonds or the DOE Secured Obligations are outstanding or until adequate provisions for the payment thereof have been made in accordance with the provisions of the PPA Project Bond Resolution and the DOE Loan Documents, respectively, and no undisbursed commitments remain available under the DOE Loan Documents, this Agreement shall not be amended, modified, or otherwise altered in any manner that will (i) reduce the payments pledged as security for the Debt Service on all the PPA Bonds and as security for the DOE Secured Obligations or extend the time of such payments provided herein, (ii) adversely impact, in the opinion of nationally-recognized tax counsel retained by MEAG, (A) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any Series the interest on which is intended to be so excluded or (B) the eligibility of MEAG to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds, or (iii) in any manner impair or adversely affect the rights of the owners from time to time of the PPA Bonds or the

rights of the DOE Secured Parties pursuant to the DOE Loan Documents. Subject to the foregoing and any other limitations contained in the PPA Project Bond Resolution or the DOE Loan Documents, any amendment of this Agreement must be in writing and duly executed by both MEAG and Buyer.

SECTION 104. DEFINITIONS. As used herein:

“Act” shall mean that certain Act of the 1975 session of the General Assembly of the State of Georgia, compiled and published in Georgia Law 1975, p. 107, *et seq.*, codified at O.C.G.A. §§ 46-3-110 through 46-3-155.

“Additional Units” shall mean the two 1102 megawatts Nominally Rated additional nuclear units being constructed at Plant Vogtle, in Burke County, Georgia, pursuant to the Development Agreement.

“Additional Units Non-PPA Participant” shall mean a Participant that is a party to a Plant Vogtle Additional Units Non-PPA Power Sales Contract and any other party as assignee of such Power Sales Contract pursuant to Section 702 thereof. “Additional Units Non-PPA Participants” shall mean all Participants that are parties to Plant Vogtle Additional Units Non-PPA Power Sales Contracts. The terms “an Additional Units Non-PPA Participant” or “each Additional Units Non-PPA Participant” shall mean any one of the Additional Units Non-PPA Participants or each of the Additional Units Non-PPA Participants, as the case may be.

“Additional Units Participants” shall collectively mean the Additional Units PPA Participants, the Additional Units PPA-2 Participants and the Additional Units Non-PPA Participants.

“Additional Units PPA Participant” shall mean a Participant that is a party to a Plant Vogtle Additional Units PPA Power Sales Contract and any other party as assignee of such

Power Sales Contract pursuant to Section 702 thereof. “Additional Units PPA Participants” shall mean all Participants that are parties to Plant Vogtle Additional Units PPA Power Sales Contracts. The terms “an Additional Units PPA Participant” or “each Additional Units PPA Participant” shall mean any one of the Additional Units PPA Participants or each of the Additional Units PPA Participants, as the case may be.

“Additional Units PPA-2 Participant” shall mean a Participant that is a party to a Plant Vogtle Additional Units PPA-2 Power Sales Contract and any other party as assignee of such Power Sales Contract pursuant to Section 702 thereof. “Additional Units PPA-2 Participants” shall mean all Participants that are parties to Plant Vogtle Additional Units PPA-2 Power Sales Contracts. The terms “an Additional Units PPA-2 Participant” or “each Additional Units PPA-2 Participant” shall mean any one of the Additional Units PPA-2 Participants or each of the Additional Units PPA-2 Participants, as the case may be.

“Advance” shall mean, for all purposes of this Agreement, one or more advances or borrowings of the DOE Guaranteed Loan made pursuant to the DOE Loan Documents from FFB on a particular date, as determined by an Authorized Officer of the Authority (as defined in the PPA Project Bond Resolution) on or prior to the date of the making thereof, whether or not such advances or borrowings constitute a separate “Advance” for purposes of (and as defined in) the DOE Loan Guarantee Agreement. In the event that such advances or borrowings shall constitute two or more separate “Advances” for purposes of (and as defined in) the DOE Loan Guarantee Agreement, such advances or borrowings may be aggregated for the purpose of establishing level monthly Debt Service pursuant to Section 401(d) hereof.

“Agent” means the Georgia Power Company or a replacement or successor agent, in its capacity as agent for the co-owners of Plant Vogtle under the Ownership Agreement.

“Amortized Reserve Funds” mean any reserve funds maintained by MEAG pursuant to the PPA Project Bond Resolution or by or on behalf of the PPA Project Entity pursuant to the DOE Accounts Agreement funded with the proceeds of PPA Bonds or Advances, subject to the exception set forth in Section 207(a) of this Agreement that reserve funds may be funded with funds other than proceeds of the PPA Bonds or Advances under the stated circumstances, and as to which Buyer is required to pay its Obligation Share of the principal of such PPA Bonds or such Advances during the Term of this Agreement.

“Ancillary Services” means reactive supply and voltage support service (as defined by the transmission provider’s open access transmission tariff) and such other services the Additional Units may provide that are customarily characterized in the industry as ancillary services.

“Applicable Law” means all national, state, provincial, local or municipal laws, statutes, codes, acts, treaties, ordinances, orders, judgments, writs, decisions, decrees, injunctions, rules, regulations, governmental approvals, licenses, permits, directives, requirements, or other legal or regulatory determination of any Governmental Authority, including any of the foregoing that are enacted, amended, or issued after the Execution Date and which become effective during the Term of this Agreement.

“Assumed Completion Date” means (a) in the case of the first unit of the Additional Units, December 31, 2018 and (b) in the case of the second unit of the Additional Units, December 31, 2019, it being understood that such dates are to be used solely for purposes of Sections 401(d)(1) and 401(f)(1) hereof and do not imply any expectations on the part of either Party hereto as to the expected Commercial Operation Date of either unit of the Additional Units as of the Execution Date of this Agreement.

“Build America Bonds” shall mean any PPA Bonds with respect to which MEAG has irrevocably elected, pursuant to Section 54AA(g) of the Internal Revenue Code of 1986, as amended, or any other similar federal program creating subsidies for municipal borrowers for which MEAG qualifies, to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on such PPA Bonds.

“Buyer’s Billing Statement” shall mean the written statement prepared or caused to be prepared monthly by MEAG that shall be based upon the Plant Vogtle Additional Units PPA Project Annual Budget or upon the amended Plant Vogtle Additional Units PPA Project Annual Budget, which shall show the monthly amount to be paid to MEAG by Buyer under this Agreement.

“Buyer’s Electric System Bond Resolution” shall mean the resolution adopted by Buyer on March 30, 1982 authorizing the issuance of Buyer’s Electric System Revenue Bonds, Series One.

“Buyer’s Obligation Share” or “Obligation Share” shall mean one hundred percent (100%).

“Capacity” means electrical capacity in MW attributable to the PPA Project Entity’s Ownership Interest commencing on the applicable Commercial Operation Date.

“Commercial Operation” shall mean achieving “Commercial Operation” within the meaning of the Operating Agreement.

“Commercial Operation Date” shall mean, with respect to an Additional Unit, the date on which such Additional Unit achieves Commercial Operation.

“Construction Fund” shall mean the Construction Fund established in Section 502 of the PPA Project Bond Resolution.

“Costs of Acquisition and Construction” shall mean, to the extent not included in the Plant Vogtle Additional Units PPA Project Annual Costs, all actual costs and expenses incurred by or for the account of MEAG or the PPA Project Entity for the planning, designing, acquiring, constructing, and installing the PPA Project Entity’s Ownership Interest, including any major renewals, replacements, repairs, additions, betterments or improvements necessary, in the opinion of MEAG or the PPA Project Entity, to keep the PPA Project Entity’s Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, placing the PPA Project Entity’s Ownership Interest in operation, disposing of the PPA Project Entity’s Ownership Interest, and obtaining governmental approvals, certificates, permits and licenses with respect thereto heretofore or hereafter paid or incurred by, or for the account of, MEAG or the PPA Project Entity, as applicable, including the following:

(1) working capital reserves in such reasonable amounts as may be established by MEAG or the PPA Project Entity for the PPA Project Entity’s Ownership Interest (including working capital reserves held in (a) funds or accounts established under the PPA Project Bond Resolution and (b) accounts established under the DOE Accounts Agreement);

(2) acquisition of initial inventories or prepayment of Fuel for the PPA Project Entity’s Ownership Interest and working capital and reserves therefor and working capital and reserves for additional inventories or prepayment of Fuel for the PPA Project Entity’s Ownership Interest held by, or for the account of, either MEAG or the PPA Project Entity;

(3) charges related to processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity’s Ownership Interest, including the following: (a) Fuel storage facilities, including spent fuel storage facilities, and (b) working capital and reserves

related to acquisition, processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity's Ownership Interest;

(4) reserves for renewals and replacements, retirement from service, or disposal of any facility of the PPA Project Entity's Ownership Interest and contingencies held by, or for the account of, either MEAG or the PPA Project Entity;

(5) training and testing costs incurred by MEAG or the PPA Project Entity attributable to the PPA Project Entity's Ownership Interest;

(6) preliminary investigation and development costs, engineering fees, contractors' fees, costs of labor, materials, equipment, utility services and supplies and legal costs attributable to the PPA Project Entity's Ownership Interest and the Plant Vogtle Additional Units PPA Project;

(7) all costs of insurance applicable to the period of construction of the PPA Project Entity's Ownership Interest; and

(8) amounts necessary to provide funds for contribution to the PPA Project Entity to repay Advances when due (whether at the maturity of principal or upon prepayment) on the DOE Guaranteed Loan and to reacquire from the PPA Project Entity the PPA Project Entity's Ownership Interest at such time as (a) the principal of, and interest and prepayment premiums, if any, due or to become due on, and all other amounts due with respect to, the DOE Guaranteed Loan shall have been paid, at the times and in the manner stipulated in the DOE Loan Guarantee Agreement and the other DOE Loan Documents, as applicable and (b) the PPA Project Entity shall have satisfied all of its obligations under the DOE Loan Guarantee Agreement and the other DOE Loan Documents, as applicable (and no undisbursed commitments remain available thereunder).

Costs of Acquisition and Construction shall also include all other costs, except Financing Costs, incurred by MEAG or the PPA Project Entity and properly allocable to planning, designing, acquiring, constructing and installing the PPA Project Entity's Ownership Interest and the establishment of the Plant Vogtle Additional Units PPA Project including (i) all costs associated with the transfer to the PPA Project Entity of the PPA Project Entity's Ownership Interest and the entry by the PPA Project Entity into the DOE Loan Guarantee Agreement and the other DOE Loan Documents, (ii) the Additional Costs as described and defined in Section 2.2 of the Development Agreement attributable to the PPA Project Entity's Ownership Interest, (iii) amounts required to reimburse Buyer and the Additional Units PPA Participants for amounts paid by them in respect of the payment of the principal of maturing PPA BANs and/or PPA Take-Out Bonds, and (iv) amounts required to be repaid, reimbursed or otherwise paid by MEAG to Buyer pursuant to any provision of this Agreement at the end of the Term hereof.

"Debt Service" shall mean, with respect to any period, the aggregate of the amounts required by the PPA Project Bond Resolution or the DOE Loan Documents to be paid by MEAG or the PPA Project Entity, respectively, during said period into any fund or funds created by the PPA Project Bond Resolution or any account or accounts created by the DOE Accounts Agreement, as applicable, for the sole purpose of paying (i) the principal (including the sinking fund or equivalent payment installments) of, and premium, if any, and interest on, PPA Bonds or the DOE Guaranteed Loan, as applicable, and all other amounts due with respect to the DOE Guaranteed Loan and (ii) any payments on Qualified Hedging Contracts, including any swap premium or swap termination payment, or Reimbursement Obligations, from time to time outstanding as the same shall become due; provided, however, that Debt Service shall not include any acceleration of the maturity of any PPA Bonds or the DOE Guaranteed Loan,

including any redemption of any PPA Bonds or any prepayment of Advances prior to maturity at the election of MEAG or the PPA Project Entity, respectively, or any acceleration resulting from the exercise of remedies by the holders of any PPA Bonds or any trustee acting on behalf of such holders or by the DOE Secured Parties, respectively; and provided, further, that in the case of any swap premium or swap termination payment, the amount of such swap premium or swap termination payment included in Debt Service shall be only the portion of such swap premium or swap termination payment that, in the opinion of a mutually agreed-upon nationally-recognized independent financial advisor experienced in interest rate swaps or similar measures, is allocable to the Term of this Agreement. The swap premium or swap termination payment allocable to the Term of this Agreement shall be determined by such financial advisor based upon an economic analysis performed in a manner consistent with industry practice with the objective of a fair allocation of the payments reflecting the respective remaining time periods of Buyer and the Additional Units PPA Participants.

“Debt Service Fund” has the meaning set forth in the PPA Project Bond Resolution.

“Debt Service Reserve Account” has the meaning set forth in the PPA Project Bond Resolution.

“Development Agreement” shall mean the Plant Vogtle Owners Agreement Authorizing Development, Construction, Licensing and Operation of Additional Generating Units dated as of May 13, 2005.

“DOE” shall mean the United States Department of Energy, as guarantor of the DOE Guaranteed Loan.

“DOE Accounts Agreement” shall mean the Collateral Agency and Accounts Agreement to be entered into among DOE, the DOE Collateral Agent and the PPA Project Entity.

“DOE Collateral Agent” shall mean PNC Bank, National Association, doing business as Midland Loan Services, a division of PNC Bank, National Association, or any successor thereto, in its capacity as Collateral Agent for DOE.

“DOE Debt Service Reserve Account” shall mean the account by that name established pursuant to the DOE Accounts Agreement.

“DOE Debt Service Reserve Requirement” shall have the meaning assigned to the term “Debt Service Reserve Requirement” in the DOE Loan Guarantee Agreement.

“DOE Guaranteed Loan” shall have the meaning given to such term in the recitals hereto.

“DOE Loan Documents” shall have the meaning assigned to the term “Loan Documents” in the DOE Loan Guarantee Agreement.

“DOE Loan Guarantee Agreement” shall mean the Loan Guarantee Agreement to be entered into between the PPA Project Entity and DOE.

“DOE Secured Obligations” shall have the meaning assigned to the term “Secured Obligations” in the DOE Loan Guarantee Agreement.

“DOE Secured Parties” shall mean DOE and the DOE Collateral Agent, as their respective interests may appear.

“Eastern Prevailing Time” means the prevailing time (*i.e.*, Standard Time or Daylight Savings Time) on any given day in the Eastern Time Zone.

“Effective Date” shall have the meaning assigned to such term in Section 101 hereof.

“Energy” shall mean the actual hourly electric energy as measured in MWh attributable to the PPA Project Entity’s Ownership Interest commencing on the applicable Commercial Operation Date.

“Engineering, Procurement and Construction Agreement” means the Engineering, Procurement and Construction Agreement between Georgia Power Company, for itself and as Agent for Oglethorpe Power Corporation, MEAG and the City of Dalton, Georgia, acting by and through its Board of Water, Light and Sinking Fund Commissioners, as Owners, and a consortium consisting of Westinghouse Electric Company LLC and Stone & Webster, Inc., as Contractor for Units 3 & 4 at the Vogtle Electric Generating Plant Site in Waynesboro, Georgia, dated as of April 8, 2008.

“Environmental Attributes” means any and all credits, benefits, emissions reductions, environmental air quality credits, emission reduction credits, renewable energy credits, offsets, and allowances attributable to the generation, purchase, sale, or use of the Output from the PPA Project Entity’s Ownership Interest commencing on the applicable Commercial Operation Date of an Additional Unit, including tags, certificates, credits, allowances, offsets, and similar products or rights attributable to the generation, purchase, sale, or use of the Output of the PPA Project Entity’s Ownership Interest commencing on the applicable Commercial Operation Date of an Additional Unit that can be used to claim responsibility for, ownership of, or any avoidance or reduction of emissions or pollutants, including mercury, nitrogen oxide, sulfur oxide, carbon dioxide, carbon monoxide, particulate matter or similar pollutants or contaminants of air, water or soil, under any governmental, regulatory or voluntary program, including the United Nations Framework Convention on Climate Change and related Kyoto Protocol or other program. Notwithstanding the foregoing and any other provision in this Agreement, Environmental Attributes do not include: (i) any state or federal production tax credits, other than the “Production Tax Credit,” as defined hereunder; (ii) any investment tax credits and any other tax credits associated with the PPA Project; (iii) any state, federal or private cash payments or grants

relating in any way to the PPA Project or the Output thereof; and (iv) any state, federal or private grants or other benefits related to the PPA Project.

“Execution Date” shall have the meaning assigned to such term in the preamble to this Agreement.

“Federal Financing Bank” or “FFB” shall mean the Federal Financing Bank, a body corporate and instrumentality of the United States of America.

“Financial Advisor” shall have the meaning assigned to such term in Section 401(i) hereof.

“Financing Costs” shall mean all financing costs related to the Plant Vogtle Additional Units PPA Project that may be financed from the proceeds of PPA Bonds or the DOE Guaranteed Loan, including the following:

(1) costs of issuance, including underwriting fees, bank commitment and letter of credit fees, legal and financial advisory fees, bond insurance and indemnity fees, and any payments on Qualified Hedging Contracts including (a) any periodic “net” payments accruing in whole or in part prior to and during construction and for such additional period as MEAG may reasonably determine to be necessary in connection with the placing of the PPA Project Entity’s Ownership Interest in operation, and (b) any swap premium or swap termination payment;

(2) interest accruing in whole or in part on PPA Bonds or the DOE Guaranteed Loan prior to and during construction (or, in the case of PPA Bonds issued or Advances made to finance Fuel, interest accruing in whole or in part on such PPA Bonds or such Advances prior to the loading of such Fuel in the reactor) and for such additional period as MEAG may reasonably determine to be necessary in connection with the placing of the PPA

Project Entity's Ownership Interest in operation in accordance with the provisions of the PPA Project Bond Resolution, including any major renewals, replacements, repairs, additions, betterments or improvements or modifications with respect to the PPA Project Entity's Ownership Interest of a particular Additional Unit undertaken following the Commercial Operation Date of such Additional Unit;

(3) the deposit or deposits from the proceeds of PPA Bonds issued, or Advances made, to finance such costs in any fund or account established pursuant to the PPA Project Bond Resolution or the DOE Loan Documents to meet Debt Service reserve requirements for PPA Bonds or the DOE Guaranteed Loan, or replenishment of such funds if drawn down; and

(4) any other fees, costs and expenses of financing for the PPA Bonds or the DOE Guaranteed Loan.

"Fixed Costs" shall mean, with respect to any period, all fixed costs related to the Plant Vogtle Additional Units PPA Project attributed to such period, as defined by and provided in Section 205(b)(1) of this Agreement.

"Fuel" shall mean the nuclear materials required for the operation of the Plant Vogtle Additional Units, including the initial nuclear fuel cores.

"Fuel Costs" shall mean all costs incurred by MEAG or the PPA Project Entity during any Power Supply Year that are allocable to the acquisition, processing, design, fabrication, transportation, delivering, reprocessing, storage and disposal of Fuel for the PPA Project Entity's Ownership Interest, including the initial nuclear fuel cores, and further including prepayments of such costs or transfers to reserves established for such costs related to future Power Supply Years, less appropriate credits related to such costs, and including those portions of

administrative and general expenses incurred by MEAG and the PPA Project Entity that are properly and reasonably allocable to acquisition and management of Fuel for the PPA Project Entity's Ownership Interest, and, to the extent that any such costs have been paid for through a Nuclear Fuel Construction Fund-Revolving Account that initially was funded through proceeds of PPA Bonds or Advances (or, in the event that MEAG determined that it was practically or economically infeasible for MEAG to issue PPA Bonds or for the PPA Project Entity to satisfy the conditions to the making of Advances for such purpose, through billings to Buyer hereunder), the amount of such costs that are amortized during the Power Supply Year.

“Governmental Authority” means any national, state, provincial, local or municipal government, any political subdivision thereof or any other governmental, regulatory, quasi-governmental, judicial, public or statutory instrumentality, authority, body, agency, department, bureau, or entity with authority to bind a Party at law; provided, however, that “Governmental Authority” shall not in any event include either Party.

“JEA Market Disruption” means, as the context requires, (1) the inability of MEAG to issue investment grade PPA Bonds solely as a result of the creditworthiness of Buyer, which determination shall be made in writing by a nationally-recognized investment bank or financial institution acting as an underwriter for the proposed bond offering and (2) the inability of the PPA Project Entity to satisfy the conditions for an Advance under the DOE Loan Guarantee Agreement solely as a result of either the creditworthiness of Buyer or an action or inaction on the part of Buyer; provided, however, that in the case of clause (2), MEAG must use its best efforts to cause the PPA Project Entity to request an Advance under the DOE Loan Guarantee Agreement in good faith and if MEAG causes the PPA Project Entity to make the request for an Advance but despite MEAG's and the PPA Project Entity's best efforts, DOE nonetheless does

not approve the Advance, then that will constitute a JEA Market Disruption for purposes of clause (2), but not clause (1), above.

“kW” means kilowatt.

“kWh” means kilowatt-hour.

“MEAG’s Interest” shall have the meaning set forth in **Exhibit A** hereto.

“MW” means megawatt.

“MWh” means megawatt-hour.

“Nominally Rated” means the net electrical unit output, as measured on the high voltage side of the main step-up transformer, guaranteed by the Contractor under the Engineering, Procurement and Construction Agreement.

“Non-amortized Reserve Funds” mean any reserve funds maintained by MEAG pursuant to the PPA Project Bond Resolution or by or on behalf of the PPA Project Entity pursuant to the DOE Accounts Agreement funded with the proceeds of PPA Bonds or Advances, subject to the exception set forth in Section 207(a) of this Agreement that reserve funds may be funded with funds other than proceeds of the PPA Bonds or Advances under the stated circumstances, and as to which Buyer is not required to pay its Obligation Share of the principal of such PPA Bonds or such Advances during the Term of this Agreement.

“Non-PPA Bonds” shall mean the bonds, notes or other evidences of indebtedness issued by MEAG pursuant to or as permitted by the provisions of the Non-PPA Project Bond Resolution to finance or refinance the Costs of Acquisition and Construction and Financing Costs (as such terms are defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts) of the Plant Vogtle Additional Units Non-PPA Project, whether or not any issue of such bonds, notes or other evidences of indebtedness shall be subordinated as to payment to any

other issue of such bonds, notes or other evidences of indebtedness, and shall include refunding Non-PPA Bonds issued pursuant to the provisions of the Plant Vogtle Additional Units Non-PPA Power Sales Contracts.

“Non-PPA Project Bond Resolution” shall mean the Plant Vogtle Additional Units Non-PPA Project Bond Resolution adopted by MEAG and accepted by the Trustee thereunder for the benefit of the owners of the Non-PPA Bonds that provides for the issuance of such Non-PPA Bonds, as the same is proposed to be amended and restated by the Second Amended and Restated Plant Vogtle Additional Units Non-PPA Project Bond Resolution to be adopted by MEAG.

“Non-PPA Project Entity” shall mean MEAG Power SPVM LLC, a limited liability company organized under the laws of the State of Georgia formed by MEAG for the sole purpose of owning and operating the Non-PPA Project Portion of the Additional Units and that is a wholly-owned, direct subsidiary of MEAG.

“Non-PPA Project Portion” shall mean 33.870736 percent of MEAG’s Interest, which portion shall include 169.458 MWs of the output of the Additional Units, based upon the nominal ratings of the Additional Units.

“Nuclear Fuel Construction Fund-Revolving Account” shall mean a non-amortizing reserve fund funded from PPA Bond proceeds or, under the circumstances set forth in Section 207(a) of this Agreement, from revenues derived from either year-end distributions or billings to Buyer under this Agreement at the amount projected to be necessary to handle nuclear fuel working capital needs over unit operations and established pursuant to Section 502(4) of the PPA Project Bond Resolution.

“Nuclear Managing Board Agreement” shall mean the Second Amended and Restated Nuclear Managing Board Agreement dated as of April 21, 2006.

“Operating Agreement” shall mean the Plant Alvin W. Vogtle Nuclear Units Amended and Restated Operating Agreement dated as of April 21, 2006.

“Other Costs” shall mean, with respect to any period, all costs other than Fixed Costs, related to the Plant Vogtle Additional Units PPA Project attributed to such period, as defined by and provided in Section 205(b)(2) of this Agreement.

“Output of the PPA Project Entity’s Ownership Interest” or “Output” shall mean the Capacity, Energy, and Ancillary Services actually generated by, attributable to, or resulting from the PPA Project Entity’s Ownership Interest and any Environmental Attributes and Production Tax Credit attributable to the PPA Project Entity’s Ownership Interest which are purchased by MEAG from the PPA Project Entity pursuant to the PPA Project Entity Power Purchase Agreement for resale hereunder and under the Power Sales Contracts.

“Ownership Agreement” shall mean the Plant Alvin W. Vogtle Additional Units Ownership Participation Agreement dated as of April 21, 2006.

“Participant” shall mean any political subdivision of the State of Georgia that is authorized by Section 46-3-130 of the Act to make contracts for the payment of such rates, tolls, fees and charges as may be prescribed by MEAG for the use of services and facilities of the projects and which has entered into such contracts, and shall include any commission or agency of such political subdivision that operates or conducts or exercises jurisdiction over any essential function of such Participant’s electric distribution system.

“Person” means any individual, partnership, corporation, limited liability company, joint venture, firm, association, joint-stock company, trust, unincorporated organization, or other enterprise (whether or not incorporated), or any Governmental Authority.

“Plant Vogtle Additional Units Non-PPA Power Sales Contracts” shall mean the Plant Vogtle Additional Units Non-PPA Power Sales Contracts, by and between MEAG and the Additional Units Non-PPA Participants, which Power Sales Contracts relate to the Plant Vogtle Additional Units Non-PPA Project.

“Plant Vogtle Additional Units Non-PPA Project” or “Non-PPA Project” shall mean: (1) a percentage of MEAG’s Interest in an amount equal to the Non-PPA Project Portion thereof and (2) working capital for the Non-PPA Project Portion required by MEAG during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Non-PPA Project Portion for operation of the Additional Units; provided, however, that in the event that the amendment and restatement of the Non-PPA Project Bond Resolution provided for in the Second Amended and Restated Plant Vogtle Additional Units Non-PPA Project Bond Resolution to be adopted by MEAG shall become effective, then “Plant Vogtle Additional Units Non-PPA Project” or “Non-PPA Project” shall mean (i) all of MEAG’s right, title and interest (whether direct or indirect) in and to the output of such percentage undivided ownership interest in MEAG’s Interest and (ii) working capital for the Non-PPA Project Portion required by MEAG or the Non-PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Non-PPA Project Portion for operation of the Additional Units. The Non-PPA Project is referred to sometimes as “Project M.”

“Plant Vogtle Additional Units Non-PPA Project Annual Costs” shall mean, with respect to a Power Supply Year, to the extent not paid as a part of the Costs of Acquisition and Construction (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts), all costs and expenses of MEAG or the Non-PPA Project Entity paid by MEAG or the Non-PPA Project Entity during such Power Supply Year allocable to the Plant Vogtle Additional Units Non-PPA Project, which costs and expenses shall include those items of cost and expense referred to in Section 308 of the Plant Vogtle Additional Units Non-PPA Power Sales Contracts as the Plant Vogtle Additional Units Non-PPA Project Annual Fixed Costs and Plant Vogtle Additional Units Non-PPA Project Other Annual Costs.

“Plant Vogtle Additional Units PPA Power Sales Contracts” or “Power Sales Contracts” shall mean the Amended and Restated Plant Vogtle Additional Units PPA Power Sales Contracts, by and between MEAG and the Additional Units PPA Participants, which Power Sales Contracts relate to the Plant Vogtle Additional Units PPA Project. A draft of the Plant Vogtle Additional Units PPA Power Sales Contracts, in substantially the same form as the draft presented to and approved by the MEAG Board in substantially final form, is attached as **Exhibit H** to this Agreement.

“Plant Vogtle Additional Units PPA Project” or “PPA Project” shall mean: (1) all of MEAG’s right, title and interest (whether direct or indirect) in and to the Output of the PPA Project Entity’s Ownership Interest, such right, title and interest of MEAG being available to MEAG pursuant to the PPA Project Entity Power Purchase Agreement, and (2) working capital for the PPA Project Portion required by MEAG or the PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital

for the PPA Project Portion for operation of the Additional Units. The PPA Project is referred to sometimes as “Project J.”

“Plant Vogtle Additional Units PPA Project Annual Budget” shall mean, with respect to a Power Supply Year, the budget or amended budget adopted by MEAG pursuant to Section 201 of the Power Sales Contracts, which budget shall contain itemized estimates of the Plant Vogtle Additional Units PPA Project Annual Costs and all revenues, income or other funds to be applied to such Plant Vogtle Additional Units PPA Project Annual Costs and shall separately show the Debt Service costs relating to the Plant Vogtle Additional Units PPA Project and shall include separately such itemized estimates for Fixed Costs and for Other Costs.

“Plant Vogtle Additional Units PPA Project Annual Costs” shall mean, with respect to a Power Supply Year, to the extent not paid as a part of the Costs of Acquisition and Construction, all costs and expenses of MEAG or the PPA Project Entity paid by MEAG or the PPA Project Entity during such Power Supply Year allocable to the Plant Vogtle Additional Units PPA Project, which costs and expenses shall include those items of cost and expense referred to in Section 205(b) hereof as the Plant Vogtle Additional Units PPA Project Annual Fixed Costs and Plant Vogtle Additional Units PPA Project Other Annual Costs.

“Plant Vogtle Additional Units PPA-2 Power Sales Contracts” shall mean the Plant Vogtle Additional Units PPA-2 Power Sales Contracts, by and between MEAG and the Additional Units PPA-2 Participants, which Power Sales Contracts relate to the Plant Vogtle Additional Units PPA-2 Project.

“Plant Vogtle Additional Units PPA-2 Project” or “PPA-2 Project” shall mean: (1) a percentage of MEAG’s Interest in an amount equal to the PPA-2 Project Portion thereof and (2) working capital for the PPA-2 Project Portion required by MEAG during construction of the

Additional Units and for the placing of the Additional Units in operation, and working capital for the PPA-2 Project Portion for operation of the Additional Units; provided, however, that in the event that the amendment and restatement of the PPA-2 Project Bond Resolution provided for in the Second Amended and Restated Plant Vogtle Additional Units PPA-2 Project Bond Resolution to be adopted by MEAG shall become effective, then “Plant Vogtle Additional Units PPA-2 Project” or “PPA-2 Project” shall mean (i) all of MEAG’s right, title and interest (whether direct or indirect) in and to the output of such percentage undivided ownership interest in MEAG’s Interest and (ii) working capital for the PPA-2 Project Portion required by MEAG or the PPA-2 Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the PPA-2 Project Portion for operation of the Additional Units. The PPA-2 Project is referred to sometimes as “Project P.”

“Power Supply Year” shall mean the calendar year, except that the first Power Supply Year shall begin on the earliest of (i) the date an Additional Unit is first declared to be in Commercial Operation; (ii) the date to which all interest is capitalized on PPA Bonds and the DOE Guaranteed Loan; (iii) the date which is twelve (12) months prior to the date on which the first annual principal installment on any of the PPA Bonds is due; (iv) the date which is three (3) months prior to the date on which the first quarterly principal installment on the DOE Guaranteed Loan is due; or (v) the date on which any Plant Vogtle Additional Units PPA Project Annual Costs become payable.

“PPA BANs” shall mean the PPA Bonds, if any, issued by MEAG as permitted by the provisions of the PPA Project Bond Resolution and Section 403(a) hereof to finance or refinance a portion of the Costs of Acquisition and Construction and Financing Costs of the Plant Vogtle Additional Units PPA Project on an interim basis prior to (a) the issuance of other PPA Bonds or

(b) the making of Advances under the DOE Guaranteed Loan, in either such case, satisfying the structuring requirements of Section 401(d) hereof, which PPA BANs (i) shall be issued in the form of notes the principal of which is intended to, and all or a portion of the interest on which may, be paid with moneys which are not Revenues (as defined in the PPA Project Bond Resolution), including the proceeds of other PPA Bonds (including PPA Take-Out Bonds) and (ii) shall have a maturity date not later than thirteen (13) months following the date of issuance thereof. Notwithstanding any other provision of this Agreement, PPA BANs shall not be subject to the structuring requirements of Section 401(d) hereof.

“PPA Bonds” shall mean the bonds, notes or other evidences of indebtedness issued by MEAG pursuant to or as permitted by the provisions of the PPA Project Bond Resolution to finance or refinance the Costs of Acquisition and Construction and Financing Costs of the Plant Vogtle Additional Units PPA Project, whether or not any issue of such bonds, notes or other evidences of indebtedness shall be subordinated as to payment to any other issue of such bonds, notes or other evidences of indebtedness, and shall include refunding PPA Bonds issued pursuant to the provisions of the Plant Vogtle Additional Units PPA Power Sales Contracts.

“PPA Project Bond Resolution” shall mean the Plant Vogtle Additional Units PPA Project Bond Resolution adopted by MEAG and accepted by the Trustee thereunder for the benefit of the owners of the PPA Bonds that provides for the issuance of such PPA Bonds, as the same is proposed to be amended and restated by the Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution to be adopted by MEAG (the “Second Amended and Restated PPA Project Bond Resolution”). Notwithstanding the previous sentence, neither the draft Second Amended and Restated PPA Project Bond Resolution attached as **Exhibit G** to this Agreement nor the final Second Amended and Restated PPA Project Bond Resolution shall

be revised or amended in any manner that modifies or alters the rights or obligations of Buyer under this Agreement without Buyer's prior consent.

"PPA Project Entity" shall mean MEAG Power SPVJ LLC, a limited liability company organized under the laws of the State of Georgia formed by MEAG for the sole purpose of owning and operating the PPA Project Portion of the Additional Units and that is a wholly-owned, direct subsidiary of MEAG.

"PPA Project Entity Power Purchase Agreement" means the Wholesale Power Sales Agreement, to be entered into between the PPA Project Entity, as seller, and MEAG, as buyer.

"PPA Project Entity's Ownership Interest" shall mean a percentage of MEAG's Interest in the Additional Units in an amount equal to the PPA Project Portion, which, upon the Effective Date, will be transferred to the PPA Project Entity and which includes 9.3466423 percent of the output of the Additional Units.

"PPA Project Portion" shall mean 41.174636 percent of MEAG's Interest, which portion shall include 206.000 MWs of the Output of the Additional Units, based upon the nominal ratings of the Additional Units.

"PPA Take-Out Bonds" shall mean the PPA Bonds, if any, issued by MEAG as permitted by the provisions of the PPA Project Bond Resolution and Section 403(c) hereof to refund PPA BANs. Notwithstanding any other provision of this Agreement, PPA Take-Out Bonds shall not be subject to the structuring requirements of Section 401(d) hereof.

"PPA-2 Project Bond Resolution" shall mean the Plant Vogtle Additional Units PPA-2 Project Bond Resolution adopted by MEAG and accepted by the Trustee thereunder for the benefit of the owners of the PPA-2 Bonds (as defined therein) that provides for the issuance of such PPA Bonds, as the same is proposed to be amended and restated by the Second Amended

and Restated Plant Vogtle Additional Units PPA-2 Project Bond Resolution to be adopted by MEAG.

“PPA-2 Project Entity” shall mean MEAG Power SPVP LLC, a limited liability company organized under the laws of the State of Georgia formed by MEAG for the sole purpose of owning and operating the PPA-2 Project Portion of the Additional Units and that is a wholly-owned, direct subsidiary of MEAG.

“PPA-2 Project Portion” shall mean 24.954628 percent of MEAG’s Interest, which portion shall include 124.850 MWs of the output of the Additional Units, based upon the nominal ratings of the Additional Units.

“Pre-Commercial Generation” shall mean a portion of each Additional Unit’s Output prior to each Additional Unit’s Commercial Operation Date in an amount equal to the PPA Project Portion thereof.

“Production Tax Credit” means production tax credits calculated in accordance with Section 213 of this Agreement arising under 26 U.S.C. § 45, as in effect from time to time during the Term of this Agreement, or any successor or other provision providing for a federal tax credit determined by reference to electric energy produced from nuclear resources and any correlative state tax credit determined by reference to electric energy produced from nuclear resources for which the PPA Project Entity’s Ownership Interest is eligible.

“Project Agreements” shall collectively mean the Development Agreement, the Nuclear Managing Board Agreement, the Operating Agreement, and the Ownership Agreement.

“Prudent Utility Practice” at a particular time shall mean any of the practices, methods and acts engaged in or approved by a significant portion of the electric utility industry prior to such time, or any of the practices, methods and acts that, in the exercise of reasonable judgment

in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at the lowest reasonable cost consistent with good business practices, reliability, safety and expedition. Prudent Utility Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to be a spectrum of possible practices, methods or acts having due regard for manufacturers' warranties and the requirements of governmental agencies of competent jurisdiction.

“Qualified Hedging Contract” has the meaning set forth in the PPA Project Bond Resolution.

“Reimbursement Obligation” has the meaning set forth in the PPA Project Bond Resolution.

“Revenue Fund” has the meaning set forth in the PPA Project Bond Resolution.

“Series” shall mean, for all purposes of this Agreement, any or all PPA Bonds issued upon original issuance on a particular date, as determined by an Authorized Officer of the Authority (as defined in the PPA Project Bond Resolution) on or prior to the date of issuance thereof, whether or not such PPA Bonds constitute a separate “Series” of Bonds for purposes of (and as defined in) the PPA Project Bond Resolution. In the event that the PPA Bonds of any such Series shall constitute two or more separate “Series” of Bonds for purposes of (and as defined in) the PPA Project Bond Resolution, the PPA Bonds of such Series may be aggregated for the purpose of establishing level monthly Debt Service pursuant to Section 401(d), 401(e) or 401(f) hereof, as applicable.

“Term” shall have the meaning assigned to such term in Section 102 hereof.

“Trustee” has the meaning set forth in the PPA Project Bond Resolution.

“Uniform System of Accounts” means the Uniform System of Accounts prescribed for Public Utilities and Licensees subject to the provisions of the Federal Power Act as set forth in 18 C.F.R. Part 101.

SECTION 105. RULES OF INTERPRETATION. In this Agreement, except as expressly stated otherwise or unless the context otherwise requires:

(a) Headings and any rendering of text in bold and italics are for convenience and reference purposes only and do not affect the meaning or interpretation of this Agreement;

(b) Words importing the singular include the plural and vice versa and the masculine, feminine and neuter genders include all genders;

(c) The words “hereof,” “herein,” and “hereunder” and words of similar import shall refer to this Agreement as a whole and not to any particular provision of this Agreement;

(d) A reference to a document or agreement, including this Agreement, shall mean such document, agreement or this Agreement including any amendment or supplement to, or replacement, novation or modification of, such document, agreement or this Agreement, but disregarding any amendment, supplement, replacement, novation or modification made in breach of such document, agreement or this Agreement;

(e) A reference to a Person includes that Person’s successors and permitted assigns;

(f) The term “including” means “including without limitation” and any list of examples following such term shall in no way restrict or limit the generality of the work or provision in respect of which such examples are provided;

(g) References to any statute, code or statutory provision are to be construed as a reference to the same as it may have been, or may from time to time be, amended, modified or

reenacted, and include references to all bylaws, instruments, orders and regulations for the time being made thereunder or deriving validity therefrom unless the context otherwise requires;

(h) In the event of a conflict, a mathematical formula describing a concept or defining a term shall prevail over words describing a concept or defining a term;

(i) References to any amount of money shall mean a reference to the amount in United States Dollars;

(j) The expression “and/or” when used as a conjunction shall connote “any or all of”;

(k) Words, phrases or expressions not otherwise defined herein that (i) have a well-known and generally accepted meaning in Prudent Utility Practice shall have such meaning in this Agreement or (ii) do not have a well-known and generally accepted meaning in Prudent Utility Practice but that have well-known and generally accepted technical or trade meanings, shall have such recognized meanings; and

(l) Capitalized terms not specifically defined herein or in a referenced document shall have their normal meanings in the context in which they are used.

SECTION 106. DOE GUARANTEED LOAN AND ADVANCES. MEAG and Buyer acknowledge and agree that, for all purposes of this Agreement, any reference to:

(a) the ability of the PPA Project Entity to borrow funds from FFB as contemplated by the DOE Loan Documents shall include the requirement that all conditions precedent to the making of an Advance under the DOE Guaranteed Loan must be satisfied, including the limitations on use of the proceeds of such Advance for Eligible Project Costs (as defined in the DOE Loan Guarantee Agreement) and the requirement that such Advance be requested during the Availability Period (as defined in the DOE Loan Guarantee Agreement);

(b) the use of proceeds of the DOE Guaranteed Loan or an Advance means the use of such proceeds to the extent permitted under, and in compliance with, the DOE Loan Documents; and

(c) Advances made means Advances made during the Availability Period for Eligible Project Costs.

ARTICLE II

PURCHASE AND SALE

SECTION 201. PURCHASE AND SALE. In accordance with and subject to the terms and conditions of this Agreement (including Section 101), commencing on the Commercial Operation Date of the first of the Additional Units and continuing through the end of the Term, MEAG shall sell to Buyer, and Buyer shall purchase from MEAG, Buyer's Obligation Share of the Output for the following periods: (i) for the first unit of the Additional Units, a period of twenty (20) years commencing on the Commercial Operation Date of the first unit, and (ii) for the second unit of the Additional Units, a period of twenty (20) years commencing on the Commercial Operation Date of the second unit. This Agreement and the PPA Project Entity Power Purchase Agreement are intended to be "back-to-back" power purchase agreements during the Term of this Agreement such that all of the Output shall be purchased by MEAG from the PPA Project Entity pursuant to the PPA Project Entity Power Purchase Agreement and resold to Buyer pursuant to the terms and conditions hereof. For the avoidance of doubt and notwithstanding anything to the contrary herein, and to confirm the understanding of the Parties, if Buyer has satisfied its payment and performance obligations under and in accordance with this Agreement, MEAG is required to purchase such Output from the PPA Project Entity under and

in accordance with the PPA Project Entity Power Purchase Agreement and as long as all the payment and performance obligations of MEAG to the PPA Project Entity have been satisfied under the PPA Project Entity Power Purchase Agreement, the PPA Project Entity is required to sell and provide such Output to MEAG and MEAG in turn is required to sell and provide such Output to Buyer for the full periods set forth in the first sentence of this Section 201.

SECTION 202. OBLIGATION TO TAKE OUTPUT OF THE PPA PROJECT ENTITY'S OWNERSHIP INTEREST. Notwithstanding anything in this Agreement to the contrary, Buyer shall be obligated to take all Output during the periods described herein as and when any such Output shall be produced, and Buyer shall have no right to dispatch or schedule the operation of the PPA Project Entity's Ownership Interest or any facility thereof.

SECTION 203. BUYER'S ADDITIONAL COMPENSATION OBLIGATION.

(a) **General.** As part of its payment obligations set forth in Article II of this Agreement, Buyer shall pay MEAG the amounts described in this Section 203 ("Buyer's Additional Compensation Obligation"). In February of each calendar year during the Term of this Agreement, the Billing Statement provided by MEAG under Section 302 of this Agreement shall include charges, if any, for the total amount of Buyer's Additional Compensation Obligation incurred during the preceding calendar year calculated as set forth in this Section.

(b) **Calculation of Buyer's Additional Compensation Obligation.** Buyer's Additional Compensation Obligation shall be calculated by multiplying the total amount of Energy delivered to Buyer under this Agreement from each Additional Unit at the Delivery Point (as defined in Section 604(a) of this Agreement) during the preceding calendar year by a fixed rate for each MWh determined as follows:

(1) For each Additional Unit, during the first through the fifth calendar year following such Additional Unit's Commercial Operation Date, the fixed rate shall be: \$0.50/MWh.

(2) For each Additional Unit, during the sixth through the tenth calendar year following such Additional Unit's Commercial Operation Date, the fixed rate shall be: \$1.50/MWh.

(3) For each Additional Unit, during the eleventh through the fifteenth calendar year following such Additional Unit's Commercial Operation Date, the fixed rate shall be: \$2.50/MWh.

(4) For each Additional Unit, during the sixteenth through the twenty-first calendar year following such Additional Unit's Commercial Operation Date, the fixed rate shall be: \$3.50/MWh.

SECTION 204. BUYER'S PAYMENT OBLIGATIONS.

(a) **General.** Subject to the other provisions of this Agreement relating to the payment of Debt Service, Buyer's obligation to pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs with respect to the first unit of the Additional Units to achieve Commercial Operation shall commence upon the Commercial Operation Date of that unit, and Buyer's obligation to pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs with respect to the second unit of the Additional Units to achieve Commercial Operation shall commence upon the Commercial Operation Date of that unit.

(b) **Debt Service Generally.** Except (i) in the case of PPA Bonds issued in accordance with the provisions of Section 401(e) hereof (which only are to be issued following the Commercial Operation Date of the applicable Additional Unit), (ii) in the case of refunding

PPA Bonds issued in accordance with the provisions of Section 401(f) hereof and (iii) with respect to PPA BANs and PPA Take-Out Bonds (Buyer's obligation in respect of the payment of Debt Service on which is governed by the provisions of the penultimate sentence of the first paragraph of Section 204(e) hereof), Buyer's obligation to pay (1) the interest component of Debt Service of each Series of PPA Bonds and each Advance attributable to each Additional Unit shall continue for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (2) the principal component of Debt Service of each Series of PPA Bonds and each Advance attributable to each Additional Unit shall continue for a period of two hundred forty (240) months from and including the month in which such obligation shall commence.

Notwithstanding the foregoing and any other provision of this Agreement, in the event that MEAG shall issue PPA Bonds of any Series (i) that bear interest at variable rates and are subject to tender for purchase at the option of the holders thereof or (ii) in the form of short-term obligations that are intended to be rolled-over at maturity and, as a result of market conditions, (x) such PPA Bonds that bear interest at variable rates cannot be remarketed and either are tendered to MEAG for payment or must be termed-out in advance of their scheduled amortization dates (determined as provided in Section 401(d), 401(e) or 401(f) hereof, as applicable) and/or (y) such PPA Bonds in the form of short-term obligations cannot be rolled-over and must either be paid at maturity or termed-out in advance of their scheduled amortization dates (determined as aforesaid), then Buyer shall be responsible for paying the principal of such PPA Bonds when due.

Notwithstanding any other provision of this Agreement, the aggregate principal amount of the PPA Bonds described in the preceding paragraph to be outstanding at any time, together

with the aggregate principal amount of PPA BANs and PPA Take-Out Bonds outstanding at such time, shall not exceed \$75,000,000, or such greater amount as shall be agreed to in writing by MEAG and Buyer from time to time, but no such PPA Bonds shall be issued for the purpose of financing Fuel Costs applicable to either of the Additional Units prior to the Commercial Operation Date thereof.

In the event that Buyer shall pay to MEAG any amount in respect of the principal of PPA Bonds as provided in the second preceding paragraph, MEAG agrees that on the first date thereafter on which it or the PPA Project Entity is able to borrow funds to pay Costs of Acquisition and Construction and Financing Costs of the Plant Vogtle Additional Units PPA Project, it shall include in such borrowing an amount sufficient to reimburse Buyer for all amounts paid by it in respect of such principal that theretofore have not been reimbursed by MEAG, but without interest thereon; provided, however, that MEAG shall not be so obligated if, in its commercially reasonable judgment, the cost of borrowing funds for the purpose of such reimbursement shall be prohibitive.

In the event that MEAG and the PPA Project Entity do not, for any reason, borrow funds sufficient to reimburse Buyer as provided in the preceding paragraph, at the end of the Term of this Agreement, Buyer shall be refunded the portion of such principal so paid and not theretofore reimbursed in excess of the amount thereof that would have been payable by Buyer had such PPA Bonds been paid in accordance with their scheduled amortization (determined as aforesaid); provided, however, that if all or any portion of the proceeds of such PPA Bonds was used to fund a Non-amortized Reserve Fund (including the Nuclear Fuel Construction Fund-Revolving Account), then, at the end of the Term of this Agreement, Buyer shall be refunded the entirety of

such principal so paid and not theretofore reimbursed with respect to such PPA Bonds that funded such Non-amortized Reserve Fund(s).

(c) **Debt Service on PPA Bonds Issued to Finance Capital Improvements.** In the case of PPA Bonds issued in accordance with the provisions of Section 401(e) hereof to finance the Costs of Acquisition and Construction and Financing Costs of “capital improvements,” as such term is defined in Section 401(e) hereof, for a particular Additional Unit (which only are to be issued following the Commercial Operation Date of the applicable Additional Unit), Buyer’s obligation to pay (i) the interest component of Debt Service of each such Series of PPA Bonds attributable to such Additional Unit shall commence on the day following the date to which all interest is capitalized on the PPA Bonds of such Series and (ii) the principal component of Debt Service of each such Series of PPA Bonds attributable to such Additional Unit shall commence on the date that is one (1) year prior to the first due date of the principal component of Debt Service of such PPA Bonds and, in either such case, shall continue only to the last day on which Buyer is entitled to its Obligation Share of the Output of such Additional Unit pursuant to the terms of this Agreement. In the event of a delay in the in-service date of the capital improvements for which the PPA Bonds of such Series are issued under Section 401(e) hereof, MEAG shall issue additional PPA Bonds under such Section to provide funds to capitalize interest on all such PPA Bonds until the actual in-service date of the capital improvements; provided, however, that in the event that MEAG determines it is practicably or economically infeasible for MEAG to issue such additional PPA Bonds at any time during the period between the estimated in-service date and the actual in-service date of the capital improvements, then MEAG shall not be required to issue such additional PPA Bonds and Buyer’s obligation to pay

interest on all such PPA Bonds shall commence on the day following the date to which all interest is capitalized on the PPA Bonds of such Series.

(d) **Debt Service on Refunding PPA Bonds.** In the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof, Buyer's obligation to pay (i) the interest component of Debt Service of each Series of such refunding PPA Bonds shall continue only for the same number of months for which Buyer would have been obligated to pay the interest component of Debt Service on the PPA Bonds and/or the portion of the principal of the DOE Guaranteed Loan refunded or repaid thereby (hereinafter referred to in this Section 204(d) as the "Refunded PPA Debt") had such Refunded PPA Debt not been so refunded or repaid, and (ii) the principal component of Debt Service of each such Series of refunding PPA Bonds shall continue only for the same number of months for which Buyer would have been obligated to pay the principal component of Debt Service on the Refunded PPA Debt had such Refunded PPA Debt not been so refunded or repaid.

(e) **Commencement of Payment Obligations.** Notwithstanding the foregoing and any other provision in this Agreement but subject to the other provisions of this Agreement relating to the payment of Debt Service, Buyer's obligation to pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs shall commence simultaneously with the commencement of the obligation of the Additional Units Non-PPA Participants to pay their respective shares of the Plant Vogtle Additional Units Non-PPA Project Annual Costs under the Plant Vogtle Additional Units Non-PPA Power Sales Contracts, which obligation may commence prior to the Commercial Operation Date of either Additional Unit as described in Section 211 hereof. Notwithstanding the foregoing and any other provision of this Agreement, if it becomes practically or economically infeasible for MEAG to issue PPA Bonds due to a JEA

Market Disruption, but it is practically and economically feasible for MEAG to issue Non-PPA Bonds, MEAG may commence billing Buyer its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs without simultaneously billing the Additional Units Non-PPA Participants for their respective Obligation Shares (as defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts) of the Plant Vogtle Additional Units Non-PPA Project Annual Costs. Notwithstanding the foregoing and any other provision of this Agreement relating to the billing and payment of Plant Vogtle Additional Units PPA Project Annual Costs, in the event that MEAG shall not have sufficient funds to pay in full the principal of or interest on any PPA BANs or PPA Take-Out Bonds when due (including as a result of the inability of MEAG and the PPA Project Entity, for any reason, to borrow funds in an amount sufficient to refund any PPA BANs or PPA Take-Out Bonds at or prior to their respective due dates (whether through the issuance of other PPA Bonds (including, in the case of PPA BANs, PPA Take-Out Bonds) or otherwise), Buyer shall be obligated to pay to MEAG fifty percent (50%) of the amount of such shortfall, which amount shall be payable on or before the due date of such principal and/or interest, whether before or after the applicable Commercial Operation Date. In furtherance of the foregoing, MEAG agrees that (i) it will provide periodic notice to Buyer as to MEAG's expected ability to refund the principal of any PPA BANs or PPA Take-Out Bonds on or prior to the respective due dates thereof, not less than ninety (90) and thirty (30) days prior to such respective due dates and (ii) if, at any time prior to the respective due dates of the principal of such PPA BANs or PPA Take-Out Bonds, it shall determine that neither it nor the PPA Project Entity will be able to borrow funds in an amount sufficient to refund such principal, it promptly will provide notice to Buyer as to such determination; provided, however, that MEAG's failure

to provide any such notice to Buyer shall not affect Buyer's obligation as stated in the preceding sentence, which obligation shall be absolute and unconditional.

In the event that Buyer shall pay to MEAG any amount in respect of the principal of PPA BANs and/or PPA Take-Out Bonds as provided in the preceding paragraph, MEAG agrees that on the first date thereafter on which it or the PPA Project Entity is able to borrow funds to pay Costs of Acquisition and Construction and Financing Costs of the Plant Vogtle Additional Units PPA Project, it shall include in such borrowing an amount sufficient to reimburse Buyer and the Additional Units PPA Participants for all amounts paid by them in respect of such principal that theretofore have not been reimbursed by MEAG, but without interest thereon; provided, however, that MEAG shall not be so obligated if, in its sole judgment, the cost of borrowing funds for the purpose of such reimbursement shall be prohibitive.

In the case of any such PPA BANs and/or PPA Take-Out Bonds that were issued to finance or refinance Costs of Acquisition and Construction and Financing Costs of "capital improvements," as such term is defined in Section 401(e) hereof, for a particular Additional Unit following the Commercial Operation Date thereof, in the event that any amounts paid by Buyer in respect of the principal thereof theretofore have not been reimbursed by MEAG, at the end of the Term of this Agreement, Buyer shall be entitled to a payment from MEAG calculated as follows. First, MEAG shall determine a separate imputed debt service for all such capital improvement items having comparable estimated economic useful lives based upon the following assumptions: (i) that PPA Bonds were issued to finance Buyer's Obligation Share of such capital improvement items on July 1 of the calendar year in which such capital improvements are placed in service at an interest rate equal to the average of the Bond Buyer Weekly 25 Revenue Bond Index as published in *The Bond Buyer* updated weekly on Thursday

(Bloomberg ticker symbol is BBWK25RV) for such year (or, if such index shall cease to be published, at an interest rate equal to the average for such calendar year of such generally accepted alternate index as MEAG shall select with the written consent of Buyer, which consent shall not be unreasonably withheld); (ii) that such PPA Bonds were amortized over the shorter of (X) the term of the applicable Additional Unit's combined construction and operating license, or (Y) the estimated economic useful life of the capital improvement items; and (iii) that such PPA Bonds were structured upon a fully-amortizing level debt service basis for the assumed term, with the first principal installment of such PPA Bonds coming due on January 1 of the second full calendar year following the date on which such capital improvement items are placed in service. Second, with respect to each such capital improvement item (or group of capital improvement items having comparable estimated useful lives), at the end of the Term of this Agreement, MEAG shall reimburse Buyer the difference between the principal of such PPA BANs and/or PPA Take-Out Bonds paid by Buyer and the total principal payments that would have become due and owing by Buyer on the assumed PPA Bonds during the period from the time such principal was paid by Buyer through the remaining Term of this Agreement under the imputed debt service calculation set forth in this paragraph.

(f) **Amounts Payable in Advance; Adjustments for Prior Months.** Buyer shall pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs in advance for each month of each Power Supply Year as set forth in the Plant Vogtle Additional Units PPA Project Annual Budget or amended Plant Vogtle Additional Units PPA Project Annual Budget for the respective month and reflected in the monthly Buyer's Billing Statement for the respective month in accordance with Section 302 of this Agreement. In each monthly Buyer's Billing Statement, MEAG may charge or credit Buyer for any adjustment to the Buyer's Billing

Statement for prior monthly periods required to reflect any other actual cost incurred or credit received by MEAG during any respective prior monthly period.

(g) **Buyer's Obligation.** Buyer shall pay its Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs whether or not the PPA Project Entity's Ownership Interest is completed or is operating or operable, and whether or not its Output is suspended, interrupted, interfered with, reduced or curtailed or terminated in whole or in part, and such payments shall not be subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or non-performance by any party of any agreement for any cause whatsoever. Buyer shall pay the Buyer's Additional Compensation Obligation only in the event the PPA Project Entity's Ownership Interest is operating, and Buyer shall not be responsible for paying the Buyer's Additional Compensation Obligation during periods in which the Output of the PPA Project Entity's Ownership Interest is suspended, interrupted, or terminated.

(h) **Nature of Buyer's Payment Obligations.** Buyer hereby agrees that amounts payable to MEAG under this Agreement (i) shall constitute a Contract Debt (as that term is defined in Buyer's Electric System Bond Resolution), payable as a Cost of Operation and Maintenance of Buyer's Electric System (as those terms are defined in Buyer's Electric System Bond Resolution), and (ii) shall be paid by Buyer as a cost of purchased power and energy for Buyer's wholesale and retail load and otherwise as an expense of operation and maintenance of Buyer's Electric System.

SECTION 205. PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT ANNUAL COSTS.

(a) ***General.*** MEAG shall determine all of the Plant Vogtle Additional Units PPA Project Annual Costs, exclusive of costs paid from the proceeds of PPA Bonds or Advances, commencing with the first Power Supply Year, or such earlier time as MEAG shall determine in accordance with Section 205(b) of this Agreement. Such annual costs shall include the costs payable by MEAG or the PPA Project Entity under the Project Agreements and such other costs incurred by MEAG or the PPA Project Entity as set forth in Section 205(b) hereunder that are billed to Buyer pursuant to that Section. MEAG is expressly authorized to bill in accordance with Section 205(b) hereunder some or all of the Debt Service costs that are payable during construction and prior to the Commercial Operation Date of any of the Additional Units.

(b) ***Plant Vogtle Additional Units PPA Project Annual Costs.*** The Plant Vogtle Additional Units PPA Project Annual Costs for the generating and related facilities of the PPA Project Entity's Ownership Interest shall include the following items of cost and expense:

(1) "Plant Vogtle Additional Units PPA Project Annual Fixed Costs", which means all fixed costs allocable to the Plant Vogtle Additional Units PPA Project incurred by MEAG or the PPA Project Entity, including:

(A) Amounts that MEAG or the PPA Project Entity is required to pay for taxes or payments in lieu thereof attributable to the PPA Project Entity's Ownership Interest and/or the Plant Vogtle Additional Units PPA Project;

(B) Amounts required for renewals and replacements attributable to the PPA Project Entity's Ownership Interest, or payment or deposit of such amounts into any reserve fund or account;

(C) Amounts to be set aside by MEAG or the PPA Project Entity for the retirement from service or disposal of the facilities of the PPA Project Entity's Ownership Interest in accordance with the methodology set forth in **Exhibit B** hereto; provided, however, that Buyer's responsibility for such amounts that are incurred during the term of this Agreement plus such amounts that are estimated to be incurred after the term of this Agreement shall not exceed fifty percent (50%) of the total amount of such costs incurred during the term of this Agreement and estimated to be incurred after the term of this Agreement;

(D) Amounts that MEAG or the PPA Project Entity is required under the PPA Project Bond Resolution or the DOE Loan Documents to pay or deposit into any fund or account established by the PPA Project Bond Resolution or the DOE Loan Documents for the payment of Debt Service on the PPA Bonds or the DOE Guaranteed Loan, as applicable;

(E) Amounts (not otherwise included under any item of this Section 205(b)) for the Plant Vogtle Additional Units PPA Project that MEAG or the PPA Project Entity is required under the PPA Project Bond Resolution or the DOE Loan Documents, as applicable, to pay or deposit during any Power Supply Year into any other fund or account established by the PPA Project Bond Resolution or the DOE Loan Documents, as applicable, or payment or deposit of such amounts into any such fund or account established outside the PPA Project Bond Resolution or the DOE Loan Documents; provided, however, in the event MEAG or the PPA Project Entity utilizes letter of credit agreements or other financing instruments to finance such payments or deposits, the related financing costs shall also be included herein;

(F) Amounts for payment or deposit into any fund or account outside the pledge of the PPA Project Bond Resolution or the DOE Loan Documents attributable to costs or reserves of the Plant Vogtle Additional Units PPA Project, including such amounts established by MEAG in the Plant Vogtle Additional Units PPA Project Annual Budget to provide reasonable reserves for the payment of the PPA Project Entity's share of costs required pursuant to either the Ownership Agreement or the Operating Agreement; provided, however, in the event MEAG or the PPA Project Entity utilizes letter of credit agreements or other financing instruments to finance such payments or deposits, the related financing costs shall also be included herein;

(G) Amounts for payment of Additional Costs (as that term is described and defined in Section 2.2 of the Development Agreement) attributable to the PPA Project Entity's Ownership Interest incurred during any Power Supply Year, which expenditures, to the extent they are capital expenditures, shall be treated as capital costs under Section 206(b); and

(H) Without duplication, all fixed costs required to be paid by the PPA Project Entity (whether to DOE, as operating expenses or otherwise) in the DOE Loan Documents other than such costs and expenses set forth in Section 205(b)(2).

(2) "Plant Vogtle Additional Units PPA Project Other Annual Costs", which means all Plant Vogtle Additional Units PPA Project Annual Costs other than the Plant Vogtle Additional Units PPA Project Annual Fixed Costs allocable to the Plant Vogtle Additional Units PPA Project incurred by MEAG or the PPA Project Entity, including:

(A) All costs of producing and delivering Capacity and Energy from the PPA Project Entity's Ownership Interest to Buyer including (i) Fuel Costs and other

ordinary operation and maintenance costs and provisions for reserves therefor, administrative and general costs, insurance and overhead costs and any charges payable by MEAG or the PPA Project Entity in connection with the Output of the PPA Project Entity's Ownership Interest, (ii) working capital reasonably required for operation of the Plant Vogtle Additional Units PPA Project, and (iii) a share, determined by MEAG to be allocable to the Plant Vogtle Additional Units PPA Project in accordance with the methodology set forth in **Exhibit C** hereto, of all operation and maintenance costs related to the operation and conducting of the business of MEAG, including salaries, fees for legal, engineering, and other services and all other expenses properly related to the conduct of the affairs of MEAG;

(B) Except to the extent funded by PPA Bonds or reserves held by MEAG or the PPA Project Entity, amounts required to pay the costs of or to provide reserves for (i) extraordinary operating and maintenance costs attributable to the Plant Vogtle Additional Units PPA Project including the prevention or correction of any unusual loss or damage to keep the facilities of the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom; provided, however, in the event MEAG or the PPA Project Entity utilizes letter of credit agreements or other financing instruments to finance such operating and maintenance costs, or reserves therefor, the related financing costs shall also be included herein; (ii) any major renewals, replacements, repairs, additions, betterments and improvements to the Additional Units necessary, in the opinion of MEAG or the PPA Project Entity, to keep the facilities of the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, which expenditures, to the extent

they are capital expenditures, shall be treated as capital costs under Section 206(b); provided, however, in the event MEAG or the PPA Project Entity utilizes letter of credit agreements or other financing instruments to finance such renewals, replacements, repairs, additions, betterments and improvements, or reserves therefor, the related financing costs shall also be included herein; and (iii) any major additions, improvements, repairs or modifications to any such facility, or any retirements or disposals of any such facility, required by any Governmental Authority having jurisdiction over the Additional Units or for which the PPA Project Entity shall be responsible by virtue of any obligation of the PPA Project Entity arising out of any contract to which the PPA Project Entity may be a party relating to ownership of the Additional Units or any facility thereof, including the Project Agreements, to the extent that MEAG or the PPA Project Entity is not reimbursed therefor from the proceeds of insurance or funds for such payments are not available to MEAG or the PPA Project Entity therefor from any funds or accounts established by MEAG or by or on behalf of the PPA Project Entity, or funds for such payment are not provided or to be provided by the issuance of PPA Bonds pursuant to Article IV of this Agreement, which expenditures, to the extent they are capital expenditures, shall be treated as capital costs under Section 206(b); provided, however, in the event MEAG or the PPA Project Entity utilizes letter of credit agreements or other financing instruments to finance such additions, improvements, repairs, modifications, retirements or disposals, or reserves therefor, the related financing costs shall also be included herein; and

(C) Without duplication, all amounts required to be paid by the PPA Project Entity (whether to DOE, as operating expenses or otherwise) in the DOE Loan Documents other than fixed costs as set forth in Section 205(b)(1).

SECTION 206. TREATMENT OF CAPITAL COSTS; CERTAIN INTEREST EXPENSES.

(a) **Financing of Capital Costs with PPA Bonds and Advances.** Except as provided in Section 206(b), (c) and (d) hereunder, MEAG shall finance or cause the PPA Project Entity to finance capital costs attributable to the PPA Project Entity's Ownership Interest and incurred by the PPA Project Entity during the term of this Agreement with proceeds of PPA Bonds or Advances, as applicable. At a minimum, all costs treated by the Agent as capital costs pursuant to the Ownership Agreement shall be treated as "capital costs" for purposes of this Section 206. Additionally, MEAG or the PPA Project Entity, as applicable, may also elect to treat as capital costs for purposes of this Section any other cost item which the Agent has treated as an expense item so long as MEAG re-characterizes such costs under the Plant Vogtle Additional Units Non-PPA Project Power Sales Contracts.

(b) **Exception for Financing of Capital Costs Where Practically or Economically Infeasible.** During any period when (i) MEAG determines it is practically or economically infeasible for (x) MEAG to issue PPA Bonds and Non-PPA Bonds, (y) the PPA Project Entity to satisfy the conditions to the making of an Advance and (z) the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts) to finance capital costs attributable to the Non-PPA Project Entity's Ownership Interest and the Plant Vogtle Additional Units Non-PPA Project, or (ii) MEAG determines it is practically or economically infeasible for

(x) MEAG to issue PPA Bonds and (y) the PPA Project Entity to satisfy the conditions to the making of an Advance to finance capital costs attributable to the PPA Project Entity's Ownership Interest, in both such cases, due to a JEA Market Disruption, but it is practically and economically feasible for MEAG to issue Non-PPA Bonds attributable to the Plant Vogtle Additional Units Non-PPA Project or for the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts) to finance capital costs attributable to the Plant Vogtle Additional Units Non-PPA Project, and MEAG or the PPA Project Entity incurs capital costs during the term of this Agreement, MEAG or the PPA Project Entity shall finance such capital costs from a reserve fund maintained for the payment of renewals and replacements; provided, however, that, for any portion of such capital costs attributable to the PPA Project Entity's Ownership Interest that cannot be financed by such a reserve fund, MEAG shall bill Buyer its Obligation Share of such costs (including such costs incurred by the PPA Project Entity and billed to MEAG) pursuant to Sections 205(b)(1)(B) or 205(b)(2)(B)(ii) – (iii) hereof; and provided, further, that MEAG shall not bill Buyer its Obligation Share of such capital costs prior to the Commercial Operation Date of the first Additional Unit.

In the event that Buyer shall pay to MEAG any amount in respect of its Obligation Share of such capital costs as provided in the preceding paragraph, MEAG agrees that on the first date thereafter on which it or the PPA Project Entity is able to borrow funds to pay such capital costs, it shall include in such borrowing an amount sufficient to reimburse Buyer for all amounts paid by it in respect of such capital costs that theretofore have not been reimbursed by MEAG, but without interest thereon; provided, however, that MEAG shall not be so obligated if, in its

commercially reasonable judgment, the cost of borrowing funds for the purpose of such reimbursement shall be prohibitive.

In the event that any such costs theretofore have not been reimbursed by MEAG, at the end of the Term of this Agreement, Buyer shall be entitled to a payment from MEAG calculated as follows. First, MEAG shall determine a separate imputed debt service for all such repair or replacement items having comparable estimated economic useful lives that are constructed or acquired with respect to each Additional Unit during a particular calendar year based upon the following assumptions: (i) that PPA Bonds were issued to finance Buyer's Obligation Share of such capital costs on July 1 of such calendar year at an interest rate equal to the average of the Bond Buyer Weekly 25 Revenue Bond Index as published in *The Bond Buyer* updated weekly on Thursday (Bloomberg ticker symbol is BBWK25RV) for such year (or, if such index shall cease to be published, at an interest rate equal to the average for such calendar year of such generally accepted alternate index as MEAG shall select with the written consent of Buyer, which consent shall not be unreasonably withheld); (ii) that such PPA Bonds were amortized over the shorter of (X) the term of the applicable Additional Unit's combined construction and operating license, or (Y) the estimated economic useful life of the repair or replacement item(s); and (iii) that such PPA Bonds were structured upon a fully-amortizing level debt service basis for the assumed term, with the first principal installment of such PPA Bonds coming due on January 1 of the second full calendar year following the date on which such capital costs are incurred. Second, with respect to each such renewal or replacement item (or group of renewal or replacement items having comparable estimated useful lives), at the end of the Term of this Agreement, MEAG shall reimburse Buyer the difference between the capital costs paid by Buyer and the total principal payments that would have become due and owing by Buyer on the assumed PPA

Bonds during the period from the time such capital costs were paid by Buyer through the remaining Term of this Agreement under the imputed debt service calculation set forth in this Section 206(b).

(c) **Funding of Nuclear Fuel Construction Fund-Revolving Account.** MEAG shall fund a Nuclear Fuel Construction Fund-Revolving Account from the proceeds of those PPA Bonds or Advances specifically allocated to fund Fuel Costs. MEAG shall utilize the funds within the Nuclear Fuel Construction Fund-Revolving Account to fund the PPA Project Entity's purchase of the initial core and subsequent nuclear fuel reloads except that the initial core may be funded using the proceeds of PPA Bonds and Advances, including the capitalized interest associated with the nuclear fuel on such PPA Bonds and Advances. If Fuel Costs are funded with proceeds of PPA Bonds or Advances, the amount of such costs that are amortized during a Power Supply Year shall be treated as capitalized costs and billed to Buyer pursuant to Section 205(b)(2)(A).

(d) **Financing of Interest Costs.** During any period when (i) MEAG determines it is practically or economically infeasible for (x) MEAG to issue PPA Bonds and Non-PPA Bonds, (y) the PPA Project Entity to satisfy the conditions to the making of an Advance and (z) the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts), or (ii) MEAG determines it is practically or economically infeasible for (x) MEAG to issue PPA Bonds and (y) the PPA Project Entity to satisfy the conditions to the making of an Advance, in both such cases, due to a JEA Market Disruption, but it is practically and economically feasible for MEAG to issue Non-PPA Bonds or for the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional

Units Non-PPA Power Sales Contracts) to finance interest costs attributable to either of the Additional Units and incurred by MEAG prior to the Commercial Operation Date of the applicable unit, Buyer shall bear Buyer's Obligation Share attributable to the Plant Vogtle Additional Units PPA Project of such interest costs that could not be financed for the PPA Project through the Commercial Operation Date of the applicable unit ("Capitalized Interest") and MEAG shall bill Buyer its Obligation Share of such annual Power Supply Year Capitalized Interest costs pursuant to Section 205(b)(1) hereof.

In the event that Buyer shall pay to MEAG any amount in respect of its Obligation Share of such annual Power Supply Year Capitalized Interest costs as provided in the preceding paragraph, MEAG agrees that on the first date thereafter on which it or the PPA Project Entity is able to borrow funds to pay such Capitalized Interest, it shall include in such borrowing an amount sufficient to reimburse Buyer for all amounts paid by it in respect of such annual Power Supply Year Capitalized Interest costs that theretofore have not been reimbursed by MEAG, but without interest thereon; provided, however, that MEAG shall not be so obligated if, in its commercially reasonable judgment, the cost of borrowing funds for the purpose of such reimbursement shall be prohibitive.

In the event that any such costs theretofore have not been reimbursed by MEAG, at the end of the Term of the Agreement, Buyer shall be entitled to a payment from MEAG calculated as follows. Attached hereto as **Exhibit I** is an example of the payment calculation described in this subpart. First, MEAG shall determine a separate imputed debt service for each such monthly amount billed to Buyer in respect of Capitalized Interest with respect to each of the Additional Units based upon the following assumptions: (i) that PPA Bonds were issued to finance such interest costs on the date on which Buyer pays such Capitalized Interest amount to

MEAG at an interest rate (the “Assumed Rate”) equal to the average of the Bond Buyer Weekly 25 Revenue Bond Index as published in *The Bond Buyer* updated weekly on Thursday (Bloomberg ticker symbol is BBWK25RV) during the month in which such Capitalized Interest amount is so billed and paid (or, if such index shall cease to be published, at an interest rate equal to the average for such calendar year of such generally accepted alternate index as MEAG shall select with the written consent of Buyer, which consent shall not be unreasonably withheld) and in an amount equal to the amount of such Capitalized Interest so paid, less assumed interest earnings thereon to the next following January 1 or July 1 (whichever shall occur first) at a rate of interest equal to the applicable Assumed Rate and plus assumed interest thereon to the Commercial Operation Date of the applicable Additional Unit at a rate of interest equal to the applicable Assumed Rate, compounded semi-annually on each January 1 and July 1; (ii) that such PPA Bonds were amortized over the term of the applicable Additional Unit’s combined construction and operating license; and (iii) that such PPA Bonds were structured upon a fully-amortizing level debt service basis for the assumed term, with the first principal installment of such PPA Bonds coming due on January 1 of the second full calendar year following the Commercial Operation Date of the applicable Additional Unit. Second, at the end of the Term of this Agreement, MEAG shall reimburse Buyer the difference between (i) the sum of all Capitalized Interest amounts paid by Buyer plus interest on each such Capitalized Interest amount from the date so paid to the Commercial Operation Date of the applicable Additional Unit at a rate equal to the applicable Assumed Rate compounded semi-annually on each January 1 and July 1, and less interest earned on such Capitalized Interest amount at the Assumed Rate and (ii) the sum of the total principal payments that would have become due and owing by Buyer on the assumed PPA Bonds corresponding to each such Capitalized Interest amount during the

period from the time such Capitalized Interest amount was paid by Buyer through the remaining Term of this Agreement under the imputed debt service calculations set forth in this Section 206(d).

(e) **True-Up for Debt Service on Post-Commercial Operation Capital Improvements.** In the case of any PPA Bonds issued in accordance with the provisions of Section 401(e) hereof (which only are to be issued following the Commercial Operation Date of the applicable Additional Unit), in the event that Buyer shall pay any amounts in respect of Debt Service on such PPA Bonds prior to the actual in-service date of the capital improvements financed through the issuance of such PPA Bonds, then, at the end of the Term of this Agreement, Buyer shall be entitled to a payment from MEAG in an amount equal to such amounts in respect of Debt Service paid prior to the actual in-service date.

SECTION 207. RESERVE FUNDS.

(a) **General.** All reserve funds maintained pursuant to this Agreement or the PPA Project Bond Resolution, or caused by MEAG or otherwise required to be held by or on behalf of the PPA Project Entity pursuant to the DOE Accounts Agreement, shall be either Non-amortized Reserve Funds or Amortized Reserve Funds. Provided, however, in the event that (i) MEAG determines it is practically or economically infeasible for (x) MEAG to issue PPA Bonds and Non-PPA Bonds, (y) the PPA Project Entity to satisfy the conditions to the making of an Advance and (z) the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts), to finance such reserves, or (ii) MEAG determines it is practically or economically infeasible for (x) MEAG to issue PPA Bonds and (y) the PPA Project Entity to satisfy the conditions to the making of an Advance to finance such reserves, in both such cases,

due to a JEA Market Disruption, but it is practically and economically feasible for MEAG to issue Non-PPA Bonds or for the Non-PPA Project Entity (if applicable) to satisfy the conditions to the making of an Advance (as such term is defined in the Plant Vogtle Additional Units Non-PPA Power Sales Contracts) to finance such reserve funds for the Non-PPA Project, MEAG may utilize revenues derived from either year-end distributions or billings to Buyer under this Agreement to finance such reserve funds (other than reserve funds held by or on behalf of the PPA Project Entity that are financed using the proceeds of Advances), but only so long as MEAG is also utilizing revenues derived from either year-end distributions or billings to the Additional Units Non-PPA Participants under the Plant Vogtle Additional Units Non-PPA Power Sales Contracts to also finance such reserve funds for the Non-PPA Project, unless the billing was necessitated by a JEA Market Disruption.

In the event that Buyer shall pay to MEAG any amount to finance such reserve funds as provided in the preceding paragraph, MEAG agrees that on the first date thereafter on which it or the PPA Project Entity is able to borrow funds to finance such reserve funds, it shall include in such borrowing an amount sufficient to reimburse Buyer for all amounts paid by it in respect of such reserve funds that theretofore have not been reimbursed by MEAG, but without interest thereon; provided, however, that MEAG shall not be so obligated if, in its commercially reasonable judgment, the cost of borrowing funds for the purpose of such reimbursement shall be prohibitive.

To the extent that either Amortized Reserve Funds or Non-amortized Reserve Funds are funded with revenues derived from the foregoing sources, amounts placed into such reserve funds (i) derived from revenues attributable to Buyer to either initially fund such reserve funds or increase the funding of such reserve funds (but not to replenish such reserve funds) and (ii)

which were not utilized for their intended purpose during the Term of this Agreement, shall be reimbursed by MEAG to Buyer at the end of the Term of this Agreement.

(b) **Non-amortized Reserve Funds.** For any Non-amortized Reserve Funds created under the PPA Project Bond Resolution, the Power Sales Contracts or the DOE Accounts Agreement, Buyer shall be responsible for paying its Obligation Share of any interest on the PPA Bonds and/or the DOE Guaranteed Loan, as applicable, that financed such Non-amortized Reserve Funds during each Power Supply Year during the Term of the Agreement, offset by Buyer's Obligation Share of any interest earned on such funds during such Power Supply Year that are not required under the PPA Project Bond Resolution and/or the DOE Loan Documents, as applicable, to be retained in such funds. Except as provided in Section 303 of this Agreement, Buyer shall not be entitled to any reimbursement at the end of the Term of this Agreement with respect to such funds.

(c) **Amortized Reserve Funds.** For any Amortized Reserve Funds created under the PPA Project Bond Resolution, the Power Sales Contracts or the DOE Accounts Agreement, Buyer shall be responsible for paying its Obligation Share of both principal and interest on the PPA Bonds and/or the DOE Guaranteed Loan, as applicable, that financed such Amortized Reserve Funds during each Power Supply Year during the Term of the Agreement, offset by Buyer's Obligation Share of any interest earned on such funds during such Power Supply Year that are not required under the PPA Project Bond Resolution and/or the DOE Accounts Agreement, as applicable, to be retained in such funds. At the end of the Term of this Agreement, MEAG shall reimburse Buyer the total amount of principal payments made by Buyer on PPA Bonds or the DOE Guaranteed Loan relating to such funds.

(d) **Investment of Funds and Accounts.** MEAG agrees that monies held in the Funds and Accounts (as those terms are defined in the PPA Project Bond Resolution) established pursuant to the PPA Project Bond Resolution or in Project Accounts (as that term is defined in the DOE Accounts Agreement) established pursuant to the DOE Accounts Agreement shall be invested and reinvested to the fullest extent practicable in Investment Securities (as defined in the PPA Project Bond Resolution) or Permitted Investments (as defined in the DOE Accounts Agreement), as applicable, which mature not later than such times as shall be necessary to provide monies when needed for payments to be made from such Funds and Accounts or Project Accounts, as applicable. Interest earned on any monies or investments in any Fund or Account established pursuant to the PPA Project Bond Resolution (net of that which represents a return of accrued interest paid in connection with the purchase of any investment) shall be paid into the Revenue Fund, subject to the specific exceptions provided for in Section 603 of the PPA Project Bond Resolution. Interest earned on any monies or investments in any Project Account established pursuant to the DOE Accounts Agreement (net of that which represents a return of accrued interest paid in connection with the purchase of any investment) shall be applied pursuant to the DOE Accounts Agreement, and any amounts thereof distributed to MEAG by the PPA Project Entity shall be paid into the Revenue Fund.

(e) **Operation of Reserve Funds.** **Exhibit E** hereto sets forth the general principles that will be applied by MEAG with respect to each of the reserve funds that may be established by MEAG or caused by MEAG to be established by or on behalf of the PPA Project Entity pertaining to the Plant Vogtle Additional Units PPA Project. MEAG shall comply and shall cause the PPA Project Entity to comply with such principles with respect to the operation of each of the reserve funds; however, in the event that MEAG determines that it is necessary to operate

any of the reserve funds in a manner different than the principles described in **Exhibit E**, it (i) will provide notice and an opportunity for Buyer to comment with respect to any proposed changes prior to their implementation; (ii) shall take into consideration any comments and proposed changes submitted by Buyer; and (iii) shall provide Buyer with a written response explaining MEAG's rationale for its disposition of Buyer's comments and proposed changes; provided, however, that MEAG shall have sole discretion to determine whether to incorporate any such comments or proposed changes.

(f) **Accounts Held Outside of PPA Project Bond Resolution.** To the extent that MEAG establishes any collateral or margin or other similar account(s) outside of the PPA Project Bond Resolution in order to secure its obligations to a third party under any contract or agreement entered into by MEAG in connection with the PPA Project, and all or a portion of the amounts deposited to such account(s) are derived from either year-end distributions or billings to Buyer under this Agreement, MEAG agrees that it shall pay a portion of any interest earnings it receives from the investment of moneys in such account(s) (in proportion to the amount on deposit in such account(s) funded from such year-end distributions or billings to Buyer) to Buyer promptly upon receipt of such earnings. To the extent not paid or credited to Buyer under Section 303 of this Agreement, at the end of the Term of this Agreement, MEAG shall reimburse Buyer for the amount deposited to such account(s) from such year-end distributions or billings to Buyer.

SECTION 208. OWNERSHIP AND OPERATION OF THE PPA PROJECT ENTITY'S OWNERSHIP INTEREST. The PPA Project Entity will acquire and own, and MEAG will issue PPA Bonds in Series from time to time under or in accordance with the PPA Project Bond Resolution or cause the PPA Project Entity to receive Advances to finance, the PPA Project

Entity's Ownership Interest. MEAG may also, at its sole discretion, enter into Qualified Hedging Contracts relating to such PPA Bonds and Advances.

SECTION 209. INSURANCE. MEAG shall maintain or cause to be maintained by the PPA Project Entity, the Agent or otherwise, as Costs of Acquisition and Construction or as Plant Vogtle Additional Units PPA Project Annual Costs, such insurance with respect to the PPA Project Entity's Ownership Interest as shall be available and as is usually carried by utilities constructing and operating nuclear generating facilities and such other insurance as is usually carried by electric utilities in conformity with Prudent Utility Practice. In the event that an insurance policy covers the Plant Vogtle Additional Units PPA Project, the Plant Vogtle Additional Units Non-PPA Project and/or the Plant Vogtle Additional Units PPA-2 Project, the costs of such insurance coverage shall be allocated to each such Project based upon a fraction (a) the numerator of which is equal to such Project's percentage of MEAG's Interest in the Additional Units and (b) the denominator of which is equal to the sum of all such Projects' percentages of MEAG's Interest in the Additional Units (each such fraction being hereinafter referred to as an "Allocation Fraction"). Any payments made by an insurer to MEAG in connection with one or more claims under a policy that covers the Plant Vogtle Additional Units PPA Project, the Plant Vogtle Additional Units Non-PPA Project and/or the Plant Vogtle Additional Units PPA-2 Project shall be allocated to all such Projects based upon each such Project's respective Allocation Fraction. Any insurance payments received by MEAG or the PPA Project Entity under a policy providing coverage only for the Plant Vogtle Additional Units PPA Project shall be credited entirely to such Project. Any such payments allocated or credited to the Plant Vogtle Additional Units PPA Project as aforesaid (a) to the extent received by MEAG, shall be subject to the lien of the PPA Project Bond Resolution and (b) to the extent

received by the PPA Project Entity, shall be subject to the security interest and lien of the DOE Secured Parties described in Section 605 hereof and, in either such case, may be applied to rebuild or replace the applicable Additional Unit or to prepay the DOE Guaranteed Loan in accordance with the DOE Loan Documents prior to any distribution thereof by the PPA Project Entity to MEAG.

Any payments received by MEAG or the PPA Project Entity during the term of this Agreement from business interruption insurance which are allocated to the Plant Vogtle Additional Units PPA Project in accordance with this section shall be credited and paid to Buyer to the extent that such payments cover losses that occurred during the term of this Agreement and pertain to Output that Buyer was entitled to receive pursuant to the terms of this Agreement, provided that such business interruption insurance payments, (a) to the extent received and for the time period held by MEAG, shall be subject to the lien of the PPA Project Bond Resolution and (b) to the extent received and for the time period held by the PPA Project Entity, shall be subject to the security interest and lien of the DOE Secured Parties described in Section 605 hereof and, provided, further, that once proceeds of such business interruption insurance are paid to Buyer as permitted by, and in accordance with the provisions of, the PPA Project Bond Resolution or the DOE Loan Documents, as applicable, such proceeds shall be free and clear of any such security interest or lien.

SECTION 210. PLEDGE OF PAYMENTS. All payments required to be made by Buyer pursuant to this Agreement attributable to the Plant Vogtle Additional Units PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs, and any or all rights to collection or enforcement of such payments, may be pledged to secure the payment of the PPA Bonds and the DOE Secured Obligations.

SECTION 211. BUYER'S PAYMENT OBLIGATIONS IN THE EVENT OF PROJECT DELAY OR OWNERS' TERMINATION.

(a) **Delay in Scheduled Commercial Operation Dates.** In the event of a delay in the scheduled Commercial Operation Date of either or both of the Additional Units, MEAG may commence billing of the principal component of Debt Service of the PPA Bonds of any Series or of Debt Service of the DOE Guaranteed Loan relating to the delayed Additional Unit or Units prior to the Commercial Operation Date of such unit or units. Buyer shall be obligated to pay its Obligation Share of such principal component of Debt Service on the PPA Bonds of such Series and on the DOE Guaranteed Loan relating to such unit or units, which MEAG is required to structure in accordance with Section 401(d) hereunder, commencing on the date that is (x) one (1) year prior to the first due date of the principal component of Debt Service of the PPA Bonds of such Series and (y) three (3) months prior to the first due date of the principal component of Debt Service of the DOE Guaranteed Loan, as applicable, related to such unit or units. Provided, however, in the event that MEAG determines it is practicably or economically infeasible for MEAG to limit billing under the circumstances described above to the principal component relating to the PPA Bonds or to the DOE Guaranteed Loan, as applicable, or both, MEAG may bill the entirety of the Debt Service on such PPA Bonds or the portion of the principal of the DOE Guaranteed Loan related to such unit or units. Buyer shall (i) be entitled to its Obligation Share of the Output, and (ii) pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs of the affected Additional Unit for a twenty (20)-year term commencing on the Commercial Operation Date of such Additional Unit; provided, however, that (A) except (1) in the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof and (2) with respect to PPA BANs and PPA Take-Out Bonds (Buyer's obligation in

respect of the payment of Debt Service on which is governed by the provisions of the penultimate sentence of the first paragraph of Section 204(e) hereof), Buyer's obligation to pay (x) the interest component of Debt Service of each such Series of PPA Bonds and of the DOE Guaranteed Loan attributable to such Additional Unit, which MEAG is required to structure in accordance with Section 401(d) hereunder, shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (y) the principal component of Debt Service of each such Series of PPA Bonds and of the DOE Guaranteed Loan attributable to such Additional Unit, which MEAG is required to structure in accordance with Section 401(d) hereunder, shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (B) in the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof, Buyer's obligation to pay (1) the interest component of Debt Service of each Series of such refunding PPA Bonds shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for the same number of months for which Buyer would have been obligated to pay the interest component of Debt Service on the PPA Bonds and/or the portion of the principal of the DOE Guaranteed Loan refunded or repaid thereby (hereinafter referred to in this Section 211(a) as the "Refunded PPA Debt") had such Refunded PPA Debt not been so refunded or repaid, and (2) the principal component of Debt Service of each such Series of refunding PPA Bonds shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for the same number of months for which Buyer would have been obligated to pay the principal

component of Debt Service on the Refunded PPA Debt had such Refunded PPA Debt not been so refunded or repaid.

(b) **Cancellation or Termination of Additional Unit(s) Prior to Commercial Operation Date.** In the event that either or both of the Additional Units is cancelled or terminated pursuant to the Development Agreement prior to the Commercial Operation Date of such unit or units, Buyer shall be obligated to pay the following costs: (i) fifty percent (50%) of its Obligation Share of the Costs of Acquisition and Construction relating to the cancelled unit or units, but not including any such costs that have been paid with the proceeds of PPA Bonds or Advances, and (ii) its Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs relating to such unit or units for a period of twenty (20) years from the date that MEAG commences the billing of such Annual Costs relating to such unit or units to Buyer and the billing of the Plant Vogtle Additional Units Non-PPA Annual Costs relating to such unit or units to the Additional Units Non-PPA Participants; provided, however, that (A) except (1) in the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof and (2) with respect to PPA BANs and PPA Take-Out Bonds (Buyer's obligation in respect of the payment of Debt Service on which is governed by the provisions of the penultimate sentence of the first paragraph of Section 204(e) hereof), Buyer's obligation to pay (i) the interest component of Debt Service of each Series of PPA Bonds and of the DOE Guaranteed Loan attributable to such Additional Unit, which MEAG is required to structure in accordance with Section 401(d) hereunder, shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (ii) the principal component of Debt Service of each such Series of PPA Bonds and of the DOE Guaranteed Loan attributable to such Additional Unit,

which MEAG is required to structure in accordance with Section 401(d) hereunder, shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (B) in the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof, Buyer's obligation to pay (1) the interest component of Debt Service of each Series of such refunding PPA Bonds shall be included as part of Plant Vogtle Additional Units PPA Project Annual Costs only for the same number of months for which Buyer would have been obligated to pay the interest component of Debt Service on the PPA Bonds and/or the portion of the principal of the DOE Guaranteed Loan refunded or repaid thereby (hereinafter referred to in this Section 211(b) as the "Refunded PPA Debt") had such Refunded PPA Debt not been so refunded or repaid and (2) the principal component of Debt Service of each such Series of refunding PPA Bonds shall be included as part of the Plant Vogtle Additional Units PPA Project Annual Costs only for the same number of months for which Buyer would have been obligated to pay the principal component of Debt Service on the Refunded PPA Debt had such Refunded PPA Debt not been so refunded or repaid. Further provided, however, that any expenditures of MEAG or the PPA Project Entity made to retire from service or to dispose of either or both of the Additional Units shall be billed to Buyer either (x) as a component of decommissioning funds pursuant to Section 205(b)(1)(C) in accordance with the methodology in **Exhibit B** to this Agreement, or (y) pursuant to another subpart of Section 205(b)(1), provided that if billed under such other subpart, Buyer is billed no more than fifty percent (50%) of such expenditures, but no such expenditures shall be billed to Buyer under more than one subpart of Section 205(b)(1).

(c) **Cancellation or Termination of Additional Unit(s) After Commercial Operation**

Date. In the event either or both of the Additional Units is cancelled or terminated pursuant to the Development Agreement after the Commercial Operation Date of such unit, Buyer shall be obligated to continue to pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs allocated to the cancelled unit for a period of twenty (20) years following the Commercial Operation Date of such cancelled unit. Provided, however, any expenditures of MEAG or the PPA Project Entity made to retire from service or to dispose of either or both of the Additional Units shall be billed to Buyer either (i) as a component of decommissioning funds pursuant to Section 205(b)(1)(C) in accordance with the methodology in **Exhibit B** to this Agreement, or (ii) pursuant to another subpart of Section 205(b)(1), provided that if billed under such other subpart, Buyer is billed no more than fifty percent (50%) of such expenditures, but no such expenditures shall be billed to Buyer under more than one subpart of Section 205(b)(1). Further provided, however, (A) that in the event that MEAG commences billing Buyer a Debt Service component which MEAG is required to structure in accordance with Section 401(d) hereunder relating to such unit prior to the Commercial Operation Date, Buyer's obligation to pay (x) the interest component of Debt Service of each such Series of PPA Bonds and/or the DOE Guaranteed Loan attributable to such Additional Unit shall continue only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence and (y) the principal component of Debt Service of each such Series of PPA Bonds and/or the DOE Guaranteed Loan attributable to such Additional Unit shall continue only for a period of two hundred forty (240) months from and including the month in which such obligation shall commence, (B) in the case of PPA Bonds issued in accordance with the provisions of Section 401(e) hereof (which only are to be issued following the Commercial

Operation Date of the applicable Additional Unit), Buyer's obligation to pay the interest and principal components of Debt Service of each such Series of PPA Bonds attributable to each Additional Unit shall continue only until the last day on which Buyer is entitled to its Obligation Share of the Output of such Additional Unit pursuant to the terms of this Agreement, (C) in the case of refunding PPA Bonds issued in accordance with the provisions of Section 401(f) hereof, Buyer's obligation to pay (i) the interest component of Debt Service of each Series of such refunding PPA Bonds shall continue only for the same number of months for which Buyer would have been obligated to pay the interest component of Debt Service on the PPA Bonds and/or the portion of the principal of the DOE Guaranteed Loan refunded or repaid thereby (hereinafter referred to in this Section 211(c) as the "Refunded PPA Debt") had such Refunded PPA Debt not been so refunded or repaid, and (ii) the principal component of Debt Service of each such Series of refunding PPA Bonds shall continue only for the same number of months for which Buyer would have been obligated to pay the principal component of Debt Service on the Refunded PPA Debt had such Refunded PPA Debt not been so refunded or repaid, and (D) with respect to PPA BANs and PPA Take-Out Bonds, Buyer's obligation in respect of the payment of Debt Service on which shall be governed by the provisions of the penultimate sentence of the first paragraph of Section 204(e) hereof).

(d) *Sale of Assets of Cancelled or Terminated Additional Unit(s)*. In the event that (i) either unit of the Additional Units is cancelled or terminated pursuant to the Development Agreement, and (ii) during the Term of this Agreement, MEAG directly or indirectly sells all or a portion of its interest in such cancelled or terminated Additional Unit, its nuclear fuel, its equipment, or its related facilities through a sale of such assets or a sale of its ownership interest in the PPA Project Entity, MEAG agrees to distribute to Buyer or credit on Buyer's Billing

Statement fifty percent (50%) of its Obligation Share of the net proceeds allocated to the PPA Project Entity's Ownership Interest, if any, actually paid to and received by MEAG or the PPA Project Entity, as applicable, as a result of any such sale, provided that MEAG similarly distributes or credits any such net proceeds to any or all of the Additional Units Participants and provided, further, however, that the proceeds of such sale or disposition of such interest (a) to the extent received by MEAG, shall be subject to the lien of the PPA Project Bond Resolution and (b) to the extent received by the PPA Project Entity, shall be subject to the security interest and lien of the DOE Secured Parties on MEAG's ownership interest in the PPA Project Entity and on the PPA Project Entity's undivided ownership interest in the Additional Units, as applicable, described in Section 605 hereof and may be applied first as a prepayment of the DOE Guaranteed Loan or otherwise applied pursuant to the DOE Loan Documents prior to any distribution thereof by the PPA Project Entity to MEAG.

(e) *Amendments to Development Agreement to Defer Construction of Additional Unit(s)*. In the event the Agent requests that the co-owners of Plant Vogtle approve an amendment to the Development Agreement to authorize the Agent to defer the construction of an Additional Unit for a period that, absent an amendment to the Development Agreement, would be treated as a discontinuation of the Additional Unit pursuant to Section 3.8 of that agreement, MEAG agrees that it shall take into consideration Buyer's position on such an amendment in the same manner in which MEAG considers the position of the Additional Unit Participants prior to determining whether to cause the PPA Project Entity to approve such amendment. However, after taking into account the collective interests of Buyer and the Additional Unit Participants, MEAG, in its sole discretion, shall cause the PPA Project Entity to elect to either approve or disapprove of any amendment to the Development Agreement.

SECTION 212. ALLOCATION OF COSTS AMONG PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT, PLANT VOGTLE ADDITIONAL UNITS PPA-2 PROJECT AND PLANT VOGTLE ADDITIONAL UNITS NON-PPA PROJECT. Except (a) as provided in **Exhibit C** to this Agreement for the allocation of MEAG's administrative and general expenses and (b) as provided in the following sentence, MEAG covenants and agrees that it shall allocate all costs and other expenses incurred or payable by it directly, or indirectly through the PPA Project Entity, the PPA-2 Project Entity and/or the Non-PPA Project Entity, as applicable, in connection with its interest in the Additional Units, other than debt service and other debt-related and financing costs and expenses, among the Plant Vogtle Additional Units PPA Project, the Plant Vogtle Additional Units PPA-2 Project and the Plant Vogtle Additional Units Non-PPA Project in proportion to the respective number of MWs constituting each such Project. In the case of any costs related to the DOE Guaranteed Loan and any DOE-guaranteed loans obtained by the Non-PPA Project Entity and/or the PPA-2 Project Entity, other than debt service, MEAG Power shall allocate such costs based upon a fraction the numerator of which is the FFB Credit Facility Commitment (as defined in the DOE Loan Guarantee Agreement) and the denominator of which is the sum of such FFB Credit Facility Commitment and the FFB credit facility commitments of the Non-PPA Project Entity and/or the PPA-2 Project Entity.

SECTION 213. PRODUCTION TAX CREDIT. In any Power Supply Year during the Term of this Agreement in which MEAG directly, or indirectly from the Agent, the PPA Project Entity, or any other source, receives a payment or credit in exchange for the allocation to any person of the Production Tax Credit, from either or both of the Additional Units relating to the PPA Project, MEAG shall, at the end of such Power Supply Year, pay to Buyer or credit on Buyer's Billing Statements for the remaining month or months of the Power Supply Year next

succeeding such Power Supply Year fifty percent (50%) of any such payment or credit representing the Production Tax Credit for such year.

SECTION 214. PRE-COMMERCIAL GENERATION. MEAG shall sell, or cause the PPA Project Entity to sell, all Pre-Commercial Generation at fair market value, and shall pay into the Construction Fund all revenues, income, rents, receipts, and other compensation of any type derived by MEAG from or attributable to the sale of any Pre-Commercial Generation.

ARTICLE III

BILLING AND PAYMENT

SECTION 301. THE PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT ANNUAL BUDGET.

(a) **Adoption of Annual Budgets.** MEAG shall prepare and submit to Buyer a proposed Plant Vogtle Additional Units PPA Project Annual Budget at least ninety (90) days prior to the beginning of each Power Supply Year. Such budget shall show separately (i) the Plant Vogtle Additional Units PPA Project Annual Fixed Costs, and (ii) the Plant Vogtle Additional Units PPA Project Other Annual Costs. Within thirty (30) days after receipt of the Plant Vogtle Additional Units PPA Project Annual Budget, Buyer may submit to MEAG any matters or suggestions relating to such Plant Vogtle Additional Units PPA Project Annual Budget that Buyer may care to present, and MEAG shall give due consideration to said matters or suggestions. At its sole discretion and subject to the terms of this Agreement, MEAG shall then proceed with the consideration and adoption of such Plant Vogtle Additional Units PPA Project Annual Budget not less than thirty (30) nor more than forty-five (45) days prior to the beginning of such Power Supply Year, and shall cause copies of such adopted Plant Vogtle Additional Units PPA Project Annual Budget to be delivered to Buyer; provided, however, that

the Plant Vogtle Additional Units PPA Project Annual Budget for the first Power Supply Year shall be prepared, considered, adopted and delivered in the most practicable manner available in the discretion of MEAG.

(b) **Amendment of Annual Budgets.** As may be required from time to time during any Power Supply Year, MEAG may adopt an amended Plant Vogtle Additional Units PPA Project Annual Budget for and applicable to such Power Supply Year for the remainder of such Power Supply Year. MEAG shall prepare and submit to Buyer such amended Plant Vogtle Additional Units PPA Project Annual Budget at least thirty (30) days prior to the effective date of such amended Plant Vogtle Additional Units PPA Project Annual Budget. Any such amended Plant Vogtle Additional Units PPA Project Annual Budget shall show separately (i) the Fixed Costs, and (ii) the Other Costs. Within fifteen (15) days after receipt of the amended Plant Vogtle Additional Units PPA Project Annual Budget, Buyer may submit to MEAG any matters or suggestions relating to such amended Plant Vogtle Additional Units PPA Project Annual Budget that Buyer may care to present, and MEAG shall give due consideration to said matters or suggestions. At its sole discretion and subject to the terms of this Agreement, MEAG shall then proceed with the consideration and adoption of such amended Plant Vogtle Additional Units PPA Project Annual Budget, and shall provide copies of such adopted amended Plant Vogtle Additional Units PPA Project Annual Budget to Buyer.

(c) **Estimates of Annual Budgets.** In addition to Section 301(a) of this Agreement, by April 1 of the year before each Power Supply Year, MEAG shall prepare and submit to Buyer a reasonable best estimate under the circumstances of its Plant Vogtle Additional Units PPA Project Annual Budget from October 1 of the year before that Power Supply Year to September 30 of the Power Supply Year based on MEAG's current revenue requirements projections.

Within thirty (30) days after receipt of such estimate, Buyer may submit to MEAG any matters or suggestions relating to such best estimate that Buyer may care to present, and MEAG shall give due consideration to said matters or suggestions.

(d) **Submission of Matters or Suggestions to PPA Project Entity.** MEAG agrees that any matters or suggestions that Buyer submits to MEAG under this Section 301 that relate to Project Costs (as defined in the PPA Project Entity Power Purchase Agreement) shall be submitted by MEAG to the PPA Project Entity under and in accordance with Section 5.1 of the PPA Project Entity Power Purchase Agreement.

SECTION 302. BILLING STATEMENT. In the last quarter of each year preceding a Power Supply Year, MEAG shall prepare and submit to Buyer a reasonable best estimate under the circumstances of the monthly due dates of Buyer's Billing Statements for the next succeeding Power Supply Year. MEAG shall bill Buyer each month during each Power Supply Year, in advance, but no sooner than the fifteenth (15th) day of the calendar month immediately preceding such month and no later than the twentieth (20th) day of the calendar month immediately preceding such month, by providing Buyer with a Buyer's Billing Statement for such month for Buyer's Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs as set forth in Section 205 hereof. Such statement shall be paid by Buyer on or before the tenth (10th) day from the date MEAG sends Buyer's Billing Statement to Buyer. Buyer shall perform its payment obligations hereunder by making payments to the Revenue Fund or, if otherwise specified by MEAG in a Buyer's Billing Statement delivered to Buyer hereunder (which Buyer's Billing Statement shall include a statement confirming that such direction to change funds is in compliance with the PPA Project Bond Resolution), to the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund

established pursuant to the PPA Project Bond Resolution, in either such case, into an account held by the Trustee under the PPA Project Bond Resolution as MEAG shall notify Buyer (a) if Buyer shall not be in default in any of its payment obligations hereunder, at least thirty (30) days prior to the due date of any amount due hereunder and (b) if Buyer shall be in default in any of its payment obligations hereunder, at least ten (10) days prior to the due date of any amount due hereunder. Amounts due and not paid by Buyer on or before said day shall bear an additional charge of one and one-half percent (1½%) per month for each month, or fraction thereof, until the amount due is paid in full. At the end of each Power Supply Year, adjustments of billing shall be made in accordance with Section 303 hereof.

SECTION 303. ADJUSTMENT OF BILLING.

(a) ***General.*** At the end of each Power Supply Year, MEAG shall determine if the aggregate amount paid by Buyer under this Agreement to provide recovery of all MEAG's Plant Vogtle Additional Units PPA Project Annual Fixed Costs and Plant Vogtle Additional Units PPA Project Other Annual Costs during such Power Supply Year was in the proper amount. Such determination shall be made by MEAG no later than the time that such determination is made by MEAG pursuant to Section 204(a) of the Plant Vogtle Additional Units Non-PPA Power Sales Contracts. Upon making such determination, any amount found to have been paid by Buyer in excess of the amount that should have been paid by Buyer shall, at the election of Buyer, either be paid to Buyer, or credited on Buyer's Billing Statements to Buyer for the remaining month or months of the Power Supply Year next succeeding the Power Supply Year for which such adjustment was determined to have been necessary. Buyer shall be fully compensated for any over recovery by the end of such next succeeding Power Supply Year either as the result of credits, payments or a combination thereof. The amount of any deficiencies shall

be added to Buyer's Billing Statements in equal installments over the remaining month or months of the Power Supply Year next succeeding the Power Supply Year for which such adjustment was determined to be necessary.

(b) **Performance of Year-End Reconciliation.** The year-end reconciliation described in the foregoing subpart (a) shall be performed in a manner consistent with the provisions of the PPA Project Bond Resolution, including Section 511 thereof. **Exhibit F** hereto sets forth the general principles that MEAG will apply with respect to such year-end reconciliation.

(c) **Intra-Year Adjustments.** At its election, MEAG may establish a policy for making monthly, quarterly or semi-annual retroactive adjustments to Buyer's billings to account for variances between the billed amounts and the actual costs incurred during the respective period in order to avoid large cumulative adjustments at the end of the Power Supply Year under Section 303(a) of this Agreement. Such intra-year adjustments are not to be used to avoid a budget amendment when there are material changes affecting the remaining months of the Power Supply Year. MEAG shall consistently apply any such policy throughout the Term; provided, however, that MEAG may amend or revise any such policy no more than once every five (5) Power Supply Years.

SECTION 304. DISPUTED BILLING STATEMENT. In case any portion of any monthly Buyer's Billing Statement received by Buyer from MEAG shall be in bona fide dispute, Buyer shall pay MEAG the full amount of such Billing Statement. Upon determination of the correct amount, the difference between the correct amount and the full amount, if any, shall be credited to Buyer by MEAG after such determination. In the event such Billing Statement is in dispute, MEAG shall exercise due diligence in considering such dispute and will advise Buyer with

regard to MEAG's position relative thereto within thirty (30) days following written notification by Buyer of such dispute.

SECTION 305. RESALE COVENANT. So long as MEAG has tax exempt PPA Bonds or Build America Bonds outstanding, Buyer agrees that it shall not, without the express written consent of MEAG, enter into any contract or agreement pursuant to which a non-exempt person agrees to purchase all or a portion of the Output of the PPA Project Entity's Ownership Interest in a manner that results in private business use within the meaning of the Internal Revenue Code of 1986, as amended, modified or re-enacted (or any successor thereto) (the "Code"). For purposes of the preceding sentence, "non-exempt person" shall mean any entity that is not a state, territory or possession of the United States, the District of Columbia or any political subdivision thereof.

SECTION 306. TAX COVENANT. Buyer hereby covenants and agrees that it shall take no action, nor shall it consent to or approve the taking of any action affecting any right, obligation, or interest under this Agreement, including any action related to the sale of all or a portion of Buyer's Obligation Share of the Output of the PPA Project Entity's Ownership Interest, that would, in the opinion of nationally-recognized tax counsel retained by MEAG, adversely affect (a) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any Series the interest on which is intended to be so excluded or (b) the eligibility of MEAG to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds. In furtherance thereof, Buyer shall provide information reasonably requested by MEAG regarding compliance with the Code, including providing an appropriate certification that Buyer has complied fully with the provisions of this tax covenant. The certification form, which is subject to modification periodically to reflect

further developments in the Federal income tax laws governing the exclusion from Federal gross income of interest on the PPA Bonds and the eligibility of MEAG to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds, is attached hereto as **Exhibit J**.

SECTION 307. RATE COVENANT. Buyer hereby covenants and agrees that it shall establish, maintain and collect rates and charges for the electric service of its Electric System so as to provide revenues sufficient, together with available Electric System reserves, to enable Buyer to pay to MEAG all amounts payable under this Agreement and to pay all other amounts payable from and all lawful charges against or liens on the revenues of its Electric System.

SECTION 308. REPORTS; SITE ACCESS.

(a) **Reports.** MEAG shall prepare and issue to Buyer the following reports during each Power Supply Year:

(1) Financial and operating statements relating to the Plant Vogtle Additional Units PPA Project on a quarterly basis;

(2) Status of the Plant Vogtle Additional Units PPA Project Annual Budget on a monthly basis commencing as of the date that MEAG first submits a Buyer's Billing Statement to Buyer pursuant to Section 302 hereof;

(3) Status of the construction budget of the Additional Units during construction on the same basis that such reports are received by MEAG or the PPA Project Entity; and

(4) Analysis of operations relating to the Additional Units on a monthly basis commencing as of the date that MEAG first submits a Buyer's Billing Statement to Buyer

pursuant to Section 302 hereof on the same basis that such reports are received by MEAG or the PPA Project Entity.

In addition, within ten (10) days after receipt by the PPA Project Entity of any report furnished by the DOE Collateral Agent to pursuant to Section 2.18(b) or (c) of the DOE Accounts Agreement, MEAG shall provide, or shall cause the PPA Project Entity to provide, to Buyer a copy of such report.

(b) **Examination of Records.** Buyer, upon reasonable prior written notice to MEAG, at its sole expense, has the right to have its duly authorized representatives examine during regular business hours any reports, records, or other documents related to the PPA Project issued by the Agent to MEAG or the PPA Project Entity, of a legal, business, financial or commercial nature, including documents relating to dispatching and metering, the Engineering, Procurement and Construction Agreement, the price book, any other information regarding pricing or pricing disputes, information that MEAG or the PPA Project Entity has the right to audit, notices of and requests for changes and resulting change orders, invoices and related supporting documentation, information regarding insurance claims, the monthly status report, updates of the project schedule or payment schedules, and descriptions of the plant, its components, or its systems, and MEAG further agrees that, if requested to do so by Buyer, MEAG will cause the PPA Project Entity to request consent from the contractor with respect to disclosure of any additional information constituting contractor's Confidential Proprietary Information, as that term is defined in the Engineering, Procurement and Construction Agreement.

(c) **Site Access.** To the extent it is authorized to do so under the Project Agreements, and upon Buyer's prior written request, MEAG shall periodically cause the PPA Project Entity to permit Buyer and its designated representatives to access the Plant Vogtle site, at Buyer's sole

expense, for the purpose of observing and reporting on plant conditions and activities. Buyer agrees that it shall exercise any such right of access in accordance with any requirements governing such access contained in the Project Agreements or as otherwise directed by the Agent, including complying with all applicable rules and regulations in effect at Plant Vogtle, whether imposed by a Governmental Authority or by the Agent.

SECTION 309. RECORDS AND ACCOUNTS. MEAG shall keep, and shall cause the PPA Project Entity to keep, accurate records and accounts of the facilities comprising the PPA Project Entity's Ownership Interest and of the operations of the PPA Project Entity's Ownership Interest in accordance with the Uniform System of Accounts. Said accounts shall be subject to MEAG's annual audit by a firm of independent certified public accountants experienced in electric utility accounting and of national reputation to be submitted to MEAG within one hundred and fifty (150) days after the close of each Power Supply Year. All transactions of MEAG and the PPA Project Entity relating to the Plant Vogtle Additional Units PPA Project with respect to each Power Supply Year shall be subject to such an audit. A copy of MEAG's annual audit shall be provided to Buyer.

SECTION 310. AUDIT RIGHTS. Buyer, upon sixty (60) days' prior written notice to MEAG, at its sole expense, has the right to have its duly authorized representatives examine the records of MEAG and the PPA Project Entity during regular business hours to the extent reasonably necessary to verify the accuracy of any statement, charge or computation made pursuant to this Agreement. Buyer shall have one (1) year after the date on which a Buyer's Billing Statement is received to audit that Billing Statement. Audit rights under this Agreement shall be subject to any obligations of confidentiality to third parties imposed on MEAG or the PPA Project Entity. MEAG shall use, and shall cause the PPA Project Entity to use,

commercially reasonable efforts to address or comply with such confidentiality obligations to enable Buyer to exercise its audit rights under this Agreement.

ARTICLE IV

PPA BONDS AND DOE GUARANTEED LOAN

SECTION 401. ISSUANCE OF PPA BONDS AND MAKING OF ADVANCES.

(a) **General.** MEAG may sell and issue PPA Bonds, and may cause the PPA Project Entity to draw upon the DOE Guaranteed Loan in accordance with the provisions of the PPA Project Bond Resolution and the DOE Loan Documents, respectively, at any time and from time to time to finance Costs of Acquisition and Construction and Financing Costs, including the issuance of PPA Bonds to pay the costs of (i) any major renewals, replacements, repairs, additions, betterments, or improvements to the Additional Units necessary, in the opinion of MEAG or the PPA Project Entity, to keep the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, including spent fuel storage facilities, (ii) any major additions, improvements, repairs, or modifications to the Additional Units or any retirements or disposals of the Additional Units required by any Governmental Authority having jurisdiction over the Additional Units or for which MEAG or the PPA Project Entity shall be responsible by virtue of any obligation of MEAG or the PPA Project Entity arising out of any contract to which MEAG or the PPA Project Entity may be a party relating to ownership of the Additional Units or any facility thereof, including the Project Agreements, or (iii) additional Fuel inventory for each facility of the PPA Project Entity's Ownership Interest in any Power Supply Year to the extent that sufficient funds are not available in any reserves established by MEAG or the PPA Project Entity for Fuel Costs; provided, however, that no such

PPA Bonds may be issued or Advance made for the purpose of adding additional generating units to the Plant Vogtle Additional Units PPA Project.

(b) **Security for PPA Bonds and DOE Guaranteed Loan.** Any PPA Bonds and the DOE Guaranteed Loan may be secured by assignment of all payments attributable to the Plant Vogtle Additional Units PPA Project or the Plant Vogtle Additional Units PPA Project Annual Costs to be made in accordance with or pursuant to the provisions of this Agreement and the Power Sales Contracts, as such payments may be increased and extended by reason of the issuance of such PPA Bonds or the making of additional Advances, and such PPA Bonds may be issued and such Advances may be made in amounts sufficient to pay the full amount of such costs and sufficient to provide such reserves as may be reasonably determined by MEAG or the PPA Project Entity to be desirable in accordance with the PPA Project Bond Resolution, the Project Agreements and the DOE Loan Documents, as appropriate.

(c) **Allocation of Principal of PPA Bonds and Advances to Additional Units.** In the event that the PPA Bonds of any Series are to be issued by MEAG or Advances are to be made by the PPA Project Entity to finance or refinance Costs of Acquisition and Construction and/or Financing Costs of both Additional Units, MEAG shall allocate the principal of the PPA Bonds of such Series and/or the principal of such Advances to each of the Additional Units, in such manner as MEAG shall deem appropriate.

(d) **Structuring of Debt Service on PPA Bonds and Advances.** MEAG agrees that, except as provided in subparts (e), (f), (g) and (h) hereof, it shall structure the Debt Service on each Series of PPA Bonds and each Advance in accordance with the following parameters:

(1) The principal of the PPA Bonds of such Series or the principal of such Advance (or, in the event that the PPA Bonds of such Series are to be issued or such

Advance is to be made to finance Costs of Acquisition and Construction and Financing Costs of both Additional Units, the principal of the PPA Bonds of such Series or of such Advance allocated to each Additional Unit) shall be assumed to be amortized in such a manner as will result in level monthly Debt Service with respect to such principal over a period of forty (40) years. The assumed period of forty (40) years during which such amortization shall occur with respect to a particular Series or Advance (or the portion thereof allocated to a particular Additional Unit) shall commence (x) in the case of the PPA Bonds of such Series, not earlier than twelve (12) months nor later than thirty-six (36) months following the estimated Commercial Operation Date of the Additional Unit to which such principal of such PPA Bonds of such Series relates, as estimated by MEAG at the time of the pricing of the PPA Bonds of such Series and (y) in the case of such Advance, on the day of the third (3rd) month preceding the date on which the first quarterly principal installment on such Advance is due that corresponds numerically to the day on which such principal installment is due (or, if there is no such corresponding day in the third (3rd) preceding month, on the last day of the third (3rd) preceding month), with such Debt Service being calculated, for the entire forty (40)-year amortization period, (i) in the event that all of the PPA Bonds of such Series or all of the principal of such Advance allocated to a particular Additional Unit shall bear interest at fixed rates during the entirety of the period beginning on the Assumed Completion Date applicable to such Additional Unit and ending on (a) in the case of the first unit of the Additional Units, December 31, 2038 and (b) in the case of the second unit of the Additional Units, December 31, 2039, at such actual fixed rates of interest, and (ii) in the event that any portion of the PPA Bonds of such Series or any portion of such Advance

allocated to a particular Additional Unit shall not bear interest at fixed rates during the entirety of the period beginning on the Assumed Completion Date applicable to such Additional Unit and ending (a) in the case of the first unit of the Additional Units, December 31, 2038 and (b) in the case of the second unit of the Additional Units, December 31, 2039, (X) in the case of the portion of such PPA Bonds of such Series or the portion of such Advance that bear interest at fixed rates during the entirety of such period, at such actual fixed rates of interest and (Y) in the case of the portion of such PPA Bonds of such Series or any portion of such Advance that do not bear interest at fixed rates during the entirety of such period, at an assumed rate of interest of one percent (1%) per annum.

Notwithstanding anything in this Agreement to the contrary, the aggregate principal amount of Advances that do not bear interest at fixed rates during the entirety of the period beginning on the Assumed Completion Date applicable to such Additional Unit and ending on (a) in the case of the first unit of the Additional Units, December 31, 2038 and (b) in the case of the second unit of the Additional Units, December 31, 2039 made as permitted by this Section 401(d) shall be limited in total to no more than \$250,000,000, or such greater amount as shall be agreed to in writing by MEAG and Buyer from time to time.

(2) The amounts and due dates of all installments of principal coming due during the first twenty (20) years of the amortization of the principal of the PPA Bonds of such Series or of the principal of such Advance (or, in the event that the PPA Bonds of such Series are to be issued or such Advance is to be made to finance Costs of Acquisition and Construction and Financing Costs of both Additional Units, of all

installments of principal coming due during the first twenty (20) years of the amortization of the principal of the PPA Bonds of such Series or of the principal of such Advance allocated to each Additional Unit) determined pursuant to the foregoing clause (1) shall be the actual amounts and due dates of the first twenty (20) years of the amortization of the principal of the PPA Bonds of such Series or of the principal of such Advance (or of the principal of the PPA Bonds of such Series or of the principal of such Advance allocated to each Additional Unit as aforesaid).

(3) MEAG and the PPA Project Entity shall have the sole discretion to determine the actual amount(s) and due date(s) of the amount of the principal of the PPA Bonds of such Series or the principal of such Advance (or, in the event that the PPA Bonds of such Series are to be issued or such Advance is to be made to finance or refinance Costs of Acquisition and Construction and Financing Costs of both Additional Units, of the amount of the principal of the PPA Bonds of such Series or the principal of such Advance allocated to each Additional Unit) remaining after the establishment of the principal installments provided for in the foregoing clause (2). Without limiting the generality of the foregoing, MEAG and the PPA Project Entity shall have the sole discretion to cause such remaining amount(s) of principal to be due (X) on the same dates and in the same amounts as shall be determined pursuant to the foregoing clause (1), or (Y) on such other date(s) and in such other amount(s) as MEAG (or the PPA Project Entity, at the direction of MEAG) shall determine.

(e) **PPA Bonds to Finance Capital Improvements.** PPA Bonds issued after the Commercial Operation Date of a particular Additional Unit to finance Costs of Acquisition and Construction and Financing Costs of (i) any major renewals, replacements, repairs, additions,

betterments, or improvements to such unit necessary, in the opinion of MEAG, to keep the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, including spent fuel storage facilities or (ii) any major additions, improvements, repairs, or modifications to such unit required by any Governmental Authority having jurisdiction over the Additional Units or for which MEAG (or the PPA Project Entity) shall be responsible by virtue of any obligation of MEAG (or the PPA Project Entity) arising out of any contract to which MEAG (or the PPA Project Entity) may be a party relating to ownership of the Additional Units or any facility thereof, including the Project Agreements (such items described in the foregoing clauses (i) and (ii) being referred to herein as "capital improvements") shall not be subject to the debt service structure described in Section 401(d) hereof, but MEAG agrees that it shall structure the Debt Service on each such Series of PPA Bonds in accordance with the following parameters:

(1) The principal of the PPA Bonds of such Series (or, in the event that the PPA Bonds of such Series are to be issued to finance Costs of Acquisition and Construction and Financing Costs of capital improvements to both Additional Units, the principal of the PPA Bonds of such Series allocated to each Additional Unit) shall be allocated to each such capital improvement item (or group of capital improvement items having comparable estimated useful lives) and such principal shall be assumed to be amortized in such a manner as will result in level monthly Debt Service with respect to such principal over the assumed period described in the following sentence. The assumed period during which such amortization shall occur shall commence on January 1 of the second calendar year following the year in which the in-service date of the capital improvements (or group of capital improvements) is estimated to occur and shall end on

the earlier of (X) the expiration of the term of the applicable Additional Unit's combined construction and operating license, or (Y) the end of the estimated economic useful life of the capital improvement item (or group of capital improvement items), as estimated at the time of the pricing of the PPA Bonds of such Series, with such Debt Service being calculated (i) in the event that all of the PPA Bonds of such Series shall bear interest at fixed rates for the entire term thereof, at the actual fixed rates of interest thereon, and (ii) in the event that any portion of the PPA Bonds of such Series shall not bear interest at fixed rates for the entire term thereof, (X) in the case of the PPA Bonds of such Series that bear interest at fixed rates for the entire term thereof, at the actual fixed rates of interest thereon and (Y) in the case of the PPA Bonds of such Series that do not bear interest at fixed rates for the entire term thereof, at an assumed rate of interest of one percent (1%) per annum.

(2) The amounts and due dates of each installment of the principal of the PPA Bonds of such Series (or, in the event that the PPA Bonds of such Series are to be issued to finance Costs of Acquisition and Construction and Financing Costs of capital improvements for both Additional Units, of each installment of the principal of the PPA Bonds of such Series allocated to each Additional Unit) coming due on or before January 1 of the calendar year following the last day on which Buyer is entitled to its Obligation Share of the Output of the applicable Additional Unit pursuant to the terms of this Agreement determined pursuant to the foregoing clause (1) shall be the actual amounts and due dates of each such installment of the principal of the PPA Bonds of such Series (or of the principal of the PPA Bonds of such Series allocated to each Additional Unit as aforesaid).

(3) MEAG shall have the sole discretion to determine the actual amount(s) and due date(s) of the amount of the principal of the PPA Bonds of such Series (or, in the event that the PPA Bonds of such Series are to be issued to finance or refinance Costs of Acquisition and Construction and Financing Costs of capital improvements for both Additional Units, of the amount of the principal of the PPA Bonds of such Series allocated to each Additional Unit) remaining after the establishment of the principal installments provided for in the foregoing clause (2). Without limiting the generality of the foregoing, MEAG shall have the sole discretion to cause such remaining amount(s) of principal to be due (X) on the same dates and in the same amounts as shall be determined pursuant to the foregoing clause (1), or (Y) on such other date(s) and in such other amount(s) as MEAG shall determine.

(f) **Refunding PPA Bonds.** Refunding PPA Bonds issued in accordance with the provisions of Section 402 hereof to refund PPA Bonds or to provide funds for contribution to the PPA Project Entity to repay Advances shall not be subject to the debt service structure described in subpart (d) hereof, but the Debt Service on each such Series of refunding PPA Bonds shall be structured in a manner consistent with the principles governing the issuance of PPA Bonds and the making of Advances hereunder, so as to equitably apportion the savings or dissavings, as applicable, resulting from the issuance of such refunding PPA Bonds both during the Term of this Agreement and during the period that the Additional Units PPA Participants are obligated to pay Debt Service on such refunding PPA Bonds under the Plant Vogtle Additional Units PPA Power Sales Contracts. In particular, no refunding PPA Bonds shall be issued unless one of the following requirements is satisfied:

(1) in the case of refunding PPA Bonds allocable to a particular Additional Unit that bear interest at fixed rates for the entire term thereof that are to be issued to refund PPA Bonds or prepay a portion of the principal of the DOE Guaranteed Loan that do not bear interest at fixed rates during the entirety of the period beginning on the Assumed Completion Date applicable to such Additional Unit and ending on (a) in the case of the first unit of the Additional Units, December 31, 2038 and (b) in the case of the first unit of the Additional Units, December 31, 2039, the Debt Service on the refunding PPA Bonds is structured so as to result in level monthly Debt Service over the period from and including the month following the month in which the refunding PPA Bonds are issued to and including the month in which Buyer's obligation to pay the principal component of Debt Service on the refunded PPA Bonds or the prepaid portion of the principal of the DOE Guaranteed Loan, as applicable, would have ended, had the refunded PPA Bonds or the prepaid portion of the principal of the DOE Guaranteed Loan, as applicable, not been so refunded or prepaid, determined in the manner provided in Section 204(d) hereof; or

(2) in the case of refunding PPA Bonds to be issued to achieve Debt Service savings on PPA Bonds or the DOE Guaranteed Loan, the issuance of such refunding PPA Bonds shall result in (x) no cash flow dissavings in any year during the period from and including the year in which the refunding PPA Bonds are issued to and including the year preceding the final maturity date of the refunded PPA Bonds or the prepaid portion of the principal of the DOE Guaranteed Loan, as applicable, and (y) the weighted average life of the refunding PPA Bonds shall not exceed the remaining weighted average life of the refunded PPA Bonds or the prepaid portion of the principal of the DOE Guaranteed

Loan, as applicable, calculating such remaining weighted average life of the refunded PPA Bonds or the prepaid portion of the principal of the DOE Guaranteed Loan, as applicable, immediately prior to the issuance of the refunding PPA Bonds; or

(3) in the case of refunding PPA Bonds to be issued to extend the maturity of (X) any PPA Bonds any principal installment for which constitutes a Refundable Principal Installment (as defined in the PPA Project Bond Resolution) or (Y) any “bullet” maturity of any Advance that bears interest at a fixed rate for the entire term thereof and that was made to finance cost overruns (which, for purposes of this Section 401(f)(3), shall be either (i) costs in excess of the then current construction budget for the Additional Units as in effect as of the date of execution of the DOE Loan Guarantee Agreement or (ii) costs resulting from a delay in the actual Commercial Operation Date of either or both Additional Units) from the Assumed Completion Date thereof, the final maturity date of the refunding PPA Bonds shall be not later than the latest date on which the principal of the refunded PPA Bonds or repaid Advance, as the case may be, was permitted to mature in accordance with its forty (40)-year amortization period determined under subpart (d)(1) hereof, and the Debt Service on the refunding PPA Bonds shall be structured so as to result in level monthly Debt Service over the period from and including the month in which the maturity date of the refunded PPA Bonds or repaid Advance, as the case may be, was to occur to and including the month preceding the final maturity date of the refunding PPA Bonds, determined in the same manner provided in subpart (d)(1) hereof.

Notwithstanding the requirements of this section, the Parties agree that there may be opportunities to issue refunding PPA Bonds using a different Debt Service structure in order to

refund PPA Bonds or prepay or repay Advances that would be to the mutual benefit of the Parties, and the Parties agree to consider such opportunities in good faith and in a timely manner in order to be able to implement such opportunities to the extent that both Parties, in their respective sole discretion, mutually agree to do so.

(g) **PPA Bonds and Advances to Fund Non-amortized Reserve Funds.** PPA Bonds issued and Advances made to fund Non-amortized Reserve Funds shall not be subject to the debt service structure described in subpart (d) hereof; provided, however, that MEAG shall structure any PPA Bonds issued or Advances made to fund Non-amortized Reserve Funds in a manner whereby (i) any payments of the principal components of such PPA Bonds or of such Advances shall occur after the Term of this Agreement, and (ii) Buyer shall not be required to pay its Obligation Share of the principal components of such PPA Bonds or of such Advances. For purposes of this subpart (g), (I) PPA Bonds issued to fund Non-amortized Reserve Funds may constitute all or any portion of any Series of PPA Bonds (or of any maturity or maturities within a Series), as determined by an Authorized Officer of the Authority (as defined in the PPA Project Bond Resolution) on or prior to the date of issuance thereof and (II) any Advance made to fund Non-amortized Reserve Funds may constitute all or any portion of a particular Advance, as determined by the PPA Project Entity at the direction of an Authorized Officer of the Authority on or prior to the date of the making of such Advance.

(h) **Exceptions to Level Debt Service Requirement for Combined Borrowings.** It is understood and agreed by the Parties that (I) the DOE Loan Documents provide that, in connection with the making of any Advance, the PPA Project Entity is required to deliver to FFB the total principal amount (and, in certain cases, the proposed amortization of principal) with respect to each Advance prior to the date on which the interest rate on such Advance is set and,

as a result, it may not be possible to structure exactly level monthly Debt Service with respect to a combination of two (or more) Advances, (including a 30-year fully-amortizing fixed rate Advance combined with a 30-year fixed rate Advance the principal of which is payable at the final maturity date of the DOE Guaranteed Loan) and (II) if MEAG intends to cause the PPA Project Entity to make one or more Advances, in connection therewith, MEAG may determine that it is advantageous for MEAG, Buyer and the Additional Units PPA Participants that the principal of such Advance(s) that otherwise would have been payable at the final maturity date of the DOE Guaranteed Loan instead be financed through the issuance of PPA Bonds of one or more Series the principal of which will be payable after the final maturity date of the DOE Guaranteed Loan.

In the case of either (I) or (II) set forth in the paragraph above (either or both together a “Combined Borrowing”), the Parties agree that MEAG may structure the Debt Service on such Advance(s) or on the PPA Bonds of such Series, whichever shall be the first to be made or issued, as applicable, in such manner as it shall determine in its sole discretion (the first such Advance(s) to be made or the first such PPA Bonds of such Series to be issued, as the case may be, is referred to in this subpart (h) as a “Non-Level Borrowing”), but in no event shall the final maturity date of the PPA Bonds of any such Series be later than forty-one (41) years after the estimated Commercial Operation Date of the second Additional Unit, as estimated by MEAG at the time of the pricing of the PPA Bonds of such Series. In the case of either (I) or (II) set forth in the paragraph above, MEAG shall use its best efforts to cause the aggregate Debt Service on the PPA Bonds of such Series or such Advance(s), whichever shall be the next to be issued or made (or designated by an Authorized Officer of the Authority (as defined in the PPA Project Bond Resolution) as the next to be issued or made if such PPA Bonds or such Advance(s) are

made concurrently with the Non-Level Borrowing), as applicable, together with the Debt Service on such Non-Level Borrowing, to satisfy the requirements of the parameters set forth in clause (1) of subpart (d) of this Section 401 (the next PPA Bonds of such Series to be issued or the next such Advance(s) to be made, as the case may be, is referred to in this subpart (i) as a “Levelizing Borrowing” and such Levelizing Borrowing, together with the related Non-Level Borrowing, is referred to in this subpart (h) as a “Combined Borrowing”); provided, however, that if, following the making or issuance, as applicable, of such Non-Level Borrowing, MEAG is unable, for any reason whatsoever, to satisfy the requirements of such parameters as aforesaid, then the Parties agree that, at the end of the Term of this Agreement, one Party shall make to the other Party such payment, determined as provided in the following paragraph, as will compensate the other Party for MEAG’s inability to create levelized Debt Service on such Combined Borrowing as set forth in Section 401(d).

If, as permitted by the first paragraph of this subpart (h), MEAG shall cause to be made and issued a Combined Borrowing and, despite MEAG’s best efforts, the aggregate Debt Service on such Combined Borrowing fails to satisfy the requirements of clause (1) of subpart (d) of this Section 401, then, unless the Parties agree that no such adjustment shall be necessary, MEAG shall determine, in accordance with the procedure below, whether such Combined Borrowing, has resulted in Buyer being obligated to pay aggregate Debt Service on such Combined Borrowing with respect to each Additional Unit during the Term of this Agreement that is greater or less than the aggregate Debt Service that Buyer would have been obligated to pay with respect to such Additional Unit had such Combined Borrowing, been structured on a level debt service basis on the date that the related Levelizing Borrowing was made or issued (each, an “Assumed Level Debt Service Borrowing”), using an interest rate per annum equal to the actual

yields to maturity for each separately stated maturity of the PPA Bonds and the Advance(s) constituting such Combined Borrowing, it being understood and agreed by the Parties that each installment of principal constituting a portion of a single stated maturity shall have and be deemed to have the same yield to maturity as is applicable to such stated maturity. Attached hereto as **Exhibit L** is an example of the true-up payment calculations described in this subpart. In the event that MEAG shall determine that Buyer is obligated to pay a greater amount of aggregate Debt Service on the Combined Borrowing with respect to a particular Additional Unit than it would have been obligated to pay during the Term of this Agreement on the applicable Assumed Level Debt Service Borrowing with respect to such Additional Unit, then, at the end of the Term of this Agreement, MEAG shall pay to Buyer the sum of the amounts, determined on an annual basis, equal to the difference between (X) the amount of the Debt Service on such Combined Borrowing that Buyer actually paid during each year during the Term of this Agreement with respect to such Additional Unit and (Y) the amount of the Debt Service on such Assumed Level Debt Service Borrowing that Buyer would have paid during such year with respect to such Additional Unit had such Combined Borrowing been structured on a level debt service basis, future valued to the date on which the Term of this Agreement shall end, using an interest rate per annum equal to the actual par weighted average yield to maturity of the PPA Bonds and/or the Advance(s) constituting such Combined Borrowing (the “Weighted Average Yield”). In the event that MEAG shall determine that Buyer is obligated to pay a lesser amount of aggregate Debt Service on the Combined Borrowing with respect to a particular Additional Unit than it would have been obligated to pay during the Term of this Agreement on the applicable Assumed Level Debt Service Borrowing with respect to such Additional Unit, then, at the end of the Term of this Agreement, Buyer shall pay to MEAG the sum of the amounts,

determined on an annual basis, equal to the difference between (X) the amount of the Debt Service on such applicable Assumed Level Debt Service Borrowing that Buyer would have paid during each year during the Term of this Agreement with respect to such Additional Unit had such Combined Borrowing been structured on a level debt service basis and (Y) the amount of the Debt Service on such Combined Borrowing that Buyer actually paid during such year with respect to such Additional Unit, in each such case, future valued to the date on which the Term of this Agreement shall end, using an interest rate per annum equal to the Weighted Average Yield.

(i) **Procedure for Resolving Disputes.** In the event that Buyer shall in good faith dispute any of the determinations made by MEAG as provided in subpart (h) of this Section 401, MEAG shall engage, in accordance with the procedure below, an individual employed by a nationally-recognized independent financial advisory firm experienced in the structuring and issuance of debt securities by political subdivisions (hereinafter referred to in this subpart (i) as a “Financial Advisor”) who shall confirm whether or not such determination(s) have been made in accordance with the provisions of subpart (h). In the event that such Financial Advisor shall determine that any such determination made by MEAG as provided in subpart (h) was not made in accordance with the provisions of such subpart, then, at the end of the Term of this Agreement, one Party shall pay to the other Party such amount as such Financial Advisor shall calculate in accordance with the provisions of this subpart (i).

Such Financial Advisor shall be selected as follows: If, at the time of such selection, MEAG and Buyer both have on retainer the same Financial Advisor, then such Financial Advisor shall be engaged by MEAG to make the determination(s) provided for in this subpart (i). If, however, at such time, MEAG and Buyer do not both retain the same Financial Advisor, then

each Party shall submit to the other a list containing the names of five qualified Financial Advisors, and the first Financial Advisor appearing on Buyer's list that also appears on MEAG's list shall be engaged by MEAG to make the determination(s) provided for in this subpart (i). If no Financial Advisor appears on both Parties' lists, then the Financial Advisor shall be selected in a blind drawing wherein the names of each of the proposed candidates appearing on the two lists are placed into a container held by MEAG's Chief Executive Officer and one name is drawn from the container by Buyer's Chief Executive Officer.

SECTION 402. ISSUANCE OF REFUNDING PPA BONDS. In the event it shall be advantageous, in the opinion of MEAG, to refund any PPA Bonds or prepay any portion of the principal of the DOE Guaranteed Loan, MEAG may issue and sell refunding PPA Bonds which may be secured by assignment of all payments attributable to the Plant Vogtle Additional Units PPA Project or the Plant Vogtle Additional Units PPA Project Annual Costs to be made in accordance with or pursuant to the provisions of this Agreement and the Power Sales Contracts.

SECTION 403. ISSUANCE OF PPA BANs AND PPA TAKE-OUT BONDS.

(a) **Issuance of PPA BANs.** In the event that MEAG, in its sole judgment, shall determine that it is advantageous for MEAG, Buyer and the Additional Units PPA Participants that any Series of PPA Bonds to be issued to finance or refinance the payment of a portion of the Costs of Acquisition and Construction and Financing Costs be issued in the form of PPA BANs, MEAG shall be authorized to issue such PPA BANs on such terms and conditions as MEAG, in its sole judgment, shall determine; provided, however, that in the case of any PPA BANs to be issued prior to the Commercial Operation Date of a particular Additional Unit MEAG shall fund, from the proceeds of such PPA BANs, all interest to accrue thereon through the maturity date thereof.

(b) **Security for PPA BANs.** In addition to any assignment of all payments attributable to the Plant Vogtle Additional Units PPA Project or the Plant Vogtle Additional Units PPA Project Annual Costs to be made in accordance with or pursuant to the provisions of this Agreement and the Power Sales Contracts, as such payments may be increased and extended by reason of the issuance of any PPA BANs, as permitted by Section 401(b) hereof, such PPA BANs may be secured by an assignment of proceeds of other PPA Bonds (including PPA Take-Out Bonds) to be issued to refund such PPA BANs.

(c) **Issuance of PPA Take-Out Bonds.** In the event that MEAG shall issue PPA BANs as provided in paragraph (a) of this Section but shall not borrow (whether through the issuance of PPA Bonds satisfying the structuring requirements of Section 401(d) hereof or otherwise), on or before the maturity date of such PPA BANs, funds in an amount sufficient to pay such PPA BANs on the maturity date thereof, MEAG shall be authorized to issue PPA Take-Out Bonds in an aggregate principal amount not to exceed the sum of (i) the principal amount of such PPA BANs and (ii) MEAG's costs and expenses in connection with the issuance of the PPA Take-Out Bonds, on such terms and conditions as MEAG, in its sole judgment, shall determine; provided, however, that the PPA Take-Out Bonds shall be payable as to principal in ten (10) equal semi-annual installments, commencing on the first business day of the sixth month following the date of issuance thereof and on the first business day of each sixth month thereafter.

(d) **Limitation on Amount of PPA BANs and PPA Take-Out Bonds.** Notwithstanding anything herein to the contrary, the total aggregate principal amount of PPA BANs and PPA Take-Out Bonds to be outstanding at any time, together with the aggregate principal amount of the PPA Bonds described in the second paragraph of Section 204(b) hereof

outstanding at such time, shall not exceed \$75,000,000, or such greater amount as shall be agreed to in writing by MEAG and Buyer from time to time, but no such PPA BANs or PPA Take-Out Bonds shall be used to finance Fuel Costs applicable to either of the Additional Units prior to the Commercial Operation Date thereof.

SECTION 404. ADJUSTMENT OF THE PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT COSTS.

(a) ***Excess PPA Bond Proceeds.*** In the event the proceeds derived from the sale of any PPA Bonds (including by reimbursement from the PPA Project Entity to MEAG of proceeds of PPA Bonds previously issued and applied for Costs of Acquisition and Construction and Financing Costs) exceed the aggregate amount required for the purposes for which such PPA Bonds were issued, the amount of such excess attributable to the issuance of the PPA Bonds shall be timely used during the Term of this Agreement to make up any deficiency then existing in any fund or account under the PPA Project Bond Resolution in the manner therein provided, and any balance shall be timely used during the Term of this Agreement (a) to retire by purchase, redemption or defeasance PPA Bonds in advance of maturity or (b) to retire by prepayment Advances in advance of maturity, in each such case, in a manner consistent with the principles governing the issuance of PPA Bonds and the making of Advances hereunder, so as to equitably apportion the Debt Service savings resulting from the retirement of such PPA Bonds or Advances both during the Term of this Agreement and during the period that the Additional Units PPA Participants are obligated to pay Debt Service on the PPA Bonds and the DOE Guaranteed Loan under the Plant Vogtle Additional Units PPA Power Sales Contracts and, in such event, MEAG will reduce such elements of the Plant Vogtle Additional Units PPA Project

Annual Costs as are necessary and appropriate to reflect such accelerated retirement or prepayment or redemption.

(b) *Amounts Required to be Applied to Prepayment of DOE Guaranteed Loan.* In addition, Buyer acknowledges and agrees that certain amounts held under the DOE Accounts Agreement may be applied only to the prepayment of the DOE Guaranteed Loan (hereinafter referred to in this Section 404(b) as a “DOE debt retirement”), and that, as a result of such application, it may not be possible to maintain level Debt Service over the Term of this Agreement and the term of the Plant Vogtle Additional Units PPA Power Sales Contracts. In any such circumstance, MEAG agrees that it shall use its best efforts to maintain level Debt Service as aforesaid, but if, despite its best efforts, it is unable to do so, it will use its best efforts to equitably apportion the Debt Service savings resulting from the DOE debt retirement both during the Term of this Agreement and during the period that the Additional Units PPA Participants are obligated to pay Debt Service on the PPA Bonds and the DOE Guaranteed Loan under the Plant Vogtle Additional Units PPA Power Sales Contracts and, in such event, MEAG will reduce such elements of the Plant Vogtle Additional Units PPA Project Annual Costs as are necessary and appropriate to reflect such DOE debt retirement.

MEAG agrees that if, at the end of the Term of this Agreement, any amounts that are intended for the prepayment of the DOE Guaranteed Loan but were not applied to prepayment and remain on deposit in any such account under the DOE Accounts Agreement, MEAG shall pay (from a source other than a DOE Accounts Agreement account) Buyer an amount with respect to each Additional Unit equal to the principal amount of Advances that matured during the Term of this Agreement that would have been prepaid if such amounts had been applied to DOE debt retirement on the respective dates that such amounts were received by the PPA Project

Entity, on a level debt service basis, using an assumed interest rate per annum of four percent (4%), but without interest thereon. Attached hereto as **Exhibit M** is an example of the calculation of the payment described in this paragraph.

If, as a result of any DOE debt retirement as provided in the second preceding paragraph, MEAG shall be unable to maintain level Debt Service both during the Term of this Agreement and during the period that the Additional Units PPA Participants are obligated to pay Debt Service on the PPA Bonds and the DOE Guaranteed Loan under the Plant Vogtle Additional Units PPA Power Sales Contracts, or to equitably apportion the Debt Service savings resulting from such DOE debt retirement, in either case, despite MEAG's best efforts, unless the Parties agree that no such adjustment shall be necessary, MEAG shall determine, in accordance with the following procedures, whether the amount of Debt Service paid by Buyer with respect to each Additional Unit after giving effect to such DOE debt retirement is greater or less than the amount of Debt Service that Buyer would have paid with respect to such Additional Unit had such DOE debt retirement been structured on a level debt service basis (each, an "Assumed Level Debt Service Debt Retirement"), using an interest rate per annum equal to (i) if the amounts applied to such DOE debt retirement were derived, directly or indirectly, from assets of the Additional Units that were acquired or constructed as part of the original construction of the Additional Units, four percent (4%) (attached hereto as **Exhibit N** are examples of these true-up payment calculations, as further described in subparagraph (1) below) and (ii) if the amounts applied to such DOE debt retirement were derived, directly or indirectly, from assets of the Additional Units that were acquired or constructed subsequent to the Commercial Operation Date of the applicable Additional Unit(s), the weighted average yield to maturity of the applicable Advance(s) made or PPA Bonds issued to finance the acquisition and construction of such assets

(attached hereto as **Exhibit O** are examples of these true-up payment calculations, as further described in subparagraph (2) below):

(1) If the amounts applied to such DOE debt retirement were derived, directly or indirectly, from assets of the Additional Units that were acquired or constructed as part of the original construction of the Additional Units, at the end of the Term of this Agreement, MEAG shall calculate the sum of the amounts, determined on an annual basis, commencing with the year in which the amounts were received, equal to the difference between (X) the amount of Debt Service that Buyer actually paid during each year during the Term of this Agreement with respect to each Additional Unit after giving effect to such DOE debt retirement and (Y) the amount of Debt Service that Buyer would have paid during such year with respect to such Additional Unit, taking into account such applicable Assumed Level Debt Service Debt Retirement, in each such case, future valued to the date on which the Term of this Agreement shall end, using an interest rate per annum of four percent (4%).

(2) If the amounts applied to such DOE debt retirement were derived, directly or indirectly, from assets of the Additional Units that were acquired or constructed subsequent to the Commercial Operation Date of the applicable Additional Unit(s), at the end of the Term of this Agreement, MEAG shall calculate the sum of the amounts, determined on an annual basis, commencing with the year in which the amounts were received, equal to the difference between (X) the amount of Debt Service that Buyer actually paid during each year during the Term of this Agreement with respect to each Additional Unit after giving effect to such DOE debt retirement and (Y) the amount of Debt Service that Buyer would have paid during such year with respect to such

Additional Unit, taking into account such applicable Assumed Level Debt Service Debt Retirement, in each such case, future valued from the date(s) on which the applicable Advance(s) were made or PPA Bonds issued to finance the acquisition and construction of such assets, using an assumed interest rate per annum equal to the actual weighted average yield to maturity of such applicable Advance(s) and/or PPA Bonds.

(3) In the case of any determination pursuant to either (1) or (2) above, MEAG shall calculate (X) the aggregate amount of Debt Service that Buyer actually paid during each year during the Term of this Agreement with respect to each Additional Unit after giving effect to such DOE debt retirement, future valued as aforesaid, and (Y) the aggregate amount of Debt Service that Buyer would have paid during each year during the Term of this Agreement with respect to such Additional Unit, taking into account such applicable Assumed Level Debt Service Debt Retirement, future valued as aforesaid, and, at the end of the Term of this Agreement, (i) if the amount determined pursuant to (X) above shall be greater than the amount determined pursuant to (Y) above, MEAG shall pay Buyer the amount of the difference between (X) and (Y), without interest thereon and (ii) if the amount determined pursuant to (X) above shall be less than the amount determined pursuant to (Y) above, Buyer shall pay MEAG the amount of the difference between (X) and (Y), without interest thereon.

In the event that Buyer shall in good faith dispute any of the determinations or calculations made by MEAG as provided in this Section 404(b), MEAG shall engage, in accordance with the procedure set forth in Section 401(i), a Financial Advisor who shall confirm whether or not such determination(s) and/or calculation(s) have been made in accordance with the provisions of this Section 404(b). In the event that such Financial Advisor shall determine

that any such determination(s) and/or calculation(s) made by MEAG as provided in this Section 404(b) was not made in accordance with the provisions of this Section 404(b), then, at the end of the Term of this Agreement, one Party shall pay to the other Party such amount as such Financial Advisor shall calculate in accordance with the provisions of this Section 404(b).

(c) **Notice of Application of Amounts to Retirement of PPA Bonds or Prepayment of DOE Guaranteed Loan.** MEAG agrees that it (i) will provide advance notice to Buyer of its intent to apply any such excess proceeds and/or amounts held under the DOE Accounts Agreement to the retirement by purchase, redemption or defeasance of any PPA Bonds in advance of maturity or the retirement by prepayment of any Advances in advance of maturity as aforesaid, which notice shall identify the PPA Bonds or Advances to be so retired (or the method by which such PPA Bonds or Advances shall be selected) and the method of such retirement; (ii) will provide Buyer the opportunity to comment with respect to such matters prior to their implementation; (iii) shall take into consideration any comments and proposed changes with respect to such matters submitted by Buyer; and (iv) shall provide Buyer with a written response explaining MEAG's rationale for its disposition of Buyer's comments and proposed changes; provided, however, that MEAG shall have sole discretion to determine whether to incorporate any such comments or proposed changes with respect to such matters.

ARTICLE V

EVENTS OF DEFAULT;

REMEDIES; INDEMNIFICATION

SECTION 501. EVENTS OF BUYER'S DEFAULT; CONTINUING OBLIGATION; REMEDIES.

(a) **Non-Payment Default.** Buyer's failure to make to MEAG any of the payments for which provision is made in this Agreement shall constitute a default on the part of Buyer. MEAG shall provide written notice to Buyer prior to invoking the remedies provided for hereunder. In the event of a non-payment default by Buyer, Buyer shall not be relieved of its liability for payment of any amounts required to be made under this Agreement, and MEAG further shall have the right and obligation to exercise its best efforts to recover from Buyer any amount in default. In enforcement of any right of recovery, MEAG may bring against Buyer any suit, action, or proceeding in law or in equity, including mandamus, injunction, and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement, or obligation to make payment for which provision is made in this Agreement, and MEAG may, upon sixty (60) days' written notice to Buyer, cease and discontinue providing service under this Agreement. If the default continues for a period in excess of 180 days, MEAG may, at its discretion, permanently discontinue service to Buyer. In the event MEAG permanently discontinues service to Buyer in accordance with this Section 501(a), MEAG agrees to apply the net proceeds from any sale, lease or other arrangement to a third party of all or a portion of the Output of the PPA Project Entity's Ownership Interest to which Buyer was previously entitled under this Agreement to mitigate Buyer's payment obligations under Article II of this Agreement in the manner permitted by the PPA Project Bond Resolution and the DOE Loan Documents.

(b) **Other Defaults.** Buyer's failure to comply with any other covenant, agreement, representation, warranty or obligation of this Agreement shall also constitute a default on the part of Buyer. In the event of a default by Buyer other than a default in making a payment when due under this Agreement, MEAG may bring any suit, action, or proceeding in law or in equity, including mandamus, injunction and action for specific performance, as may be necessary or

appropriate to enforce any covenant, agreement or obligation of this Agreement against Buyer but MEAG may not discontinue service as a result of a default by Buyer other than a non-payment default.

SECTION 502. DEFAULT BY MEAG. MEAG's failure to comply with any covenant, agreement, representation, warranty or obligation of this Agreement or the PPA Project Entity Power Purchase Agreement shall constitute a default on the part of MEAG. In the event of a default by MEAG, Buyer may bring any suit, action, or proceeding in law or in equity, including mandamus, injunction and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement, or obligation of this Agreement or the PPA Project Entity Power Purchase Agreement against MEAG; provided, however, that nothing in this Agreement shall be construed to permit Buyer to terminate, rescind, void, or otherwise abandon all or any portion of its obligations to MEAG under this Agreement as the result of a default by MEAG. As to Buyer's remedy of specific performance hereunder, MEAG hereby acknowledges that the damages recoverable at law in the event of a default by MEAG will be difficult to ascertain and will not adequately compensate Buyer, and, therefore, specific performance is an appropriate remedy to enforce any covenant, agreement, or obligation of this Agreement or the PPA Project Entity Power Purchase Agreement against MEAG in the event of a default hereunder.

SECTION 503. ABANDONMENT OF REMEDY. In case any proceeding taken on account of any default shall have been discontinued or abandoned for any reason, the Parties to such proceeding shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of MEAG and Buyer shall continue as though no such proceedings had been taken. Any such abandonment shall not be deemed a waiver of any other or further default hereunder.

SECTION 504. LIMITATION ON DAMAGES; MITIGATION.

(a) **General.** The Parties confirm that the express remedies and measures of damages provided in this Agreement satisfy the essential purposes hereof for breach of any provision of this Agreement for which an express remedy or measure of damages is herein provided.

(b) **Remedies Exclusive.** For breach of any provision for which an express and exclusive remedy or measure of damages is provided, the Parties agree that such express remedy or measure of damages shall be the sole and exclusive remedy, the obligor's liability shall be limited as set forth in such provision, and all other remedies or damages at law or in equity are waived.

(c) **Limitation to Actual Damages.** If no remedy or measure of damages is expressly herein provided, the obligor's liability shall be limited to direct actual damages only.

(d) **Limitations on Damages.** Neither Party shall be liable to the other Party for consequential, incidental, punitive, exemplary or indirect damages, lost profits or other business interruption damages by statute, in tort, in contract, at law or in equity, or otherwise; provided, that if either Party is held liable to a third party for such damages and the Party held liable for such damages is found to be entitled to indemnification therefor from the other Party hereto, the indemnifying Party shall be liable for, and obligated to reimburse the indemnified Party for, such damages. This Section 504 shall (i) apply to the fullest extent allowed by law irrespective of whether liability of MEAG or Buyer is claimed, or found to be based in contract (including breach of warranty or contract), tort (including negligence or negligent misrepresentation of MEAG, Buyer, or others), strict liability, law or equity, or otherwise, and (ii) survive the completion of the services or the termination of this Agreement.

(e) **Validity of Limitations on Damages.** All limitations on damages contained in this Agreement shall apply even if the remedies provided in this agreement are deemed to “fail of their essential purpose” or are otherwise held to be invalid or unenforceable.

(f) **Duty to Mitigate Damages.** Each Party agrees that it has a duty to mitigate damages and covenants that it will use commercially reasonable efforts to minimize any damages it may incur as a result of the other Party’s performance or non-performance of this Agreement; provided, that in no event shall the mitigating Party owe any payment to the non-performing Party in connection with such mitigation.

SECTION 505. INDEMNIFICATION. MEAG and Buyer shall assume full responsibility and liability for the maintenance and operation of their respective properties and each shall indemnify and save harmless the other from all liability and expense on account of any and all damages, claims, or actions, including injury to or death of persons arising from any act or accident in connection with the installation, presence, maintenance and operation of the property and equipment of the indemnifying Party and not caused in whole or in part by the negligence of the other Party; provided that any liability which is incurred by MEAG through the operation and maintenance of the Plant Vogtle Additional Units PPA Project and not covered, or not covered sufficiently, by insurance shall be paid solely from the revenues of MEAG, and any payments made by MEAG to satisfy such liability shall become part of the Plant Vogtle Additional Units PPA Project Annual Costs.

ARTICLE VI

DELIVERY OF OUTPUT; SERVICE;

DOE GUARANTEED LOAN ARRANGEMENTS

SECTION 601. AUTHORITY AND RESPONSIBILITY. Buyer acknowledges that the Agent has the sole authority and responsibility for the planning, licensing, design, construction, acquisition, completion, start up, commissioning, renewal, addition, replacement, modification and decommissioning of each of the Additional Units as well as sole responsibility for the management, control, operation and maintenance of the Additional Units. Buyer further acknowledges that the Agent shall have sole authority for the scheduling of the operation and dispatching of the output of each of the Additional Units. In the event the Agent fails to comply with its obligations, MEAG shall cause the PPA Project Entity to pursue with reasonable diligence any valid claims against the Agent subject to any limitations in the Project Agreements. Buyer acknowledges that, in the event the Agent fails to comply with its obligations, the sole and exclusive remedy of the co-owners (including the PPA Project Entity) under the Project Agreements is to remove the Agent. Neither MEAG nor the PPA Project Entity assumes any responsibility for those matters that fall within the authority and responsibility of the Agent, nor shall MEAG or the PPA Project Entity be liable to Buyer in any way for such matters. Buyer further agrees that any failure by the Agent to comply with its obligations or otherwise perform, in whole or in part, shall not excuse Buyer's performance under this Agreement.

SECTION 602. REPLACEMENT OR SUCCESSOR AGENT. MEAG shall notify Buyer as soon as practicable in the event the co-owners of Plant Vogtle consider appointing a replacement or successor to the Agent. After receiving such notice, Buyer may submit to MEAG any matters or suggestions relating to any Person proposed as such a replacement or successor that Buyer

may care to present, and MEAG agrees for itself and on behalf of the PPA Project Entity to take into consideration such matters or suggestions timely submitted by Buyer in the same manner in which MEAG considers the matters or suggestions of the Additional Units PPA Participants, the Additional Units PPA-2 Participants and the Additional Units Non-PPA Participants prior to determining whether to cause the PPA Project Entity to approve or disapprove of any such Person. However, after taking into account the collective interests of Buyer, the Additional Units PPA Participants, the Additional Units PPA-2 Participants and the Additional Units Non-PPA Participants, and the requirements of the DOE Loan Documents, MEAG, in its sole discretion, shall elect to cause the PPA Project Entity either to approve or disapprove the appointment of any Person proposed as a replacement or successor Agent.

SECTION 603. SERVICE. Buyer acknowledges that the Agent may temporarily interrupt, increase or reduce deliveries of electric energy from the PPA Project if the Agent determines that such interruption, increase or reduction is necessary in case of emergencies. The Agent may also interrupt or reduce deliveries of electric energy from the PPA Project in order to install equipment in or make repairs to or replacements, investigations, and inspections of or to perform other maintenance work on its generation or transmission facilities and related apparatuses (planned interruptions). MEAG shall notify Buyer of any planned interruption or reduction, giving the Agent's reason therefor, and stating the Agent's estimate of the probable duration thereof.

SECTION 604. ELECTRIC INTERCONNECTION AND TRANSMISSION SERVICE.

(a) **Connection to Transmission System.** Buyer's payment obligations calculated and billed in accordance with Articles II and III of this Agreement shall include its Obligation Share of the costs of all property and equipment for connecting the Additional Units to the

transmission system at the point where said transmission system forms part of the Georgia Integrated Transmission System (the “Delivery Point”), including the step-up transformers, high side bushing to the electrical transmission system, all related switching stations, remote terminal unit and connections to Supervisory Control and Data Acquisition System (SCADA).

(b) **Transmission Services.** Buyer shall arrange, either directly or indirectly through a third party, for all transmission service and transmission ancillary services and shall pay all costs pursuant to the transmission provider’s tariff and the transmission provider’s protocols including all costs associated with line losses, necessary to transmit the Output delivered under this Agreement from the Delivery Point to any point at which Buyer redelivers the Output to its customer(s).

(c) **Coordination of Energy Delivery.** Energy delivery hereunder shall be coordinated with the Agent, MEAG and Buyer and in accordance with the transmission provider’s tariff and applicable North American Electric Reliability Corporation (NERC) requirements. To facilitate this effort, the Parties shall develop operating procedures no later than six (6) months prior to the Commercial Operation Date of the first Additional Unit. These operating procedures will address issues associated with the delivery and determination of the quantity of energy delivered. These issues will include, but are not limited to: physical energy delivery method, metering systems, accounting and serving station service loads, allocation of common load between multiple units, rounding methodology, electronic communication of unit output, and daily communications.

SECTION 605. DOE GUARANTEED LOAN ARRANGEMENTS.

(a) **General.** Buyer acknowledges and agrees that, in connection with the entry into the DOE Loan Documents, MEAG will transfer the PPA Project Portion of MEAG’s Interest to

the PPA Project Entity, MEAG's wholly-owned, special-purpose direct subsidiary. In connection with this transfer, MEAG will enter into the PPA Project Entity Power Purchase Agreement with the PPA Project Entity in the form set forth in **Exhibit P** to this Agreement pursuant to which MEAG will purchase the Output of the PPA Project Entity's Ownership Interest for resale to Buyer under this Agreement and to the Additional Units PPA Participants under the Power Sales Contracts during the respective terms of this Agreement and the Power Sales Contracts. Other than during the continuance of an event of default by Buyer under this Agreement, during the Term of this Agreement MEAG agrees and covenants that it will not (i) amend, modify or waive any provision of the PPA Project Entity Power Purchase Agreement from the form set forth in **Exhibit P** hereto or (ii) provide any consent or agreement under or in connection with the PPA Project Entity Power Purchase Agreement, including with respect to consent to assignment by the PPA Project Entity of its rights and obligations under the PPA Project Entity Power Purchase Agreement (other than a collateral assignment for security purposes), in each case, without the prior written consent of Buyer, which consent shall not be unreasonably withheld.

(b) **Security Interests and Liens Permitted.** Buyer acknowledges and agrees that (i) MEAG may grant a first-priority security interest in and lien on its ownership interest in the PPA Project Entity to the DOE Collateral Agent, and (ii) the PPA Project Entity may grant a first-priority security interest in and lien on all of its assets, including its undivided ownership interest in the Additional Units, its right, title and interest in, to and under the PPA Project Entity Power Purchase Agreement and the Project Agreements and all other collateral specified in the DOE Loan Documents, to the DOE Collateral Agent, in each such case, to secure the DOE Secured Obligations under the DOE Loan Documents and the DOE Guaranteed Loan.

(c) **Buyer's Consent and Direct Agreement.** In connection with such assignment and security interest, Buyer hereby agrees to enter into a consent and direct agreement with the DOE Collateral Agent for the benefit of the DOE Secured Parties in substantially the form attached hereto as **Exhibit K.**

ARTICLE VII

REPRESENTATIONS AND WARRANTIES

SECTION 701. MEAG'S REPRESENTATIONS AND WARRANTIES. MEAG represents and warrants as follows:

(a) MEAG is a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia, duly organized and validly existing under the laws of the State of Georgia. The PPA Project Entity is a limited liability company, duly organized and validly existing under the laws of the State of Georgia.

(b) MEAG has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement. The execution, delivery and performance of this Agreement by MEAG have been duly authorized by all necessary corporate action on the part of MEAG and do not and will not require the consent of any trustee or holder of any indebtedness or other obligation of MEAG or any other party to any other agreement with MEAG. The PPA Project Entity has the power and authority to enter into and perform the PPA Project Entity Power Purchase Agreement and is not prohibited from entering into the PPA Project Entity Power Purchase Agreement or discharging and performing all covenants and obligations on its part to be performed pursuant to the PPA Project Entity Power Purchase Agreement. The execution, delivery and performance of the PPA Project Entity

Power Purchase Agreement by the PPA Project Entity have been duly authorized by all necessary limited liability company action on the part of the PPA Project Entity and do not and will not require the consent of any trustee or holder of any indebtedness or other obligation of the PPA Project Entity or any other party to any other agreement with the PPA Project Entity.

(c) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by MEAG with the provisions of this Agreement will not conflict with or constitute a breach of or a default under any Applicable Law presently in effect having applicability to MEAG, the documents of formation of MEAG or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which MEAG is a party or by which any of its property is bound. The execution and delivery of the PPA Project Entity Power Purchase Agreement, consummation of the transactions contemplated therein, and fulfillment of and compliance by the PPA Project Entity with the provisions of the PPA Project Entity Power Purchase Agreement will not conflict with or constitute a breach of or a default under any Applicable Law presently in effect having applicability to the PPA Project Entity, the documents of formation of the PPA Project Entity or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which the PPA Project Entity is a party or by which any of its property is bound.

(d) This Agreement has been duly executed and delivered by MEAG. This Agreement is a legal, valid and binding obligation of MEAG enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors' rights or by the exercise of judicial discretion in accordance with general principles of equity. The PPA Project Entity Power Purchase Agreement has been duly executed and delivered by the

PPA Project Entity. The PPA Project Entity Power Purchase Agreement is a legal, valid and binding obligation of the PPA Project Entity enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors' rights or by the exercise of judicial discretion in accordance with general principles of equity.

(e) No bankruptcy is pending against MEAG or to its knowledge threatened against it. No bankruptcy is pending against the PPA Project Entity or to its knowledge threatened against it.

(f) MEAG has negotiated and entered into this Agreement in the ordinary course of its respective business, in good faith, for fair consideration and on an arm's length basis.

(g) MEAG MAKES NO WRITTEN OR ORAL REPRESENTATION, WARRANTY, OR COVENANT EITHER EXPRESS OR IMPLIED, REGARDING THE CURRENT OR FUTURE EXISTENCE OF ANY ENVIRONMENTAL ATTRIBUTES OR PRODUCTION TAX CREDIT OR ANY LAW GOVERNING THE EXISTENCE OF ANY ENVIRONMENTAL ATTRIBUTES OR PRODUCTION TAX CREDIT UNDER THIS AGREEMENT OR OTHERWISE OR THEIR CHARACTERIZATION OR TREATMENT UNDER APPLICABLE LAW OR OTHERWISE. BUYER SHALL SOLELY BEAR THE RISK OF NOT OBTAINING ANY ENVIRONMENTAL ATTRIBUTES OR PRODUCTION TAX CREDIT.

(h) OTHER THAN THOSE WARRANTIES AND GUARANTIES EXPRESSLY SET FORTH IN THE TERMS OF THIS AGREEMENT, MEAG MAKES NO WARRANTIES AND GUARANTIES OF ANY KIND WHATSOEVER, EXPRESS, IMPLIED, ORAL, WRITTEN OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR WARRANTIES ARISING BY CUSTOM,

TRADE USAGE, PROMISE, EXAMPLE OR DESCRIPTION, ALL OF WHICH WARRANTIES AND GUARANTIES ARE EXPRESSLY DISCLAIMED BY MEAG AND WAIVED BY BUYER.

SECTION 702. BUYER'S REPRESENTATIONS AND WARRANTIES. Buyer represents and warrants as follows:

(a) Buyer is a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida.

(b) Buyer has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement.

(c) The execution, delivery and performance of this Agreement by Buyer have been duly authorized by all necessary corporate action on the part of Buyer and do not and will not require the consent of any trustee or holder of any indebtedness or other obligation of Buyer or any other party to any other agreement with Buyer.

(d) No authorization, approval, order, license, permit, franchise or consent, and no registration, declaration or filing with any Governmental Authority is required on the part of Buyer in connection with the execution, delivery and performance of this Agreement except those which Buyer anticipates will be timely obtained in the ordinary course of performance of this Agreement.

(e) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by Buyer with the provisions of this Agreement will not conflict with or constitute a breach of or a default under any Applicable Law presently in effect having applicability to Buyer, the documents of formation of Buyer or any

outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which Buyer is a party or by which any of its property is bound.

(f) This Agreement has been duly executed and delivered by Buyer. This Agreement is a legal, valid and binding obligation of Buyer enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors' rights or by the exercise of judicial discretion in accordance with general principles of equity.

(g) Buyer has the financial resources and capability to satisfy its obligations under this Agreement.

(h) Amounts payable to MEAG under this Agreement (i) shall constitute a Contract Debt (as that term is defined in Buyer's Electric System Bond Resolution), payable as a Cost of Operation and Maintenance of Buyer's Electric System (as those terms are defined in Buyer's Electric System Bond Resolution), and (ii) shall be paid by Buyer as a cost of purchased power and energy for Buyer's wholesale and retail load and otherwise as an expense of operation and maintenance of Buyer's Electric System.

(i) No bankruptcy is pending against Buyer or to its knowledge threatened against it.

(j) Buyer has negotiated and entered into this Agreement in the ordinary course of its respective business, in good faith, for fair consideration and on an arm's length basis.

ARTICLE VIII

DISPUTE RESOLUTION

SECTION 801. DISPUTE RESOLUTION.

(a) Each of MEAG and Buyer shall appoint a representative to coordinate with the other Party the implementation of this Agreement (each a "Representative" and collectively the

“Representatives”). If any dispute arises with respect to any Party’s performance hereunder, the Representatives shall meet to attempt to resolve such dispute, either in person or by telephone, within ten (10) days after the written request of either Representative. If the Representatives are unable to resolve such dispute within thirty (30) days after their initial meeting (in person or by telephone), senior officers or executives of Buyer and senior officers or executives of MEAG shall meet, either in person or by telephone, within ten (10) days after either Representative provides written notice that the Representatives have been unable to resolve such dispute. If such senior officers or executives are unable to resolve such dispute within thirty (30) days after their initial meeting (in person or by telephone), either Party may refer the dispute to the Superior Court of Fulton County, Georgia or the U.S. District Court for the Northern District of Georgia pursuant to Section 1003, which shall be the sole legally binding forums available to the Parties for resolution of a dispute hereunder.

(b) While any dispute is pending, the Parties shall continue to perform their obligations under this Agreement notwithstanding such dispute.

ARTICLE IX

NOTICES AND COUNTERPARTS

SECTION 901. NOTICES. Except as may be otherwise expressly provided for herein, all notices, requests, statements and other communications to be given under this Agreement shall be made to the addresses and persons specified in **Exhibit D** hereto. All notices, requests, statements or payments shall be made in writing except where this Agreement expressly provides that notice may be made orally. Notices required to be in writing shall be delivered by hand delivery, express courier (*e.g.*, UPS, FedEx, or DHL), facsimile or electronic mail (so long as a copy of such electronic mail notice is provided thereafter by hand delivery or express courier).

Except as may otherwise be specified in this Agreement, all notices, requests, statements and other communications shall be deemed to have been duly given on (i) the date of delivery if delivered by hand or by express courier; (ii) the time stamp upon delivery if sent by electronic mail; (iii) date of receipt of a time-stamped, legible copy thereof if sent by facsimile; or (iv) the earlier of the dates set forth in clauses (i), (ii) and (iii) if delivery is made by more than one of such means. Either Party may change its respective notice information upon giving the other Party at least fourteen (14) days' prior written notice thereof.

SECTION 902. COUNTERPARTS. This Agreement may be executed in counterparts, including in facsimile and electronic formats (including portable document format (.pdf)), each of which is an original and all of which constitute one and the same instrument.

ARTICLE X

MISCELLANEOUS PROVISIONS

SECTION 1001. ASSIGNMENT.

(a) **General.** Except as provided in subsection (b) of this Section 1001, neither Party may assign or transfer all or any part of any right, obligation, or interest under this Agreement without the prior written consent from the other Party or if any such assignment or transfer is prohibited under the PPA Project Bond Resolution or the DOE Loan Documents. Any such attempted assignment or transfer shall be null, void and without effect; provided, however, that nothing in this Section 1001 shall limit the authority of Buyer to sell to a third party all or a portion of Buyer's Obligation Share of the Output of the PPA Project Entity's Ownership Interest, subject to the provisions of Sections 305 and 306 hereof.

(b) **Exception to Secure PPA Bonds and DOE Secured Obligations.** Notwithstanding subsection (a) of this Section 1001, Buyer acknowledges and agrees that

MEAG may assign and pledge to the Trustee designated in the PPA Project Bond Resolution, for the benefit of the DOE Collateral Agent, DOE and the other secured parties identified therein, all its right, title and interest in and to all payments to be made to MEAG under the provisions of this Agreement attributable to the Plant Vogtle Additional Units PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs as security for the payment of the amounts due and payable and other obligations under, or secured by, the PPA Project Bond Resolution (including as security for amounts owed by the PPA Project Entity under the DOE Loan Documents) and, upon the execution of such assignment and pledge, such Trustee shall have all rights and remedies herein provided to MEAG, including to give all notices, take all actions and exercise all rights, including any or all rights to collection that are provided to MEAG as set forth in this Agreement, on behalf or in the place of MEAG, and any reference herein to MEAG shall be deemed, with the necessary changes in detail, to include such Trustee. The Trustee and the PPA Project Entity each shall be a third-party beneficiary of the covenants and agreements of Buyer herein contained.

SECTION 1002. SEVERABILITY. In case any one or more of the provisions of this Agreement shall for any reason be held to be illegal or invalid by a court of competent jurisdiction, it is the intention of each of the Parties hereto that such illegality or invalidity shall not affect any other provision hereof, but this Agreement shall be construed and enforced as if such illegal or invalid provision had not been contained herein, and this Agreement shall be construed to adopt, but not to enlarge upon, all of the applicable provisions of said Act, and all the applicable provisions of the Constitution and general laws of Georgia, and, if any provisions hereof conflict with any applicable provision of said Constitution or laws, the former as proposed by the legislature, approved by the people of the State of Georgia and interpreted by the courts of

the State of Georgia, and the latter as adopted by the legislature and as interpreted by the courts of the State of Georgia, shall prevail in lieu of any provision hereof in conflict or not in harmony therewith.

SECTION 1003. GOVERNING LAW; JURISDICTION AND VENUE. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Georgia, applied without giving effect to principles of conflicts of laws or choice of law that would require the application of the law of any other state. Each Party irrevocably submits to the jurisdiction and venue of the Superior Court of Fulton County, Georgia and the U.S. District Court for the Northern District of Georgia in any dispute arising out of or relating to this Agreement, and hereby irrevocably agrees that all claims in respect of such dispute may be heard and determined in the Superior Court of Fulton County, Georgia and the U.S. District Court for the Northern District of Georgia. Each Party hereby irrevocably waives, to the fullest extent it may effectively do so, the defense of an inconvenient forum to the maintenance of such proceeding. The Parties further agree, to the extent permitted by law, that any final and unappealable judgment against any of them in any proceeding contemplated above shall be conclusive and may be enforced in any other jurisdiction within or outside the United States by suit on the judgment, a certified copy of which shall be conclusive evidence of the fact and amount of such judgment.

SECTION 1004. FORWARD CONTRACT. The Parties acknowledge and agree that this Agreement and the transactions contemplated by this Agreement constitute a “forward contract” and that each Party is a “forward contract merchant” within the meaning of the United States Bankruptcy Code.

SECTION 1005. ENTIRE AGREEMENT. Except as provided in the final paragraph of Section 101 hereof, this Agreement amends and restates and replaces the Original Agreement in

its entirety and this Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior discussions and agreements between the Parties with respect to the subject matter hereof. There are no prior or contemporaneous agreements or representations affecting the same subject matter other than those expressed herein.

SECTION 1006. DRAFTING AND INTERPRETATION. This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against one Party or the other as a result of the preparation, substitution, submission or other event of negotiation, drafting or execution hereof.

SECTION 1007. AMENDMENT. Subject to Section 103(b) of this Agreement, no amendment, modification or change to this Agreement shall be enforceable unless set forth in writing and executed by both Parties.

SECTION 1008. NON-WAIVER. No waiver by any Party hereto of any one or more defaults by the other Party in the performance of any of the provisions of this Agreement shall be construed as a waiver of any other default or defaults whether of a like kind or different nature. No failure or delay by any Party hereto in exercising any right, power, privilege, or remedy hereunder shall operate as a waiver thereof.

SECTION 1009. SURVIVAL. Upon the expiration of the Term of this Agreement (the "Termination Date"), the Parties shall no longer be bound by the terms and conditions hereof, except (i) to the extent necessary to enforce any rights and the obligations of the Parties, including payment obligations, arising under this Agreement prior to such Termination Date, (ii) to the extent necessary to enforce the right to receive any payments pursuant to **Exhibit B** to this Agreement and (iii) the obligations of the Parties hereunder with respect to confidentiality, audit

and indemnification shall survive any termination of this Agreement and shall continue for a period of one (1) year following such Termination Date, provided that such obligations with respect to indemnification shall continue only with respect to claims for indemnification based upon events or circumstances occurring or arising on or before the Termination Date.

SECTION 1010. RELATIONSHIPS OF PARTIES. The Parties shall not be deemed to be in a relationship of partners or joint venturers by virtue of this Agreement, nor shall any Party be an agent, representative, trustee or fiduciary of any other Party.

SECTION 1011. EXHIBITS. Any and all Exhibits referred to in this Agreement are, by such reference, incorporated herein and made a part hereof for all purposes.

SECTION 1012. ATTORNEYS' FEES. If a Party commences a legal proceeding against the other Party because of an alleged breach of such Party's obligations under this Agreement, each Party shall bear its own expenses, including attorneys' fees, incurred in connection with the legal proceeding and any appeal thereof.

SECTION 1013. BINDING EFFECT. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

SECTION 1014. NO ADVERSE DISTINCTION. MEAG shall not make any adverse distinction in connection with discharging its responsibilities to Buyer under this Agreement and in discharging MEAG's responsibilities (i) to the Additional Units PPA Participants under the Plant Vogtle Additional Units PPA Power Sales Contracts or (ii) to the Additional Units Non-PPA Participants under the Plant Vogtle Additional Units Non-PPA Power Sales Contracts.

SECTION 1015. COOPERATION. The Parties shall cooperate with each other and with each other's employees and agents by taking all actions necessary to fully effectuate the intent of this Agreement, including providing upon reasonable request to each other all information and

documents relevant to the purposes of this Agreement and making their employees and agents available in connection with any of the matters addressed in this Agreement.

Without limiting the generality of the foregoing, Buyer shall (i) provide to MEAG such information regarding Buyer as MEAG shall reasonably determine to be necessary or desirable in connection with the issuance by MEAG of any PPA Bonds or the making by the PPA Project Entity of any Advance and (ii) shall enter into, and perform its obligations under, such continuing disclosure undertakings as are necessary to comply with the provisions of paragraph (b)(5) of Rule 15c2-12, as amended, promulgated by the United States Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended, with respect to any issue of PPA Bonds that are subject to the requirements of said paragraph (b)(5) of Rule 15c2-12. In addition, notwithstanding the foregoing, this Section 1015 shall not require, nor shall it be construed to require, a Party to provide information or documents or to make its employees or agents available in contravention of any contractual obligation or limitation (including any such obligation or limitation in this Agreement or the Project Agreements), or in contravention of any obligation or limitation under Applicable Law.

SECTION 1016. FLORIDA PUBLIC RECORDS LAW. The parties acknowledge that Buyer is a body politic and corporate that is subject to Chapter 119, Florida Statutes, and related statutes known as the “Public Records Laws.” If a request is made to Buyer to view or disclose (i) any information provided by MEAG to Buyer prior to the Execution Date of this Agreement, including any “Confidential Information,” as that term is defined in the Parties’ October 9, 2006 Confidential Information Exchange Agreement, or (ii) any information provided by MEAG to Buyer pursuant to the terms of this Agreement, Buyer shall notify MEAG of such request and the date that such records will be viewed by or released to the requester unless MEAG obtains a

court order enjoining such disclosure. If MEAG fails to obtain a court order enjoining disclosure, Buyer will release the requested information on the date specified. Such release shall be deemed to be made with MEAG's consent and will not be deemed to be a violation of law, including laws concerning trade secrets, copyright or other intellectual property.

SECTION 1017. COMPLIANCE WITH OBLIGATIONS. MEAG agrees and covenants that it will fully and timely comply with its obligations under and in connection with, and, to the extent applicable, cause the PPA Project Entity to fully and timely comply with its obligations under and connection with, this Agreement, the PPA Project Entity Power Purchase Agreement, the PPA Project Bond Resolution, the DOE Loan Guarantee Agreement and the other DOE Loan Documents, including payment of all costs and compliance with all financial obligations in such documents; provided, however, that MEAG's failure to comply with the provisions of this Section shall not affect Buyer's obligations as set forth in Section 502 and Section 204(g).

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, MEAG has caused this Agreement to be executed in its corporate name by its duly authorized officers and, by the execution hereof it is acknowledged that payments made under this Agreement may be assigned, as provided in this Agreement, and MEAG has caused its corporate seal to be hereunto impressed and attested; Buyer has caused this Agreement to be executed in its corporate name by its duly authorized officers and its corporate seal to be hereunto impressed and attested, and delivery hereof by MEAG to Buyer is hereby acknowledged, all as of the day and year first above written. This Agreement shall not become effective as to either Party unless and until executed by both Parties.

EXHIBIT A

DESCRIPTION OF MEAG'S INTEREST IN THE PLANT VOGTLE ADDITIONAL UNITS

I. MEAG's Interest.

MEAG's Interest in the Additional Units shall consist of the ownership (whether owned in whole or in part by MEAG or by any entity (including the PPA Project Entity) that is a wholly-owned subsidiary of MEAG (a "Project Entity")) of a twenty-two and seven-tenths percent (22.7%) undivided interest in the two additional nuclear units, each 1,102 megawatts Nominally Rated, to be located at Plant Vogtle, in Burke County, Georgia and consisting of (i) nuclear power reactors, the turbine-generators, the buildings housing the same, the associated auxiliaries and equipment, and the related transmission facilities (as more specifically described in the application, and amendments thereto, filed by the Georgia Power Company with the Nuclear Regulatory Commission for a Combined Construction and Operating License); (ii) inventories of materials, supplies, Fuel, tools and equipment for use in connection with the Additional Units to be constructed at Plant Vogtle; (iii) land adequate for the Additional Units or, alternatively, appropriate easements granting the right of use to land adequate for the Additional Units, and site preparation, foundations, fencing and fire protection; (iv) the right of use of the infrastructure and system supporting the existing units one and two at Plant Vogtle as well as existing services supporting such units; (v) all property and equipment for connecting the generating facilities to the transmission system at the point where said transmission system forms part of the Georgia Integrated Transmission System (as determined as of June 15, 2008, the dated date of the Power Sales Contracts), including the step-up transformers, high side bushing to the electrical transmission system, all related switching stations, remote terminal unit and connections to Supervisory Control and Data Acquisition System (SCADA); (vi) inventories of

materials, supplies, tools and equipment; (vii) prepayment of initial supply of Fuel; and (viii) the additional facilities of the Additional Units as described in Part II of this **Exhibit A**.

II. Additional Facilities.

The additional facilities of the Additional Units shall include (i) any major renewals, replacements, repairs, additions, betterments and improvements to the Additional Units necessary, in the opinion of MEAG, to keep the Additional Units in good operating condition or to prevent a loss of revenues therefrom, and (ii) any major additions, improvements, repairs and modifications to the Additional Units and any disposals of the Additional Units required by any Governmental Authority having jurisdiction over the Additional Units, or for which MEAG (or a Project Entity) shall be responsible by virtue of any obligation of MEAG (or such Project Entity) arising out of any contract to which MEAG (or such Project Entity) may be a party relating to ownership of the Additional Units or any facility thereof.

EXHIBIT B

METHODOLOGY FOR DETERMINING DECOMMISSIONING COSTS

The methodology used to estimate annual decommissioning costs related to the Additional Units and included within Section 205(b)(1)(C) of this Agreement shall be determined based on the following assumptions: first, MEAG shall obtain the estimated current dollar cost estimate for decommissioning for each Additional Unit based on the greater of (i) the most recent Nuclear Regulatory Commission's Minimum Funding Estimate available at the time the Plant Vogtle Additional Units PPA Project Annual Budget for a given Power Supply Year is prepared, or (ii) the costs established by the most recent site specific study available for each Additional Unit performed by the Agent (which study is anticipated to be revised every three years); second, MEAG shall estimate the PPA Project's proportionate share of the future decommissioning funding cost estimate based on an assumed inflation rate ("Inflation Rate"), which Inflation Rate shall not exceed the inflation rate utilized as the index for the annual escalation to year of expenditure composite (40-year operation) in the most recent asset retirement obligation liability study for the Additional Units ("ARO Study") performed by an experienced consultant on behalf of the operator of the Additional Units (currently Southern Nuclear Operating Company, Inc.), and which will be applied to the PPA Project's proportionate share of the current dollar costs decommissioning estimate to project the PPA Project's proportionate share of the future decommissioning amounts required at the end of the respective operating license periods of each Additional Unit; third, MEAG will calculate the estimated amount necessary to be deposited in each year in inflation-adjusted payments (equal present value amounts) ("Inflation-Adjusted Payments") over the projection period, which period shall

be forty (40) years, into the decommissioning trust fund established for each Additional Unit which, when invested at an assumed interest rate (“Earnings Rate”) (taking into consideration the balances available at the beginning of the projection period offset by estimated annual investment management fees and expenses), will accumulate to the PPA Project’s proportionate share of the future decommissioning funding cost estimate required at the end of each Additional Unit’s respective operating license period, and the resultant annual Inflation-Adjusted Payments calculated in the aforesaid annual projection shall be the amounts included as part of the Plant Vogtle Additional Units PPA Project Annual Costs to insure that the estimated cost of decommissioning is recovered by the end of the term of the operating license of each Additional Unit. The Inflation Rates with respect to each Power Supply Year and the Earnings Rates with respect to each Power Supply Year that MEAG uses to calculate the decommissioning cost estimates and estimated amounts to be deposited into the decommissioning trust for the PPA Project shall be the same Inflation Rates and Earnings Rates that MEAG uses when it calculates the decommissioning cost estimates and estimated amounts to be deposited into the decommissioning trust for the Non-PPA Project.

MEAG anticipates that the differential between the Inflation Rate and the Earnings Rate used in the annual decommissioning projection will range from one percent (1%) to two percent (2%). Provided, however, that the annual decommissioning funding amount will not be less than the minimum allowable annual contribution level as prescribed by Nuclear Regulatory Commission regulations as are in effect from time to time and that if such earnings on the decommissioning fund are in the future subject to federal income tax, MEAG shall retain the discretion to adjust the Earnings Rate used in future decommissioning projections to compensate for such taxes.

Within ninety (90) days of the expiration of the period that each Additional Unit's output is being delivered to Buyer over the Term of this Agreement or within ninety (90) days after the date MEAG or the PPA Project Entity receives the subsequent site specific study if a site specific study has not been received within eighteen (18) months prior to the expiration of the period that each Additional Unit's output is being delivered to Buyer, MEAG shall, using the methodology set forth in this **Exhibit B**, determine the then-current total cost estimate for decommissioning the portion of the Additional Units in the PPA Project. In determining such cost estimate for decommissioning, MEAG shall utilize (a) the most recent Nuclear Regulatory Commission's Minimum Funding Estimate for each Additional Unit, and (b)(i) the most recent site specific study performed by the Agent (if revised within eighteen (18) months prior to the Termination Date of this Agreement) or, alternatively, (ii) the next site specific study performed by the Agent following the expiration of the Term of this Agreement. Second, MEAG shall escalate both of the applicable funding estimates from the mid-point of the year used to estimate the decommissioning cost of the Additional Units to the expiration of the term of the forty (40) year operating license utilizing a true-up inflation rate, fifty percent (50%) of such number reflecting the inflation rate contained in the applicable ARO Study and the remaining fifty percent (50%) of such number reflecting the average of the Inflation Rates utilized by MEAG during the term of this Agreement in calculating the projected decommissioning costs (the "True-up Inflation Rate"). The higher of the two escalated funding estimates shall constitute the estimated total decommissioning costs at the end of the operating license (the "Total Decommissioning Costs"). Third, MEAG shall utilize a funding methodology based on annual Inflation Adjusted Payments to determine the amount of money ("Targeted Amount") that Buyer should have accumulated as of the expiration of the term of this Agreement in order to be on track to achieve its share (which

share shall not exceed fifty percent (50%)) of the Total Decommissioning Costs as of the expiration of the forty (40) year operating license, using a True-up Earnings Rate that equals the True-up Inflation Rate plus the difference between the average of the Earnings Rates utilized by MEAG during the term of this Agreement and the average of the Inflation Rates utilized by MEAG during the term of this Agreement. To the extent that the amounts paid by Buyer under Section 205(b)(1)(C) of this Agreement for each Additional Unit, including earnings offset by related fees and such amounts, exceed the Targeted Amount of the Total Decommissioning Costs, MEAG shall refund such excess amounts to Buyer. Alternatively, to the extent that such amounts paid by Buyer, including earnings offset by related fees, is less than the Targeted Amount of the Total Decommissioning Costs, Buyer shall pay such deficient amounts to MEAG. Any payment due under this calculation at the option of the party owing may be paid (i) within thirty (30) days with no interest; or (ii) in equal monthly payments based on a thirty (30) day month over a three-hundred-sixty (360) day year with six percent (6%) interest over (x) a period of up to five (5) years if such payments are less than ten million dollars or; (y) a period of up to ten (10) years if such payments are over ten million dollars.

MEAG shall arrange to appoint an independent trustee to administer the Decommissioning Trust for the Plant Vogtle Additional Units in a common trust. The Trustee in accordance with Nuclear Regulatory Commission (NRC) regulations will maintain separate accounting for each Additional Unit, with separate sub accounting within each unit for the assets contributed and earnings net of related fees thereon by the Non-PPA Project, the PPA Project and the PPA-2 Project. The assets in the PPA Project, the Non-PPA Project and the PPA-2 Project in the Decommissioning Trust may be commingled for investment purposes in a common

investment trust and MEAG will administer the selection of investment managers in accordance with NRC rules and procedures in effect from time to time.

EXHIBIT C

METHODOLOGY FOR ALLOCATION OF MEAG'S ADMINISTRATIVE AND GENERAL EXPENSES

MEAG's Administrative and General Expenses ("A&G Expenses") are allocated to the generation units and the transmission unit that comprise MEAG's Projects. Currently, MEAG has nine generation units and one transmission unit. The Additional Units will increase MEAG's generation units to eleven. That portion of the A&G Expenses that can be directly traced to a specific unit or group of units is allocated to such unit or group of units. For example, the A&G Expenses incurred within the Office of Vice President, Transmission, are allocated to the transmission unit. Similarly, the costs incurred by the Office of Vice President, Power Supply, are allocated to the eleven generation units on an equal pro-rata basis. The remaining A&G Expenses are allocated among the twelve units (the eleven generation units and transmission) either on a direct methodology among the units or on an equal basis among the units. Each of the units' allocable portion of the A&G Expenses (as determined above) will be assigned to the separate projects which funded such unit on an equal basis. MEAG will apply the methodology described in this Exhibit C consistently across all of MEAG's generation and transmission units in a manner that is consistent with its past practice with respect to such methodology.

EXHIBIT E

Revenue Fund - Working Capital: It is anticipated that the initial balance in this fund would be funded from PPA Bond proceeds at a level of forty-five (45) days of working capital based on the projected annual budget for the PPA Project. The intention is to treat this reserve to the extent funded from PPA Bond proceeds as a non-amortizing reserve fund where the principal amount of the PPA Bonds issued for this purpose would be structured to mature after the expiration of the twenty (20)-year term of the Agreement. Subsequent debt issuances to increase the working capital levels in this fund also are anticipated to be structured to mature after the twenty (20)-year term of the Agreement. If additional funds were needed and MEAG did not have access to the capital markets, to the extent monies were retained from year-end surplus amounts or contributed from payments by Buyer under this Agreement, there would be a need to refund to Buyer the monies contributed to the fund to increase in the working capital level which were not PPA Bond-funded.

Debt Service Reserve Account in Debt Service Fund: It is anticipated that the balance in this Account would be funded from PPA Bond proceeds at the maximum level allowable by IRS regulations to allow the account to be funded with proceeds of tax exempt PPA Bonds and/or Build America Bonds. Typically this amount is about one year's maximum annual debt service on all outstanding PPA Bonds at the time the PPA Bonds are issued, but the regulations set out more complex limitations. It is anticipated that this reserve would be a non-amortizing reserve fund¹ and at the end of the term of the Agreement, Buyer would be refunded any principal

¹ In accordance with Section 207 of Amendment No. 2 to the Original Agreement, dated as of January 26, 2010, if MEAG shall reasonably determine that it is necessary to avoid an adverse impact on the expected ratings for the PPA Bonds or the economics of the PPA Project, then the Debt Service Reserve Account in the Debt Service Fund established pursuant to the PPA Project Bond Resolution may constitute an amortizing reserve fund.

payments contributed over the term of the Agreement assuming this reserve was fully funded at the end of the term of the Agreement.

Reserve and Contingency Fund: The initial amount of the Reserve and Contingency Requirement (as defined in the PPA Project Bond Resolution) would be funded from proceeds of tax exempt PPA Bonds, and when combined with amounts on deposit in the DOE Reserve & Contingency Account established pursuant to the DOE Accounts Agreement, would approximate one-half of one percent of the total gross plant. It is anticipated that to the extent this reserve was funded from PPA Bond proceeds, the reserve requirement would be considered a non-amortizing reserve fund² and any principal contributions paid by Buyer would be refunded to Buyer at the end of the term of the Agreement. If MEAG did not have access to the capital markets and excess monies were retained from surplus monies at the end of a contract year to increase the Reserve and Contingency Requirement during the term of the Agreement, the retained surplus or billings in the fund would need to be reimbursed to Buyer at the end of the Term.

Nuclear Fuel Construction Fund-Revolving Account: It is anticipated that this reserve would be funded from PPA Bond proceeds at the amount projected to be necessary to handle nuclear fuel working capital needs over the first ten (10) to fifteen (15) years of unit operations. This fund would be treated as a non-amortizing reserve in that the principal payments would be structured to mature after the twenty (20)-year term of the Agreement.

DOE Debt Service Reserve Account: The Debt Service Reserve Requirement (as defined in the DOE Loan Guarantee Agreement) is expected to equal the greatest amount of projected principal and interest payments due on the DOE Guaranteed Loan (without taking into account

² In accordance with Section 207 of Amendment No. 2 to the Original Agreement, dated as of January 26, 2010, if MEAG shall reasonably determine that it is necessary to avoid an adverse impact on the expected ratings for the PPA Bonds or the economics of the PPA Project, then the initial amount of the Reserve and Contingency Requirement may constitute an amortizing reserve fund.

“bullet” maturities) over any consecutive eighteen (18)-month period, determined at or about the time of the funding of the DOE Debt Service Reserve Account and at or about the time of the making of each Advance thereafter. It is anticipated that the DOE Debt Service Reserve Account established pursuant to the DOE Accounts Agreement will not be cash-funded until approximately three (3) months prior to the first date on which principal is due on the DOE Guaranteed Loan. Following the making of any withdrawal from the DOE Debt Service Reserve Account, it is expected that the amount so withdrawn will be funded with revenues of the Plant Vogtle Additional Units PPA Project within 180 days after the making of such withdrawal. It is anticipated that this reserve would be a non-amortizing reserve fund; provided, that, if MEAG shall reasonably determine that it is necessary to avoid an adverse impact on the expected ratings for the PPA Bonds or the economics of the PPA Project, then the DOE Debt Service Reserve Account may constitute an amortizing reserve fund and, at the end of the term of the Agreement, Buyer would be refunded any principal payments contributed over the Term of the Agreement assuming this reserve was fully funded at the end of the Term of the Agreement.

DOE Reserve & Contingency Account: The initial amount on deposit in the DOE Reserve & Contingency Account established pursuant to the DOE Accounts Agreement held by the DOE Collateral Agent on behalf of the PPA Project Entity would be funded from PPA Bond proceeds, and when combined with amounts on deposit in the Reserve and Contingency Fund established pursuant to the PPA Project Bond Resolution, would approximate one half of one percent of the total gross plant. It is anticipated that to the extent this reserve was funded from PPA Bond proceeds contributed to the PPA Project Entity, the reserve requirement would be considered a non-amortizing reserve fund; provided that if MEAG shall reasonably determine that it is necessary to avoid an adverse impact on the expected ratings for the PPA Bonds or the

economics of the PPA Project, then the initial amount of the DOE Reserve & Contingency Account may constitute an amortizing reserve fund and any principal contributions paid by Buyer would be refunded to Buyer at the end of the term of the Agreement. If MEAG did not have access to the capital markets and excess monies were retained from surplus monies at the end a contract year to increase the DOE Reserve & Contingency Account requirement under the DOE Accounts Agreement during the term of the Agreement, the retained surplus or billings in the account would need to be reimbursed to Buyer at the end of the term of the Agreement.

EXHIBIT F

Under Section 511 of the PPA Project Bond Resolution, amounts remaining in the Revenue Fund at the end of each year may be applied to the purposes set forth therein, including to reduce the cost of PPA Project power and energy to Buyer during the term of this Agreement. In general, such excess amounts arise from (a) earnings from the investment of amounts on deposit in the various funds and accounts maintained under the PPA Project Bond Resolution (other than the Construction Fund established thereunder) and the DOE Accounts Agreement, except to the extent that such earnings are required to be retained in the Debt Service Reserve Account in the Debt Service Fund, the Reserve and Contingency Fund, the DOE Debt Service Reserve Account or the DOE Reserve & Contingency Account in order to restore the amounts therein to the respective requirements therefor and (b) the ten (10) percent “coverage” amount required to be deposited pro rata to the Reserve and Contingency Fund and the DOE Reserve & Contingency Account each year, except to the extent that such amount is required to be retained in the Reserve and Contingency Fund or the DOE Reserve & Contingency Account in order to restore the amount therein to the requirement for such fund.

Section 511 of the PPA Project Bond Resolution also permits MEAG to use amounts remaining in the Revenue Fund at the end of any year to fund capital items or additional reserves for the PPA Project. However, it is anticipated that any such items or reserves would be financed from proceeds of additional PPA Bonds to the extent that MEAG has access to the credit markets at the time such funding is needed.

It is anticipated that following the completion of MEAG’s annual audit of its financial statements for each year following the Commercial Operation Date of the first Additional Unit, MEAG will determine whether any surplus amounts remain in the Revenue Fund as of the end of

such year. To the extent that any surplus amounts remain in the Revenue Fund, it is anticipated that such amounts will be, at the election of Buyer, paid to Buyer or credited on Buyer's Billing Statements.

SCHEDULE A – Additional Units PPA Project Participants

ATTACHMENT A – Description of the Authority’s Interest in the Plant Vogtle Additional
Units

**SECOND AMENDED AND RESTATED PLANT VOGTLE
ADDITIONAL UNITS PPA PROJECT BOND RESOLUTION**

Adopted December __, 2014

WHEREAS, on December 23, 2009, the Municipal Electric Authority of Georgia (the “Authority”), a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia organized and existing under the Act (such term, and all other capitalized terms used in these recitals without definition, having the respective meanings ascribed thereto in Section 102 of the Bond Resolution hereinafter referred to) adopted a resolution entitled “Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution” (the “Amended and Restated Bond Resolution”) for the purpose of amending in certain respects, and restating, a resolution of the Authority adopted on October 16, 2008 entitled “Plant Vogtle Additional Units PPA Project Bond Resolution” (such Plant Vogtle Additional Units PPA Project Bond Resolution, as the same heretofore has been supplemented, amended and restated, is referred to herein as the “Bond Resolution”), which Bond Resolution authorized the issuance of Bonds from time to time in order to finance and refinance the Authority’s Additional Units PPA Project; and

WHEREAS, there heretofore have been issued pursuant to the Bond Resolution \$1,224,265,000 in aggregate principal amount of Plant Vogtle Units 3&4 Project J Bonds, Taxable Series 2010A (Issuer Subsidy – Build America Bonds) (the “Series 2010A Bonds”) and \$24,170,000 in aggregate principal amount of Plant Vogtle Units 3&4 Project J Bonds, Series 2010B (Tax-Exempt) (the “Series 2010B Bonds” and, together with the Series 2010A Bonds, the “Series 2010A&B Bonds”) all of which remain Outstanding and which Series 2010A&B Bonds constitute “Bonds” within the meaning of the Bond Resolution; and

WHEREAS, the Authority has determined that it is in the best interests of the Authority and the Additional Units PPA Project Power Purchasers that a portion of the Cost of Acquisition and Construction of the PPA Project Portion of the Authority’s Ownership Interest be able to be financed through the Federal Loan Option; and

WHEREAS, subsection 2 of Section 1001 of the Bond Resolution provides that notwithstanding any other provision of the Bond Resolution, at any time or from time to time, a Supplemental Resolution of the Authority may be adopted for the purpose of amending the Bond Resolution in any respect determined by the Authority to be necessary or desirable in order to accommodate the Federal Loan Option, and that any such Supplemental Resolution shall be fully effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority and the occurrence of each of the conditions set forth in said subsection 2 of Section 1001 of the Bond Resolution; and

WHEREAS, clause (1) of subsection 1 of Section 1001 of the Bond Resolution provides that at any time or from time to time, a Supplemental Resolution of the Authority may be adopted, which, upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority, shall be fully effective in accordance with its terms to, among other things, cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Bond Resolution; and

WHEREAS, the Authority has determined that it is necessary and desirable and in the best interests of the Authority and the Additional Units PPA Project Power Purchasers that the Bond Resolution be amended and restated in the manner provided herein, in order to (a) accommodate the Federal Loan Option and (b) cure certain ambiguities or cure or correct certain defects or inconsistent provisions in the Bond Resolution;

NOW THEREFORE, BE IT RESOLVED by the Authority that the Bond Resolution shall be amended and restated to read in its entirety as set forth herein upon the date on which (i) each of the conditions set forth in subsection 2 of Section 1001 of the Bond Resolution shall have occurred and (ii) the DOE Guarantee (as defined in the DOE Loan Guarantee Agreement) shall have been issued (such date being herein referred to as the “Effective Date”).

ARTICLE I

DEFINITIONS AND STATUTORY AUTHORITY

101. ***Supplemental Resolution.*** This Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution is supplemental to the Bond Resolution, and constitutes a “Supplemental Resolution” within the meaning of the Bond Resolution.

102. ***Definitions.*** The following terms shall, for all purposes of the Resolution, have the following meanings:

Accreted Value shall mean, as of any date of computation with respect to any Capital Appreciation Bond, an amount equal to the principal amount of such Bond plus the interest accrued on such Bond from the date of original issuance of such Bond to the periodic date specified in the Supplemental Resolution authorizing such Capital Appreciation Bond on which interest on such Bond is to be compounded (hereinafter, a *Periodic Compounding Date*) immediately preceding the date of computation or the date of computation if a Periodic Compounding Date, such interest to accrue at the interest rate per annum of the Capital Appreciation Bonds set forth in the Supplemental Resolution authorizing such Bonds, compounded periodically on each Periodic Compounding Date, plus, if such date of computation shall not be a Periodic Compounding Date, a portion of the difference between the Accreted Value as of the immediately preceding Periodic Compounding Date (or the date of original issuance if the date of computation is prior to the first Periodic Compounding Date succeeding the date of original issuance) and the Accreted Value as of the immediately succeeding Periodic Compounding Date, calculated based upon an assumption that, unless otherwise provided in the Supplemental Resolution authorizing such Capital Appreciation Bonds, Accreted Value accrues in equal daily amounts on the basis of a year consisting of twelve 30-day months.

Accrued Aggregate Debt Service shall mean, as of any date of calculation, an amount equal to the sum of the amounts of accrued Debt Service with respect to all Series of Bonds and all Parity Reimbursement Obligations, calculating the accrued Debt Service with respect to the Bonds of each Series and each Parity Reimbursement Obligation at an amount equal to the sum of (i) interest on the Bonds of such Series or such Parity Reimbursement Obligation accrued and unpaid and to accrue to the end of the then current calendar month and (ii) Principal Installments of the Bonds of such Series or such

Parity Reimbursement Obligation due and unpaid (without giving effect to any declaration of the principal of all Bonds Outstanding, and the interest accrued thereon, to be due and payable immediately following the occurrence of a Bondholders' Event of Default as provided in Section 801 hereof) and that portion of the Principal Installment thereof next due which would have accrued (if deemed to accrue in the manner set forth in the definition of *Debt Service*) to the end of such calendar month; *provided, however*, that (x) there shall be excluded from the calculation of Accrued Aggregate Debt Service any Principal Installments which are Refundable Principal Installments, (y) the principal and interest portions of the Accreted Value of Capital Appreciation Bonds shall be included in the calculation of Accrued Aggregate Debt Service at the times and in the manner provided in subsection 1 of Section 207 and (z) with respect to Variable Rate Bonds and Parity Commercial Paper Notes, interest on such Variable Rate Bonds and Parity Commercial Paper Notes shall be calculated at the actual rate or rates borne thereby during the period for which such calculation is made unless the Authority has in connection with any such Variable Rate Bonds or Parity Commercial Paper Notes entered into a Qualified Hedging Contract that provides that, in respect of a notional amount equal to the Outstanding principal amount of such Variable Rate Bonds or Parity Commercial Paper Notes, the Authority is to pay to a Qualified Hedging Contract Provider an amount determined based upon a fixed rate of interest and the Qualified Hedging Contract Provider is to pay to the Authority an amount determined based upon a variable rate of interest equal or comparable to the rate at which such Variable Rate Bonds or Parity Commercial Paper Notes bear interest, in which case, it will be assumed that such Variable Rate Bonds or Parity Commercial Paper Notes bear interest at the fixed rate of interest to be paid by the Authority; and *provided, further*, that in the event that the Bonds of any Series (or any portion thereof) shall constitute Build America Bonds, then until such time, if any, as the Authority, for whatever reason, no longer receives cash subsidy payments from the United States Treasury in respect of the interest payable on such Bonds, for purposes of this definition, the interest on the Bonds of such Series shall be calculated net of the amount of such subsidy.

Act shall mean that certain Act of the 1975 Session of the General Assembly of the State of Georgia compiled and published in Ga. L. 1975, p. 107, *et seq.*, as amended, O.C.G.A. Section 46-3-110, *et seq.*

Additional Compensation Obligation shall have the meaning assigned to the term "Buyer's Additional Compensation Obligation" in Section 203 of the Initial Power Purchase Agreement.

Additional Units shall mean the two additional nuclear units to be located at Plant Vogtle pursuant to the Development Agreement.

Additional Units Non-PPA Project shall mean (1) a percentage undivided ownership interest in the Authority's Interest in an amount equal to the Non-PPA Project Portion thereof and (2) working capital for the Additional Units Non-PPA Project required by the Authority during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Additional Units Non-PPA Project for operation of the Additional Units; *provided, however*, that in the event that the amendment and restatement of the Additional Units Non-PPA Project Resolution provided for in the Second Amended and Restated Additional Units Non-PPA Project

Bond Resolution adopted by the Authority on the date of adoption of this Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution shall become effective, then “*Additional Units Non-PPA Project*” shall mean (a) all of the Authority’s right, title and interest (whether direct or indirect) in and to the capacity and output of such percentage undivided ownership interest in the Authority’s Interest and (b) working capital for the Additional Units Non-PPA Project required by the Authority and the Non-PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Additional Units Non-PPA Project for operation of the Additional Units. The Additional Units Non-PPA Project is referred to sometimes as “Project M.”

Additional Units Non-PPA Project Resolution shall mean the Plant Vogtle Additional Units Non-PPA Project Bond Resolution adopted by the Authority on October 16, 2008, as from time to time amended or supplemented in accordance with the terms thereof.

Additional Units PPA Power Sales Contracts shall mean the Plant Vogtle Additional Units PPA Power Sales Contracts dated as of June 15, 2008 by and between the Authority and the Additional Units PPA Project Participants, relating to the Additional Units PPA Project and entered into pursuant to the Act, as such Contracts hereafter may be amended in accordance with the terms thereof and of the Resolution.

Additional Units PPA Project shall mean (1) all of the Authority’s right, title and interest (whether direct or indirect) in and to the capacity and output of the PPA Project Entity’s Ownership Interest, such right, title and interest of the Authority being available to the Authority pursuant to the PPA Project Power Purchase Agreement and (2) working capital for the Additional Units PPA Project required by the Authority and the PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Additional Units PPA Project for operation of the Additional Units. The Additional Units PPA Project is referred to sometimes as “Project J.”

Additional Units PPA Project Annual Budget shall mean the annual budget, as amended or supplemented, adopted or in effect for a particular calendar year as provided in Section 709.

Additional Units PPA Project Participant shall mean each of the political subdivisions of the State of Georgia identified on Schedule A hereto.

Additional Units PPA Project Participant Arrearages Fund shall mean the Additional Units PPA Project Participant Arrearages Fund provided for by subsection 3 of Section 502.

Additional Units PPA Project Participant Arrearages Payment shall mean any payment received by the Authority from an Additional Units PPA Project Participant under its Additional Units PPA Power Sales Contract in respect of any amount due thereunder that was not paid when due.

Additional Units PPA Project Participant Resale Revenues shall mean any payments received by the Authority as a result of the resale of all or any portion of the power, energy or other service from the PPA Project Entity's Ownership Interest that an Additional Units PPA Project Participant previously was entitled to receive following the discontinuance of service (whether or not permanent) to such Additional Units PPA Project Participant under its Additional Units PPA Power Sales Contract as a result of a default by such Additional Units PPA Project Participant thereunder (including, without limitation, any such resale to any one or more of the other Additional Units PPA Project Participants, except that if any such resale to any other Additional Units PPA Project Participant shall be made in accordance with Section 507 of the Additional Units PPA Power Sales Contracts and the purchasing Additional Units PPA Project Participant shall not be in default in the making of any payment under its Additional Units PPA Power Sales Contract, then such payments made by such purchasing Additional Units PPA Project Participant shall not constitute Additional Units PPA Project Participant Resale Revenues).

Additional Units PPA Project Participants' Debt Service Commencement Date shall mean the date on which the Additional Units PPA Project Participants' obligation to pay amounts in respect of Debt Service under (and as defined in) the Additional Units PPA Power Sales Contracts shall commence.

Additional Units PPA Project Power Contracts shall mean, collectively, the Initial Power Purchase Agreement and the Additional Units PPA Power Sales Contracts.

Additional Units PPA Project Power Purchasers shall mean (a) the Initial Power Purchaser during the term of the Initial Power Purchase Agreement and (b) collectively, the Additional Units PPA Project Participants during the terms of the Additional Units PPA Power Sales Contracts; and an *Additional Units PPA Project Power Purchaser* shall mean (x) the Initial Power Purchaser during the term of the Initial Power Purchase Agreement or (y) an Additional Units PPA Project Participant during the term of its Additional Units PPA Power Sales Contract.

Additional Units PPA-2 Project shall mean (1) a percentage undivided ownership interest in the Authority's Interest in an amount equal to the PPA-2 Project Portion thereof and (2) working capital for the Additional Units PPA-2 Project required by the Authority during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Additional Units PPA-2 Project for operation of the Additional Units; *provided, however*, that in the event that the amendment and restatement of the Additional Units PPA-2 Project Resolution provided for in the Second Amended and Restated Additional Units PPA-2 Project Bond Resolution adopted by the Authority on the date of adoption of this Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution shall become effective, then "*Additional Units PPA-2 Project*" shall mean (a) all of the Authority's right, title and interest (whether direct or indirect) in and to the capacity and output of such percentage undivided ownership interest in the Authority's Interest and (b) working capital for the Additional Units PPA-2 Project required by the Authority and the PPA-2 Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Additional Units PPA-2

Project for operation of the Additional Units. The Additional Units PPA-2 Project is referred to sometimes as “Project P.”

Additional Units PPA-2 Project Resolution shall mean the Plant Vogtle Additional Units PPA-2 Project Bond Resolution adopted by the Authority on October 16, 2008, as from time to time amended or supplemented in accordance with the terms thereof.

Additional Units Project Agreements shall mean the Development Agreement, the Nuclear Managing Board Agreement, the Operating Agreement and the Ownership Agreement.

Adjusted Aggregate Debt Service for any period shall mean, as of any date of calculation, the Aggregate Debt Service for such period except that if any Refundable Principal Installment for any Series of Bonds is included in Aggregate Debt Service for such period, Adjusted Aggregate Debt Service shall mean Aggregate Debt Service determined as if each such Refundable Principal Installment had been payable, over a period extending from the due date of such Principal Installment through the later of (x) the 40th anniversary of the issuance of such Series of Bonds or (y) the 10th anniversary of the due date of such Refundable Principal Installment, in installments which would have required equal annual payments of principal and interest over such period. Interest deemed payable in any calendar year after the actual due date of any Refundable Principal Installment of any Series of Bonds shall be calculated at such rate of interest as the Authority, or a banking or financial institution selected by the Authority, determines would be a reasonable estimate of the rate of interest that would be borne on Bonds maturing at the times determined in accordance with the provisions of the preceding sentence.

Advance shall mean an advance or borrowing of the Federal Loan made pursuant to the Federal Loan Documents from FFB.

Aggregate Debt Service for any period shall mean, as of any date of calculation, the sum of the amounts of Debt Service for such period with respect to all Series of Bonds and all Parity Obligations.

Authority shall mean the Municipal Electric Authority of Georgia, a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia organized and existing under the Act.

Authority's Interest shall mean the percentage undivided ownership interest in the properties, facilities and rights described in Attachment A hereto.

Authority's Portion shall mean, as of any date of determination, a fraction the numerator of which is the aggregate principal amount of all Bonds Outstanding as of such date and the denominator of which is the sum of (a) the aggregate principal amount of all Bonds Outstanding as of such date and (b) the aggregate principal amount of the Federal Loan outstanding as of such date.

Authority's Reserve and Contingency Requirement shall mean an amount equal to the portion of the Reserve and Contingency Requirement specified as such in the definition of *Reserve and Contingency Requirement* contained in this Section 102.

Authorized Newspaper shall mean a newspaper customarily published at least once a day for at least five days (other than legal holidays) in each calendar week, printed in the English language and of general circulation in the Borough of Manhattan, City and State of New York.

Authorized Officer of the Authority shall mean the Chairman, Vice-Chairman, Secretary-Treasurer, any Assistant Secretary-Treasurer, the President and Chief Executive Officer, any Vice President or any officer or employee of the Authority authorized to perform specific acts or duties by resolution duly adopted by the Authority.

Bank shall mean any (i) bank or trust company organized under the laws of any state of the United States of America, (ii) national banking association, (iii) savings bank or savings and loan association chartered or organized under the laws of any state of the United States of America or (iv) federal branch or agency pursuant to the International Banking Act of 1978 or any successor provision of law, or domestic branch or agency of a foreign bank, which branch or agency is duly licensed or authorized to do business under the laws of any state or territory of the United States of America.

Board shall mean the governing body of the Authority consisting of the Members (as defined in the Act).

Bond or *Bonds* shall mean any bonds, notes or other evidences of indebtedness, as the case may be, authenticated and delivered under and outstanding pursuant to the Resolution but shall not mean Parity Obligations, Commercial Paper Notes, Subordinated Bonds or Subordinated Obligations.

Bond Anticipation Notes shall mean any Bonds issued to finance or refinance Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest and Financing Costs of the Additional Units PPA Project on an interim basis prior to the issuance of other Bonds, which Bond Anticipation Notes shall be issued in the form of notes the principal of which is intended to, and all or a portion of the interest on which may, be paid from the proceeds of other Bonds (including, without limitation, other Bond Anticipation Notes and PPA Take-Out Bonds), including, without limitation, any notes issued to secure borrowing arrangements. As such, the Principal Installments for Bond Anticipation Notes initially shall be and constitute Refundable Principal Installments. Bond Anticipation Notes shall not be or be deemed to be "bond anticipation notes" within the meaning of the Act.

Bond Registrar shall mean any institution appointed by the Authority to perform the duties of Bond Registrar enumerated in Section 703 with respect to any Series of Bonds.

Bondholder or *Holder of Bonds* shall mean the registered owner of any Bond or Bonds as shown on the books for the registration and transfer of Bonds maintained in accordance with Section 703.

Bondholders' Event of Default shall have the meaning provided in Section 801.

Bondholders' Trust Estate shall mean (i) the proceeds of the sale of the Bonds, (ii) all Funds established by the Resolution, including the investments, if any, thereof, other than the Revenue Fund, the Initial Power Purchaser Arrearages Fund and the Additional Units PPA Project Participant Arrearages Fund and (iii) all cash subsidy payments received by the Authority from the United States Treasury in respect of the interest payable on any Build America Bonds.

Build America Bonds shall mean any Bonds with respect to which the Authority has irrevocably elected, pursuant to Section 54AA(g) of the Internal Revenue Code of 1986, as amended, or any other similar federal program creating subsidies for municipal borrowers for which the Authority qualifies, to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on such Bonds.

Business Day shall mean any day, other than a Saturday or Sunday, on which the principal office of the Authority, the principal corporate trust office of the Trustee and the Federal Reserve Bank of New York are open for business during their respective normal business hours.

Capital Appreciation Bonds shall mean any Bonds issued under the Resolution as to which interest is (i) compounded periodically on dates that are specified in the Supplemental Resolution authorizing such Capital Appreciation Bonds and (ii) payable only at the maturity, earlier redemption or other payment thereof pursuant to the Resolution or the Supplemental Resolution authorizing such Capital Appreciation Bonds.

Commercial Operation Date shall mean, with respect to an Additional Unit, the date on which such Additional Unit achieves "Commercial Operation" within the meaning of the Operating Agreement. The Authority shall notify the Trustee promptly following the occurrence of the Commercial Operation Date of each Additional Unit.

Commercial Paper Note shall mean any note that has a maturity date not more than 270 days after the date of issuance thereof and that is issued by the Authority pursuant to a Supplemental Resolution that designates such note as a Commercial Paper Note.

Commercial Paper Payment Plan shall mean, with respect to any Commercial Paper Notes issued under a Supplemental Resolution and as of any time, the then current Commercial Paper Payment Plan for such notes contained in a certificate of an Authorized Officer of the Authority delivered pursuant to Section 206 hereof and setting forth the sources of funds expected to be utilized by the Authority to pay the principal of and interest on such Commercial Paper Notes.

Construction Fund shall mean the Construction Fund established in subsection 1 of Section 502.

Costs of Acquisition and Construction shall mean, to the extent not included in the Plant Vogtle Additional Units PPA Project Annual Costs, all actual costs and expenses incurred by or for the account of the Authority or the PPA Project Entity for the planning,

designing, acquiring, constructing, and installing the PPA Project Entity's Ownership Interest, including, without limitation, any major renewals, replacements, repairs, additions, betterments or improvements necessary, in the opinion of the Authority or the PPA Project Entity, to keep the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, placing the PPA Project Entity's Ownership Interest in operation, disposing of the PPA Project Entity's Ownership Interest, and obtaining governmental approvals, certificates, permits and licenses with respect thereto heretofore or hereafter paid or incurred by, or for the account of, the Authority or the PPA Project Entity, as applicable, including, without limitation, the following:

(a) working capital reserves in such reasonable amounts as may be established by the Authority or the PPA Project Entity for the PPA Project Entity's Ownership Interest (including working capital reserves held in (i) funds or accounts established under the Resolution and (ii) accounts established under the DOE Accounts Agreement);

(b) acquisition of initial inventories or prepayment of Fuel for the PPA Project Entity's Ownership Interest and working capital and reserves therefor and working capital and reserves for additional inventories or prepayment of Fuel for the PPA Project Entity's Ownership Interest held by, or for the account of, either the Authority or the PPA Project Entity;

(c) charges related to processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity's Ownership Interest, including, without limitation, the following: (i) Fuel storage facilities, including spent fuel storage facilities, and (ii) working capital and reserves related to acquisition, processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity's Ownership Interest;

(d) reserves for renewals and replacements, retirement from service, or disposal of any facility of the PPA Project Entity's Ownership Interest and contingencies held by, or for the account of, either the Authority or the PPA Project Entity;

(e) training and testing costs incurred by the Authority or the PPA Project Entity attributable to the PPA Project Entity's Ownership Interest;

(f) preliminary investigation and development costs, engineering fees, contractors' fees, costs of labor, materials, equipment, utility services and supplies and legal costs attributable to the PPA Project Entity's Ownership Interest and the Additional Units PPA Project;

(g) all costs of insurance applicable to the period of construction of the PPA Project Entity's Ownership Interest; and

(h) amounts necessary to provide funds for contribution to the PPA Project Entity to repay Advances when due (whether at the maturity of principal or upon prepayment) on the Federal Loan and to reacquire from the PPA Project Entity the

PPA Project Entity's Ownership Interest at such time as (i) the principal of, and interest and prepayment premiums, if any, due or to become due on, and all other amounts due with respect to, the Federal Loan shall have been paid, at the times and in the manner stipulated in the DOE Loan Guarantee Agreement and the other Federal Loan Documents, as applicable and (ii) the PPA Project Entity shall have satisfied all of its obligations under the DOE Loan Guarantee Agreement and the other Federal Loan Documents, as applicable (and no undisbursed commitments remain available thereunder).

Costs of Acquisition and Construction shall also include all other costs, except Financing Costs, incurred by the Authority or the PPA Project Entity and properly allocable to planning, designing, acquiring, constructing and installing the PPA Project Entity's Ownership Interest and the establishment of the Additional Units PPA Project including, without limitation, (i) all costs associated with the transfer to the PPA Project Entity of the PPA Project Entity's Ownership Interest and the entry by the PPA Project Entity into the DOE Loan Guarantee Agreement and the other Federal Loan Documents, (ii) the Additional Costs as described and defined in Section 2.2 of the Development Agreement attributable to the PPA Project Entity's Ownership Interest, (iii) amounts required to reimburse the Additional Units PPA Project Power Purchasers for amounts paid by them in respect of the payment of the principal of maturing Bond Anticipation Notes and PPA Take-Out Bonds, and (iv) amounts required to be repaid, reimbursed or otherwise paid by the Authority to the Initial Power Purchaser pursuant to any provision of the Initial Power Purchase Agreement at the end of the Term thereof (as such term is defined therein).

Credit Facility shall mean, with respect to any Bonds, any letter of credit, policy of bond insurance, surety bond, guarantee or similar instrument issued by a Credit Provider pursuant to which such Credit Provider becomes unconditionally obligated to pay when due, to the extent not paid by the Authority or otherwise, the principal of and interest on such Bonds.

Credit Provider shall mean any Bank, insurance company or other institution that has issued or provided a Credit Facility.

Dalton shall mean the City of Dalton, Georgia.

Debt Service for any period shall mean, as of any date of calculation, the sum of (i) with respect to the Bonds of any Series, an amount equal to the sum of (a) interest accruing during such period on Bonds of such Series, except to the extent that such interest is to be paid from deposits in the Debt Service Account in the Debt Service Fund made from proceeds of Bonds or Subordinated Bonds or other evidences of indebtedness of the Authority (including, without limitation, amounts transferred thereto from the Construction Fund) and (b) that portion of each Principal Installment for such Series which would accrue during such period if such Principal Installment were deemed to accrue daily in equal amounts from the immediately preceding Principal Installment due date for such Series (or, if (x) there shall be no such preceding Principal Installment due date or (y) such preceding Principal Installment due date is more than one year prior to the due date of such Principal Installment, then from a date one year preceding the due date of such Principal Installment or from the date of issuance of the Bonds of such Series, whichever date is later), (ii) with respect to each Parity Reimbursement

Obligation, an amount equal to the sum of (a) interest accruing during such period on such Parity Reimbursement Obligation and (b) that portion of each Principal Installment for such Parity Reimbursement Obligation which would accrue during such period if such Principal Installment were deemed to accrue daily in equal amounts from the immediately preceding Principal Installment due date for such Parity Reimbursement Obligation (or, if (x) there shall be no such preceding Principal Installment due date or (y) such preceding Principal Installment due date is more than one year prior to the due date of such Principal Installment, then from a date one year preceding the due date of such Principal Installment or from the date of incurrence of such Parity Reimbursement Obligation, whichever date is later) and (iii) with respect to each Parity Obligation (other than any Parity Reimbursement Obligation), an amount equal to the sum of all amounts payable thereunder by the Authority during such period, except to the extent that interest on any such Parity Obligation is to be paid from deposits in the Debt Service Account in the Debt Service Fund made from proceeds of Bonds or Subordinated Bonds or other evidences of indebtedness of the Authority (including amounts transferred thereto from the Construction Fund). For purposes of this definition, (1) unless otherwise provided in the Supplemental Resolution authorizing any such Bonds or Parity Reimbursement Obligations, such interest and Principal Installments shall be calculated on the basis of a 360-day year consisting of twelve (12) thirty (30)-day months and (2) such interest and Principal Installments on Bonds and Parity Reimbursement Obligations shall be calculated on the assumptions that:

(A) no such Bonds (except for Option Bonds actually tendered for payment prior to the stated maturity thereof and paid, or to be paid, from Revenues) or Parity Reimbursement Obligations Outstanding at the date of calculation will cease to be Outstanding except, in the case of Bonds, by reason of the payment thereof upon stated maturity or upon mandatory redemption by application of Sinking Fund Installments and, in the case of Parity Reimbursement Obligations, by reason of the payment thereof upon the stated due dates thereof,

(B) the principal amount of Option Bonds tendered for payment before the stated maturity thereof and paid, or to be paid, from Revenues, shall be deemed to accrue on the date required to be paid pursuant to such tender,

(C) the principal and interest portions of the Accreted Value of Capital Appreciation Bonds shall be included in the calculation of Debt Service at the times and in the manner provided in subsection 1 of Section 207,

(D) Parity Commercial Paper Notes shall be deemed to be Bonds for purposes of this definition but the principal thereof shall be included in Debt Service only to the extent that the Commercial Paper Payment Plan therefor indicates that such principal is to be paid from Revenues,

(E) Variable Rate Bonds and Parity Commercial Paper Notes will bear interest at the rate or rates which were assumed by the Authority in the Additional Units PPA Project Annual Budget for the applicable year to be borne by Variable Rate Bonds and Parity Commercial Paper Notes, respectively, during such year; *provided, however*, that if Debt Service is being calculated in connection with the

issuance of Variable Rate Bonds, for the purpose of determining the Debt Service Reserve Requirement upon the issuance of such Variable Rate Bonds, and either (i) no Additional Units PPA Project Annual Budget shall be in effect for the year in which such Variable Rate Bonds are being issued or (ii) the Additional Units PPA Project Annual Budget in effect for such year does not take into account such Variable Rate Bonds being issued, then such Variable Rate Bonds shall be deemed to bear interest at such rate or rates as the Board shall determine in connection with the authorization of such Variable Rate Bonds, which rate or rates shall be equal to the interest rate or rates that would have been assumed by the Authority with respect to such Variable Rate Bonds being issued if it were considering an Additional Units PPA Project Annual Budget for the applicable year at such time; and *provided, further*, that if the Authority has in connection with any Variable Rate Bonds or Parity Commercial Paper Notes entered into a Qualified Hedging Contract that provides that, in respect of a notional amount equal to the Outstanding principal amount of the Variable Rate Bonds or Parity Commercial Paper Notes, the Authority is to pay to a Qualified Hedging Contract Provider an amount determined based upon a fixed rate of interest and the Qualified Hedging Contract Provider is to pay to the Authority an amount determined based upon a variable rate of interest equal or comparable to the rate at which such Variable Rate Bonds or Parity Commercial Paper Notes bear interest, it will be assumed that such Variable Rate Bonds or Parity Commercial Paper Notes bear interest at the fixed rate of interest to be paid by the Authority, and

(F) fixed rate Bonds will bear interest at the rate or rates specified in such Bonds; *provided, however*, that if the Authority has in connection with any such Bonds entered into a Qualified Hedging Contract that provides that, in respect of a notional amount equal to the Outstanding principal amount of such Bonds, the Authority is to pay to a Qualified Hedging Contract Provider an amount determined based upon a variable rate of interest and the Qualified Hedging Contract Provider is to pay to the Authority an amount determined based upon a fixed rate of interest equal to the rate or rates at which such Bonds bear interest, it will be assumed that such Bonds bear interest at the variable rate of interest to be paid by the Authority.

Debt Service Fund shall mean the Debt Service Fund established in subsection 1 of Section 502.

Debt Service Reserve Requirement shall mean, as of any date of calculation, an amount equal to the greatest amount of Adjusted Aggregate Debt Service for the then current or any future calendar year; *provided, however*, that in the event that, in the opinion of tax counsel to the Authority, the amount of the proceeds of the Bonds of any Series that may be used to fund an increase in the Debt Service Reserve Requirement is limited under applicable federal income tax laws and regulations, then in no event may the increase in the Debt Service Reserve Requirement resulting from the issuance of such Bonds exceed the maximum amount of the proceeds of such Bonds that may, in the opinion of tax counsel to the Authority, be deposited to the Debt Service Reserve

Account under such applicable federal income tax laws and regulations. For purposes of the calculation of the Debt Service Reserve Requirement:

(a) the Debt Service Reserve Requirement shall take into account any Series of Bonds only for so long as any Bonds of such Series shall remain Outstanding, but Bond Anticipation Notes and PPA Take-Out Bonds shall not be deemed to be Bonds for purposes of this definition;

(b) in the event that the Bonds of any Series (or any portion thereof) shall constitute Build America Bonds, then until such time, if any, as the Authority, for whatever reason, no longer receives cash subsidy payments from the United States Treasury in respect of the interest payable on such Bonds, for purposes of this definition, the interest on the Bonds of such Series shall be calculated net of the amount of such subsidy; *provided, however*, that if at any time the specified percentage of the interest payable on such Bonds represented by such subsidy shall be permanently reduced, then the amount of the Debt Service Reserve Requirement shall be increased to reflect the amount of interest payable on such Bonds that no longer is payable to the Authority by the United States Treasury, and such increase shall be deemed to accrue in equal monthly amounts over the five-year period that commences on the first day of the first month following the date on which such specified percentage is so reduced; and *provided, further*, that in the event that the Authority, for whatever reason, ceases to receive cash subsidy payments from the United States Treasury in respect of the interest payable on any such Bonds, then the amount of the Debt Service Reserve Requirement shall be increased to reflect the full amount of interest payable on such Bonds, and such increase shall be deemed to accrue in equal monthly amounts over the five-year period that commences on the first day of the first month following the date on which the Authority does not receive the first such cash subsidy payment that it theretofore was qualified to receive;

(c) except as provided in the following clause (d), the Debt Service for the Bonds of any Series shall be calculated as of the date of original issuance of the Bonds of such Series; and

(d) in the event that the Bonds of any Series shall be refunded in whole or in part, the Debt Service Reserve Requirement shall be recalculated, assuming that the refunding Bonds and the Bonds (if any) of the refunded Series to remain Outstanding upon the issuance of the refunding Bonds are part of the same Series.

Defeasance Security shall mean:

(a) any bond or other obligation which as to principal and interest constitutes a direct obligation of, or is unconditionally guaranteed by, the United States of America,

(b) any obligation of any state or political subdivision of a state or of any agency or instrumentality of any state or political subdivision (a *Municipal Bond*) which Municipal Bond is fully secured as to principal and interest by an irrevocable pledge of moneys or direct and general obligations of, or obligations

guaranteed by, the United States of America, which moneys or obligations are segregated in trust and pledged for the benefit of the holder of the Municipal Bond, and which Municipal Bond is rated in the highest Rating Category by at least two Rating Agencies, *provided, however*, that such Municipal Bond shall have been the subject of a report of a nationally recognized independent certified accountant or other nationally recognized verification agent verifying that the moneys and obligations so segregated are sufficient to pay the principal of and premium, if any, and interest on the Municipal Bond,

(c) any certificate of deposit, whether negotiable or nonnegotiable, fully secured as to principal and interest by bonds or other obligations of the character described in (a) above,

(d) any certificate that evidences ownership of the right to payments of principal and/or interest on obligations described in either of clause (a) or (b) above of this definition, *provided, however*, that such obligations shall be held in trust by a Bank authorized to exercise corporate trust powers and subject to supervision or examination by federal, state, territorial or District of Columbia authority and having a combined capital, surplus and undivided profits of not less than \$50,000,000, and

(e) any other security designated in a Supplemental Resolution as a Defeasance Security for purposes of defeasing the Bonds authorized by such Supplemental Resolution.

Depository shall mean any Bank selected by the Authority as a depository of moneys and securities held under the provisions of the Resolution, and may include the Trustee.

Development Agreement shall mean the Plant Vogtle Owners Agreement Authorizing Development, Construction, Licensing and Operation of Additional Generating Units dated as of May 13, 2005, as such Agreement has been revised, restated, supplemented and/or amended and as it may be further revised, restated, supplemented and/or amended from time to time in accordance with its terms and as permitted by the terms of the Resolution, the Additional Units PPA-2 Project Resolution and the Additional Units Non-PPA Project Resolution.

DOE shall mean the United States Department of Energy, as guarantor of the Federal Loan.

DOE Accounts Agreement shall mean the Collateral Agency and Accounts Agreement to be entered into among DOE, the DOE Collateral Agent and the PPA Project Entity, as the same may be amended, supplemented or restated from time to time in accordance with the terms thereof.

DOE Collateral Agent shall mean PNC Bank, National Association, doing business as Midland Loan Services, a division of PNC Bank, National Association, or any successor thereto, in its capacity as Collateral Agent for DOE.

DOE Debt Service Payment Account shall mean the “DOE Debt Service Payment Account” established pursuant to the DOE Accounts Agreement.

DOE Debt Service Reserve Account shall mean the “DOE Debt Service Reserve Account” established pursuant to the DOE Accounts Agreement.

DOE Debt Service Reserve Requirement shall have the meaning assigned to the term “Debt Service Reserve Requirement” in the DOE Loan Guarantee Agreement.

DOE Debt Termination Date shall have the meaning assigned to the term “Debt Termination Date” in the DOE Loan Guarantee Agreement.

DOE Loan Guarantee Agreement shall mean the Loan Guarantee Agreement to be entered into between the PPA Project Entity and DOE, as the same may be amended, supplemented or restated from time to time in accordance with the terms thereof.

DOE Project Accounts shall have the meaning assigned to the term “Project Accounts” the DOE Accounts Agreement.

DOE Reserve & Contingency Account shall mean the “DOE Reserve & Contingency Account” established pursuant to the DOE Accounts Agreement.

DOE Revenue Account shall mean the “DOE Revenue Account” established pursuant to the DOE Accounts Agreement.

DOE Secured Parties shall mean DOE and the DOE Collateral Agent, as their respective interests may appear.

Federal Loan shall mean the loan (and Advances thereunder) obtained by the PPA Project Entity that are guaranteed in whole or in part pursuant to the DOE Loan Guarantee Agreement with respect to the financing of Costs of Acquisition and Construction of the PPA Project Entity’s Ownership Interest.

Federal Loan Debt Service Payments shall mean the amounts the Authority is required to pay in respect of Debt Service (as defined in the PPA Project Power Purchase Agreement) on the Federal Loan.

Federal Loan Documents shall have the meaning assigned to the term “Loan Documents” in the DOE Loan Guarantee Agreement.

Federal Loan Event of Default shall have the meaning provided in Section 901.

Federal Loan Option shall mean the program authorized by Title XVII of the federal Energy Policy Act of 2005, pursuant to which certain loan guarantees provided by DOE are made available with respect to, among other things, “advanced nuclear energy facilities.”

FFB shall mean the Federal Financing Bank, a body corporate and instrumentality of the United States of America.

Fiduciary or Fiduciaries shall mean the Trustee, the Paying Agents or any or all of them, as may be appropriate.

Financial Guaranty shall mean one or more of an irrevocable and unconditional policy of insurance or surety bond in full force and effect issued by an insurance company or association duly authorized to do business in the State of New York and the State of Georgia the financial strength of which, except as provided in subsection 5 of Section 507, is rated in the highest rating category by Moody's Investors Service, Standard & Poor's, Fitch Ratings and, if rated by A.M. Best & Company, A.M. Best & Company, and providing for the payment thereunder of moneys when required pursuant to the Resolution.

Financing Costs shall mean all financing costs related to the Additional Units PPA Project that may be financed from the proceeds of Bonds or Subordinated Bonds or the Federal Loan, including, but without limitation, the following:

(a) costs of issuance, including, without limitation, underwriting fees, bank commitment and letter of credit fees, legal and financial advisory fees, bond insurance and indemnity fees, and any payments on Qualified Hedging Contracts including, without limitation, (i) any periodic "net" payments accruing in whole or in part prior to and during construction and for such additional period as the Authority may reasonably determine to be necessary in connection with the placing of the PPA Project Entity's Ownership Interest in operation, and (ii) any swap premium or swap termination payment;

(b) interest accruing in whole or in part on Bonds or Subordinated Bonds or the Federal Loan prior to and during construction (or, in the case of Bonds or Subordinated Bonds issued or Advances made to finance Fuel, interest accruing in whole or in part on such Bonds or Subordinated Bonds or such Advances prior to the loading of such Fuel in the reactor) and for such additional period as the Authority may reasonably determine to be necessary in connection with the placing of the PPA Project Entity's Ownership Interest in operation in accordance with the provisions of the Resolution, including, without limitation, any major renewals, replacements, repairs, additions, betterments or improvements or modifications with respect to the PPA Project Entity's Ownership Interest of a particular Additional Unit undertaken following the Commercial Operation Date of such Additional Unit;

(c) the deposit or deposits from the proceeds of Bonds or Subordinated Bonds issued, or Advances made, to finance such costs in any Fund or Account established pursuant to the Resolution or the Federal Loan Documents to meet debt service reserve requirements for Bonds or Subordinated Bonds or the Federal Loan, or replenishment of such funds if drawn down; and

(d) any other fees, costs and expenses of financing for the Bonds or Subordinated Bonds or the Federal Loan.

Fuel shall mean the nuclear materials required for the operation of the Additional Units, including, without limitation, the initial nuclear fuel cores.

GPC shall mean Georgia Power Company.

Initial Power Purchase Agreement shall mean the Power Purchase Agreement, dated as of May 12, 2008, between the Authority and the Initial Power Purchaser, as heretofore amended and as such Agreement may hereafter be amended or supplemented from time to time as permitted therein and herein.

Initial Power Purchaser shall mean JEA, a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida, and any permitted successors and assigns.

Initial Power Purchaser Arrearages Fund shall mean the Initial Power Purchaser Arrearages Fund provided for by subsection 2 of Section 502.

Initial Power Purchaser Arrearages Fund Establishment Date shall mean the day that is the fifth (5th) Business Day following the first date (if any) on which the Initial Power Purchaser shall fail to pay in full when due any payment under the Initial Power Purchase Agreement in respect of Plant Vogtle Additional Units PPA Project Annual Costs, but only if such failure shall be continuing on such fifth (5th) following Business Day.

Initial Power Purchaser Arrearages Payment shall mean any payment received by the Authority from the Initial Power Purchaser under the Initial Power Purchase Agreement in respect of any amount due thereunder that was not paid when due.

Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date shall mean the day following the day, if any, on which the Initial Power Purchaser shall have satisfied its obligation to pay all amounts in respect of Debt Service under (and as defined in) the Initial Power Purchase Agreement payable or to become payable through the end of the Term thereof (as such term is defined therein), including, without limitation, any and all payments of such amounts thereunder that theretofore had not been paid when due and all interest thereon payable pursuant to the terms of the Initial Power Purchase Agreement.

Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date shall mean the day following the day on which the Initial Power Purchaser's obligation to pay future accruing Debt Service (as defined in the Initial Power Purchase Agreement) has terminated, and the Initial Power Purchaser shall have no new or additional obligation to pay amounts in respect of Debt Service under the Initial Power Purchase Agreement for either Additional Unit for any series of Bonds, Subordinated Bonds, Parity Obligations or Subordinated Obligations, or for the Federal Loan; it being understood that, pursuant to the Initial Power Purchase Agreement, the Initial Power Purchaser has no responsibility for any new or additional Debt Service that goes unpaid after such date, whether by reason of a default by any of the Additional Units PPA Project Participants in the making of any payment due under its Additional Units PPA Power Sales Contract or otherwise; *provided, however*, that under the Initial Power Purchase Agreement, the Initial Power Purchaser shall continue to be responsible for paying any amount in respect of Debt Service that was not paid when due.

Initial Power Purchaser Resale Revenues shall mean any payments received by the Authority as a result of the resale of all or any portion of the power, energy or other service from the PPA Project Entity's Ownership Interest that the Initial Power Purchaser previously was entitled to receive following the discontinuance of service (whether or not permanent) to the Initial Power Purchaser under the Initial Power Purchase Agreement as a result of a default by the Initial Power Purchaser thereunder, but shall not include any payments received by the Authority as a result of the resale of all or any portion of such power, energy or other service pursuant to a Replacement Sponsor PPA (as such term is defined in the DOE Loan Guarantee Agreement).

Initial Term shall have the meaning assigned to the term "Term" in Section 102 of the Initial Power Purchase Agreement.

Investment Securities shall mean and include any securities, obligations or investments permitted for investment of the Authority's funds from time to time by O.C.G.A. Sections 36-80-3, 36-82-7, 36-83-4 and 50-17-2, as from time to time amended, or any successor provisions thereto, or additional provisions of Georgia law from time to time enacted regarding the investment of funds of the Authority, in each case, upon written notice to the Trustee by the Authority of the amendment of existing provisions or the adoption of successor or additional provisions.

Liquidity Facility shall mean, with respect to any Bonds, any letter of credit, standby bond purchase agreement, line of credit or similar instrument issued by a Liquidity Provider pursuant to which such Liquidity Provider becomes obligated to fund when due, to the extent not paid by the Authority or otherwise, the purchase price of such Bonds due upon tender thereof or, in the case of Commercial Paper Notes, the principal of and interest thereon when due. Such funding obligation may be subject to such conditions as are permitted by the Rating Agency or Rating Agencies in assigning a short-term or commercial paper rating to such Bonds.

Liquidity Provider shall mean any Bank, insurance company or other institution that has issued or provided a Liquidity Facility.

Monthly Reserve and Contingency Deposit shall mean, with respect to any particular calendar year, an amount equal to one-twelfth (or, with respect to the year in which the Commercial Operation Date of the first Additional Unit occurs, a fraction the numerator of which is 1 and the denominator of which is the number of full calendar months remaining in such year following the occurrence of such date) of the greater of (a) the total amount provided in the then current Additional Units PPA Project Annual Budget to be deposited in the Reserve and Contingency Fund and the DOE Reserve & Contingency Account during such calendar year or (b) an amount equal to 10% of the sum of (i) the Aggregate Debt Service for such calendar year on all Bonds other than Bond Anticipation Notes and PPA Take-Out Bonds then Outstanding and all Parity Obligations other than Parity Commercial Paper Notes then outstanding, (ii) the aggregate amount of the principal of and interest on all Subordinated Bonds and all Subordinated Obligations other than Subordinated Commercial Paper Notes then outstanding that is deemed to accrue during such calendar year, assuming that such principal and interest accrue in the same manner as the principal of and interest on Bonds is deemed to accrue as provided in the definition of *Debt Service* contained in this

Section 102 and (iii) the principal and interest payable on the Federal Loan during such calendar year.

MWs shall mean megawatts.

Non-PPA Project Entity shall mean MEAG Power SPVM LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the Non-PPA Project Portion of the Authority's Interest in the Additional Units and that is a wholly-owned, direct subsidiary of the Authority, the business and activities of which shall be limited to the acquisition, construction, ownership and operation of the Non-PPA Project Portion of the Authority's Interest and such other lawful activities as are necessary, customary, convenient, or incident to the purposes specified above.

Non-PPA Project Portion shall mean a 33.870736 percent undivided interest in the Authority's Interest, which interest shall include 169.458 MWs of the capacity and output of the Additional Units, based upon the nominal ratings of the Additional Units as specified on Attachment A hereto.

Nuclear Managing Board Agreement shall mean the Second Amended and Restated Nuclear Managing Board Agreement dated as of April 21, 2006 among GPC, OPC, the Authority and Dalton, as such Agreement has been revised, restated, supplemented and/or amended and as it may be further revised, restated, supplemented and/or amended from time to time in accordance with its terms and as permitted by the terms of the Resolution, the Additional Units PPA-2 Project Resolution and the Additional Units Non-PPA Project Resolution.

OPC shall mean Oglethorpe Power Corporation (an Electric Membership Corporation).

Operating Agreement shall mean the Plant Alvin W. Vogtle Nuclear Units Amended and Restated Operating Agreement dated April 21, 2006 among GPC, OPC, the Authority and Dalton, as such Agreement has been revised, restated, supplemented and/or amended and as it may be further revised, restated, supplemented and/or amended from time to time in accordance with its terms and as permitted by the terms of the Resolution, the Additional Units PPA-2 Project Resolution and the Additional Units Non-PPA Project Resolution.

Operating Expenses shall mean the costs and expenses for operation and maintenance of the Additional Units PPA Project, including, without limitation, ordinary repairs, renewals and replacements to the PPA Project Entity's Ownership Interest and all costs of purchasing, producing and delivering electric power and energy from the PPA Project Entity's Ownership Interest and payments into reserves for items of Operating Expenses the payment of which is not immediately required, and shall include, without limiting the generality of the foregoing: (a) amounts payable by the Authority to the PPA Project Entity pursuant to the PPA Project Power Purchase Agreement in respect of O&M Costs (as defined in the PPA Project Power Purchase Agreement); and (b) except to the extent included in O&M Costs under (and as defined in) the PPA Project Power Purchase Agreement, Fuel costs; rents; administrative and general expenses; engineering

expenses; legal, accounting and financial advisory expenses; payments to pension, retirement, health and hospitalization funds; insurance premiums; any taxes or payments in lieu of taxes and other governmental charges; and any other current expenses or obligations (i) required to be paid by the Authority under the provisions of the Resolution or by law or under or in connection with the performance of its obligations under the Additional Units PPA Project Power Contracts or (ii) required to be paid by the PPA Project Entity under or in connection with the performance of its obligations under the PPA Project Power Purchase Agreement or the Additional Units Project Agreements, all to the extent properly allocable to the Additional Units PPA Project; and the fees and expenses of the Fiduciaries. Operating Expenses shall not include any costs or expenses for new construction or any allowance for depreciation.

Opinion of Counsel shall mean an opinion signed by an attorney or firm of attorneys (who may be counsel to the Authority) selected by the Authority.

Option Bonds shall mean Bonds which by their terms may be tendered by and at the option of the Holder thereof for payment by the Authority prior to the stated maturity thereof, or the maturities of which may be extended by and at the option of the Holder thereof.

Outstanding, when used with reference to Parity Reimbursement Obligations, shall mean Parity Reimbursement Obligations that have not been paid in full by the Authority unless otherwise defined in the agreement creating such Parity Reimbursement Obligations and, when used with reference to Bonds, shall mean, as of any date, Bonds theretofore or thereupon being authenticated and delivered under the Resolution except:

- (i) Bonds cancelled by the Trustee at or prior to such date;
- (ii) Bonds (or portions thereof) the principal or Redemption Price, if applicable, of and interest on which have been paid in accordance with the terms thereof;
- (iii) Bonds in lieu of or in substitution for which other Bonds shall have been authenticated and delivered pursuant to Article III or Section 406 or 1206; and
- (iv) Bonds deemed to have been paid as provided in subsection 2 of Section 1301.

Ownership Agreement shall mean the Plant Alvin W. Vogtle Additional Units Ownership Participation Agreement dated April 21, 2006 among GPC, OPC, the Authority and Dalton, as such Agreement has been revised, restated, supplemented and/or amended and as it may be further revised, restated, supplemented and/or amended from time to time in accordance with its terms and as permitted by the terms of the Resolution, the Additional Units PPA-2 Project Resolution and the Additional Units Non-PPA Project Resolution.

Parity Commercial Paper Notes shall have the meaning provided in subsection 1 of Section 206.

Parity Hedging Contract Obligation shall have the meaning provided in subsection 8 of Section 205.

Parity Obligation shall mean any Parity Commercial Paper Notes, Parity Reimbursement Obligation or Parity Hedging Contract Obligation. For purposes of Section 803, any Parity Obligation shall specify, to the extent applicable, the interest and principal components of, or the scheduled payments corresponding to interest under, such Parity Obligation.

Parity Reimbursement Obligation shall have the meaning provided in subsection 4 of Section 205.

Paying Agent shall mean any Bank designated as paying agent for the Bonds of any Series, and its successor or successors hereafter appointed in the manner provided in the Resolution.

Plant Vogtle shall mean Plant Alvin W. Vogtle, an electric power generating facility located in Burke County, Georgia.

Plant Vogtle Additional Units PPA Project Annual Costs shall have the meaning assigned thereto in the Initial Power Purchase Agreement and in the Additional Units PPA Power Sales Contracts.

PPA Project Entity shall mean MEAG Power SPVJ LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the PPA Project Portion of the Authority's Interest in the Additional Units and that is a wholly-owned, direct subsidiary of the Authority, the business and activities of which shall be limited to the acquisition, construction, ownership and operation of the PPA Project Portion of the Authority's Interest and such other lawful activities as are necessary, customary, convenient, or incident to the purposes specified above.

PPA Project Entity's Ownership Interest shall mean a percentage undivided interest in the Authority's Interest in the Additional Units in an amount equal to the PPA Project Portion.

PPA Project Entity's Portion shall mean, as of any date of determination, a fraction the numerator of which is the aggregate principal amount of the Federal Loan outstanding as of such date and the denominator of which is the sum of (a) the aggregate principal amount of all Bonds Outstanding as of such date and (b) the aggregate principal amount of the Federal Loan outstanding as of such date.

PPA Project Entity's Reserve and Contingency Requirement shall mean an amount equal to the portion of the Reserve and Contingency Requirement specified as such in the definition of *Reserve and Contingency Requirement* contained in this Section 102.

PPA Project Portion shall mean a 41.174636 percent undivided interest in the Authority's Interest, which interest shall include 206.000 MWs of the capacity and output

of the Additional Units, based upon the nominal ratings of the Additional Units as specified on Attachment A hereto.

PPA Project Power Purchase Agreement shall mean the Wholesale Power Sales Agreement to be entered into between the PPA Project Entity and the Authority, as the same may be amended, supplemented or restated from time to time in accordance with the terms thereof and of the Resolution.

PPA Take-Out Bonds shall mean Bonds issued to refund Bond Anticipation Notes that (a) are designated by the Authority as such in the Supplemental Resolution authorizing such Bonds, (b) are intended to be amortized over a period not to exceed ten (10) years following the date of issuance thereof and (c) are not intended to be payable from, or secured by, amounts on deposit in the Debt Service Reserve Account in the Debt Service Fund.

PPA-2 Project Entity shall mean MEAG Power SPVP LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the PPA-2 Project Portion of the Authority's Interest in the Additional Units and that is a wholly-owned, direct subsidiary of the Authority, the business and activities of which shall be limited to the acquisition, construction, ownership and operation of the PPA-2 Project Portion of the Authority's Interest and such other lawful activities as are necessary, customary, convenient, or incident to the purposes specified above.

PPA-2 Project Portion shall mean a 24.954628 percent undivided interest in the Authority's Interest, which interest shall include 124.850 MWs of the capacity and output of the Additional Units, based upon the nominal ratings of the Additional Units as specified on Attachment A hereto.

Pre-Commercial Generation shall mean the Output (as defined in the Initial Power Purchase Agreement) produced by each Additional Unit prior to such Additional Unit's Commercial Operation Date.

Principal Installment shall mean, as of any date of calculation and with respect to any Series, so long as any Bonds thereof are Outstanding or, in the case of clause (iv), so long as any Parity Reimbursement Obligation is Outstanding, (i) the principal amount of Bonds (including, in the case of any Option Bond, the principal amount thereof tendered for payment prior to the stated maturity thereof and paid, or to be paid, from Revenues) of such Series due (or so tendered for payment and paid, or to be so paid) on a certain future date for which no Sinking Fund Installments have been established, or (ii) the unsatisfied balance (determined as provided in subsection 2 of Section 511) of any Sinking Fund Installments due on a certain future date for Bonds of such Series, plus the amount of the sinking fund redemption premiums, if any, that would be applicable upon redemption of such Bonds on such future date in a principal amount equal to said unsatisfied balance of such Sinking Fund Installments, or (iii) if such future dates coincide as to different Bonds of such Series, the sum of such principal amount of Bonds and of such unsatisfied balance of Sinking Fund Installments due on such future date plus such applicable redemption premiums, if any, or (iv) the principal amount of any Parity Reimbursement Obligation due on a certain future date.

Qualified Hedging Contract shall mean, to the extent from time to time permitted by law, any financial arrangement (i) which is entered into by the Authority with an entity that is a Qualified Hedging Contract Provider at the time the arrangement is entered into, (ii) which is a cap, floor or collar; interest rate swap, including, without limitation, a forward rate or future rate swap; asset, index, price or market-linked-transaction or agreement; other exchange or rate protection transaction agreement; agreement for the future delivery or price management of Fuel or other commodities; other similar transaction (however designated); or any combination thereof; or any option with respect thereto, executed by the Authority for the purpose of moderating interest rate or commodity price fluctuations or otherwise, and (iii) which has been designated in writing to the Trustee by an Authorized Officer of the Authority as a Qualified Hedging Contract (which writing shall specify, in the case of a Qualified Hedging Contract that is entered into in connection with any Bonds or any Advance under the Federal Loan, the Bonds or Advance, as applicable, with respect to which such Qualified Hedging Contract is entered into).

Qualified Hedging Contract Provider shall mean an entity whose senior unsecured long-term debt obligations, financial program rating, counterparty rating or claims-paying ability is rated, or whose payment obligations under a financial arrangement of the type referred in clause (ii) of the definition of Qualified Hedging Contract are guaranteed or insured by an entity whose senior unsecured long-term obligations, financial program rating, counterparty rating or claims-paying ability is rated, on the date a Qualified Hedging Contract is entered into, either (i) at least as high as the third highest Rating Category of each Rating Agency then maintaining a rating for the Qualified Hedging Contract Provider, but in no event lower than any Rating Category designated by each such Rating Agency for the Bonds, or (ii) at any such lower Rating Categories which each such Rating Agency indicates in writing to the Authority and the Trustee will not, by itself, result in a reduction or withdrawal of its rating on the Outstanding Bonds that is in effect prior to entering into such Qualified Hedging Contract and which is an authorized counterparty pursuant to the Authority's investment policy as from time to time approved by the Board.

Rating Agency shall mean each nationally recognized securities rating agency then maintaining a rating on the Bonds at the request of the Authority.

Rating Category shall mean one of the generic rating categories of any Rating Agency without regard to any refinement or gradation of such rating by a numerical modifier or otherwise; *provided, however*, that for purposes hereof any requirement that an obligation be rated in the highest short-term Rating Category shall be deemed to be satisfied if such obligation is rated A-1 or better by Standard & Poor's, VMIG-1 or better by Moody's Investors Service, Inc. or F-1 or better by Fitch Ratings.

Redemption Price shall mean, with respect to any Bond, the principal amount thereof plus the applicable premium, if any, payable upon redemption thereof pursuant to such Bond or the Resolution.

Refundable Principal Installment shall mean any Principal Installment for any Series of Bonds or any Parity Commercial Paper Notes which the Authority intends to pay with moneys which are not Revenues; *provided, however*, that (i) in the case of

Bonds, such intent shall have been expressed in the Supplemental Resolution authorizing such Series of Bonds and (ii) in the case of Parity Commercial Paper Notes, such intent shall be expressed in the then current Commercial Paper Payment Plan for such Parity Commercial Paper Notes; and *provided, further*, that any such Principal Installment, other than Principal Installments for Parity Commercial Paper Notes, shall be a Refundable Principal Installment only through the penultimate day of the month preceding the month in which such Principal Installment comes due or such earlier time as the Authority no longer intends to pay such Principal Installment with moneys which are not Revenues and with respect to Parity Commercial Paper Notes, any Parity Commercial Paper Note shall cease to be a Refundable Principal Installment at such time, if any, as shall be provided in the Commercial Paper Payment Plan applicable thereto.

Refunding Bonds shall mean all Bonds, whether issued in one or more Series, authenticated and delivered on original issuance pursuant to Section 204, and any Bonds thereafter authenticated and delivered in lieu of or in substitution for such Bonds pursuant to Article III or Section 406 or Section 1206.

Reimbursement Obligation shall have the meaning provided in subsection 4 of Section 205.

Reserve and Contingency Fund shall mean the Reserve and Contingency Fund established in subsection 1 of Section 502.

Reserve and Contingency Requirement shall mean, as of any date, such amount as may be established by the Board and certified to the Trustee by an Authorized Officer of the Authority, but in no event less than \$4,962,000 (hereinafter referred to in this definition as the “*Minimum Reserve and Contingency Requirement*”); _____ percent of such amount shall constitute the Authority’s Reserve and Contingency Requirement (which, in the case of the Minimum Reserve and Contingency Requirement, shall be equal to \$_____) and _____ percent of such amount shall constitute the PPA Project Entity’s Reserve and Contingency Requirement (which, in the case of the Minimum Reserve and Contingency Requirement, shall be equal to \$_____).

Resolution shall mean this Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution as from time to time amended or supplemented by Supplemental Resolutions in accordance with the terms hereof, which, upon the Effective Date, amends and restates the Bond Resolution as in effect immediately prior to such date and which, by virtue of the acceptance by the Trustee of the Bond Resolution, constitutes a trust agreement.

Revenue Fund shall mean the Revenue Fund established in subsection 1 of Section 502.

Revenues shall mean (i) all revenues, income, rents and receipts received by the Authority from or attributable to the Additional Units PPA Project, including, without limitation, all revenues attributable to the Additional Units PPA Project or to the payment of the costs thereof and received by the Authority under the Additional Units PPA Project Power Contracts (including any amounts received as a result of the enforcement of such contracts) or under any other contract for the sale of power, energy or other service from

the PPA Project Entity's Ownership Interest or any part thereof or any contractual arrangement with respect to the use of the PPA Project Entity's Ownership Interest or any portion thereof or the services, output or capacity thereof, but shall not include (X) any such revenues, income, rents or receipts derived by the Authority from or attributable to the sale of any Pre-Commercial Generation and (Y) any amount payable by the Initial Power Purchaser under the Initial Power Purchase Agreement in respect of the Additional Compensation Obligation; (ii) the proceeds of any insurance covering business interruption loss relating to the PPA Project Entity's Ownership Interest or the Additional Units PPA Project and received by the Authority; (iii) the proceeds of any liquidated damages payable by a contractor for delay relating to the PPA Project Entity's Ownership Interest and received by the Authority; and (iv) interest accrued on any moneys or securities held pursuant to the Resolution and paid or required to be paid into the Revenue Fund; *provided, however*, that (a) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, all Initial Power Purchaser Arrearages Payments and all Initial Power Purchaser Resale Revenues shall not constitute Revenues, and all such Payments and Resale Revenues shall be used and applied as provided in Section 512 hereof and (b) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, all Additional Units PPA Project Participant Arrearages Payments and all Additional Units PPA Project Participant Resale Revenues shall not constitute Revenues, and all such Payments and Resale Revenues shall be used and applied as provided in Section 513 hereof. Without limiting the generality of the foregoing, all cash subsidy payments received by the Authority from the United States Treasury in respect of the interest payable on any Build America Bonds shall constitute Revenues for all purposes of the Resolution.

Series shall mean all of the Bonds authenticated and delivered on original issuance and identified pursuant to the Supplemental Resolution authorizing such Bonds as a separate Series of Bonds, and any Bonds thereafter authenticated and delivered in lieu of or in substitution for such Bonds pursuant to the Resolution, regardless of variations in maturity, interest rate, Sinking Fund Installments, or other provisions.

Shared Trust Estate shall mean (i) the Revenues, other than any cash subsidy payments received by the Authority from the United States Treasury in respect of the interest payable on any Build America Bonds, (ii) the Initial Power Purchaser Arrearages Payments and the Initial Power Purchaser Resale Revenues, (iii) the Additional Units PPA Project Participant Arrearages Payments and the Additional Units PPA Project Participant Resale Revenues, (iv) the Revenue Fund, the Initial Power Purchaser Arrearages Fund and the Additional Units PPA Project Participant Arrearages Fund established by the Resolution, including the investments, if any, thereof and (v) except for the right to receive payment of the Additional Compensation Obligation, all of the Authority's rights under the Additional Units PPA Project Power Contracts, including, without limitation, (a) the right to receive and collect all of the payments from the Additional Units PPA Project Power Purchasers under the Additional Units PPA Project Power Contracts (other than the Additional Compensation Obligation), (b) the right to receive and collect any proceeds of any insurance maintained thereunder, (c) the right to

take all actions and give all consents under the Additional Units PPA Project Power Contracts and (d) the right to exercise such rights and remedies conferred on the Authority under the Additional Units PPA Project Power Contracts; *provided, however*, that, as to each Additional Units PPA Project Power Contract, the Trustee shall be entitled to exercise the rights described in the foregoing subclauses (c) and (d) only following the occurrence and continuance of a Bondholders' Event of Default or a Federal Loan Event of Default hereunder.

Sinking Fund Installment shall mean an amount so designated which is established pursuant to a Supplemental Resolution authorizing a Series of Bonds and is required to be paid into the Debt Service Account in the Debt Service Fund by a specified date for application (on or prior to the due date of such Sinking Fund Installment and pursuant to subsection 2 of Section 506) to the retirement by purchase, redemption or payment at maturity of a portion of the Bonds of a particular maturity or an interest rate within a maturity of such Series equal in principal amount to such Sinking Fund Installment.

Standstill Period shall have the meaning assigned to such term in the DOE Loan Guarantee Agreement; *provided, however*, that the Trustee shall not be deemed to have knowledge of the commencement of any Standstill Period, or of the termination thereof, until such time (if any) as the Trustee shall have received notice in writing to such effect from DOE or the DOE Collateral Agent in the manner provided in the DOE Loan Guarantee Agreement.

Subordinated Bond Fund shall mean the Subordinated Bond Fund established in subsection 1 of Section 502.

Subordinated Bond Fund Requirement shall mean, as of any date of determination, the sum of (i) the principal or redemption price of, and interest on, all Subordinated Bonds then outstanding that is due and unpaid, (ii) all amounts due and unpaid with respect to all Subordinated Obligations then outstanding and (iii) the amount required to be deposited to the Subordinated Bond Fund during the then current month pursuant to clause (3) of subsection 2 of Section 505.

Subordinated Bonds shall mean any bonds, notes or other evidences of indebtedness referred to in, and complying with the provisions of, Section 515.

Subordinated Commercial Paper Notes shall have the meaning provided in subsection 1 of Section 206.

Subordinated Hedging Contract Obligation shall have the meaning provided in subsection 8 of Section 205.

Subordinated Obligation shall mean any payment obligation (which does not constitute Bonds, a Parity Obligation or Subordinated Bonds) (a) that is a Subordinated Reimbursement Obligation, (b) that is a Subordinated Hedging Contract Obligation, (c) that is a Subordinated Commercial Paper Note or (d) that arises under any other contract, agreement or other obligation authorized by resolution of the Authority and is designated as a "Subordinated Obligation" in a certificate of an Authorized Officer of the Authority

delivered to the Trustee. Each Subordinated Obligation shall be payable from and secured by a pledge of the Subordinated Bond Fund which pledge shall be subordinate in all respects to the pledges of the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues, moneys, securities and funds created by the Resolution in favor of the Bonds, the Parity Obligations and the Federal Loan Debt Service Payments.

Subordinated Reimbursement Obligation shall have the meaning provided in subsection 4 of Section 205.

Supplemental Resolution shall mean any resolution supplemental to or amendatory of the Resolution, adopted by the Authority in accordance with Article XI.

Trustee shall mean the trustee appointed pursuant to Article X, and its successor or successors and any other corporation which may at any time be substituted in its place pursuant to the Resolution.

Variable Rate Bonds shall mean, as of any date of determination, any Bond on which the interest rate borne thereby may vary during any part of its remaining term.

Working Capital and *Working Capital Requirement* shall have the respective meanings provided in Section 708.

Except where the context otherwise requires, words importing the singular number shall include the plural number and vice versa, and words importing persons shall include firms, associations and corporations.

103. ***Authority for this Resolution.*** This Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution is adopted (i) pursuant to the provisions of the Act and (ii) in accordance with the provisions of Article X of the Bond Resolution. By virtue of the acceptance by the Trustee of the Bond Resolution, this Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution constitutes a trust agreement pursuant to the provisions of the Act.

104. ***Resolution to Constitute Contract.*** 1. In consideration of the purchase and acceptance of any and all of the Bonds authorized to be issued hereunder by those who shall hold the same from time to time, the Resolution shall be deemed to be and shall constitute a contract between the Authority and the Holders from time to time of the Bonds; and the pledges and assignments made in the Resolution with respect to the Bonds and the covenants and agreements therein set forth with respect thereto to be performed on behalf of the Authority shall be for the equal benefit, protection and security of the Holders of any and all of the Bonds, all of which, regardless of the time or times of their authentication and delivery or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof except as expressly provided in or permitted by the Resolution.

2. In consideration of the making of the Federal Loan, the Resolution shall be deemed to be and shall constitute a contract between the Authority and the DOE Secured Parties; and the pledge and assignment made in the Resolution with respect to the Federal Loan Debt

Service Payments and the covenants and agreements therein set forth with respect thereto to be performed on behalf of the Authority shall be for the benefit, protection and security of the DOE Secured Parties.

ARTICLE II

AUTHORIZATION OF ADDITIONAL UNITS PPA PROJECT AND AUTHORIZATION AND ISSUANCE OF BONDS

201. ***Authorization of Additional Units PPA Project and Authorization of Bonds to be Issued Therefor.*** 1. The undertaking by the Authority pursuant to the Resolution of the Additional Units PPA Project in accordance with the Act is hereby ratified, confirmed and approved, and the Authority is hereby authorized to do and perform all acts and things required to be done or performed by the Authority to carry out such undertaking.

2. The Resolution authorizes Bonds of the Authority to be designated as “Plant Vogtle Units 3&4 Project J Bonds.” The aggregate principal amount of the Bonds that may be executed, authenticated and delivered under the Resolution is not limited except as may be hereinafter provided or as may be limited by the Act, including, without limitation, the provisions therein contained with respect to validation of bonds.

3. The Bonds may, if and when authorized by the Authority pursuant to one or more Supplemental Resolutions, be issued in one or more Series, and the designation thereof, in addition to the name “Plant Vogtle Units 3&4 Project J Bonds” (or, in the case of any Series of Bonds issued as Bond Anticipation Notes, “Plant Vogtle Units 3&4 Project J Bond Anticipation Notes”), shall include such further appropriate particular designation added to or incorporated in such title for the Bonds of any particular Series as the Authority may determine. Each Bond shall bear upon its face the designation so determined for the Series to which it belongs.

4. Nothing in the Resolution shall be deemed to preclude or prevent the consolidation into a single Series for purposes of issuance and sale of Bonds otherwise permitted by the Resolution to be issued at the same time in two or more separate Series; *provided, however*, that solely for the purpose of satisfying the conditions to issuance of such Bonds contained in the Resolution, the Bonds otherwise permitted by the Resolution to be issued as a separate Series shall be considered separately as if such Bonds were in effect to be issued as a separate Series. In the event that separate Series are combined for purposes of issuance and sale, they may be issued under a single Supplemental Resolution notwithstanding any other provision of the Resolution.

202. ***General Provisions for Issuance of Bonds.*** 1. All (but not less than all) the Bonds of each Series shall be executed by the Authority for issuance under the Resolution and delivered to the Trustee and thereupon shall be authenticated by the Trustee and by it delivered to the Authority or upon its order, but only upon the receipt by the Trustee of:

(1) An Opinion of Counsel of an attorney or firm of attorneys of nationally recognized standing in the field of law relating to municipal bonds to the effect that (i) the Authority has the right and power under the Act as amended to the date of such Opinion to adopt the Resolution, and the Resolution has been duly and lawfully adopted by the Authority, is in full force and effect and is valid and binding upon the Authority in

accordance with its terms, and no other authorization for the Resolution is required; (ii) the Resolution creates the valid pledges which it purports to create of the Shared Trust Estate and the Bondholders' Trust Estate, subject to provisions of the Resolution permitting the application thereof to the purposes and on the terms and conditions permitted by the Resolution; and (iii) the Bonds of such Series are valid, binding and direct obligations of the Authority as provided in the Resolution, have been validated in accordance with the Act and are entitled to the benefits of the Resolution and of the Act as amended to the date of such Opinion, and such Bonds have been duly and validly authorized and issued in accordance with law, including, without limitation, the Act as amended to the date of such Opinion, and in accordance with the Resolution; *provided, however*, that any such Opinion of Counsel may take exception for limitations imposed by or resulting from bankruptcy, insolvency, moratorium, reorganization, or other laws affecting creditors' remedies generally and may state that no opinion is being rendered as to the availability of any particular remedy;

(2) A written order as to the delivery of such Bonds, signed by an Authorized Officer of the Authority;

(3) A copy of the Supplemental Resolution authorizing such Bonds, certified by an Authorized Officer of the Authority, which shall specify such terms and conditions relating to the Bonds of such Series, and such matters relative thereto, as the Authority may determine;

(4) The amount, if any, specified in such Supplemental Resolution for deposit in the Debt Service Account in the Debt Service Fund for the payment of interest on Bonds and, except in the case of Bond Anticipation Notes or PPA Take-Out Bonds, the amount, if any, necessary for deposit in the Debt Service Reserve Account in the Debt Service Fund so that the amount on deposit in such Account shall equal the Debt Service Reserve Requirement calculated immediately after the authentication and delivery of such Series of Bonds;

(5) Except in the case of Refunding Bonds, a certificate of an Authorized Officer of the Authority stating that either (a) no Bondholders' Event of Default or Federal Loan Event of Default has occurred and is continuing under the Resolution or (b) the application of the proceeds of the sale of such Series of Bonds as required by the Supplemental Resolution authorizing such Series of Bonds will cure any such Bondholders' Event of Default or Federal Loan Event of Default;

(6) An Opinion or Opinions of Counsel to the effect that the Initial Power Purchase Agreement and each of the Additional Units PPA Power Sales Contracts, in either such case, to the extent that such Agreement and any such Contract is then in force, have been duly authorized, executed and delivered by the Authority and by the Initial Power Purchaser and the Additional Units PPA Project Participants, respectively, that are parties thereto and constitute valid and binding obligations of the Authority, the Initial Power Purchaser and the Additional Units PPA Project Participants in accordance with their respective terms; *provided, however*, that (a) any such Opinion of Counsel may take exception for limitations imposed by or resulting from bankruptcy, insolvency, moratorium, reorganization, or other laws affecting creditors' remedies generally and may state that no opinion is being rendered as to the availability of any particular remedy; and

(b) once an Opinion of Counsel covering any of the matters referred to above has been received by the Trustee, no new Opinion of Counsel covering such matter need be furnished to the Trustee unless the Additional Units PPA Project Power Contract to which the matter relates has been amended, modified or supplemented subsequent to the date of the prior Opinion of Counsel furnished with respect thereto;

(7) If so required by the Supplemental Resolution authorizing such Bonds, a Credit Facility in respect of any or all Bonds of such Series and, in the case of Variable Rate Bonds that are subject to tender at the option of the Holder or upon the occurrence of certain events, if so required by the Supplemental Resolution authorizing such Bonds, a Liquidity Facility in respect of all such Bonds;

(8) In the case of each Series of Bonds any portion of the proceeds of which is to be deposited in the Debt Service Account in the Debt Service Fund (other than any accrued interest that is to be applied to the payment of interest on Bonds on the interest payment date next following the date of issuance of such Bonds), a certificate of an Authorized Officer of the Authority setting forth the then estimated application of such proceeds so deposited for the payment of interest on any particular Series of Bonds, whether or not such Series of Bonds is then Outstanding, or then being issued, or to be issued thereafter;

(9) For deposit in the Construction Fund all amounts not deposited in other funds created under the Resolution; and

(10) Such further documents, moneys and securities as may be required hereby or by any Supplemental Resolution adopted pursuant to Article XI.

203. ***Bonds Other than Refunding Bonds.*** 1. One or more Series of Bonds may be issued at any time for the purpose of paying all or a portion of the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest and the Financing Costs of the Additional Units PPA Project. Bonds of each such Series shall be authenticated and delivered by the Trustee only upon compliance with the terms and conditions set forth in Section 202.

2. The proceeds, including accrued interest (if any), of each Series of Bonds authorized under this Section 203 shall be applied simultaneously with the delivery of such Bonds as shall be provided in the Supplemental Resolution authorizing such Series.

204. ***Refunding Bonds.*** 1. One or more Series of Refunding Bonds may be authenticated and delivered upon original issuance to refund all or any portion of any Outstanding Bonds or all or any portion of any outstanding Subordinated Bonds. Refunding Bonds shall be issued in a principal amount sufficient, together with other moneys available therefor, to accomplish such refunding and to make the deposits in the Funds and Accounts under the Resolution required by the provisions of the Supplemental Resolution authorizing such Bonds, to pay costs of issuing the Refunding Bonds and related costs, such as premiums and termination payments under Qualified Hedging Contracts and/or investment agreements.

2. The proceeds, including accrued interest (if any), of the Refunding Bonds of each Series shall be applied simultaneously with the delivery of such Bonds for the purposes of making deposits in such Funds and Accounts under the Resolution as shall be provided in the

Supplemental Resolution authorizing such Series of Refunding Bonds and shall be applied to the refunding purposes thereof in the manner provided in said Supplemental Resolution.

205. ***Provisions Concerning Credit Facilities; Liquidity Facilities; Qualified Hedging Contracts.*** 1. The Authority may include such provisions in a Supplemental Resolution authorizing the issuance of a Series of Bonds secured by a Credit Facility or supported by a Liquidity Facility as the Authority deems appropriate, and no such provisions shall be deemed to constitute an amendment to the Resolution requiring action under Section 1102 or 1103, including, without limitation:

(a) So long as a Credit Facility is in full force and effect, and payment on the Credit Facility is not in default, then, in all such events, the issuer of the Credit Facility shall be deemed to be the sole Holder of the Outstanding Bonds the payment of which such Credit Facility secures when the approval, consent or action of the Holders of such Bonds is required or may be exercised under the Resolution, or, in the alternative, that the approval, consent or action of the issuer of the Credit Facility shall be required in addition to the approval, consent or action of the applicable percentage of the Holders of the Outstanding Bonds under the Resolution, including, without limitation, Section 1203, and following the occurrence of a Bondholders' Event of Default or a Federal Loan Event of Default; and

(b) In the event that the principal or Redemption Price, if applicable, and interest due on any Outstanding Bonds shall be paid under the provisions of a Credit Facility, all covenants, agreements and other obligations of the Authority to the Holders of such Bonds shall continue to exist and such issuer of the Credit Facility shall be subrogated to the rights of such Holders in accordance with the terms of such Credit Facility.

2. In addition, such Supplemental Resolution may establish such provisions as are reasonably necessary in order to induce the Credit Provider or Liquidity Provider, or both, to issue or deliver a Credit Facility or Liquidity Facility in support of the Bonds authorized by such Supplemental Resolution.

3. In connection therewith, the Authority may enter into such agreements with the issuer of such Credit Facility or such Liquidity Facility providing for, *inter alia*: (i) the payment of fees and expenses to such issuer for the issuance of such Credit Facility or such Liquidity Facility, (ii) the terms and conditions of such Credit Facility or such Liquidity Facility and the Bonds affected thereby and (iii) the security, if any, to be provided for the issuance of such Credit Facility or such Liquidity Facility.

4. The Authority may secure such Credit Facility or such Liquidity Facility by an agreement providing for the purchase of the Bonds supported thereby with such adjustments to the rate of interest, method of determining interest, maturity or redemption provisions as specified by the Authority in the applicable Supplemental Resolution. The Authority may also in an agreement with the issuer of such Credit Facility or Liquidity Facility agree to reimburse directly such issuer for amounts paid under the terms of such Credit Facility or Liquidity Facility (together with interest thereon, the *Reimbursement Obligation*); *provided, however*, that no Reimbursement Obligation shall be created, for purposes of this Resolution, until amounts are paid under such Credit Facility or Liquidity Facility. Any such Reimbursement Obligation,

which may include interest calculated at a rate higher than the interest rate on the related Bond, shall be secured by a pledge of, and a lien on, the Shared Trust Estate and the Bondholders' Trust Estate on a parity with the pledges and liens created by Section 501 to secure the Bonds (a *Parity Reimbursement Obligation*), but only to the extent principal amortization requirements with respect to such reimbursement are equal to the amortization requirements for such related Bonds, without acceleration, or may be secured by a pledge of, and a lien on, the Subordinated Bond Fund which pledge and lien shall be subordinate in all respects to the pledges of the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues, moneys, securities and funds created by the Resolution in favor of the Bonds, the Parity Obligations and the Federal Loan Debt Service Payments but on a parity with the pledge and lien securing Subordinated Bonds and Subordinated Obligations (a *Subordinated Reimbursement Obligation*), as determined by the Authority. Parity Reimbursement Obligations shall not include any payments of any fees, expenses, indemnification or other obligations to any such provider, or any payments pursuant to term-loan or other principal amortization requirements in reimbursement of any such advance that are more accelerated than the amortization requirements on such related Bonds, which payments shall be Subordinated Reimbursement Obligations.

5. Any such Credit Facility shall be for the benefit of and secure such Bonds or portion thereof as specified in the applicable Supplemental Resolution.

6. Except as otherwise provided in a Supplemental Resolution authorizing Parity Reimbursement Obligations, for the purposes of (i) receiving payment of a Parity Reimbursement Obligation, whether at maturity, upon redemption or if the principal of all Bonds is declared immediately due and payable following the occurrence of a Bondholders' Event of Default, as provided in Section 801 of the Resolution, or (ii) computing the principal amount of Bonds held by the Holder of a Parity Reimbursement Obligation in giving to the Authority or the Trustee any notice, consent, request or demand pursuant to the Resolution for any purpose whatsoever, the principal amount of a Parity Reimbursement Obligation shall be deemed to be the actual principal amount that the Authority shall owe thereon, which shall equal the aggregate of the amounts advanced to, or on behalf of, the Authority in connection with the Bonds to which such Parity Reimbursement Obligation relates, less any prior repayments thereof.

7. Except as otherwise provided in a Supplemental Resolution and notwithstanding anything to the contrary provided in Section 1301, Bonds paid or deemed paid with moneys drawn under or pursuant to a Credit Facility shall be deemed to be Outstanding until the Authority has reimbursed the Credit Facility Provider in full for all amounts so drawn and has paid or reimbursed the Credit Facility Provider for interest thereon and for any other amounts and Reimbursement Obligations then due and payable.

8. The Authority may, to the extent from time to time permitted pursuant to law, enter into Qualified Hedging Contracts. The Authority's obligation to pay any amount under any Qualified Hedging Contract may be secured by a pledge of, and a lien on, the Shared Trust Estate and the Bondholders' Trust Estate on a parity with the pledges and liens created by Section 501 to secure the Bonds (a *Parity Hedging Contract Obligation*), or may be secured by a pledge of, and a lien on, the Subordinated Bond Fund which pledge and lien shall be subordinate in all respects to the pledges of the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages

Payments, Additional Units PPA Project Participant Resale Revenues, moneys, securities and funds created by the Resolution in favor of the Bonds, the Parity Obligations and the Federal Loan Debt Service Payments but on a parity with the pledge and lien securing Subordinated Bonds and Subordinated Obligations (a *Subordinated Hedging Contract Obligation*), as determined by the Authority. Notwithstanding the foregoing, Parity Hedging Contract Obligations shall not include any payments of any termination payments owed to a counterparty to a Qualified Hedging Contract, which payments shall be Subordinated Hedging Contract Obligations.

206. ***Commercial Paper Notes.*** 1. Commercial Paper Notes may be issued from time to time secured by a pledge of, and a lien on, the Shared Trust Estate and the Bondholders' Trust Estate on a parity with the pledges and liens created by Section 501 to secure the Bonds (*Parity Commercial Paper Notes*). Commercial Paper Notes may also be issued from time to time secured by a pledge of, and a lien on, the Subordinated Bond Fund which pledge shall be subordinate in all respects to the pledges of the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues, moneys, securities and funds created by the Resolution in favor of the Bonds, the Parity Obligations and the Federal Loan Debt Service Payments but on a parity with the pledge and lien securing Subordinated Bonds and Subordinated Obligations (*Subordinated Commercial Paper Notes*). The Trustee shall authenticate and deliver Commercial Paper Notes to the Authority or upon its order, but only upon satisfaction of the conditions specified in Section 202 and in the Supplemental Resolution authorizing such Commercial Paper Notes and upon satisfaction of the following conditions:

(a) If so required by the Supplemental Resolution the Trustee shall have received a Credit Facility with respect to such Commercial Paper Notes or a Liquidity Facility with respect to such Commercial Paper Notes containing such terms and conditions, including with respect to reimbursement, as shall be approved by the Board; and

(b) The Trustee shall have received a certificate of an Authorized Officer of the Authority setting forth the Commercial Paper Payment Plan with respect to such Commercial Paper Notes. Such certificate shall be amended from time to time by a new certificate of an Authorized Officer of the Authority to reflect changes, if any, in the expectations of the Authority with respect to the sources of funds to be utilized to pay principal of and interest on such Commercial Paper Notes.

2. The Trustee shall have received, prior to the initial issuance of Commercial Paper Notes of a Series, the items referred to in clauses (1), (2), (3), (5), (6) and (8) of Section 202, modified to refer to the Commercial Paper Notes rather than Bonds.

3. The Authority may appoint a fiscal agent to perform such duties of the Trustee hereunder as the Authority shall specify in the Supplemental Resolution authorizing such Commercial Paper Notes. Any such fiscal agent shall meet the minimum qualifications applicable to a successor Trustee set forth in Section 1009.

4. The proceeds, including accrued interest (if any), of Commercial Paper Notes shall be applied simultaneously with the delivery of such Commercial Paper Notes as shall be provided in the Supplemental Resolution authorizing such Commercial Paper Notes.

207. ***Special Provisions Relating to Capital Appreciation Bonds.*** 1. The principal and interest portions of the Accreted Value of Capital Appreciation Bonds becoming due at maturity or by virtue of a Sinking Fund Installment shall be included in the calculations of accrued and unpaid and accruing interest or Principal Installments made under the definitions of Debt Service, Accrued Aggregate Debt Service, Aggregate Debt Service and Adjusted Aggregate Debt Service only from and after the date (the *Calculation Date*) that is one year prior to the date on which such Accreted Value becomes due, and the principal and interest portions of such Accreted Value shall be deemed to accrue in equal daily installments from the Calculation Date to such due date (calculated, unless otherwise specified in the Supplemental Resolution authorizing such Capital Appreciation Bonds, on the basis of a 360-day year consisting of twelve (12) thirty (30)-day months).

2. For the purposes of (i) receiving payment of the Redemption Price if a Capital Appreciation Bond is redeemed prior to maturity, or (ii) receiving payment of a Capital Appreciation Bond if the principal of all Bonds is declared immediately due and payable following the occurrence of a Bondholders' Event of Default, as provided in Section 801 of the Resolution or (iii) computing the principal amount of Bonds held by the Holder of a Capital Appreciation Bond in giving to the Authority or the Trustee any notice, consent, request or demand pursuant to the Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its then-current Accreted Value.

ARTICLE III

GENERAL TERMS AND PROVISIONS OF BONDS

301. ***Medium of Payment; Form and Date; Letters and Numbers.*** 1. The Bonds shall be payable, with respect to interest, principal and Redemption Price, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

2. Except as may otherwise be provided in any Supplemental Resolution authorizing particular Bonds, Bonds shall be issued in the form of fully registered Bonds without coupons. Bonds, the certificate of authentication, if any, and the form of assignment shall be in substantially the form specified in the Supplemental Resolution authorizing such Bonds with such appropriate variations, omissions, substitutions and insertions as are permitted or required hereby or thereby or are required by law, and may have such letters, numbers or other marks of identification and such legends and endorsements placed thereon as may be required to comply with any applicable laws or rules or regulations, or as may, consistent herewith, be determined by the officers executing such Bonds, as evidenced by their execution of the Bonds. Any portion of the text of any Bonds may be set forth on the reverse thereof, with an appropriate reference thereto on the face of such Bonds, or as multiple pages (with or without such reference). Bonds may be typewritten, printed, engraved, lithographed or otherwise reproduced.

3. Bonds shall be dated, and shall bear or not bear interest, as provided in the Supplemental Resolution authorizing such Bonds.

302. **Legends.** The Bonds of each Series may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of the Resolution as may be necessary or desirable to comply with custom, the rules of any securities exchange or commission or brokerage board, or otherwise, as may be determined by the Authority prior to the authentication and delivery thereof.

303. **Execution and Authentication.** 1. The Bonds shall be executed in the name of the Authority by the manual or facsimile signature of its Chairman, and its corporate seal (or a facsimile thereof) shall be impressed, imprinted, engraved or otherwise reproduced thereon and attested by the manual or facsimile signature of the Secretary-Treasurer of the Authority, or in such other manner as may be required or permitted by law. In case any one or more of the officers who shall have signed or sealed any of the Bonds shall cease to be such officer before the Bonds so signed and sealed shall have been authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as herein provided, and may be issued as if the persons who signed or sealed such Bonds had not ceased to hold such offices. Any Bond of a Series may be signed and sealed on behalf of the Authority by such persons as at the time of the execution of such Bonds shall be duly authorized or hold the proper office in the Authority, although at the date borne by the Bonds of such Series such persons may not have been so authorized or have held such office.

2. The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in the Supplemental Resolution authorizing such Bonds, executed manually by the Trustee. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Bond executed on behalf of the Authority shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under the Resolution and that the Holder thereof is entitled to the benefits of the Resolution. As required or permitted by law, the Bonds of each Series shall bear a validation certificate in such form as shall be appropriate; *provided, however*, that no validation certificate appearing on any Bond shall be given effect and such certificate shall be a mere nullity even though it may bear the signature and seal of the Clerk of the Superior Court of Fulton County, Georgia, until such time as said Bond shall be authenticated by the Trustee.

304. **Interchangeability of Bonds.** Bonds, upon surrender thereof at the principal corporate trust office of the Bond Registrar with a written instrument of transfer satisfactory to the Bond Registrar, duly executed by the Holder or his duly authorized attorney, may, at the option of the Holder thereof, and upon payment by such Holder of any charges which the Bond Registrar may make as provided in Section 306, be exchanged for an equal aggregate principal amount of Bonds of the same Series, maturity and interest rate of any other authorized denominations.

305. **Negotiability, Transfer and Registry.** 1. Except as may be otherwise provided in a Supplemental Resolution authorizing Bonds in book-entry-only form, each Bond shall be transferable only upon the books of the Authority, which shall be kept for that purpose at the principal corporate trust office of the Bond Registrar, by the Holder thereof in person or by his attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the Holder or his duly authorized attorney. Upon the transfer of any such Bond the Authority shall issue in the name of the

transferee a new Bond or Bonds of the same aggregate principal amount, Series, maturity and interest rate as the surrendered Bond.

2. Except as provided in subsection 1 of Section 205, the Authority and each Fiduciary may deem and treat the person in whose name any Bond shall be registered upon the books of the Authority as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal or Redemption Price, if any, of and interest on such Bond and for all other purposes, and all such payments so made to any such Holder or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Authority nor any Fiduciary shall be affected by any notice to the contrary. The Authority agrees to indemnify and save each Fiduciary harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence under the Resolution, in so treating such Holder.

306. ***Regulations With Respect to Exchanges and Transfers.*** In all cases in which the privilege of exchanging or transferring Bonds is exercised, the Authority shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of the Resolution. All Bonds surrendered in any such exchanges or transfers shall forthwith be delivered to the Trustee and cancelled or retained by the Trustee. For every such exchange or transfer of Bonds, the Authority or the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer. Unless otherwise provided in the Supplemental Resolution authorizing the Bonds of a Series, neither the Authority nor the Bond Registrar shall be required to transfer or exchange Bonds of any Series for a period of 20 days immediately preceding an interest payment date on the Bonds of such Series or immediately preceding the mailing of any notice of redemption for the Bonds of such Series.

307. ***Bonds Mutilated, Lost, Stolen or Destroyed.*** If any Bond becomes mutilated or is lost, stolen or destroyed, the Authority may execute and the Trustee shall authenticate and deliver a new Bond of like Series, maturity date, principal amount and interest rate as the Bond so mutilated, lost, stolen or destroyed; *provided, however,* that (i) in the case of such mutilated Bond, such Bond is first surrendered to the Authority, (ii) in the case of any such lost, stolen or destroyed Bond, there is first furnished evidence of such loss, theft or destruction satisfactory to an Authorized Officer of the Authority together with indemnity satisfactory to an Authorized Officer of the Authority, (iii) all other reasonable requirements of the Authority are complied with, and (iv) expenses in connection with such transaction are paid by the Holder. Any Bond so surrendered for exchange shall be cancelled. The Authority shall be authorized to print the new Bond with the validation certificate bearing the facsimile signature of the clerk of the Superior Court of Fulton County then in office and such certificate shall have the same force and effect as in the first instance. All responsibility with respect to the issuance of any such new Bonds shall be on the Authority and not on said clerk, and said clerk shall have no liability in the event an over-issuance occurs. Any such new Bonds issued pursuant to this Section in substitution for Bonds alleged to be lost, stolen or destroyed shall constitute original additional contractual obligations on the part of the Authority, whether or not the Bonds so alleged to be lost, stolen or destroyed be at any time enforceable by anyone, and shall be equally secured by and entitled to equal and proportionate benefits with all other Bonds issued under the Resolution, in any moneys or securities held by the Authority or any Fiduciary for the benefit of the Bondholders. If any

such Bond lost, stolen or destroyed shall have matured or be about to mature, instead of issuing a new Bond pursuant to this Section, an Authorized Officer of the Authority may cause the same to be paid, upon being indemnified as aforesaid, without surrender thereof.

308. ***Book-Entry-Only System.*** Notwithstanding any other provision of the Resolution, the Authority may employ a book-entry-only system of registration with respect to any Bonds, and the procedures regarding such registration shall be set forth in the Supplemental Resolution authorizing such Bonds. Any provision of the Resolution inconsistent with book-entry-only Bonds shall not be applicable to such book-entry-only Bonds.

ARTICLE IV

REDEMPTION OF BONDS

401. ***Privilege of Redemption and Redemption Price.*** Bonds subject to redemption prior to maturity pursuant to a Supplemental Resolution shall be redeemable, upon written notice as provided in this Article IV, at such times, at such Redemption Prices and upon such terms in addition to the terms contained in this Article IV as may be specified in the Supplemental Resolution authorizing such Bonds.

402. ***Redemption at the Election or Direction of the Authority.*** In the case of any redemption of Bonds at the election or direction of the Authority, the Authority shall give written notice to the Trustee of its election or direction so to redeem, of the redemption date, of the Series, of the principal amounts of the Bonds of each maturity of such Series and of the Bonds of each interest rate within a maturity to be redeemed (which Series, maturities, interest rate and principal amounts thereof to be redeemed shall be determined by the Authority in its sole discretion, subject to any limitations with respect thereto contained in the Resolution). Such notice shall be given at least 40 days prior to the date fixed for redemption or such shorter period as may be provided in the Supplemental Resolution authorizing the Bonds to be redeemed or as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as in Section 405 provided, and unless such notice shall have been rescinded or shall cease to be in effect in accordance with terms thereof, there shall be paid on or prior to the date fixed for redemption to the appropriate Paying Agents an amount in cash which, in addition to other moneys, if any, available therefor held by such Paying Agents, will be sufficient to redeem on the date fixed for redemption at the Redemption Price thereof, plus interest accrued and unpaid to the date fixed for redemption, all of the Bonds to be redeemed. The Authority shall promptly notify the Trustee in writing of all such payments by it to a Paying Agent.

403. ***Redemption Otherwise Than at Authority's Election or Direction.*** Whenever by the terms of the Resolution the Trustee is required or authorized to redeem Bonds otherwise than at the election or direction of the Authority, the Trustee shall select the Bonds to be redeemed, give the notice of redemption and pay out of moneys available therefor the Redemption Price thereof, plus interest accrued and unpaid to the date fixed for redemption, to the appropriate Paying Agents in accordance with the terms of this Article IV and, to the extent applicable, Section 506.

404. ***Selection of Bonds to be Redeemed.*** If less than all of the Bonds of like maturity or interest rate within a maturity of any Series shall be called for redemption, the particular Bonds or portions of Bonds to be redeemed shall be selected by the Trustee in such manner as

the Trustee may determine fair and appropriate; *provided, however*, that any Bonds held by a Credit Provider or Liquidity Provider pursuant to the Credit Facility or Liquidity Facility issued by it shall be redeemed prior to other such Bonds of the same Series; and *provided, further*, that the portion of any Bond of a denomination of more than the minimum authorized denomination of the Bonds of the Series to be redeemed shall be in the principal amount of such minimum authorized denomination or a multiple thereof, and that, in selecting portions of such Bonds for redemption, each such Bond shall be treated as representing that number of Bonds of such minimum authorized denomination which is obtained by dividing the principal amount of such Bond to be redeemed in part by such minimum denomination, and all of the Bonds of that Series that will remain Outstanding shall be in authorized denominations. For purposes of this Section 404, Bonds or portions thereof which have theretofore been selected for redemption shall not be deemed to be Outstanding.

405. ***Notice of Redemption.*** When the Trustee shall receive notice from the Authority of its election or direction to redeem Bonds pursuant to Section 402, and when redemption of Bonds is authorized or required pursuant to Section 403, the Trustee shall give notice, in the name of the Authority, of the redemption of such Bonds, which notice shall specify the Series and maturities and, if any maturity shall include Bonds bearing different interest rates and some but not all such Bonds are being redeemed, the interest rate of the Bonds to be redeemed, the date fixed for redemption and the place or places where amounts due upon such redemption will be payable and, if less than all of the Bonds of any like Series, maturity and interest rate are to be redeemed, the letters and numbers or other distinguishing marks of such Bonds so to be redeemed, and, in the case of Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed and, if applicable, that such notice is conditional and the conditions that must be satisfied. Such notice shall further state that on such date, unless such notice has been rescinded or has ceased to be in effect in accordance with the terms thereof, there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of Bonds to be redeemed in part only, together with interest accrued to the date fixed for redemption, and that from and after such date interest thereon shall cease to accrue and be payable. Such notice shall be given by first class mail, postage prepaid, not fewer than 25 days, or such other period as may be specified in a Supplemental Resolution authorizing a particular Series, before the date fixed for redemption, to the Holders of any Bonds or portions of Bonds which are to be redeemed, at their last addresses, if any, appearing upon the registry books. Failure so to mail any such notice to any particular Holder shall not affect the validity of the proceedings for the redemption of any other Bonds not owned by such Holder and failure of any Holder to receive such notice shall not affect the validity of the proposed redemption of Bonds.

Any notice of optional redemption given pursuant to this Section may state that it is conditional upon receipt by the Trustee of money sufficient to pay the Redemption Price of such Bonds or upon the satisfaction of any other condition, or that it may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before payment of such Redemption Price if any such condition so specified is not satisfied or if any such other event occurs. Notice of such rescission shall be given by the Trustee to affected Holders of Bonds as promptly as practicable upon the failure of such condition or the occurrence of such event.

Notice of redemption of Bonds of any Series shall also be sent by the Trustee to such additional persons as may be specified in the Supplemental Resolution authorizing such Series.

406. ***Payment of Redeemed Bonds.*** Notice having been given in the manner provided in Section 405, unless such notice has been rescinded or has ceased to be in effect in accordance with the terms thereof, the Bonds or portions thereof so called for redemption shall become due and payable on the date fixed for redemption at the Redemption Price, plus interest accrued and unpaid to the date fixed for redemption, and, upon presentation and surrender thereof at the office specified in such notice, such Bonds, or portions thereof, shall be paid at the Redemption Price, plus interest accrued and unpaid to the date fixed for redemption. If there shall be drawn for redemption less than all of a Bond, upon surrender of such Bond, there shall be executed by the Authority, authenticated by the Trustee, and delivered by the Paying Agent to the Holder of such Bond, without charge to and at the option of such Holder, Bonds of like Series, interest rate and maturity in any of the authorized denominations for the unredeemed balance of the principal amount of the Bonds so surrendered. If, on the date fixed for redemption, moneys for the redemption of all the Bonds or portions thereof of any like Series, interest rate and maturity to be redeemed, together with interest to the date fixed for redemption, shall be held by the Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, and has not been rescinded or ceased to be in effect, then, from and after the date fixed for redemption interest on the Bonds or portions thereof of such Series, interest rate and maturity so called for redemption shall cease to accrue and become payable. If said moneys shall not be so available on the date fixed for redemption, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

ARTICLE V

ESTABLISHMENT OF FUNDS AND APPLICATION THEREOF

501. ***The Pledges Effected by the Resolution.*** 1. The Bonds shall be direct and special obligations of the Authority. The Authority hereby pledges and assigns to the Trustee and to its successors and assigns, and grants to the Trustee and to its successors and assigns a security interest in, the Shared Trust Estate and the Bondholders' Trust Estate for the payment of the principal and Redemption Price of and interest on the Bonds and, on a parity therewith, the Parity Obligations, in accordance with their terms and the provisions of the Resolution, subject only to the provisions of the Resolution permitting the application of the Shared Trust Estate and the Bondholders' Trust Estate for the purposes and on the terms and conditions set forth in the Resolution, including, but not limited to, application of funds pursuant to this Article V; *provided, however*, that such pledge and assignment of the Shared Trust Estate shall be on a parity with the pledge and assignment thereof created pursuant to subsection 2 of this Section 501 as security for the payment of the Federal Loan Debt Service Payments. Notwithstanding the foregoing or any other provision of the Resolution, amounts on deposit in the Debt Service Reserve Account in the Debt Service Fund are not pledged to secure, and shall not be applied to the payment of, (i) the principal or Redemption Price of and interest on any Bond Anticipation Notes, (ii) the principal or Redemption Price of and interest on any PPA Take-Out Bonds, (iii) the principal or redemption price of and interest on any Parity Obligations or (iv) the Federal Loan Debt Service Payments.

2. The Authority hereby pledges and assigns to the Trustee and to its successors and assigns, and grants to the Trustee and to its successors and assigns a security interest in, the Shared Trust Estate for the payment of the Federal Loan Debt Service Payments and, on a parity therewith, (a) the principal and Redemption Price of and interest on the Bonds and (b) the Parity Obligations, in accordance with their terms and the provisions of the Resolution, subject only to the provisions of the Resolution permitting the application of the Shared Trust Estate for the purposes and on the terms and conditions set forth in the Resolution, including, but not limited to, application of funds pursuant to this Article V.

3. The Shared Trust Estate and the Bondholders' Trust Estate hereby pledged and assigned shall immediately be subject to the liens of those pledges without any physical delivery thereof or further act, and the liens of those pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof.

4. The Bonds shall not constitute a debt of, a loan by, or a pledge of the faith and credit of the State of Georgia or of any political subdivision thereof, or of any Additional Units PPA Project Power Purchaser. Rather, the Bonds shall be payable from the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues and other funds of the Authority as provided in the Resolution. The issuance of any Bonds shall not obligate the State of Georgia or any political subdivision thereof, or any Additional Units PPA Project Power Purchaser, to levy or pledge any form of taxation whatever for the payment thereof. No Bondholder, and no receiver or trustee in connection therewith, shall have the right to enforce the payment of such Bond against any property of the State of Georgia or any political subdivision thereof, or of any Additional Units PPA Project Power Purchaser, nor shall any Bond constitute a charge, lien or encumbrance, whether legal or equitable, upon any such property. In addition, and without limiting the foregoing provisions of this subsection 4, in consideration of the purchase and acceptance of any and all of the Bonds authorized to be issued hereunder by those who shall hold the same from time to time, each Bondholder shall be deemed to have agreed that (a) the Bonds shall not be payable from or charged upon any funds other than the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues and other funds of the Authority pledged and assigned to the payment thereof as provided in the Resolution, nor shall the Authority be subject to any pecuniary liability thereon and (b) no Bondholder shall ever have the right to compel any exercise of the taxing power, if any, of the Authority to pay the Bonds or the interest thereon, nor to enforce payment thereof against any property of the Authority; nor shall any Bond constitute a charge, lien, or encumbrance, legal or equitable, upon any property of the Authority.

5. Nothing contained in the Resolution shall be construed to prevent the Authority from acquiring, constructing or financing through the issuance of its bonds, notes or other evidences of indebtedness any facilities (including, without limitation, the Additional Units PPA-2 Project and the Additional Units Non-PPA Project) that do not constitute a part of the PPA Project Entity's Ownership Interest for the purposes of the Resolution or from securing such bonds, notes or other evidences of indebtedness by a mortgage of the facilities so financed or by a pledge of, or other security interest in, the revenues therefrom or any lease or other agreement with respect

thereto or any revenues derived from such lease or other agreement; *provided, however*, that such bonds, notes or other evidences of indebtedness shall not be payable out of or secured by the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues or any Fund held under the Resolution and neither the cost of such facilities nor any expenditure in connection therewith or with the financing thereof shall be payable from the Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues or any such Fund.

502. ***Establishment of Funds.*** 1. ***In General.*** The following Funds are hereby established:

- (1) Construction Fund, to be held by the Trustee,
- (2) Revenue Fund, to be held by (a) during the Initial Term, the Trustee and (b) after the Initial Term, the Authority,
- (3) Debt Service Fund, to be held by the Trustee, consisting of a Debt Service Account, a Debt Service Reserve Account and a Bond Retirement Account,
- (4) Subordinated Bond Fund, to be held by the Trustee, and
- (5) Reserve and Contingency Fund, to be held by the Authority.

2. ***Establishment of Initial Power Purchaser Arrearages Fund.*** By not later than the Initial Power Purchaser Arrearages Fund Establishment Date, there shall be established an Initial Power Purchaser Arrearages Fund, to be held by the Trustee, which shall consist of (a) an Initial Power Purchaser Resale Revenue Account, into which all Initial Power Purchaser Resale Revenues shall be deposited and (b) an Initial Power Purchaser Arrearages Payment Account, into which all Initial Power Purchaser Arrearages Payments shall be deposited. Amounts on deposit in the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund shall be applied as provided in subsection 2 of Section 512 hereof, and amounts on deposit in the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund shall be applied as provided in subsection 3 of Section 512 hereof.

Notwithstanding any other provision of the Resolution, if, following the Initial Power Purchaser Arrearages Fund Establishment Date, the Initial Power Purchaser shall have cured all previous failures to pay in full when due any payment under the Initial Power Purchase Agreement in respect of Plant Vogtle Additional Units PPA Project Annual Costs (including amounts necessary (a) to replenish all amounts on deposit in the Debt Service Reserve Account in the Debt Service Fund, the Subordinated Bond Fund or the Reserve and Contingency Fund that, as a result of such failure, were applied to cure a deficiency in the Debt Service Account in said Debt Service Fund or in the DOE Debt Service Payment Account pursuant to subsection 1 of Section 507 hereof, subsection 2 of Section 509 hereof or subsection 4 of Section 510 hereof, respectively, (b) to pay the principal or Redemption Price of, or interest on, any Bond that, as a result of such failure, was due and unpaid, (c) to replenish all amounts on deposit in the DOE Debt Service Reserve Account or the DOE Reserve & Contingency Account that, as a result of such failure, were applied to cure a deficiency in the DOE Debt Service Payment Account, and

(d) to pay the principal of, or interest or prepayment premiums, if any, on, or any other amounts due with respect to, the Federal Loan that, as a result of such failure, were due and unpaid), then no further deposits to the Initial Power Purchaser Resale Revenue Account or the Initial Power Purchaser Arrearages Payment Account shall be required until such time thereafter (if any) as the Initial Power Purchaser shall again fail to pay in full when due any payment under the Initial Power Purchase Agreement in respect of Plant Vogtle Additional Units PPA Project Annual Costs.

3. **Establishment of Additional Units PPA Project Participant Arrearages Fund.** On the first date (if any) on or after the Additional Units PPA Project Participants' Debt Service Commencement Date on which any of (a) amounts on deposit in the Debt Service Reserve Account in the Debt Service Fund, the Subordinated Bond Fund or the Reserve and Contingency Fund shall be applied to cure a deficiency in the Debt Service Account in said Debt Service Fund or in the DOE Debt Service Payment Account pursuant to subsection 1 of Section 507 hereof, subsection 2 of Section 509 hereof or subsection 4 of Section 510 hereof, respectively, (b) the principal or Redemption Price of, or interest on, any Bond shall be due and unpaid, (c) amounts on deposit in the DOE Debt Service Reserve Account or the DOE Reserve & Contingency Account shall be applied to cure a deficiency in the DOE Debt Service Payment Account, (d) the principal of, or interest or prepayment premiums, if any, on, or any other amounts due with respect to, the Federal Loan shall be due and unpaid or (e) there shall not be on deposit in the Revenue Fund amounts sufficient to make the transfers provided for in clause (4) of subsection 2 of Section 505 hereof at the time required thereby shall have occurred as a result of a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract (or on such earlier date as an Authorized Officer of the Authority shall determine), there shall be established an Additional Units PPA Project Participant Arrearages Fund, to be held by the Trustee, into which all Additional Units PPA Project Participant Arrearages Payments and all Additional Units PPA Project Participant Resale Revenues shall be deposited and from which, among other things, (1) amounts owed by the Authority to the PPA Project Entity under the PPA Project Power Purchase Agreement in respect of Debt Service (as defined in the PPA Project Power Purchase Agreement) and (2) unpaid principal or Redemption Price of, or interest on, the Bonds shall be paid, as more fully provided in Section 513 hereof.

4. **Establishment of Further Accounts and Subaccounts.** There may be established within any Fund or Account established hereunder such further accounts or subaccounts as an Authorized Officer of the Authority may determine (including, without limitation, separate accounts in the Construction Fund relating to each of the Additional Units).

503. ***Construction Fund.*** 1. There shall be paid into the Construction Fund (a) the amounts required to be so paid by the provisions of the Resolution and any Supplemental Resolution and (b) all revenues, income, rents and receipts derived by the Authority from or attributable to the sale of any Pre-Commercial Generation, and there may be paid into the Construction Fund, at the option of the Authority, any moneys received for or in connection with the Additional Units PPA Project by the Authority from any other source, unless required to be otherwise applied as provided by the Resolution. Amounts in the Construction Fund shall be applied (a) to the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest and the Financing Costs of the Additional Units PPA Project and (b) to the payment of

the costs of the production of Pre-Commercial Generation, in each such case, in the manner provided in this Section.

2. The proceeds of insurance maintained pursuant to the Resolution against physical loss of or damage to the PPA Project Entity's Ownership Interest, or of contractors' performance bonds or of liquidated damages payable by any contractor with respect thereto, pertaining to the period of construction thereof and received by the Authority, shall be paid into the Construction Fund, unless required to be applied otherwise pursuant to the provisions of any Additional Units Project Agreement or the PPA Project Power Purchase Agreement.

3. The Trustee shall make payments from the Construction Fund, except payments and withdrawals pursuant to subsections 4, 6 and 7 of this Section 503, in the amounts, at the times, in the manner, and on the other terms and conditions set forth in this subsection. Before any such payment shall be made, the Authority shall file with the Trustee its requisition therefor, signed by an Authorized Officer of the Authority, stating in respect of each payment to be made (a) the name and address of the person, firm or corporation to whom payment is due, (b) the amount to be paid, (c) the particular item of the Costs of Acquisition and Construction or the Financing Costs with respect thereto to be paid and (d) that the cost or the obligation in the stated amount is a proper charge against the Construction Fund and is a proper item of the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest or the Financing Costs of the Additional Units PPA Project, as applicable, and has not been paid. The Trustee shall issue its check for each payment required by such requisition or shall by interbank transfer or other method arrange to make the payment(s) required by such requisition and promptly provide the Authority with written evidence thereof. In making any such payment, the Trustee may rely upon such requisitions and accompanying certificates.

4. The Trustee shall, during construction of the Additional Units, pay from the Construction Fund to the Authority, upon its requisitions therefor signed by an Authorized Officer of the Authority, at one time or from time to time, a sum or sums aggregating not more than \$10,000,000 or such larger amount as an Authorized Officer of the Authority shall certify to the Trustee as necessary to allow for the expeditious payment of the Costs of Acquisition and Construction and the Financing Costs, such sums to be used by the Authority as a revolving fund for the purpose of paying the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest and the Financing Costs of the Additional Units PPA Project. So long as the amount in such revolving fund shall at any time be less than \$10,000,000 (or such larger amount as shall be certified as aforesaid), such revolving fund shall be reimbursed by the Trustee from time to time for such costs so paid, by payments from the Construction Fund upon requisitions signed by an Authorized Officer of the Authority specifying (a) the name and address of the person, firm or corporation to whom payment from such revolving fund was made for which such reimbursement is requested, (b) the amount so paid, (c) the particular item of the Costs of Acquisition and Construction or the Financing Costs with respect thereto that was so paid and (d) that the cost or the obligation in the stated amount is a proper charge against the Construction Fund and is a proper item of the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest or the Financing Costs of the Additional Units PPA Project, as applicable, and had not theretofore been paid. In making such reimbursement, the Trustee may rely upon such requisitions and accompanying certificates.

5. Notwithstanding any of the other provisions of this Section, to the extent that other moneys are not available therefor, amounts in the Construction Fund shall be applied to the payment of principal of and interest on Bonds and Parity Obligations when due.

6. Amounts credited to the Construction Fund which the Authority at any time determines to be in excess of the amounts required for the purposes thereof shall be transferred to the Debt Service Reserve Account in the Debt Service Fund, if and to the extent necessary to make the amount therein equal to the Debt Service Reserve Requirement, and any balance of such excess shall, at the request of the Authority, be transferred to the Bond Retirement Account in the Debt Service Fund or, if so determined by an Authorized Officer of the Authority, be transferred to the Revenue Fund (or, as applicable, paid to the Authority for credit to the Revenue Fund); *provided, however*, that the amount of any such credit to the Revenue Fund shall not constitute or be deemed to constitute Revenues for any purpose of the Resolution.

7. The Trustee shall, prior to the Commercial Operation Date of the second Additional Unit, pay from the Construction Fund to the Authority, upon its requisitions therefor signed by an Authorized Officer of the Authority, at one time or from time to time, a sum or sums aggregating not more than \$10,000,000 or such larger amount as an Authorized Officer of the Authority shall certify to the Trustee as necessary to allow for the expeditious payment of the costs of the production of Pre-Commercial Generation, such sums to be used by the Authority as a revolving fund for the purpose of paying such costs. So long as the amount in such revolving fund shall at any time be less than \$10,000,000 (or such larger amount as shall be certified as aforesaid), such revolving fund shall be reimbursed by the Trustee from time to time for such costs so paid, by payments from the Construction Fund upon requisitions signed by an Authorized Officer of the Authority specifying the payee and the amount and particular purpose of each payment from such revolving fund for which such reimbursement is requested and certifying that each such amount so paid was necessary for the payment of an item of the costs of the production of Pre-Commercial Generation. In making such reimbursement, the Trustee may rely upon such requisitions and accompanying certificates.

504. ***Revenues and Revenue Fund.*** As soon as practicable after the receipt thereof, all Revenues shall be deposited by the Trustee or the Authority, as applicable, in the Revenue Fund.

505. ***Application of Funds in Revenue Fund.*** 1. Amounts in the Revenue Fund shall be paid out from time to time by the Trustee, at the direction of an Authorized Officer of the Authority, or by the Authority, as applicable, for reasonable and necessary Operating Expenses. In the case of that portion of the Operating Expenses payable in each month that constitutes "Seller's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee, at the direction of an Authorized Officer of the Authority, or the Authority, as applicable, shall, on or prior to the last Business Day of such month, transfer to the DOE Revenue Account the amount budgeted for such Seller's O&M Costs for the next succeeding month and, in the case of that portion of the Operating Expenses payable in each month that constitutes "Purchaser's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee, at the direction of an Authorized Officer of the Authority, or the Authority, as applicable, shall, on or prior to the last Business Day of such month, pay or cause to be paid such Operating Expenses; *provided, however*, that from and after the Initial Power Purchaser Arrearages Fund Establishment Date, amounts in respect of Operating Expenses that, but for a default by the Initial Power Purchaser in the making of any payment under the Initial Power Purchase Agreement when due, would have been payable from amounts paid by the Initial Power

Purchaser under the Initial Power Purchase Agreement, shall not be paid from the Revenue Fund unless and until (a) the entire balance of the Initial Power Purchaser Resale Revenues on deposit in the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund has been applied pursuant to subsection 2 of Section 512 and (b) the entire balance of the Initial Power Purchaser Arrearages Payments on deposit in the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund has been applied pursuant to subsection 3 of Section 512.

2. No later than the last Business Day of each month, the Trustee or the Authority, as applicable, shall withdraw from the amounts in the Revenue Fund for application in the following order of priority the respective amounts set forth below; *provided, however*, that if the amounts in the Revenue Fund shall not be sufficient to make all of the transfers required to be made pursuant to any of the following clauses, then such amounts in the Revenue Fund shall be applied ratably, in proportion to the amount specified for each such transfer in such clause:

(1) On a parity basis, (i) for transfer to the Debt Service Account in the Debt Service Fund (or, as applicable, for transfer to the Trustee for credit to said Debt Service Account), the amount, if any, required so that the balance in said Account shall equal the Accrued Aggregate Debt Service plus, to the extent not theretofore deposited therein as Debt Service, the amount coming due in such month on Parity Obligations (other than Parity Reimbursement Obligations); *provided, however*, that, for the purposes of computing the amount on deposit in said Account, there shall be excluded the amount, if any, set aside in said Account from the proceeds of Bonds, Subordinated Bonds or other evidences of indebtedness less that amount of such proceeds to be applied in accordance with the Resolution to interest accrued and unpaid and to accrue on Bonds to the last day of the then current calendar month; and *provided, further*, that notwithstanding any other provision of the Resolution, (a) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, the amount to be so transferred to the Debt Service Account shall not include (I) the principal or Redemption Price of, or interest on, any Bonds and (II) the amounts due on any Parity Obligations, in either such case, that is (or are) due and unpaid as a result of a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (b) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, the amount to be so transferred to the Debt Service Account shall not include (I) the principal or Redemption Price of, or interest on, any Bonds and (II) the amounts due on any Parity Obligations, in either such case, that is (or are) due and unpaid as a result of a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract; and (ii) for transfer to the DOE Revenue Account, for further transfer to the DOE Debt Service Payment Account, the amount, if any, in respect of the principal of, and interest and prepayment premiums, if any, on, and any other amounts due with respect to, the Federal Loan required to be so transferred during such month pursuant to the DOE Loan Guarantee Agreement and the DOE Accounts Agreement; *provided, however*, that notwithstanding any other provision of the Resolution, (a) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt

Service Payment Obligation Satisfaction Date, the amount to be so transferred to the DOE Debt Service Payment Account shall not include the principal of, and interest and prepayment premiums, if any, on, and any other amounts due with respect to, the Federal Loan that is (or are) due and unpaid as a result of a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (b) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, the amount to be so transferred to the DOE Debt Service Payment Account shall not include the principal of, and interest and prepayment premiums, if any, on, and any other amounts due with respect to, the Federal Loan that is (or are) due and unpaid as a result of a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract;

(2) On a parity basis, (i) subject to the second, third and fourth provisos below, for transfer to the Trustee for credit to the Debt Service Reserve Account in the Debt Service Fund, the amount, if any, required so that the balance in said Account shall equal the Debt Service Reserve Requirement including, without limitation, any amount required to reimburse the issuer of a Financial Guaranty in order to reinstate the maximum limits of such Financial Guaranty; *provided, however*, that so long as there shall be held in the Debt Service Fund an amount sufficient to pay in full all Outstanding Bonds and Parity Obligations in accordance with their terms (including principal or applicable sinking fund Redemption Price and interest thereon), no deposits shall be required to be made into the Debt Service Fund; and *provided, further*, that any deficiency in such Account attributable to a withdrawal of amounts therefrom pursuant to subsection 1 of Section 507 shall be cured by depositing into such Account each month during the next succeeding six months an amount equal to one-sixth (1/6th) of the amount of the withdrawal; and *provided, further*, that, except as provided in the following proviso, any other deficiency in such Account shall be cured by depositing into such Account each month during the next succeeding twelve months an amount equal to one-twelfth (1/12th) of the amount of the deficiency, except that, if a new valuation of Investment Securities held in such account is made pursuant to Section 604 during the period that such deposits are required, then the obligation of the Authority to make deposits during the balance of such period on the basis of the preceding valuation shall be discharged and the deposits, if any, required to be made for the balance of such period shall be determined under this proviso on the basis of the new valuation; and *provided, further*, that (x) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, no such deposit shall be required in respect of any withdrawal from such Account made as a result of a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (y) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, no such deposit shall be required from payments made to the Authority by the Initial Power Purchaser pursuant to the Initial Power Purchase Agreement in respect of any withdrawal from such Account made as a result of a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract; and

(ii) for transfer to the DOE Revenue Account, for further transfer to the DOE Debt Service Reserve Account, the amount, if any, required so that the amount on deposit in or credited to the DOE Debt Service Reserve Account shall equal the DOE Debt Service Reserve Requirement;

(3) For transfer to the Trustee for credit to the Subordinated Bond Fund, such amounts as shall be required (i) to pay principal or sinking fund installments of and interest on each issue of Subordinated Bonds coming due in such month and reserves therefor, as required by the Supplemental Resolution authorizing such issue of Subordinated Bonds, and (ii) to pay amounts coming due in such month on Subordinated Obligations; *provided, however*, that notwithstanding any other provision of the Resolution, (a) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, the amount to be so transferred to the Subordinated Bond Fund shall not include (I) the principal or sinking fund installments of and interest on any Subordinated Bonds, and reserves therefor, and (II) the amounts due on any Subordinated Obligations, in either such case, that is (or are) due and unpaid as a result of a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (b) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, the amount to be so transferred to the Subordinated Bond Fund shall not include (I) the principal or sinking fund installments of and interest on any Subordinated Bonds, and reserves therefor, and (II) the amounts due on any Subordinated Obligations, in either such case, that is (or are) due and unpaid as a result of a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract; and

(4) On a parity basis, (i) for transfer to the Trustee for credit to the Reserve and Contingency Fund, an amount equal to the Authority's Portion of the Monthly Reserve and Contingency Deposit; and (ii) for transfer to the DOE Revenue Account, for further transfer to the DOE Reserve & Contingency Account, an amount equal to the PPA Project Entity's Portion of the Monthly Reserve and Contingency Deposit; *provided, however*, that no such deposits shall be required to be made until the month following the month in which the Commercial Operation Date of the first Additional Unit occurs.

3. For the purpose of the avoidance of doubt, it is hereby recited that all transfers to the DOE Project Accounts provided for in subsections 1 and 2 of this Section 505 are made pursuant to, and in satisfaction of, the Authority's payment obligations under the PPA Project Power Purchase Agreement.

4. During any period during which the Accrued Aggregate Debt Service shall be calculated in the manner provided in the final proviso of the definition thereof set forth in Section 102 hereof, no later than each interest payment date for any Build America Bonds then Outstanding, (a) on or prior to the Commercial Operation Date of the second Additional Unit, the Trustee shall withdraw from the Construction Fund and transfer to the Debt Service Account in the Debt Service Fund and (b) after the Commercial Operation Date of the second Additional Unit, the Trustee shall withdraw from the Revenue Fund or the Authority shall withdraw from the Revenue Fund and transfer to the Trustee, as applicable, in any such case, for deposit to the

Debt Service Account in the Debt Service Fund, an amount equal to the amount of the cash subsidy payment payable to the Authority by the United States Treasury in respect of the interest payable on such Build America Bonds on such interest payment date.

5. Subject to the provisions of Section 708, amounts in the Revenue Fund not required for any of the purposes set forth in subsections 1 and 2 of this Section 505 may be applied in accordance with Section 511. Application of amounts in the Revenue Fund pursuant to this subsection 5 shall include, without limitation, payment to an issuer of a Financial Guaranty of interest on amounts advanced under such Financial Guaranty.

6. Notwithstanding anything to the contrary in this Section 505, on the Initial Power Purchaser Arrearages Fund Establishment Date, all amounts in the Revenue Fund shall be transferred to the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund and, thereafter, applied in accordance with subsection 3 of Section 512.

506. ***Debt Service Fund – Debt Service Account.*** 1. The Trustee shall pay out of the Debt Service Account in the Debt Service Fund to the respective Paying Agents (i) on or before each interest payment date for any of the Bonds, the amount required for the interest payable on such date; (ii) on or before each Principal Installment due date, the amount required for the Principal Installment payable on such due date; and (iii) on or before any redemption date for the Bonds, the amount required for the payment of interest on the Bonds then to be redeemed. Such amounts shall be applied by the Paying Agents on and after the due dates thereof. The Trustee shall also pay out of the Debt Service Account the accrued interest included in the purchase price of Bonds purchased for retirement and, at the direction of an Authorized Officer of the Authority, on or before the due date thereof, from the Debt Service Account amounts due in respect of any Parity Obligation.

2. Amounts accumulated in the Debt Service Account with respect to any Sinking Fund Installment (together with amounts accumulated therein with respect to interest on the Bonds for which such Sinking Fund Installment was established) may and, if so directed by the Authority, shall be applied by the Trustee, on or prior to the 40th day preceding the due date of such Sinking Fund Installment, to (i) the purchase of Bonds of the Series and maturity and interest rate within each maturity for which such Sinking Fund Installment was established, or (ii) the redemption at the applicable sinking fund Redemption Price, pursuant to Article IV, of such Bonds, if then redeemable by their terms. All purchases of any Bonds pursuant to this subsection 2 shall be made at prices not exceeding the applicable sinking fund Redemption Price of such Bonds plus accrued interest, and such purchases shall be made by the Trustee as directed by the Authority. The applicable sinking fund Redemption Price (or principal amount of maturing Bonds) of any Bonds so purchased or redeemed shall be deemed to constitute part of the Debt Service Account until such Sinking Fund Installment due date, for the purpose of calculating the amount of such Account. As soon as practicable after the 40th day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption, by giving notice as provided in Section 405, on such due date Bonds of the Series and maturity and interest rate within each maturity for which such Sinking Fund Installment was established (except in the case of Bonds maturing on a Sinking Fund Installment date) in such amount as shall be necessary to complete the retirement of the unsatisfied balance of such Sinking Fund Installment. The Trustee shall pay out of the Debt Service Account to the appropriate Paying Agents, on or before such redemption date (or maturity date), the amount required for the redemption of the Bonds so called for

redemption (or for the payment of such Bonds then maturing), and such amount shall be applied by such Paying Agents to such redemption (or payment). All expenses in connection with the purchase or redemption of Bonds shall be paid by the Trustee, at the direction of an Authorized Officer of the Authority, or by Authority, as applicable, from the Revenue Fund.

3. The amount, if any, deposited in the Debt Service Account from the proceeds of each Series of Bonds shall be set aside in such Account and applied to the payment of interest on Bonds in accordance with certificates of Authorized Officers of the Authority delivered to the Trustee pursuant to paragraph (8) of subsection 1 of Section 202 or, in the event that the Authority shall modify or amend any such certificate by a subsequent certificate signed by an Authorized Officer of the Authority and filed with the Trustee, then in accordance with the most recent such certificates or amended certificates.

4. In the event of the refunding or defeasance of any Bonds, the Trustee shall, upon the direction of an Authorized Officer of the Authority, withdraw from the Debt Service Account in the Debt Service Fund all or any portion of the amounts accumulated therein and deposit such amounts with itself as Trustee to be held for the payment of the principal or Redemption Price, if applicable, and interest on the Bonds being refunded or defeased; *provided, however*, that such withdrawal shall not be made unless (a) immediately thereafter the Bonds being refunded or defeased shall be deemed to have been paid pursuant to subsection 2 of Section 1301, and (b) the amount remaining in the Debt Service Account in the Debt Service Fund, after giving effect to the issuance of any obligations being issued to refund any Bonds being refunded and the disposition of the proceeds thereof, shall not be less than the requirement of such Account pursuant to subclause (i) of clause (1) of subsection 2 of Section 505. In the event of such refunding or defeasance, an Authorized Officer of the Authority may also direct the Trustee to withdraw from the Debt Service Account in the Debt Service Fund all or any portion of the amounts accumulated therein and deposit such amounts in any Fund or Account under the Resolution; *provided, however*, that such withdrawal shall not be made unless items (a) and (b) referred to hereinabove have been satisfied.

507. ***Debt Service Fund – Debt Service Reserve Account.*** 1. If on any day on which the principal or sinking fund Redemption Price of or interest on Bonds other than Bond Anticipation Notes and PPA Take-Out Bonds shall be due the amount on deposit in the Debt Service Account shall be less than the amount required to be in such Account pursuant to subclause (i) of clause (1) of subsection 2 of Section 505, the Trustee shall apply amounts from the Debt Service Reserve Account to make good the deficiency; *provided, however*, that the amounts so applied shall not be applied to the payment of the principal or sinking fund Redemption Price of or interest on any Bond Anticipation Notes or PPA Take-Out Bonds. If a Financial Guaranty has been deposited in the Debt Service Reserve Account, amounts deposited therein not required to make good such deficiency shall be applied, first, to reimburse the issuer of the Financial Guaranty for any unreimbursed drawings thereunder and then to fund the Debt Service Reserve Account to satisfy the Debt Service Reserve Requirement.

2. If on the last day of any calendar year the balance of moneys and securities on deposit in the Debt Service Reserve Account shall exceed the Debt Service Reserve Requirement, after giving effect to any Financial Guaranty that may be credited to such Account in accordance with the provisions of subsection 5 of this Section 507, such excess shall be transferred to the Revenue Fund.

3. Whenever the amount in the Debt Service Reserve Account, together with the amount in the Debt Service Account, is sufficient to pay in full all Outstanding Bonds and Parity Obligations in accordance with their terms (including principal or applicable sinking fund Redemption Price and interest thereon), the funds on deposit in the Debt Service Reserve Account shall be transferred to the Debt Service Account. Any provision of the Resolution to the contrary notwithstanding, so long as there shall be held in the Debt Service Fund an amount sufficient to pay in full all Outstanding Bonds and Parity Obligations in accordance with their terms (including principal or applicable sinking fund Redemption Price and interest thereon), no deposits shall be required to be made into the Debt Service Reserve Account.

4. In the event of the refunding or defeasance of any Bonds other than Bond Anticipation Notes and PPA Take-Out Bonds, the Trustee shall, upon the direction of an Authorized Officer of the Authority, withdraw from the Debt Service Reserve Account all or any portion of the amounts accumulated therein and deposit such amounts with itself as Trustee to be held for the payment of the principal or Redemption Price, if applicable, and interest on the Bonds being refunded or defeased; *provided, however*, that such withdrawal shall not be made unless (a) immediately thereafter the Bonds being refunded or defeased shall be deemed to have been paid pursuant to subsection 2 of Section 1301, and (b) the amount remaining in the Debt Service Reserve Account, after giving effect to any Financial Guaranty that may be credited thereto in accordance with the provisions of subsection 5 of this Section 507, and after giving effect to the issuance of any obligations being issued to refund such Bonds and the disposition of the proceeds thereof, shall not be less than the Debt Service Reserve Requirement. In the event of such refunding or defeasance, the Authority may also direct the Trustee to withdraw from the Debt Service Reserve Account all or any portion of the amounts accumulated therein and deposit such amounts in any Fund or Account under the Resolution; *provided, however*, that such withdrawal shall not be made unless items (a) and (b) referred to hereinabove have been satisfied.

5. In lieu of depositing moneys in the Debt Service Reserve Account, or in substitution for moneys previously deposited in the Debt Service Reserve Account, the Authority may provide the Trustee with a Financial Guaranty for deposit into the Debt Service Reserve Account. Any such Financial Guaranty shall, together with the moneys and Investment Securities, if any, held in the Debt Service Reserve Account, be in an amount equal to the Debt Service Reserve Requirement and shall be payable or available to be drawn upon, as the case may be (upon the giving of notice of at least one Business Day pursuant to a demand for payment by the Trustee as required thereunder), on any date on which moneys will be required to be withdrawn from the Debt Service Reserve Account pursuant to the provisions of the Resolution. Any such Financial Guaranty shall have a term not less than the final maturity date of any Series of Bonds then Outstanding under the terms of the Resolution or shall provide that it may be drawn upon if, prior to the termination thereof, a substitute Financial Guaranty is not delivered to the Trustee pursuant to this Section 507. Following a drawing under a Financial Guaranty, the Authority shall be obligated to reimburse the issuer of such Financial Guaranty in order to reinstate the maximum limits of such Financial Guaranty, such reimbursement to be made from amounts to be deposited in the Debt Service Reserve Account pursuant to subclause (i) of clause (2) of subsection 2 of Section 505.

The financial strength of the issuer of any Financial Guaranty shall be rated on the date of deposit of such Financial Guaranty in the Debt Service Reserve Account not lower than two of

the following three ratings levels: (i) "Aa2" by Moody's Investors Service, (ii) "AA" by Standard & Poor's and (iii) "AA" by Fitch Ratings. In the event that the rating of the financial strength of the issuer of a Financial Guaranty shall be reduced below the ratings levels set forth in the preceding sentence by two of the three Rating Agencies set forth therein, the Authority shall, within five (5) years of the date of such reduction, replace the Financial Guaranty with (a) a substitute Financial Guaranty satisfying the criteria set forth below or (b) cash. In the event that the rating of the financial strength of the issuer of a Financial Guaranty shall be reduced below two of the three ratings levels set forth in the next following sentence, the Authority shall, within one (1) year of the date of such reduction, replace the Financial Guaranty with (a) a substitute Financial Guaranty satisfying the criteria set forth below or (b) cash. The ratings levels for purposes of the preceding sentence shall be (i) "A2" by Moody's Investors Service, (ii) "A" by Standard & Poor's and (iii) "A" by Fitch Ratings. Any such substitute Financial Guaranty shall be issued by an issuer whose financial strength is rated in the highest rating category which can be obtained by the Authority, using the Authority's best efforts, at commercially reasonable rates (but in no event less than the ratings described in clauses (i), (ii) and (iii) of the first sentence of this paragraph).

Prior to providing the Trustee with a Financial Guaranty for deposit into the Debt Service Reserve Account, there shall be filed with the Authority an opinion of tax counsel to the Authority to the effect that such deposit will not adversely affect the exclusion from gross income for federal income tax purposes of the interest on any Outstanding Bonds the interest on which, at the time of the original issuance of such Bonds, was so excluded.

In connection with furnishing a Financial Guaranty to the Trustee, the Authority shall also furnish to the Trustee (i) an opinion of counsel to the issuer of such Financial Guaranty, satisfactory to the Trustee, to the effect that such Financial Guaranty is a valid and binding obligation of the issuer thereof, enforceable in accordance with its terms, subject to usual bankruptcy exceptions, and (ii) a certificate of an Authorized Officer of the Authority to the effect that there has not occurred any Bondholders' Event of Default or any event which, with the giving of notice or the passage of time or both, would constitute a Bondholders' Event of Default. Upon receipt of such Financial Guaranty and the other items required by this Section 507, the Trustee shall, to the extent that amounts held in the Debt Service Reserve Account, taking into account any Financial Guaranty on deposit in the Debt Service Reserve Account, are in excess of the Debt Service Reserve Requirement, transfer such moneys (or any investments held therein) to or upon the order of the Authority, as the Authority shall direct in writing.

The Trustee shall maintain adequate records, verified with the issuer of any Financial Guaranty, as to: the amounts available to be drawn under such Financial Guaranty at any given time, the amounts drawn by the Trustee thereunder and the amounts paid by the Trustee to such issuer with respect to any such drawings; *provided, however*, the Trustee shall not be responsible for maintaining records of any other amounts paid and owing by the Authority to the issuer of any such Financial Guaranty with respect to any reimbursement agreement between such parties except for drawings under such Financial Guaranty. In the event that (i) cash and (ii) a Financial Guaranty are on deposit in the Debt Service Reserve Account, the Trustee shall first use such cash to make any required deposit to the Debt Service Account prior to drawing on such Financial Guaranty.

In the event more than one Financial Guaranty is on deposit in the Debt Service Reserve Account, any drawings thereunder and payments made in reinstatement thereof shall be on a *pro rata* basis.

Notwithstanding anything in the Resolution to the contrary, there shall be no optional redemption of Bonds other than Bond Anticipation Notes and PPA Take-Out Bonds by the Authority unless all amounts owed to the issuer of any Financial Guaranty have been paid in full.

For purposes of determining the amount on deposit in the Debt Service Reserve Account, the amount available to be drawn under any Financial Guaranty shall be deemed to be on deposit therein.

508. ***Debt Service Fund – Bond Retirement Account.*** Amounts accumulated in the Bond Retirement Account shall be applied by the Trustee to the retirement, by purchase or redemption, of such Bonds or Subordinated Bonds as shall be specified by an Authorized Officer of the Authority, at such times, in such amounts and in such manner as such Authorized Officer shall specify.

509. ***Subordinated Bond Fund.*** 1. Subject to subsection 2 hereof, the Trustee shall apply amounts in the Subordinated Bond Fund to the payment of (i) the principal or sinking fund installments of and interest on each issue of Subordinated Bonds and reserves therefor in accordance with the provisions of, and subject to the priorities and limitations and restrictions provided in, the Supplemental Resolution authorizing each issue of such Subordinated Bonds and (ii) Subordinated Obligations.

2. If at any time either (a) the amount in the Debt Service Account in the Debt Service Fund shall be less than the requirement of such Account pursuant to subclause (i) of clause (1) of subsection 2 of Section 505, or the amount in the Debt Service Reserve Account in the Debt Service Fund shall be less than the Debt Service Reserve Requirement, and there shall not be on deposit in the Revenue Fund or the Reserve and Contingency Fund available moneys sufficient to cure either such deficiency or (b) the amount in the DOE Debt Service Payment Account shall be less than the requirement of such Account pursuant to the DOE Accounts Agreement, or the amount in the DOE Debt Service Reserve Account shall be less than the DOE Debt Service Reserve Requirement, and there shall not be on deposit in the Revenue Fund or the DOE Reserve & Contingency Account available moneys sufficient to cure either such deficiency, then the Trustee shall withdraw from the Subordinated Bond Fund and (x) deposit in the Debt Service Account and/or the Debt Service Reserve Account, as the case may be, the amount necessary to make up such deficiency or deficiencies therein and (y) transfer to the DOE Debt Service Payment Account and/or the DOE Debt Service Reserve Account, as the case may be, the amount necessary to make up such deficiency or deficiencies therein; *provided, however*, that if the amount in the Subordinated Bond Fund shall be less than the amount necessary to make up the deficiencies with respect to the Debt Service Account, the Debt Service Reserve Account, the DOE Debt Service Payment Account and the DOE Debt Service Reserve Account, then the amount in the Subordinated Bond Fund shall be applied first to make up the deficiencies in the Debt Service Account and the DOE Debt Service Payment Account, ratably, in proportion to the amount of each such deficiency, and any balance remaining shall be applied to make up the deficiencies with respect to the Debt Service Reserve Account and the DOE Debt Service Reserve Account, ratably, in proportion to the amount of each such deficiency.

510. ***Reserve and Contingency Fund.*** 1. Amounts in the Reserve and Contingency Fund shall be applied to (a) the costs of (i) any major renewals, replacements, repairs, additions, betterments and improvements with respect to the PPA Project Entity's Ownership Interest necessary, in the opinion of an Authorized Officer of the Authority, to keep the same in good operating condition or to prevent a loss of revenues therefrom, and (ii) any major additions, improvements, repairs and modifications with respect to the PPA Project Entity's Ownership Interest and any disposals of the PPA Project Entity's Ownership Interest required by any governmental authority having jurisdiction over the PPA Project Entity's Ownership Interest or any part thereof, or for which the PPA Project Entity shall be responsible by virtue of any obligation of the PPA Project Entity arising out of any contract to which the PPA Project Entity may be a party relating to ownership of the PPA Project Entity's Ownership Interest or any part thereof and (b) the payment of operation and maintenance costs, and contingencies, including payments with respect to the prevention or correction of any unusual loss or damage in connection with the Additional Units PPA Project or to prevent a loss of revenues therefrom, all to the extent not provided for in the then current Additional Units PPA Project Annual Budget or by reserves held under the Resolution and the DOE Accounts Agreement (other than the DOE Reserve & Contingency Account, except to the extent provided in the following proviso) or from the proceeds of Bonds, Subordinated Bonds or other evidences of indebtedness of the Authority or the proceeds of Advances under the Federal Loan; provided, however, that all such costs and payments shall be funded from amounts on deposit in both the Reserve and Contingency Fund and the DOE Reserve & Contingency Account, ratably in proportion to the respective amounts on deposit therein.

2. If and to the extent provided in a Supplemental Resolution authorizing Bonds of a Series, amounts from the proceeds of such Bonds may be deposited in the Reserve and Contingency Fund and set aside therein for any purpose of such Fund.

3. No payments shall be made from the Reserve and Contingency Fund if and to the extent that the proceeds of insurance or other moneys recoverable as the result of damage, if any, are available at the time required to pay such cost.

4. If at any time the amount in the Debt Service Account in the Debt Service Fund shall be less than the requirement of such Account pursuant to subclause (i) of clause (1) of subsection 2 of Section 505, or the amount in the Debt Service Reserve Account in the Debt Service Fund shall be less than the Debt Service Reserve Requirement, then the Authority, upon requisition by the Trustee, shall transfer from the Reserve and Contingency Fund to the Trustee for deposit in the Debt Service Account or the Debt Service Reserve Account, as the case may be, the amount necessary (or all the moneys in said Fund if less than the amount necessary) to make up such deficiency (or, if the amount in the Reserve and Contingency Fund shall be less than the amount necessary to make up the deficiencies with respect to the Debt Service Account and the Debt Service Reserve Account, then the amount in the Reserve and Contingency Fund shall be applied first to make up the deficiency in the Debt Service Account, and any balance remaining shall be applied to make up the deficiency with respect to the Debt Service Reserve Account); *provided, however,* that (x) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, amounts deposited to the Reserve and Contingency Fund from payments made to the Authority by the Additional Units PPA Project Participants pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 hereof shall not be so withdrawn if the

purpose for such withdrawal is to make up any such deficiency that resulted from a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (y) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, amounts deposited to the Reserve and Contingency Fund from payments made to the Authority by the Initial Power Purchaser pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 hereof shall not be so withdrawn if the purpose for such withdrawal is to make up any such deficiency that resulted from a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract. No transfers will be made pursuant to this subsection 4 in any calendar month until all amounts required to be transferred pursuant to subsection 1 of this Section 510 in such calendar month have been so transferred, except to the extent that any such transfer is necessary in order to avoid a default in the payment of the principal or Redemption Price of, or interest on, the Bonds or the principal of, or interest or prepayment premiums, if any, on, or other amounts due with respect to, the Federal Loan when due.

5. If on the last day of any calendar year the balance of moneys and securities in the Reserve and Contingency Fund shall exceed the Authority's Reserve and Contingency Requirement, all or a portion of the amount of such excess shall be transferred to the Trustee for deposit in the Debt Service Account or the Debt Service Reserve Account, as the case may be, in the Debt Service Fund if and to the extent such amount is required to make up any deficiency in either such Account; *provided, however*, that (x) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, amounts deposited to the Reserve and Contingency Fund from payments made to the Authority by the Additional Units PPA Project Participants pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 hereof shall not be so withdrawn if the purpose for such withdrawal is to make up any such deficiency that resulted from a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (y) during the period from and including the Additional Units PPA Project Participants' Debt Service Commencement Date to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, amounts deposited to the Reserve and Contingency Fund from payments made to the Authority by the Initial Power Purchaser pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 hereof shall not be so withdrawn if the purpose for such withdrawal is to make up any such deficiency that resulted from a default by any Additional Units PPA Project Participant in the making of any payment due under its Additional Units PPA Power Sales Contract; and the balance, if any, of such excess shall be transferred to the Revenue Fund (or, as applicable, transferred to the Authority for deposit to the Revenue Fund).

511. ***Further Transfers from Revenue Fund.*** 1. Amounts in the Revenue Fund not required for the purposes set forth in Section 505 may, upon determination of the Authority and subject to the provisions of Section 708 relating to the Working Capital Requirement, be applied to or set aside for any one or more of the following:

- (a) the purchase or redemption of any Bonds, Subordinated Bonds and/or Parity Obligations, on the one hand, and the prepayment of the Federal Loan, on the other hand, and expenses in connection therewith or any reserves which the Authority determines

shall be required for such purposes, on a parity basis in proportion to the respective principal amounts then outstanding;

(b) payments into the Construction Fund for application to the purposes of such Fund;

(c) improvements, extensions, betterments, renewals and replacements of any properties of the PPA Project Entity's Ownership Interest;

(d) to reduce the cost of Additional Units PPA Project power and energy to the Additional Units PPA Project Power Purchasers under the Additional Units PPA Project Power Contracts;

(e) to fund such reserves for the Additional Units PPA Project as the Authority shall determine are necessary or appropriate; *provided, however*, that the aggregate amount of such reserves shall be held in funds or accounts established under the Resolution, on the one hand, and in accounts established under the DOE Accounts Agreement, on the other hand, in proportion to the respective principal amounts of the Bonds, Subordinated Bonds and Parity Obligations and the Federal Loan then outstanding, respectively; and

(f) any other lawful purpose of the Authority related to the Additional Units PPA Project, including, without limitation, to the extent permitted by applicable law, the withdrawal of amounts from the Revenue Fund for the purpose of pledging or assigning such amounts to or on behalf of any person or persons in order to secure the Authority's obligations under any contract or agreement entered into by the Authority in connection with the Additional Units PPA Project, subject to the consent of DOE or the DOE Collateral Agent;

provided, however, that

(i) any proceeds of any insurance paid on account of the damage or destruction of any useful portion of the PPA Project Entity's Ownership Interest deposited in the Revenue Fund pursuant to subsection 1 of Section 714 shall be used only for the purposes specified in paragraphs (a) and (b) of this subsection 1;

(ii) prior to the end of the term of the Initial Power Purchase Agreement, any amounts applied or set aside pursuant to this Section 511 shall be used only for the purposes specified in paragraphs (b), (c), (d), (e) and (f) of this subsection 1;

(iii) commencing with the first full calendar year following the end of the term of the Initial Power Purchase Agreement, any such amounts shall be used only for the purposes specified in paragraphs (b), (c), (d), (e) and (f) of this subsection 1 unless the Board, in its sole discretion, determines that such amounts shall be transferred (A) to the Trustee for deposit to the Bond Retirement Account in the Debt Service Fund and (B) to the DOE Collateral Agent for application to the prepayment of the Federal Loan and such determination is approved by Additional Units PPA Project Participants whose total Obligation Shares (as defined in the Additional Units PPA Power Sales Contracts) in the Additional Units PPA Project exceed $66 \frac{2}{3}$ percent, in which case, (X) the Authority's

Portion of such amounts shall be transferred to the Trustee for deposit to said Bond Retirement Account and applied to the purposes for which amounts in said Account may be applied as provided in Section 508 and (Y) the PPA Project Entity's Portion of such amounts shall be transferred to the DOE Collateral Agent and applied to the prepayment of the Federal Loan in accordance with the provisions of the DOE Loan Guarantee Agreement; and

(iv) subject to the provisions of Section 505, amounts deposited in the Revenue Fund and required by the Resolution to be applied to the purchase or redemption of Bonds and/or the prepayment of the Federal Loan shall be applied to such purpose(s).

2. Upon any purchase or redemption of Bonds of any Series, maturity and interest rate for which Sinking Fund Installments shall have been established, other than any such purchase or redemption pursuant to subsection 2 of Section 506, there shall be credited toward such Sinking Fund Installment or Sinking Fund Installments thereafter to become due as the Authority shall select in its sole discretion the total principal amount of such Bonds so purchased or redeemed. The portion of any such Sinking Fund Installment remaining after the deduction of any such amounts credited toward the same (or the original amount of any such Sinking Fund Installment if no such amounts shall have been credited toward the same) shall constitute the unsatisfied balance of such Sinking Fund Installment for the purpose of calculation of Sinking Fund Installments due on a future date.

512. ***Initial Power Purchaser Arrearages Fund.*** 1. During the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, (a) all Initial Power Purchaser Resale Revenues shall be deposited to the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund and (b) all Initial Power Purchaser Arrearages Payments shall be deposited to the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund. On the Initial Power Purchaser Arrearages Fund Establishment Date, all amounts in the Revenue Fund will be transferred to the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund.

2. Unless otherwise required pursuant to subsection 2 of Section 803 hereof following the occurrence of a Bondholders' Event of Default or a Federal Loan Event of Default, amounts on deposit in the Initial Power Purchaser Resale Revenue Account shall be applied as specified in this subsection 2 and the DOE Accounts Agreement. No later than the last Business Day of each month, the Trustee shall transfer amounts on deposit in the Initial Power Purchaser Resale Revenue Account as follows and in the following order of priority (in each case, to the extent of available funds on deposit therein):

(a) *first*, in the case of that portion of the Operating Expenses payable in such month that constitutes "Seller's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee shall transfer to the DOE Revenue Account an amount equal to such Seller's O&M Costs and, on a parity basis, in the case of that portion of the Operating Expenses payable in such month that constitutes "Purchaser's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee shall pay or cause to be paid such Operating Expenses;

(b) *second*, the Trustee shall transfer to the DOE Debt Service Payment Account the amount required to be deposited into such Account during such month (or during any previous month to the extent such deposits were not made) in accordance with the DOE Accounts Agreement;

(c) *third*, the Trustee shall transfer to the Debt Service Account in the Debt Service Fund the amount required to be deposited into such Account during such month pursuant to subclause (i) of clause (1) of subsection 2 of Section 505; and

(d) *fourth*, the Trustee shall transfer any amount remaining in the Initial Power Purchaser Resale Revenue Account either (i) to the appropriate DOE Project Account or (ii) to the appropriate Fund or Account under the Resolution (or to the Authority for deposit in such Fund or Account, if applicable), in each such case, in the respective amounts and in the order of priority set forth in the DOE Accounts Agreement.

3. Unless otherwise required pursuant to subsection 2 of Section 803 hereof following the occurrence of a Bondholders' Event of Default or a Federal Loan Event of Default, amounts on deposit in the Initial Power Purchaser Arrearages Payment Account shall be applied as specified in this subsection 3 and the DOE Accounts Agreement. No later than the last Business Day of each month, the Trustee shall transfer amounts on deposit in the Initial Power Purchaser Arrearages Payment Account as follows and in the following order of priority (in each case, to the extent of available funds on deposit therein):

(a) *first*, in the case of that portion of the Operating Expenses payable in such month that constitutes "Seller's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee shall transfer to the DOE Revenue Account an amount equal to such Seller's O&M Costs and, on a parity basis, in the case of that portion of the Operating Expenses payable in such month that constitutes "Purchaser's O&M Costs" under (and as defined in) the PPA Project Power Purchase Agreement, the Trustee shall pay or cause to be paid such Operating Expenses, in each such case, after giving effect to the transfers made during such month pursuant to clause (a) of subsection 2 of this Section 512;

(b) *second*, the Trustee shall transfer to the DOE Debt Service Payment Account the amount required to be deposited into such Account during such month (or during any previous month to the extent such deposits were not made) in accordance with the DOE Accounts Agreement and, on a parity basis, (i) pay the principal or Redemption Price of, and interest on, any Bonds that is due and unpaid as a result of a default by the Initial Power Purchaser in the making of any payment due under the Initial Power Purchase Agreement and (ii) transfer to the Debt Service Account in the Debt Service Fund the amount required to be deposited into such Account during such month pursuant to subclause (i) of clause (1) of subsection 2 of Section 505, in each such case, after giving effect to the transfers made during such month pursuant to clauses (b) and (c) of subsection 2 of this Section 512; and

(c) *third*, the Trustee shall transfer any amount remaining in the Initial Power Purchaser Arrearages Payment Account either (i) to the appropriate DOE Project Account or (ii) to the appropriate Fund or Account under the Resolution

(or to the Authority for deposit in such Fund or Account, if applicable), in each such case, in the respective amounts and in the order of priority set forth in the DOE Accounts Agreement, after giving effect to the transfer made during such month pursuant to clause (d) of subsection 2 of this Section 512.

4. On the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, the Initial Power Purchaser Arrearages Fund shall be terminated, and any amount remaining on deposit in either account therein shall be transferred by the Trustee to the Revenue Fund (or, as applicable, transferred by the Trustee to the Authority, for deposit to the Revenue Fund).

513. ***Additional Units PPA Project Participant Arrearages Fund.*** 1. During the period from and including the date (if any) on which the Additional Units PPA Project Participant Arrearages Fund shall be established as provided in subsection 3 of Section 502 hereof to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, all Additional Units PPA Project Participant Arrearages Payments and all Additional Units PPA Project Participant Resale Revenues shall be deposited to the Additional Units PPA Project Participant Arrearages Fund.

2. Unless otherwise required pursuant to subsection 2 of Section 803 hereof following the occurrence of a Bondholders' Event of Default or a Federal Loan Event of Default, amounts on deposit in the Additional Units PPA Project Participant Arrearages Fund shall be applied by the Trustee as follows and in the following order:

(a) such amount as an Authorized Officer of the Authority shall advise the Trustee in writing is necessary for the payment of reasonable and necessary Operating Expenses that are due and have not been paid with amounts on deposit in the Revenue Fund shall be transferred to the Authority and applied to the payment of such Operating Expenses, *pro rata* with amounts on deposit in (i) the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund and transferred to the Authority pursuant to clause (a) of subsection 2 of Section 512 and (ii) the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund and transferred to the Authority pursuant to clause (a) of subsection 3 of Section 512, in proportion to the amounts on deposit in the Additional Units PPA Project Participant Arrearages Fund, on the one hand, and the Initial Power Purchaser Resale Revenue Account and the Initial Power Purchaser Arrearages Payment Account, on the other hand;

(b) to the payment of the principal or Redemption Price of, and interest on, any Bonds, the principal and interest components of any Parity Obligations and the principal of, and interest and prepayment premiums, if any, on, and other amounts due with respect to, the Federal Loan, in each such case, that is due and unpaid, as follows:

First: *Interest* – To the payment, on a parity basis, in proportion to the respective amounts then due, (X) to the persons entitled thereto of all installments of interest then due on the Bonds, together with accrued and unpaid interest on the Bonds theretofore called for redemption, (Y) to the persons entitled thereto of all installments of the interest component of Parity Obligations then due and (Z) to the DOE Collateral Agent of all installments of interest then due on the Federal Loan, together with accrued and unpaid interest on any portion of the principal amount of the Federal Loan that theretofore has become subject to prepayment

(including any default or penalty interest); *provided, however*, that in the case of each of the foregoing clauses (X), (Y) and (Z), if the amount available therefor shall not be sufficient to pay in full all such installments of interest, then such amount to be so applied shall be applied in the order of the due dates of such installments and if any such installment or installments shall have become due on the same date, then to the payment thereof ratably, according to the amounts due thereon, without any discrimination or preference; and

Second: *Principal or Redemption Price and Prepayment Premiums* – To the payment, on a parity basis, in proportion to the respective amounts then due, (X) to the persons entitled thereto of the unpaid principal or Redemption Price of any Bonds, (Y) to the persons entitled thereto of the principal component of Parity Obligations which shall have become due and (Z) to the DOE Collateral Agent of the unpaid principal of and prepayment premiums, if any, on, and other amounts due with respect to, the Federal Loan which shall have become due, in each such case, whether at maturity or by call for redemption or upon becoming subject to prepayment, as applicable; *provided, however*, that in the case of each of the foregoing clauses (X), (Y) and (Z), if the amount available therefor shall not be sufficient to pay in full all the Bonds, the principal component of Parity Obligations or the unpaid principal of and prepayment premiums, if any, on, and other amounts due with respect to, the Federal Loan, respectively, then due, then such amount to be so applied shall be applied in the order of the due dates of such Bonds, such principal component of Parity Obligations or such unpaid principal of and prepayment premiums, if any, on, or other amounts due with respect to, the Federal Loan, as the case may be, and, if any such Bonds, principal component of Parity Obligations or unpaid principal of and prepayment premiums, if any, on, or other amounts due with respect to, the Federal Loan, as the case may be, shall have become due on the same date, then to the payment thereof ratably, according to the respective amounts due thereon, without any discrimination or preference;

(c) if either (i) the amount on deposit in the Debt Service Reserve Account in the Debt Service Fund shall be less than the Debt Service Reserve Requirement or (ii) the amount on deposit in the DOE Debt Service Reserve Account shall be less than the DOE Debt Service Reserve Requirement, the Trustee shall transfer from the Additional Units PPA Project Participant Arrearages Fund, on a parity basis, (1) to the Debt Service Reserve Account the amount necessary to make up such deficiency and (2) to the DOE Debt Service Reserve Account the amount necessary to make up such deficiency; *provided, however*, that if the amount in the Additional Units PPA Project Participant Arrearages Fund shall not be sufficient to make up both such deficiencies, then the amount in the Additional Units PPA Project Participant Arrearages Fund shall be applied ratably, in proportion to the amount of each such deficiency;

(d) if the amount on deposit in the Subordinated Bond Fund shall be less than the sum of (i) the principal or redemption price of, and interest on, all Subordinated Bonds then outstanding that is due and unpaid, (ii) all amounts due and unpaid with respect to all Subordinated Obligations then outstanding and (iii) the amount required to be deposited to the Subordinated Bond Fund during the then current month pursuant to clause (3) of subsection 2 of Section 505, the Trustee shall transfer from the Additional

Units PPA Project Participant Arrearages Fund to the Subordinated Bond Fund the amount necessary (or all the moneys in said Fund if less than the amount necessary) to make up such deficiency; and

(e) if either (i) the amount on deposit in the Reserve and Contingency Fund shall be less than the amount that would have been on deposit therein on such date had no Additional Units PPA Project Participant defaulted in the making of any payment owed under its Additional Units PPA Project Power Sales Contract or (ii) the amount on deposit in the DOE Reserve & Contingency Account shall be less than the amount that would have been on deposit therein on such date had no Additional Units PPA Project Participant defaulted in the making of any payment owed under its Additional Units PPA Project Power Sales Contract, the Trustee shall transfer from the Additional Units PPA Project Participant Arrearages Fund, on a parity basis, (1) to the Reserve and Contingency Fund the amount necessary to make up such difference and (2) to the DOE Reserve & Contingency Account the amount necessary to make up such difference; *provided, however*, that if the amount in the Additional Units PPA Project Participant Arrearages Fund shall not be sufficient to make up both such differences, then the amount in the Additional Units PPA Project Participant Arrearages Fund shall be applied ratably, in proportion to the amount of each such difference.

3. On the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, the Additional Units PPA Project Participant Arrearages Fund shall be terminated, and any amount remaining on deposit therein shall be transferred by the Trustee to the Revenue Fund (or, as applicable, transferred by the Trustee to the Authority, for deposit to the Revenue Fund).

514. ***Cancellation and Destruction of Bonds.*** Except as otherwise may be provided with respect to Option Bonds in the Supplemental Resolution providing for the issuance thereof, all Bonds paid or redeemed, either at or before maturity, shall be delivered to the Trustee when such payment or redemption is made, and such Bonds, together with all Bonds purchased by the Trustee, shall thereupon be promptly cancelled. Bonds so cancelled may at any time be destroyed by the Trustee, who shall execute a certificate of destruction in duplicate by the signature of one of its authorized officers describing the Bonds so destroyed, and one executed certificate shall be filed with the Authority and the other executed certificate shall be retained by the Trustee.

515. ***Subordinated Bonds.*** The Authority may, at any time, or from time to time, issue Subordinated Bonds for any lawful purpose related to the Additional Units PPA Project, which shall be payable out of, and may be secured by a pledge of, such amounts in the Subordinated Bond Fund as may from time to time be available for the purpose of payment thereof as provided in Section 509; *provided, however*, that such pledge shall be, and shall be expressed to be, subordinate in all respects to the pledges of (a) the Shared Trust Estate created by the Resolution as security for the Bonds and the Federal Loan Debt Service Payments and (b) the Bondholders' Trust Estate created by the Resolution as security for the Bonds.

516. ***Purchases of Bonds.*** Any purchase of Bonds (or portions thereof) by or at the direction of the Authority pursuant to the Resolution may be made with or without tenders of Bonds and at either public or private sale, in such manner as an Authorized Officer of the Authority may determine.

ARTICLE VI

DEPOSITARIES OF MONEYS, SECURITY FOR DEPOSITS AND INVESTMENT OF FUNDS

601. **Depositaries.** 1. All moneys held by the Trustee or the Authority under the provisions of the Resolution shall constitute trust funds for which the Trustee or the Authority, respectively, shall be responsible as a trustee, and the Trustee or the Authority may deposit such moneys with one or more Depositaries. All moneys deposited under the provisions of the Resolution shall be held in trust by the Trustee or the Authority and applied only in accordance with the provisions of the Resolution, and each of the Funds established by the Resolution shall be a trust fund for the purposes thereof.

2. Each Depositary shall be a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to act in accordance with the provisions of the Resolution.

3. Moneys and securities credited to any Fund or Account held by the Authority may be commingled with moneys and securities credited to other Funds or Accounts held by the Authority for purposes of establishing checking or other bank accounts, for purposes of investing funds or otherwise; *provided, however*, that the Authority shall at all times maintain or cause to be maintained accurate books and records reflecting the amounts credited to each Fund and Account held by the Authority. All withdrawals from any commingled moneys shall be charged against the proper Fund or Account and no moneys shall be withdrawn from commingled moneys if there is not on credit to the Fund or Account to be charged sufficient funds to cover such withdrawal.

602. **Deposits.** 1. All Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues and other moneys held by any Depositary under the Resolution may be placed on demand or time deposit, if and as directed by the Authority; *provided, however*, that such deposits shall permit the moneys so held to be available for use at the time when needed. The Authority shall not be liable for any loss or depreciation in value resulting from any investment made pursuant to the Resolution. Any such deposit may be made in the commercial banking department of any Fiduciary which may honor checks and drafts on such deposit with the same force and effect as if it were not such Fiduciary. All moneys held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand deposit or, if and to the extent directed by the Authority and acceptable to such Fiduciary, on time deposit; *provided, however*, that such moneys on deposit be available for use at the time when needed. Such Fiduciary shall allow and credit on such moneys such interest, if any, as it customarily allows upon similar funds of similar size and under similar conditions or as required by law.

2. All moneys held under the Resolution by the Trustee or any Depositary shall be either (a) (1) continuously and fully insured by the Federal Deposit Insurance Corporation, or (2) continuously and fully secured by lodging with the Trustee, as custodian, as collateral security, Investment Securities having a market value (exclusive of accrued interest) not less than the amount of such moneys, or (b) held in such other manner as may then be required by applicable Federal and State of Georgia laws and regulations and applicable state laws and regulations of

the state in which the Trustee or such Depository (as the case may be) is located, regarding security for, or granting a preference in the case of, the deposit of trust funds; *provided, however*, that it shall not be necessary for the Fiduciaries to give security under this subsection 2 for the deposit of any moneys with them held in trust and set aside by them for the payment of the principal or Redemption Price of or interest on any Bonds, or for the Trustee or any Depository to give security for any moneys which shall be represented by Investment Securities purchased as an investment of such moneys.

3. All moneys deposited with the Trustee and each Depository shall be credited to the particular Fund or Account to which such moneys belong.

603. *Investment of Certain Funds.* Moneys held in the Funds and Accounts established hereunder shall be invested and reinvested to the fullest extent practicable in Investment Securities which mature not later than such times as shall be necessary to provide moneys when needed for payments to be made from such Funds and Accounts. The Trustee shall make all such investments of moneys held by it in accordance with instructions received from any Authorized Officer of the Authority.

Interest earned on any moneys or investments in any Fund or Account (net of that which represents a return of accrued interest paid in connection with the purchase of any investment) shall be paid into the Revenue Fund except that such net interest (determined as aforesaid) earned on any moneys or investments in (a) the Construction Fund (or any separate account or subaccount therein) shall be held in such Fund (or such separate account or subaccount, as applicable) for the purposes thereof or, upon the determination of an Authorized Officer of the Authority, may be transferred to any other separate account or subaccount in the Construction Fund; (b) the Debt Service Reserve Account in the Debt Service Fund shall be held in such Account until the end of each calendar year at which time such net interest shall be retained therein to the extent necessary to satisfy the Debt Service Reserve Requirement and the balance shall be applied as set forth in subsection 2 of Section 507; *provided, however*, that prior to the Commercial Operation Date of the second Additional Unit, on April 1 and October 1 of each year and on the Commercial Operation Date of the second Additional Unit, such net interest shall be retained therein to the extent necessary to satisfy the Debt Service Reserve Requirement and the balance shall be transferred to the Construction Fund (or any separate account or subaccount therein as the Trustee shall be directed by an Authorized Officer of the Authority); (c) the Reserve and Contingency Fund shall be held in such Fund until the end of each calendar year at which time such net interest shall be retained therein to the extent necessary to satisfy the Authority's Reserve and Contingency Requirement and the balance shall be applied as set forth in subsection 5 of Section 510; (d) the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund shall be held in such Account until expended in accordance with subsection 2 of Section 512; (e) the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund shall be held in such Account until expended in accordance with subsection 3 of Section 512; and (f) the Additional Units PPA Project Participant Arrearages Fund shall be held in such Fund until expended in accordance with subsection 2 of Section 513.

Nothing in the Resolution shall prevent any Investment Securities acquired as investments of funds held under the Resolution from being issued or held in book-entry form on the books of the Department of the Treasury of the United States.

604. ***Valuation and Sale of Investments.*** Obligations purchased as an investment of moneys in any Fund created under the provisions of the Resolution shall be deemed at all times to be a part of such Fund.

In computing the amount in any Fund created under the provisions of the Resolution for any purpose provided in the Resolution, obligations purchased as an investment of moneys therein shall be valued at the amortized cost of such obligations, inclusive of accrued interest. Such computation shall be determined as of January 1 in each year.

Except as otherwise provided in the Resolution, the Trustee shall sell at the best price obtainable, or present for redemption, any obligation so purchased as an investment whenever it shall be requested in writing by an Authorized Officer of the Authority so to do or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from any Fund held by it. The Trustee shall not be liable or responsible for making any such investment in the manner provided above or for any loss resulting from any such investment.

ARTICLE VII

PARTICULAR COVENANTS OF THE AUTHORITY

The Authority covenants and agrees with the Trustee and the Bondholders and, with respect to Sections 704, 705, and 706, subsection 1 of Section 707, Sections 711 and 712, subsections 1, 3 and 5 of Section 715 and Section 716, the DOE Secured Parties as follows:

701. ***Payment of Bonds.*** The Authority shall duly and punctually pay or cause to be paid, but solely from the Revenues, the proceeds of the Bonds pledged therefor by the Resolution, the Initial Power Purchaser Arrearages Payments, the Initial Power Purchaser Resale Revenues, the Additional Units PPA Project Participant Arrearages Payments, the Additional Units PPA Project Participant Resale Revenues and other funds of the Authority legally available therefor, the principal or Redemption Price, if any, of every Bond and the interest thereon, at the dates and places and in the manner mentioned in the Bonds, according to the true intent and meaning thereof.

702. ***Extension of Payment of Bonds.*** The Authority shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds or the time of payment of any claims for interest by the purchase or funding of such Bonds or claims for interest or by any other arrangement and in case the maturity of any of the Bonds or the time for payment of any such claims for interest shall be extended, such Bonds or claims for interest shall not be entitled, in case of any default under the Resolution, to the benefit of the Resolution or to any payment out of Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues or Funds established by the Resolution, including the investments, if any, thereof, pledged under the Resolution or the moneys (except moneys held in trust for the payment of particular Bonds or claims for interest pursuant to the Resolution) held by the Fiduciaries, except subject to the prior payment of the principal of all Bonds Outstanding the maturity of which has not been extended and of such portion of the accrued interest on the Bonds as shall not be represented by such extended claims for interest. Nothing herein shall be deemed to limit the right of the Authority to issue Option Bonds or Refunding Bonds and neither such issuance nor the exercise by the Holder of any Option Bond of any of the rights

appertaining to such Option Bond shall be deemed to constitute an extension of maturity of Bonds.

703. ***Offices for Servicing Bonds.*** Except as may otherwise be provided in any Supplemental Resolution with respect to any Series of Bonds, the Authority shall at all times maintain one or more agencies in each of the cities of New York, New York, and Atlanta, Georgia, where Bonds may be presented for payment and shall at all times maintain one or more agencies in the City of New York, New York, and may maintain such an agency in the City of Atlanta, Georgia, where Bonds may be presented for transfer or exchange, and where notices, demands and other documents may be served upon the Authority in respect of the Bonds or of the Resolution. The Authority hereby appoints the Trustee as the Bond Registrar to maintain an agency for the transfer or exchange of Bonds, and for the service upon the Authority of such notices, demands and other documents and the Trustee shall continuously maintain or make arrangements to provide such services. The Authority hereby appoints the Paying Agents in such cities as its agents for the payment or redemption of Bonds.

704. ***Further Assurance.*** At any and all times the Authority shall, as far as it may be authorized by law, comply with any reasonable request of the Trustee or any DOE Secured Party to pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, pledging, assigning and confirming all and singular the rights, Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues and other moneys, securities and funds hereby pledged or assigned, or intended so to be, or which the Authority may become bound to pledge or assign.

705. ***Power to Issue Bonds and Pledge Revenues and Other Funds and Amounts.*** The Authority is duly authorized under all applicable laws to create and issue the Bonds and to adopt the Resolution and to pledge and assign the Shared Trust Estate and the Bondholders' Trust Estate in the manner and to the extent provided in the Resolution. Except to the extent otherwise provided in the Resolution, the Shared Trust Estate and the Bondholders' Trust Estate are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledges created by the Resolution with respect thereto, and all corporate or other action on the part of the Authority to that end has been and will be duly and validly taken. The Bonds and the provisions of the Resolution are and will be the valid and legally enforceable obligations of the Authority in accordance with their terms and the terms of the Resolution. The Authority shall at all times, to the extent permitted by law, defend, preserve and protect the pledges and assignments of the Shared Trust Estate and the Bondholders' Trust Estate and all the rights of the Bondholders and the DOE Secured Parties under the Resolution against all claims and demands of all persons whomsoever.

706. ***Power to Fix and Collect Rates, Fees and Charges.*** The Authority has, and will have as long as any Bonds are Outstanding, the Federal Loan is outstanding or the DOE Loan Guarantee Agreement is in effect, good right and lawful power to fix and collect rates, fees and charges with respect to the sale of power and energy from or associated with the Additional Units PPA Project or transmission services thereof subject to the terms of the Additional Units PPA Project Power Contracts, the PPA Project Power Purchase Agreement or other contracts relating thereto.

707. ***Creation of Liens, Sale and Lease of Property.*** 1. The Authority shall not issue any bonds, notes, debentures or other evidences of indebtedness of similar nature, other than the Bonds, payable out of or secured by a pledge of the Shared Trust Estate or the Bondholders' Trust Estate and, except to the extent provided in or permitted by the Resolution, shall not create or cause to be created any lien or charge thereon; *provided, however*, that nothing contained in the Resolution shall (a) prevent the Authority from issuing, if and to the extent permitted by the Act (i) bond anticipation notes (as such term is defined in the Act), (ii) evidences of indebtedness (A) payable out of moneys in the Construction Fund as part of the Costs of Acquisition and Construction of the PPA Project Entity's Ownership Interest or (B) payable out of, or secured by a pledge of, Revenues to be derived on and after such date as the pledge of the Revenues provided in the Resolution in favor of the Bonds and the Federal Loan Debt Service Payments shall be discharged and satisfied as provided in Section 1301, (iii) Subordinated Bonds as provided in Section 515, or (iv) Parity Obligations or Subordinated Obligations as provided in Sections 205 and 206 or (b) prevent the PPA Project Entity from obtaining Advances under the Federal Loan in the manner provided in, and subject to the terms and provisions of, the DOE Loan Guarantee Agreement.

2. The Authority shall not cause or permit any part of the PPA Project Entity's Ownership Interest to be sold, leased, mortgaged or otherwise disposed of, except as follows:

(1) The PPA Project Entity may grant a security title and a security interest in the PPA Project Entity's Ownership Interest in the manner provided in, and subject to the terms and conditions of (including, without limitation, the exercise of all rights and remedies under), the DOE Loan Guarantee Agreement and the other Federal Loan Documents. In the event of any sale of the PPA Project Entity's Ownership Interest following the exercise by or on behalf of DOE of any remedy of foreclosure thereof following a default with respect to the Federal Loan, any proceeds received by the PPA Project Entity from such sale that are in excess of the amount needed to pay the Federal Loan and that are not required to be used to satisfy the PPA Project Entity's obligations to any other person shall be applied to the retirement, by purchase, redemption or defeasance, of the Bonds in such manner as an Authorized Officer of the Authority shall determine, subject to any limitations or other requirements with respect thereto set forth in the Additional Units PPA Project Power Contracts;

(2) The PPA-2 Project Entity may sell or exchange at any time and from time to time any property or facilities constituting part of the PPA Project Entity's Ownership Interest if the Authority shall determine that such sale or exchange of such property or facilities (a) will not impair the ability of the Authority to comply during the current or any future year with the provisions of Section 711 and (b) is in the best interests of the Authority and the Additional Units PPA Project Power Purchasers. The proceeds of any such sale or exchange that are paid over to the Authority may be applied for any lawful purpose of the Authority relating to the Additional Units PPA Project including, but not limited to, the acquisition or construction of other property necessary or desirable for the operation of the PPA Project Entity's Ownership Interest or the retirement of (x) Bonds, Subordinated Bonds or Parity Obligations and (y) the Federal Loan, *pro rata* in proportion to the amount of the Bonds, Subordinated Bonds and Parity Obligations and the Federal Loan, respectively, then outstanding and unpaid; and

(3) In addition to the Additional Units Project Agreements, the PPA Project Entity may lease or make contracts or grant licenses for the operation of, or make arrangements for the use of, or grant easements or other rights with respect to, any part of the PPA Project Entity's Ownership Interest; *provided, however*, that any such lease, contract, license, arrangement, easement or right (a) does not impede the operation by the PPA Project Entity or its agent of the PPA Project Entity's Ownership Interest and (b) does not in any manner impair or adversely affect the rights or security of the Bondholders or the DOE Secured Parties under the Resolution. Any payments received by the Authority under or in connection with any such lease, contract, license, arrangement, easement or right in respect of the PPA Project Entity's Ownership Interest or any part thereof may be applied for any lawful purpose of the Authority relating to the Additional Units PPA Project including, but not limited to, the acquisition or construction of other property necessary or desirable for the operation of the PPA Project Entity's Ownership Interest or the retirement of (x) Bonds, Subordinated Bonds or Parity Obligations and (y) the Federal Loan, *pro rata* in proportion to the amount of the Bonds, Subordinated Bonds and Parity Obligations and the Federal Loan, respectively, then outstanding and unpaid.

708. ***Working Capital Requirement.*** The Authority shall maintain working capital for the Additional Units PPA Project (*Working Capital*) in an aggregate amount equal to or greater than the Working Capital Requirement, which Working Capital shall be held by the Authority in the form of either (a) amounts on deposit in the Revenue Fund and all accounts and subaccounts established therein or (b) current assets of the Additional Units PPA Project (other than the amounts on deposit in (1) the Revenue Fund, (2) the Debt Service Fund, (3) the Subordinated Bond Fund, (4) the Reserve and Contingency Fund, (5) the Construction Fund, (6) the Initial Power Purchaser Arrearages Fund and (7) the Additional Units PPA Project Participant Arrearages Fund, and all accounts and subaccounts established in the aforementioned funds) in excess of the current liabilities of the Additional Units PPA Project (other than current liabilities payable from amounts on deposit in the Funds specified in clauses (2) through (7) above and all accounts and subaccounts established therein), or any combination of (a) or (b). As used herein, the term *Working Capital Requirement* means the sum of such dollar amounts as the Authority shall establish with respect to the PPA Project Portion of each of the Additional Units, which amounts shall be established initially on or prior to the Commercial Operation Date of each Additional Unit and may be changed from time to time thereafter in the sole discretion of the Authority.

709. ***Additional Units PPA Project Annual Budget.*** Not less than 30 days prior to the beginning of each calendar year, the Authority shall prepare and file with the Trustee an Additional Units PPA Project Annual Budget for the ensuing calendar year which shall set forth in reasonable detail the estimated Revenues and Operating Expenses and other expenditures of the Additional Units PPA Project for such year and which shall include appropriations for the estimated Operating Expenses for such year, including, without limitation, provisions for adequate Fuel reserves and any general reserve for Operating Expenses, and the estimated amount to be deposited during such year in the Reserve and Contingency Fund and the requirements, if any, for and the amounts estimated to be expended from each Fund and Account established under the Resolution. Such Additional Units PPA Project Annual Budget also shall set forth such detail with respect to such Revenues, Operating Expenses and other expenditures and such deposits, as shall be necessary or appropriate so as to comply with the Additional Units

PPA Project Power Contracts and the PPA Project Power Purchase Agreement and may set forth such additional material as the Authority may determine. Whenever necessary, the Authority shall review its estimates set forth in the Additional Units PPA Project Annual Budget for such calendar year, and in the event such estimates do not substantially correspond with actual Revenues, Operating Expenses or other requirements, or if there are at any time during any such calendar year extraordinary receipts or payments of unusual costs, the Authority shall prepare an amended Additional Units PPA Project Annual Budget for the remainder of such calendar year. The Authority also may at any time adopt an amended Additional Units PPA Project Annual Budget for the remainder of the then current calendar year. Each such amended Additional Units PPA Project Annual Budget shall be filed promptly with the Trustee.

710. ***Limitations on Operating Expenses and Other Costs.*** The Authority shall not incur or permit to be incurred Operating Expenses or other costs payable from the Reserve and Contingency Fund in any year in excess of the reasonable and necessary amount of such Expenses or costs, respectively.

711. ***Rates, Fees and Charges.*** 1. The Authority shall at all times charge and collect rates, fees and other charges for the sale of the output, capacity, use or service of the Additional Units PPA Project as shall be required to provide Revenues at least sufficient in each calendar year, together with other available funds, for the payment of the sum of:

(a) Operating Expenses during such calendar year;

(b) An amount equal to the Aggregate Debt Service for such calendar year; *provided, however,* that any Principal Installment which is a Refundable Principal Installment may be excluded from Aggregate Debt Service for purposes of this clause (b) but only to the extent that the Authority intends to pay such Principal Installment from sources other than Revenues;

(c) The amount, if any, to be paid during such calendar year into the Debt Service Reserve Account in the Debt Service Fund;

(d) The amount to be paid during such calendar year into the Reserve and Contingency Fund; and

(e) All other charges or liens whatsoever payable out of Revenues during such calendar year, including, without limitation, to the extent not otherwise provided for, all amounts payable by the Authority to the PPA Project Entity pursuant to the PPA Project Power Purchase Agreement (which include, without limitation, amounts necessary to enable the PPA Project Entity to pay all amounts owed by it, and fund all accounts or reserves required to be funded by it, pursuant to the DOE Loan Guarantee Agreement and all other Federal Loan Documents) during such calendar year and all amounts payable on Subordinated Bonds and Subordinated Obligations during such calendar year.

2. The Authority will not furnish or supply any of the output, capacity, use or service of the Additional Units PPA Project free of charge to any person, firm or corporation, public or private.

3. In the event of any failure of any Additional Units PPA Project Power Purchaser to make any payment to the Authority under its Additional Units PPA Project Power Contract when due, the Authority may, in its sole discretion, enforce such payment in the manner provided in such Additional Units PPA Project Power Contract.

4. The Authority may, in its sole discretion, enforce the payment of any and all other accounts owing to the Authority in connection with the Additional Units PPA Project in the manner provided in the respective agreements pursuant to which such other accounts shall be payable to the Authority.

712. *Additional Units PPA Project Power Contracts, Additional Units Project Agreements and PPA Project Power Purchase Agreement; Amendment.* 1. The Authority shall collect or cause to be collected and forthwith deposit or cause to be deposited in the Revenue Fund all amounts payable to it pursuant to Article III of the Additional Units PPA Project Power Contracts together with all amounts payable in accordance with or pursuant to any other provision of the Additional Units PPA Project Power Contracts (other than the Additional Compensation Obligation) and attributable to the Additional Units PPA Project or to Plant Vogtle Additional Units PPA Project Annual Costs or payable to it pursuant to any other contract for the sale of power, energy or other service from the Additional Units PPA Project or any part thereof; *provided, however,* that (x) during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, (i) all Initial Power Purchaser Resale Revenues shall be deposited to the Initial Power Purchaser Resale Revenue Account in the Initial Power Purchaser Arrearages Fund and (ii) all Initial Power Purchaser Arrearages Payments shall be deposited to the Initial Power Purchaser Arrearages Payment Account in the Initial Power Purchaser Arrearages Fund and (y) during the period from and including the date (if any) on which the Additional Units PPA Project Participants Arrearages Fund shall be established as provided in subsection 3 of Section 502 hereof to and including the Initial Power Purchaser Debt Service Payment Obligation Scheduled End Date, all Additional Units PPA Project Participant Arrearages Payments and all Additional Units PPA Project Participant Resale Revenues shall be deposited to the Additional Units PPA Project Participant Arrearages Fund. The Authority shall enforce the provisions of the Additional Units PPA Project Power Contracts and duly perform its covenants and agreements thereunder. The Authority shall not consent or agree to or permit any rescission of or amendment to or otherwise take any action under or in connection with any Additional Units PPA Project Power Contract that will reduce the payments required thereunder or that will in any manner impair or adversely affect the rights of the Authority thereunder or the rights or security of the Bondholders or the DOE Secured Parties under the Resolution (determined without regard to any Credit Facility provided with respect to any Bonds), and any action by the Authority in violation of this covenant shall be null and void as to the Authority and any other party to an Additional Units PPA Project Power Contract. The extension of the term of any Additional Units PPA Project Power Contract shall not constitute such an amendment. A copy of each Additional Units PPA Project Power Contract certified by an Authorized Officer of the Authority shall be filed with the Trustee, and prior to execution by the Authority of any such amendment thereof, a copy of such amendment certified by an Authorized Officer of the Authority shall be filed with the Trustee.

2. The Authority shall enforce or cause to be enforced the provisions of the Additional Units Project Agreements and shall cause the PPA Project Entity to duly perform its covenants

and agreements thereunder. The Authority will not consent or agree to or permit any rescission of or amendment to or otherwise take any action under or in connection with any Additional Units Project Agreement which will in any manner impair or adversely affect the rights of the PPA Project Entity thereunder or the rights or security of the Bondholders or the DOE Secured Parties under the Resolution, and any action by the Authority in violation of this covenant shall be null and void as to the Authority and any other party to an Additional Units Project Agreement. The extension of the term of any Additional Units Project Agreement shall not constitute such an amendment. A copy of each such Additional Units Project Agreement certified by an Authorized Officer of the Authority shall be filed with the Trustee, and prior to execution by the PPA Project Entity of any such amendment thereof, a copy of such amendment certified by an Authorized Officer of the Authority shall be filed with the Trustee.

3. The Authority shall not consent or agree to or permit any rescission of or amendment to or otherwise take any action under or in connection with the PPA Project Power Purchase Agreement that will in any manner impair or adversely affect the rights of the Authority thereunder, and any action by the Authority in violation of this covenant shall be null and void as to the Authority and the PPA Project Entity. The extension of the term of the PPA Project Power Purchase Agreement shall not constitute such an amendment. A copy of the PPA Project Power Purchase Agreement certified by an Authorized Officer of the Authority shall be filed with the Trustee, and prior to execution by the Authority of any such amendment thereof, a copy of such amendment certified by an Authorized Officer of the Authority shall be filed with the Trustee.

713. *Maintenance of Insurance.* 1. The Authority shall at all times keep or cause to be kept the properties of the PPA Project Entity's Ownership Interest which are of an insurable nature and of the character usually insured by those operating properties similar to the PPA Project Entity's Ownership Interest insured against loss or damage by fire and from other causes customarily insured against and in such relative amounts as are usually obtained. The Authority shall at all times maintain or cause to be maintained insurance or reserves against loss or damage from such hazards and risks to the person and property of others as are usually insured or reserved against by those operating properties similar to the properties of the PPA Project Entity's Ownership Interest. Whenever in the judgment of the Authority insurance against business interruption loss on account of the failure of part of the PPA Project Entity's Ownership Interest to operate or the suspension, interruption, interference, reduction or curtailment of the output, capacity, use or service of any part of the PPA Project Entity's Ownership Interest is obtainable at commercially reasonable rates, the Authority shall obtain and maintain such insurance. Insurance maintained pursuant to the Additional Units Project Agreements shall be deemed in compliance with this subsection 1 if such insurance otherwise complies with the requirements of this Section. Notwithstanding anything to the contrary contained herein, the Authority may comply with the provisions of this subsection by causing the PPA Project Entity to maintain in effect all or any portion of the insurance referred to in this subsection.

2. The Authority shall also maintain any additional or other insurance which it shall deem necessary or advisable to protect its interests and those of the Bondholders.

3. Any such insurance shall be in the form of policies or contracts for insurance with insurers of good standing and shall be payable to the Authority (or, in the event that the Authority shall cause the PPA Project Entity to maintain insurance as provided in the final sentence of subsection 1 of this Section, such insurance shall be payable to the PPA Project Entity or as otherwise required under the DOE Loan Guarantee Agreement).

714. ***Reconstruction; Application of Insurance Proceeds.*** 1. If any useful portion of the PPA Project Entity's Ownership Interest shall be damaged or destroyed, the Authority shall, as expeditiously as possible, continuously and diligently prosecute or cause to be prosecuted the reconstruction or replacement thereof, unless there shall be filed with the Trustee a resolution of the Board, certified by an Authorized Officer of the Authority, to the effect that such reconstruction and replacement is not in the interest of the Authority and the Bondholders or unless it is determined under the provisions of the Additional Units Project Agreements that such reconstruction and replacement are not to be undertaken. The proceeds of any insurance paid on account of such damage or destruction, other than business interruption loss insurance, unless held and applied under the Additional Units Project Agreements, shall be held by the Authority or the PPA Project Entity, as applicable, in a special account and made available for, and to the extent necessary be applied to, the cost of such reconstruction or replacement. Pending such application, such proceeds may be invested by the Authority or the PPA Project Entity, as applicable, in Investment Securities that mature not later than such times as shall be necessary to provide moneys when needed to pay such costs of reconstruction or replacement or may be invested as otherwise provided for under the Additional Units Project Agreements. Interest earned on any such investments held by the Authority (net of (a) that which represents a return of accrued interest paid in connection with the purchase of any investment and (b) profit or loss realized from the liquidation of any investment) shall be deposited in the Revenue Fund (or, as applicable, transferred to the Trustee for deposit in the Revenue Fund). The proceeds of any insurance not applied within 36 months after receipt thereof by the Authority to repairing or replacing damaged or destroyed property, or in respect of which notice in writing of intention to apply the same to the work of repairing or replacing the property damaged or destroyed shall not have been given to the Trustee by the Authority within such 36 months, or which the Authority shall at any time notify the Trustee are not to be so applied, shall be deposited in the Revenue Fund (or, as applicable, transferred to the Trustee for deposit in the Revenue Fund) unless otherwise applied or to be applied in accordance with the Additional Units Project Agreements or the DOE Loan Guarantee Agreement. Notwithstanding the foregoing, in the event that payments are made from the Reserve and Contingency Fund or from the DOE Reserve & Contingency Account for any such repairing or replacing of property damaged or destroyed prior to the availability of insurance proceeds therefor, such insurance proceeds when received shall be deposited in the Reserve and Contingency Fund and the DOE Reserve & Contingency Account to the extent of such payments therefrom. Notwithstanding anything to the contrary contained herein, the Authority may comply with the provisions of this subsection by causing the PPA Project Entity to comply with such provisions.

2. If the proceeds of insurance authorized by this Section to be applied to the reconstruction or replacement of any portion of the PPA Project Entity's Ownership Interest are insufficient for such purpose, the deficiency may be supplied out of moneys in the Reserve and Contingency Fund and the DOE Reserve & Contingency Account, ratably in proportion to the respective amounts on deposit therein, to the extent not needed to be reserved for the purposes provided therefor.

3. The proceeds of business interruption loss insurance, if any, received by the Authority shall be paid into the Revenue Fund (or, as applicable, transferred to the Trustee for deposit in the Revenue Fund) unless otherwise required by the Additional Units Project Agreements.

715. *Accounts and Reports.* 1. The Authority shall keep or cause to be kept proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Additional Units PPA Project and each Fund and Account established under the Resolution and relating to its costs and charges under the Additional Units PPA Project Power Contracts and the PPA Project Power Purchase Agreement, and which, together with all Additional Units PPA Project Power Contracts and the PPA Project Power Purchase Agreement and all other books and papers of the Authority, including, without limitation, insurance policies, relating to the Additional Units PPA Project, shall at all times be subject to the inspection of the Trustee, the Holders of an aggregate of not less than 5% in principal amount of the Bonds then Outstanding, DOE and the DOE Collateral Agent or their respective representatives duly authorized in writing.

2. The Trustee shall advise the Authority promptly after the end of each month of its transactions during such month relating to each Fund and Account held by it under the Resolution.

3. The Authority shall annually, within 150 days after the close of each calendar year (the first such report to be filed with respect to the year in which the first Bonds are issued), file with the Trustee, DOE and the DOE Collateral Agent, and otherwise as provided by law, a copy of an annual report for such year, accompanied by a certificate of an independent certified public accountant, relating to the Additional Units PPA Project and including the following statements in reasonable detail: a statement of assets and liabilities as of the end of such year, to the extent relating to the Additional Units PPA Project; a statement of Revenues and Operating Expenses for such year; and a summary with respect to each Fund and Account established under the Resolution of the receipts therein and disbursements therefrom during such year and the amount held therein at the end of such year.

4. The reports, statements and other documents required to be furnished to the Trustee pursuant to any provisions of the Resolution shall be available for the inspection of Bondholders at the office of the Trustee and shall be mailed to each Bondholder who shall file a written request therefor with the Authority.

5. The Authority shall file with the Trustee, DOE and the DOE Collateral Agent (a) forthwith upon becoming aware of any Bondholders' Event of Default, Federal Loan Event of Default or default in the performance by the Authority of any covenant, agreement or condition contained in the Resolution, a certificate signed by an appropriate Authorized Officer of the Authority and specifying such Bondholders' Event of Default, Federal Loan Event of Default or default and (b) within 120 days after the end of each year, commencing with the year in which the first Bonds are issued, a certificate signed by an appropriate Authorized Officer of the Authority stating that, to the best of his knowledge and belief, the Authority has kept, observed, performed and fulfilled each and every one of its covenants and obligations contained in the Resolution and there does not exist at the date of such certificate (i) any default by the Authority under the Resolution, (ii) any Bondholders' Event of Default or other event which, with the lapse of time specified in Section 801 would become a Bondholders' Event of Default or (iii) any Federal Loan Event of Default or other event which, with the lapse of time specified in Section 901 would become a Federal Loan Event of Default, or, if any such default, Bondholders' Event of Default or other event or Federal Loan Event of Default or other event shall so exist, specifying the same and the nature and status thereof.

716. ***Payment of Taxes and Charges.*** The Authority will from time to time duly pay and discharge, or cause to be paid and discharged, all taxes, assessments and other governmental charges, or required payments in lieu thereof, lawfully imposed upon the properties of the Authority or upon the rights, revenues, income, receipts, and other moneys, securities and funds of the Authority when the same shall become due (including, without limitation, all rights, moneys and other property transferred, assigned or pledged under the Resolution), and all lawful claims for labor and material and supplies, except those taxes, assessments, charges or claims which the Authority shall in good faith contest by proper legal proceedings if the Authority shall in all such cases have set aside on its books reserves deemed adequate with respect thereto.

717. ***General.*** 1. The Authority shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Authority under the provisions of the Act and the Resolution.

2. Upon the date of authentication and delivery of any of the Bonds, all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in the issuance of such Bonds shall exist, have happened and have been performed and the issue of such Bonds, together with all other indebtedness of the Authority, shall comply in all respects with the applicable laws of the State of Georgia.

ARTICLE VIII

REMEDIES OF BONDHOLDERS

801. ***Bondholders' Events of Default.*** If one or more of the following Bondholders' Events of Default shall happen, that is to say:

(a) if default shall be made in the due and punctual payment of the principal or Redemption Price of any Bond when and as the same shall become due and payable, whether at maturity or by call for redemption, or otherwise;

(b) if default shall be made in the due and punctual payment of any installment of interest on any Bond or the unsatisfied balance of any Sinking Fund Installment therefor, when and as such interest installment or Sinking Fund Installment shall become due and payable;

(c) if default shall be made by the Authority in the performance or observance of any other of the covenants, agreements or conditions on its part in the Resolution or in the Bonds contained, and such default shall continue for a period of 60 days after written notice thereof to the Authority by the Trustee or to the Authority and to the Trustee by the Holders of not less than 25% in principal amount of the Bonds Outstanding; *provided, however,* that if such default shall be such that it can be corrected but cannot be corrected within such 60-day period, it shall not constitute a Bondholders' Event of Default if corrective action is instituted within such period and diligently pursued until the failure is corrected;

(d) if a final judgment for the payment of money shall be rendered against the Authority with respect to the Additional Units PPA Project requiring the Authority to pay in excess of 10% of Revenues for the most recently completed fiscal year, and any such

judgment shall remain undischarged and unstayed for a period of 90 days after the entry thereof, or the continuance of such judgment undischarged and unstayed for a period of 90 days after the termination of any stay entered within such first mentioned 90 days;

(e) if the Authority (1) files a petition seeking a composition of indebtedness under the federal bankruptcy laws, or under any other applicable law or statute of the United States of America or of the State of Georgia; (2) consents to the appointment or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or other similar official of the Authority or of any substantial portion of its property; (3) makes any assignment for the benefit of creditors; (4) admits in writing its inability to pay its debts generally as they become due; or (5) takes action in furtherance of any of the foregoing; or

(f) if (1) a decree or order for relief is entered by a court having jurisdiction of the Authority adjudging the Authority bankrupt or insolvent or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition in respect of the Authority in an involuntary case under the federal bankruptcy laws, or under any other applicable law or statute of the United States of America or of the State of Georgia; (2) a receiver, liquidator, assignee, custodian, trustee, sequestrator or other similar official of the Authority or of any substantial portion of its property is appointed; or (3) the winding up or liquidation of the Authority's affairs is ordered and any such decree or order remains unstayed and in effect for a period of sixty (60) consecutive days;

then, and in each and every such case, so long as such Bondholders' Event of Default shall not have been remedied, unless the principal of all the Bonds shall have already become due and payable, either the Trustee (by notice in writing to the Authority), or the Holders of not less than 25% in principal amount of the Bonds Outstanding (by notice in writing to the Authority and the Trustee), may declare the principal of all the Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately, and upon any such declaration the same shall become and be immediately due and payable, anything in the Resolution or in any of the Bonds contained to the contrary notwithstanding. The right of the Trustee or of the Holders of not less than 25% in principal amount of the Bonds to make any such declaration as aforesaid, however, is subject to the condition that if, at any time after such declaration, but before the Bonds shall have matured by their terms, all overdue installments of interest upon the Bonds, together with interest on such overdue installments of interest to the extent permitted by law and the reasonable and proper charges, expenses and liabilities of the Trustee, and all other sums then payable by the Authority under the Resolution (except the principal of, and interest accrued since the immediately preceding interest payment date on, the Bonds due and payable solely by virtue of such declaration) shall either be paid by or for the account of the Authority or provision satisfactory to the Trustee shall be made for such payment, and all defaults under the Bonds or under the Resolution (other than the payment of principal and interest due and payable solely by reason of such declaration) shall be made good or be secured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall be made therefor, then and in every such case the Holders of 25% in principal amount of the Bonds Outstanding, by written notice to the Authority and to the Trustee, may rescind such declaration and annul such default in its entirety or, if the Trustee shall have acted itself without direction of the Bondholders it may rescind such declaration and annul such default in its entirety or, if the Trustee shall have acted upon direction of the Holders of not less than 25% in principal amount of the Bonds Outstanding, unless there

shall have been delivered to the Trustee written direction to the contrary by the Holders of a majority in principal amount of the Bonds then Outstanding, the Trustee may rescind such declaration and annul such default in its entirety, but no such rescission or annulment shall extend to or affect any subsequent default or impair or exhaust any right or power consequent thereon.

Notwithstanding the foregoing provisions of this Section 801, (a) neither the Trustee nor the Holders of the Bonds shall have the right to declare the principal of all the Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately during the continuance of any Standstill Period under the DOE Loan Guarantee Agreement and (b) upon any declaration of the principal of the Federal Loan then outstanding, and the interest accrued thereon, to be due and payable immediately, the principal of all the Bonds then Outstanding, and the interest accrued thereon, shall be and become due and payable immediately, without any further act by or on behalf of the Authority, the Trustee or the Holders of the Bonds, and neither the Holders of the Bonds nor the Trustee acting on their behalf shall have any right or power to rescind such acceleration until such time, if any, as (x) such declaration with respect to the Federal Loan shall have been rescinded or (y) the principal of the Federal Loan then outstanding, and the interest accrued thereon, shall have been repaid in full.

802. *Accounting and Examination of Records After Default.* 1. The Authority covenants that if a Bondholders' Event of Default or a Federal Loan Event of Default shall have happened and shall not have been remedied, the books of record and account of the Authority and all other records relating to the Additional Units PPA Project shall at all times be subject to the inspection and use of the Trustee, DOE and the DOE Collateral Agent and of their respective agents and attorneys.

2. The Authority covenants that if a Bondholders' Event of Default or a Federal Loan Event of Default shall happen and shall not have been remedied, the Authority, upon demand of the Trustee, DOE or the DOE Collateral Agent, will account, as if it were the trustee of an express trust, for all Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments, Additional Units PPA Project Participant Resale Revenues and other moneys, securities and funds pledged or held under the Resolution for such period as shall be stated in such demand.

803. *Application of Revenues and Other Moneys After Default.* 1. The Authority covenants that if a Bondholders' Event of Default or a Federal Loan Event of Default shall happen and shall not have been remedied, the Authority, upon demand of the Trustee, shall pay over or cause to be paid over to the Trustee (i) forthwith, all moneys, securities and funds then held by the Authority in any Fund under the Resolution and (ii) all Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments and Additional Units PPA Project Participant Resale Revenues as promptly as practicable after receipt thereof. In such event the Trustee shall hold such funds in trust for the benefit of both the Holders of the Bonds and the DOE Secured Parties.

2. During the continuance of a Bondholders' Event of Default or a Federal Loan Event of Default, the Trustee shall apply all moneys, securities, funds and Revenues, Initial Power Purchaser Arrearages Payments, Initial Power Purchaser Resale Revenues, Additional Units PPA Project Participant Arrearages Payments and Additional Units PPA Project Participant Resale Revenues received by the Trustee pursuant to any right given or action taken under the

provisions of this Article as follows and in the following order; *provided, however*, that, during the period from and including the Initial Power Purchaser Arrearages Fund Establishment Date to and including the Initial Power Purchaser Debt Service Payment Obligation Satisfaction Date, the Initial Power Purchaser Resale Revenues shall be applied as provided in subsection 2 of Section 512:

(i) *Expenses of Fiduciaries* – to the payment of the reasonable and proper charges, expenses and liabilities of the Fiduciaries, DOE and the DOE Collateral Agent; *provided, however*, that if the amount available shall not be sufficient to pay all such charges, expenses and liabilities, then such amount available shall be applied ratably, in proportion to the respective amounts due to the Fiduciaries, DOE and the DOE Collateral Agent;

(ii) *Operating Expenses and Capital Expenditures* – to the payment of the amounts required for (X) reasonable and necessary Operating Expenses and (Y) the costs of reasonable renewals, repairs, replacements, additions, betterments and improvements to the PPA Project Entity's Ownership Interest necessary in the judgment of the Trustee or DOE to prevent loss of Revenues or otherwise required to be paid for by the PPA Project Entity pursuant to the Additional Units Project Agreements. For this purpose the books of record and account of the Authority relating to the Additional Units PPA Project shall at all times be subject to the inspection of the Trustee, DOE and the DOE Collateral Agent and their respective representatives and agents during the continuance of such Bondholders' Event of Default or such Federal Loan Event of Default, and the Authority shall cause the books of record and account of the PPA Project Entity at all times to be subject to the inspection of the Trustee, DOE and the DOE Collateral Agent and their respective representatives and agents during the continuance of such Bondholders' Event of Default or such Federal Loan Event of Default;

(iii) *Principal or Redemption Price, Interest and Prepayment Premiums* – to the payment of the interest and principal or Redemption Price then due on the Bonds, the interest and principal components of Parity Obligations and the interest, principal and prepayment premiums, if any, then due on, and other amounts due with respect to, the Federal Loan, as follows:

(a) unless the principal of all of the Bonds and the Federal Loan shall have become or have been declared due and payable,

First: *Interest* – To the payment, on a parity basis, in proportion to the respective amounts then due, (X) to the persons entitled thereto of all installments of interest then due on the Bonds, together with accrued and unpaid interest on the Bonds theretofore called for redemption, (Y) to the persons entitled thereto of all installments of the interest component of Parity Obligations then due and (Z) to the DOE Collateral Agent of all installments of interest then due on the Federal Loan, together with accrued and unpaid interest on any portion of the principal amount of the Federal Loan that theretofore has become subject to prepayment (including any default or penalty interest); *provided, however*, that in the case of each of the foregoing clauses (X), (Y) and (Z), if the amount available therefor shall not be sufficient to pay in full all such installments

of interest, then such amount to be so applied shall be applied in the order of the due dates of such installments and if any such installment or installments shall have become due on the same date, then to the payment thereof ratably, according to the amounts due thereon, without any discrimination or preference; and

Second: *Principal or Redemption Price and Prepayment Premiums* – To the payment, on a parity basis, in proportion to the respective amounts then due, (X) to the persons entitled thereto of the unpaid principal or Redemption Price of any Bonds, (Y) to the persons entitled thereto of the principal component of Parity Obligations which shall have become due and (Z) to the DOE Collateral Agent of the unpaid principal of and prepayment premiums, if any, on, and other amounts due with respect to, the Federal Loan which shall have become due, in each such case, whether at maturity or by call for redemption or upon becoming subject to prepayment, as applicable; *provided, however*, that in the case of each of the foregoing clauses (X), (Y) and (Z), if the amount available therefor shall not be sufficient to pay in full all the Bonds, the principal component of Parity Obligations or the unpaid principal of and prepayment premiums, if any, on, and other amounts due with respect to, the Federal Loan, respectively, then due, then such amount to be so applied shall be applied in the order of the due dates of such Bonds, such principal component of Parity Obligations or such unpaid principal of and prepayment premiums, if any, on, or other amounts due with respect to, the Federal Loan, as the case may be, and, if any such Bonds, principal component of Parity Obligations or unpaid principal of and prepayment premiums, if any, on, or other amounts due with respect to, the Federal Loan, as the case may be, shall have become due on the same date, then to the payment thereof ratably, according to the respective amounts due thereon, without any discrimination or preference; or

(b) if the principal of all of the Bonds and the Federal Loan shall have become or have been declared due and payable, on a parity basis, in proportion to the respective amounts then due, (X) to the payment to the persons entitled thereto of the principal and interest then due and unpaid upon the Bonds, (Y) to the persons entitled thereto of all installments of the principal and interest components of Parity Obligations then due and (Z) to the DOE Collateral Agent of the principal and interest and any other amounts, if any, then due and unpaid on the Federal Loan, in each such case, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond or Parity Obligation or the Federal Loan over any other Bond or Parity Obligation or the Federal Loan, ratably, according to the amounts due respectively for principal and interest and such other amounts, if any, then due and unpaid on the Federal Loan.

Notwithstanding the foregoing or any other provision of the Resolution, (x) so long as the Initial Power Purchaser is not in default in the payment of any amount due under the Initial Power Purchase Agreement, any amounts paid to the Authority pursuant to the Initial Power

Purchase Agreement and deposited in the Reserve and Contingency Fund pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 may only be applied to the purposes set forth in the foregoing clauses (i) and (ii), and any portion of such amounts not so applied shall be remitted by the Trustee to the Initial Power Purchaser not less frequently than annually and (y) so long as no Additional Units PPA Project Participant is in default in the payment of any amount due under its Additional Units PPA Power Sales Contract, any amounts paid to the Authority pursuant to the Additional Units PPA Power Sales Contracts and deposited in the Reserve and Contingency Fund pursuant to subclause (i) of clause (4) of subsection 2 of Section 505 may only be applied to the purposes set forth in the foregoing clauses (i) and (ii), and any portion of such amounts not so applied shall be remitted by the Trustee to the Additional Units PPA Project Participants not less frequently than annually, *pro rata* in proportion to the respective amounts so paid by them to the Authority.

3. If and whenever (a) all overdue installments of interest on all Bonds, together with the reasonable and proper charges, expenses and liabilities of the Trustee, and all other sums payable by the Authority under the Resolution, including, without limitation, the principal and Redemption Price of and accrued unpaid interest on all Bonds which shall then be payable by declaration or otherwise, shall either be paid by or for the account of the Authority, or provision satisfactory to the Trustee shall be made for such payment, and all defaults under the Resolution or the Bonds shall be made good or secured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall be made therefor, (b) all Parity Obligations shall be paid and (c) all principal of and interest and other amounts, if any, then due on the Federal Loan shall be paid and all reserves required to be funded under the Federal Loan Documents have been fully funded in the respective amounts then required, the Trustee shall pay over to the Authority all moneys, securities and funds then remaining unexpended in the hands of the Trustee (except moneys, securities and funds deposited or pledged, or required by the terms of the Resolution to be deposited or pledged, with the Trustee), and thereupon the Authority and the Trustee shall be restored, respectively, to their former positions and rights under the Resolution. No such payment over to the Authority by the Trustee nor such restoration of the Authority and the Trustee to their former positions and rights shall extend to or affect any subsequent default under the Resolution or impair any right consequent thereon.

804. ***Appointment of Receiver.*** Any Holders of Bonds or the Trustee shall have the right as provided in the Act to apply in an appropriate proceeding for the appointment of a receiver of the Additional Units PPA Project, but subject to any rights that the PPA Project Entity or DOE may have under the DOE Loan Guarantee Agreement. In the event of any such appointment of a receiver (whether by a Bondholder or by the Trustee), it is the intention of the Resolution that such receiver act in such a manner as is intended to maximize recovery of the Federal Loan and the Bonds.

805. ***Proceedings Brought by Trustee.*** 1. If a Bondholders' Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee, by its agents and attorneys, may proceed, and, subject to the provisions of subsection 3 of Section 1003 hereof, upon written request of the Holders of not less than 25% in principal amount of the Bonds Outstanding shall proceed, to protect and enforce its rights and the rights of the Holders of the Bonds and the DOE Secured Parties under the Resolution forthwith by a suit or suits in equity or at law, whether for the specific performance of any covenant herein contained, or in aid of the execution of any power herein granted, or for an accounting against the Authority as if the

Authority were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the Trustee, being advised by counsel, shall deem most effectual to enforce any of its rights or to perform any of its duties under the Resolution, including, without limitation, enforcement of any rights of the Authority or the Trustee under the Additional Units PPA Project Power Contracts. In enforcing any such rights, the Trustee shall act in such a manner as is intended to maximize recovery of the Federal Loan and the Bonds.

2. All rights of action under the Resolution may be enforced by the Trustee without the possession of any of the Bonds or the production thereof on the trial or other proceedings, and any such suit or proceedings instituted by the Trustee shall be brought in its name.

3. Subject to the provisions of subsection 3 of Section 1003 hereof, the Holders of not less than a majority in principal amount of the Bonds at the time Outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee; *provided, however*, that the Trustee shall have the right to decline to follow any such direction if the Trustee shall be advised by counsel that the action or proceeding so directed may not lawfully be taken, or if the Trustee in good faith shall determine that the action or proceeding so directed would involve the Trustee in personal liability or be unjustly prejudicial to the Bondholders not parties to such direction or to the DOE Secured Parties.

4. Upon commencing a suit in equity or upon other commencement of judicial proceedings by the Trustee to enforce any right under the Resolution, the Trustee shall be entitled to exercise any and all rights and powers conferred in the Resolution and provided to be exercised by the Trustee upon the occurrence of any Bondholders' Event of Default, including, without limitation, enforcement of any rights of the Authority or the Trustee under the Additional Units PPA Project Power Contracts.

5. Regardless of the happening of a Bondholders' Event of Default, the Trustee shall have power to, but, subject to the provisions of subsection 3 of Section 1003 hereof, unless requested in writing by the Holders of a majority in principal amount of the Bonds then Outstanding, DOE or the DOE Collateral Agent, and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Resolution by any acts which may be unlawful or in violation of the Resolution, and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Bondholders and the DOE Secured Parties.

806. ***Restriction on Bondholder's Actions.*** 1. Except as otherwise provided in Section 804, no Holder of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Resolution or the execution of any trust under the Resolution or for any remedy under the Resolution, unless such Holder shall have previously given to the Trustee written notice of the happening of a Bondholders' Event of Default, as provided in this Article, and the Holders of at least 25% in principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, either to exercise the powers granted in the Resolution or by the Act or by the laws of Georgia or to institute such action, suit or proceeding in its own name, and unless such Holders shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or

thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Holders of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the pledges created by the Resolution in favor of the Bonds and the Federal Loan Debt Service Payments, or to enforce any right under the Resolution, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Resolution shall be instituted, had and maintained in the manner provided in the Resolution and for the equal benefit of all Holders of the Outstanding Bonds and the DOE Secured Parties, subject only to the provisions of Section 702.

2. Nothing in the Resolution or in the Bonds contained shall affect or impair the obligation of the Authority, which is absolute and unconditional, to pay at the respective dates of maturity and places therein expressed the principal of (and premium, if any) and interest on the Bonds to the respective Holders thereof, or affect or impair the right of action, which is also absolute and unconditional, of any Holder to enforce such payment of his Bond.

807. ***Remedies Not Exclusive.*** No remedy by the terms of the Resolution conferred upon or reserved to the Trustee, the Bondholders, DOE or the DOE Collateral Agent is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Resolution or existing at law or in equity or by statute on or after the date of adoption of the Resolution.

808. ***Effect of Waiver and Other Circumstances.*** 1. No delay or omission of the Trustee, any Bondholder, DOE or the DOE Collateral Agent to exercise any right or power arising upon the happening of a Bondholders' Event of Default shall impair any right or power or shall be construed to be a waiver of any such Bondholders' Event of Default or be an acquiescence therein; and every power and remedy given by this Article to the Trustee, the Bondholders, DOE or the DOE Collateral Agent may be exercised from time to time and as often as may be deemed expedient by the Trustee, the Bondholders, DOE or the DOE Collateral Agent, as applicable.

2. Prior to the declaration of maturity of the Bonds as provided in Section 801, the Holders of not less than a majority in principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Holders of all of the Bonds waive any past default under the Resolution and its consequences, except a default in the payment of interest on or principal of or premium (if any) on any of the Bonds. No such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

809. ***Notice of Default.*** The Trustee shall promptly mail to all Holders of Bonds, DOE and the DOE Collateral Agent written notice of the occurrence of any Bondholders' Event of Default.

ARTICLE IX

REMEDIES OF DOE COLLATERAL AGENT

901. ***Federal Loan Events of Default.*** If one or more of the following Federal Loan Events of Default shall happen, that is to say:

(a) if default shall be made in the due and punctual payment of any installment of the Federal Loan Debt Service Payments when and as the same shall become due and payable, whether as a result of a failure of an Additional Units PPA Project Power Purchaser to make any payment when due under its Additional Units PPA Project Power Contract or otherwise; or

(b) if default shall be made by the Authority in the performance or observance of any of the covenants, agreements or conditions on its part contained in Sections 501 through 513, inclusive, Article VI, Sections 704, 705 and 706, subsection 1 of Section 707, Sections 708, 711 and 712, subsections 1, 3 and 5 of Section 715 and Section 716 of the Resolution, and such default shall continue for a period of 60 days after written notice thereof to the Authority by the Trustee or to the Authority and to the Trustee by DOE or the DOE Collateral Agent; *provided, however*, that if such default shall be such that it can be corrected but cannot be corrected within such 60-day period, it shall not constitute a Federal Loan Event of Default if corrective action is instituted within such period and diligently pursued until the failure is corrected;

then, and in each and every such case, so long as such Federal Loan Event of Default shall not have been remedied, the DOE Collateral Agent shall be authorized to exercise any of the rights and remedies specified in this Article IX.

902. ***Appointment of Receiver.*** The DOE Collateral Agent or the Trustee shall have the right to apply in an appropriate proceeding for the appointment of a receiver of the Additional Units PPA-2 Project. In the event of any such appointment of a receiver, it is the intention of the Resolution that such receiver act in such a manner as is intended to maximize recovery of the Federal Loan and the Bonds.

903. ***Proceedings Brought by Trustee.*** 1. If a Federal Loan Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee, by its agents and attorneys, may proceed, and, subject to the provisions of subsection 3 of Section 1003 hereof, upon written request of the DOE Collateral Agent shall proceed, to protect and enforce its rights and the rights of the Holders of the Bonds and the DOE Secured Parties under the Resolution forthwith by a suit or suits in equity or at law, whether for the specific performance of any covenant herein contained, or in aid of the execution of any power herein granted, or for an accounting against the Authority as if the Authority were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the Trustee, being advised by counsel, shall deem most effectual to enforce any of its rights or to perform any of its duties under the Resolution, including, without limitation, enforcement of any rights of the Authority or the Trustee under the Additional Units PPA Project Power Contracts. In enforcing any such rights, the Trustee shall act in such a manner as is intended to maximize recovery of the Federal Loan and the Bonds.

2. All rights of action under the Resolution may be enforced by the Trustee without the possession of any instrument evidencing the Federal Loan or the production thereof on the trial or other proceedings, and any such suit or proceedings instituted by the Trustee shall be brought in its name.

3. If a Federal Loan Event of Default shall happen and shall not have been remedied, subject to the provisions of subsection 3 of Section 1003 hereof, the DOE Collateral Agent may

direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee; *provided, however*, that the Trustee shall have the right to decline to follow any such direction if the Trustee shall be advised by counsel that the action or proceeding so directed may not lawfully be taken, or if the Trustee in good faith shall determine that the action or proceeding so directed would involve the Trustee in personal liability or be unjustly prejudicial to the Bondholders not parties to such direction.

4. Upon commencing a suit in equity or upon other commencement of judicial proceedings by the Trustee to enforce any right under the Resolution, the Trustee shall be entitled to exercise any and all rights and powers conferred in the Resolution and provided to be exercised by the Trustee upon the occurrence of any Federal Loan Event of Default, including, without limitation, enforcement of any rights of the Authority or the Trustee under the Additional Units PPA Project Power Contracts.

5. Regardless of the happening of a Federal Loan Event of Default, the Trustee shall have power to, but, subject to the provisions of subsection 3 of Section 1003 hereof, unless requested in writing by the DOE Collateral Agent, and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Resolution by any acts which may be unlawful or in violation of the Resolution, and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Bondholders and the DOE Secured Parties.

904. ***Restriction on DOE Collateral Agent's Actions.*** 1. Except as otherwise provided in Section 902, the DOE Collateral Agent shall not have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Resolution or the execution of any trust under the Resolution or for any remedy under the Resolution, unless the DOE Collateral Agent shall have previously given to the Trustee written notice of the happening of a Federal Loan Event of Default, as provided in this Article, and the DOE Collateral Agent shall have offered it reasonable opportunity, either to exercise the powers granted in the Resolution or by the laws of Georgia or to institute such action, suit or proceeding in its own name, and unless DOE or the DOE Collateral Agent shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that the DOE Collateral Agent shall not have any right in any manner whatever by its action to affect, disturb or prejudice the pledges created by the Resolution in favor of the Bonds and the Federal Loan Debt Service Payments, or to enforce any right under the Resolution, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Resolution shall be instituted, had and maintained in the manner provided in the Resolution and for the equal benefit of all Holders of the Outstanding Bonds and the DOE Secured Parties, subject only to the provisions of Section 702.

2. Nothing in the Resolution contained shall affect or impair the obligation of the Authority, which is absolute and unconditional, to pay or cause to be paid the Federal Loan Debt Service Payments to the DOE Collateral Agent on the respective dates of payment thereof, or affect or impair the right of action, which is also absolute and unconditional, of the DOE Collateral Agent to enforce such payment of the Federal Loan Debt Service Payments.

905. ***Remedies Not Exclusive.*** No remedy by the terms of the Resolution conferred upon or reserved to the Trustee or the DOE Collateral Agent is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Resolution or existing at law or in equity or by statute on or after the date of adoption of the Resolution.

906. ***Effect of Waiver and Other Circumstances.*** No delay or omission of the Trustee or the DOE Collateral Agent to exercise any right or power arising upon the happening of a Federal Loan Event of Default shall impair any right or power or shall be construed to be a waiver of such Federal Loan Event of Default or be an acquiescence therein; and every power and remedy given by this Article to the Trustee or to the DOE Collateral Agent may be exercised from time to time and as often as may be deemed expedient by the Trustee or by the DOE Collateral Agent.

907. ***Notice of Default.*** The Trustee shall promptly mail to DOE and the DOE Collateral Agent written notice of the occurrence of any Federal Loan Event of Default.

ARTICLE X

THE FIDUCIARIES

1001. ***Trustee; Appointment and Acceptance of Duties.*** Wells Fargo Bank, N.A. shall serve as the initial Trustee under the Resolution and, by virtue of said Bank's acceptance of the duties and obligations imposed upon it by the Resolution, the Resolution shall constitute a trust agreement.

1002. ***Paying Agents; Appointment and Acceptance of Duties.*** 1. The Authority shall appoint one or more Paying Agents for the Bonds of each Series, and may at any time or from time to time appoint one or more other Paying Agents having the qualifications set forth in Section 1013 for a successor Paying Agent. The Trustee may be appointed a Paying Agent.

2. Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by the Resolution by executing and delivering to the Authority and to the Trustee a written acceptance thereof.

3. Unless otherwise provided, the principal corporate trust offices of the Paying Agents are designated as the respective offices or agencies of the Authority for the payment of the interest on and principal or Redemption Price of the Bonds.

1003. ***Responsibilities of Fiduciaries; Action by Trustee Following Receipt of Conflicting Directions.*** 1. The recitals of fact herein and in the Bonds contained shall be taken as the statements of the Authority and no Fiduciary assumes any responsibility for the correctness of the same. No Fiduciary makes any representations as to the validity or sufficiency of the Resolution or of any Bonds issued thereunder or as to the security afforded by the Resolution, and no Fiduciary shall incur any liability in respect thereof. The Trustee shall, however, be responsible for its representation contained in its certificate on the Bonds. No Fiduciary shall be under any responsibility or duty with respect to the application of any moneys paid by such Fiduciary in accordance with the provisions of the Resolution to the Authority or to any other Fiduciary. No Fiduciary shall be under any obligation or duty to perform any act

which would involve it in expense or liability or to institute or defend any suit in respect thereof, or to advance any of its own moneys, unless properly indemnified. Subject to the provisions of subsection 2 of this Section 1003, no Fiduciary shall be liable in connection with the performance of its duties hereunder except for its own negligence, misconduct or default.

2. The Trustee, prior to the occurrence of a Bondholders' Event of Default or a Federal Loan Event of Default and after the curing of all Bondholders' Events of Default and Federal Loan Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in the Resolution. In case a Bondholders' Event of Default or a Federal Loan Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by the Resolution, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Any provision of the Resolution relating to action taken or to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this Section 1003.

3. Notwithstanding anything to the contrary contained in the Resolution, if, in connection with the exercise of any rights or remedies under the Resolution, the Trustee shall receive, pursuant to any applicable provision of the Resolution, conflicting requests or instructions or directions with respect to exercise of rights or remedies from one or more Holders (or groups of Holders) of the Outstanding Bonds and/or DOE or the DOE Collateral Agent (other than any request or instruction or direction not to exercise rights or remedies), then the Trustee shall follow the request(s), instruction(s) or direction(s) of such Holders (or groups of Holders) or DOE or the DOE Collateral Agent, as applicable, as shall represent the greatest percentage of the sum of (a) the aggregate principal amount of all Bonds Outstanding as of the relevant date and (b) the aggregate principal amount of the Federal Loan outstanding as of such date. Any request or instruction or direction not to exercise remedies shall not be considered "conflicting requests or instructions or directions" and shall be disregarded for purposes of this subsection 3 of this Section 1003.

1004. *Evidence on Which Fiduciaries May Act.* 1. Each Fiduciary, upon receipt of any notice, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document furnished to it pursuant to any provision of the Resolution, shall examine such instrument to determine whether it conforms to the requirements of the Resolution and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. Each Fiduciary may consult with counsel, who may or may not be of counsel to the Authority, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under the Resolution in good faith and in accordance therewith.

2. Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Resolution, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the Authority, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of the Resolution upon the faith thereof; but in its discretion the Fiduciary may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

3. Except as otherwise expressly provided in the Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Authority to any Fiduciary shall be sufficiently executed when the same is executed in the name of the Authority by an Authorized Officer of the Authority.

1005. **Compensation.** The Authority shall pay to each Fiduciary from time to time reasonable compensation for all services rendered under the Resolution and also all reasonable expenses, charges, counsel fees and other disbursements, including, without limitation, those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under the Resolution, and each Fiduciary shall have a lien therefor on any and all funds at any time held by it under the Resolution. Subject to the provisions of Section 1003, the Authority further agrees to indemnify and save each Fiduciary harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence, misconduct or default.

1006. **Certain Permitted Acts.** Any Fiduciary may become the owner of any Bonds, with the same rights it would have if it were not a Fiduciary. To the extent permitted by law, any Fiduciary may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or the Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds then Outstanding.

1007. **Resignation of Trustee.** The Trustee may at any time resign and be discharged of the duties and obligations created by the Resolution by giving not less than 60 days' written notice to the Authority, the Holders of the Bonds, DOE and the DOE Collateral Agent and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed by the Authority or the Bondholders and DOE as provided in Section 1009, in which event such resignation shall take effect immediately on the appointment of such successor.

1008. **Removal of Trustee.** The Trustee may be removed at any time by an instrument or concurrent instruments in writing, filed with the Trustee, and signed by the Holders of a majority in principal amount of the Bonds then Outstanding (excluding any Bonds held by or for the account of the Authority), DOE and the DOE Collateral Agent or their respective attorneys-in-fact duly authorized. In addition, so long as no Bondholders' Event of Default or Federal Loan Event of Default, or event which with the passage of time or the giving of notice, or both, will become a Bondholders' Event of Default or a Federal Loan Event of Default, shall have occurred and be continuing hereunder, the Trustee may be removed by the Authority at any time, with or without cause, by a certificate of an Authorized Officer of the Authority filed with the Trustee, but subject to the approval of DOE or the DOE Collateral Agent.

1009. **Appointment of Successor Trustee.** 1. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, then a successor may be appointed as hereinafter provided. If the Trustee shall have been removed by the Authority, then the Authority shall have the exclusive right to appoint such successor. In any other case, the Holders of a majority in principal amount of the Bonds then

Outstanding (excluding any Bonds held by or for the account of the Authority) and DOE may appoint such successor by an instrument or concurrent instruments in writing signed and acknowledged by such Holders and DOE or by their respective attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the Authority and the predecessor Trustee; *provided, however*, that if no successor Trustee shall have been appointed by the Holders and DOE as aforesaid within 30 days of the date on which the Trustee (1) shall have mailed notice of its resignation or (2) shall have become incapable of acting, or shall have been adjudged bankrupt or insolvent, or a receiver, liquidator or conservator of the Trustee, or of its property, shall have been appointed, or any public officer shall have taken charge or control of the Trustee, or of its property or affairs, then the Authority, subject to the provisions of Section 1009(2) hereof, shall have the exclusive right to appoint such successor. The Authority shall mail written notice of any such appointment to the Holders of the Bonds, DOE and the DOE Collateral Agent as soon as possible but in any event within 20 days after such appointment.

2. If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Trustee shall have given to the Authority written notice as provided in Section 1007, the removal of the Trustee pursuant to Section 1008 or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, the Trustee, the Holder of any Bond or DOE may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee.

3. Any Trustee appointed under the provisions of this Section in succession to the Trustee shall be a Bank doing business and having its principal office in the City and State of New York or the State of Georgia, and having capital stock and surplus aggregating at least \$100,000,000, or, in the event there be no such Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution, then a Bank doing business and having its principal office in any other of the United States of America, and having capital stock and surplus aggregating at least \$100,000,000 if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

1010. ***Transfer of Rights and Property to Successor Trustee.*** Any successor Trustee appointed under the Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Authority, DOE and the DOE Collateral Agent, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the written request of the Authority and either DOE or the DOE Collateral Agent, or of the successor Trustee, execute, acknowledge and deliver such instrument of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under the Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Authority be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, power and duties, any and all such deeds, conveyances and instruments in writing shall,

on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the Authority. Any such successor Trustee shall promptly notify the Paying Agents of its appointment as Trustee.

1011. *Merger or Consolidation.* Any company into which any Fiduciary may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Fiduciary may sell or transfer all or substantially all of its corporate trust business, *provided* such company shall be a Bank and shall be authorized by law to perform all the duties imposed upon it by the Resolution, shall be the successor to such Fiduciary without the execution or filing of any paper or the performance of any further act.

1012. *Adoption of Authentication.* In case any of the Bonds contemplated to be issued under the Resolution shall have been authenticated but not delivered, any successor Trustee may adopt the certificate of authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated; and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is anywhere in said Bonds or in the Resolution provided that the certificate of the Trustee shall have.

1013. *Resignation or Removal of Paying Agent and Appointment of Successor.* 1. Any Paying Agent may at any time resign and be discharged of the duties and obligations created by the Resolution by giving at least 60 days' written notice to the Authority, the Trustee and the other Paying Agents. Any Paying Agent may be removed at any time by an instrument filed with such Paying Agent and the Trustee and signed by an Authorized Officer of the Authority. Any successor Paying Agent shall be appointed by the Authority with the approval of the Trustee and shall be a Bank, having capital stock and surplus aggregating at least \$50,000,000, and willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

2. In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successor, or if there be no successor, to the Trustee. In the event that for any reason there shall be a vacancy in the office of any Paying Agent, the Trustee shall act as such Paying Agent.

ARTICLE XI

SUPPLEMENTAL RESOLUTIONS

1101. *Supplemental Resolutions Effective Upon Filing With the Trustee.* 1. For any one or more of the following purposes and at any time or from time to time, a Supplemental Resolution of the Authority may be adopted, which, upon (a) the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority and (b) if required pursuant to Section 1204 hereof, the consent (or deemed consent) of DOE thereto made or given as provided in said Section 1204, shall be fully effective in accordance with its terms:

(1) To cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Resolution;

(2) To close the Resolution against, or provide limitations and restrictions in addition to the limitations and restrictions contained in the Resolution on, the authentication and delivery of Bonds or the issuance of other evidences of indebtedness;

(3) To add to the covenants and agreements of the Authority in the Resolution, other covenants and agreements to be observed by the Authority which are not contrary to or inconsistent with the Resolution as theretofore in effect;

(4) To add to the limitations and restrictions in the Resolution, other limitations and restrictions to be observed by the Authority which are not contrary to or inconsistent with the Resolution as theretofore in effect;

(5) To authorize Bonds of a Series and, in connection therewith, specify and determine the matters and things referred to in Articles II, III and IV, and also any other matters and things relative to such Bonds which are not contrary to or inconsistent with the Resolution as theretofore in effect, or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first authentication and delivery of such Bonds;

(6) To confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Resolution, of the Shared Trust Estate or the Bondholders' Trust Estate pledged pursuant to the Resolution;

(7) To modify any of the provisions of the Resolution in any other respect whatever; *provided, however*, that (i) such modification shall be, and be expressed to be, effective only after all Bonds of each Series Outstanding at the date of the adoption of such Supplemental Resolution shall cease to be Outstanding and the PPA Project Entity has satisfied all of its obligations under the DOE Loan Guarantee Agreement and the other Federal Loan Documents, and (ii) such Supplemental Resolution shall be specifically referred to in the text of all Bonds of any Series authenticated and delivered after the date of the adoption of such Supplemental Resolution and of Bonds issued in exchange therefor or in place thereof;

(8) To authorize Subordinated Bonds or Parity Obligations or Subordinated Obligations and, in connection therewith, specify and determine any matters and things relative to such Subordinated Bonds or Parity Obligations or Subordinated Obligations which are not contrary to or inconsistent with the Resolution as theretofore in effect, or to amend, modify or rescind and such authorization, specification or determination at any time prior to the original issuance and delivery of such Subordinated Bonds or Parity Obligations or Subordinated Obligations; and

(9) To comply with such regulations and procedures as are from time to time in effect relating to establishing and maintaining a book-entry-only system.

2. Notwithstanding any other provision of the Resolution, at any time or from time to time, a Supplemental Resolution of the Authority may be adopted for the purpose of amending the Resolution in any respect determined by the Authority to be necessary or desirable in order to accommodate the Federal Loan Option. Such Supplemental Resolution shall be fully effective in accordance with its terms upon (a) the filing with the Trustee of a copy thereof certified by an

Authorized Officer of the Authority, (b) if required pursuant to Section 1204 hereof, the consent (or deemed consent) of DOE thereto made or given as provided in said Section 1204 and (c) the occurrence of each of the following:

(1) Receipt of “No-Adverse-Tax-Effect” Opinion: the Authority receives an opinion of tax counsel to the Authority to the effect that the actions referred to in this subsection 2 will not adversely affect the exclusion from gross income for federal income tax purposes of the interest on any Bonds the interest on which, at the time of the original issuance of such Bonds, was so excluded; and

(2) Ratings Confirmation: each Rating Agency then maintaining a rating for the Bonds notifies the Authority in writing of the rating(s) that will apply to the Bonds following the actions referred to in this subsection 2, which rating(s), as a result of such actions, shall not be lower than such Rating Agency’s rating(s) on the Outstanding Bonds then in effect (without regard to any third-party credit enhancement).

3. Notwithstanding any other provision of the Resolution, at any time or from time to time on or after the date on which either (a) the DOE Loan Guarantee Agreement and the other Federal Loan Documents are terminated prior to the making of any Advance under the Federal Loan or (b) DOE has confirmed in writing that the Federal Loan has been repaid in full and the PPA Project Entity has satisfied all of its obligations under the DOE Loan Guarantee Agreement and the other Federal Loan Documents, a Supplemental Resolution of the Authority may be adopted for the purpose of amending the Resolution in any respect determined by the Authority to be necessary or desirable in order to delete therefrom all provisions relating to the payment of the Federal Loan Debt Service Payments and other covenants and agreements that are for the exclusive benefit of the DOE Secured Parties. Such Supplemental Resolution shall be fully effective in accordance with its terms upon (a) the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority and (b) the occurrence of each of the following:

(1) Transfer to the Authority of the PPA Project Entity’s Ownership Interest: the PPA Project Entity transfers to the Authority the PPA Project Entity’s Ownership Interest;

(2) Assignment to the Authority of Applicable Rights and Obligations Under Additional Units Project Agreements: the PPA Project Entity assigns to the Authority all of the PPA Project Entity’s rights and obligations under the Additional Units Project Agreements attributable to the PPA Project Entity’s Ownership Interest;

(3) Termination of PPA Project Power Purchase Agreement: the Authority and the PPA Project Entity shall cause the PPA Project Power Purchase Agreement to be terminated;

(4) Amendments to Various Documents: the Resolution, the Additional Units Project Agreements and the Additional Units PPA Project Power Contracts are amended as determined by the Authority to be necessary or desirable in order to reflect the foregoing transactions, including, without limitation, an amendment to the definition of “Additional Units PPA Project” set forth in Section 102 hereof in order to reflect the transfer to the Authority of the PPA Project Entity’s Ownership Interest and the

termination of the PPA Project Power Purchase Agreement; in the case of the Additional Units PPA Project Power Contracts, the amendments must obligate the Initial Power Purchaser and the Additional Units PPA Project Participants, respectively, to pay to the Authority, in the same manner and during the same periods of time as theretofore provided, amounts necessary to pay all the Authority's costs and expenses relating to the Additional Units PPA Project;

(5) Validation of Resolution and Contracts, as Amended: the Resolution, as amended by such Supplemental Resolution, and the Additional Units Project Agreements and the Additional Units PPA Project Power Contracts, as amended in accordance with this subsection 3, have been the subject of a judgment of validation rendered by the Superior Court of Fulton County, Georgia;

(6) Receipt of "No-Adverse-Tax-Effect" Opinion: the Authority receives an opinion of tax counsel to the Authority to the effect that the transfer, assignment, amendments and other actions referred to in this subsection 3 will not adversely affect the exclusion from gross income for federal income tax purposes of the interest on any Bonds the interest on which, at the time of the original issuance of such Bonds, was so excluded; and

(7) Ratings Confirmation: each Rating Agency then maintaining a rating for the Bonds notifies the Authority in writing of the rating(s) that will apply to the Bonds following the transfer, assignment, amendments and other actions referred to in this subsection 3, which rating(s), as a result of such transfer, assignment, amendments and other actions, shall not be lower than such Rating Agency's rating(s) on the Outstanding Bonds then in effect (without regard to any third-party credit enhancement).

1102. ***Supplemental Resolutions Effective Upon Consent of Trustee.*** For any one or more of the following purposes and at any time or from time to time, a Supplemental Resolution of the Authority may be adopted, which, upon (a) the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority, (b) the filing with the Authority of an instrument in writing made by the Trustee consenting thereto and (c) if required pursuant to Section 1204 hereof, the consent (or deemed consent) of DOE thereto made or given as provided in said Section 1204, shall be fully effective in accordance with its terms:

(1) To insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable and will not have a material adverse effect on the interests of the Bondholders or of the DOE Secured Parties; or

(2) To make any other modification or amendment of the Resolution which the Trustee shall in its sole discretion determine will not have a material adverse effect on the interests of the Bondholders or of the DOE Secured Parties.

1103. ***Supplemental Resolutions Effective With Consent of Bondholders and DOE.*** At any time or from time to time, a Supplemental Resolution of the Authority may be adopted for the purpose of modifying or amending the Resolution in any other respect, subject to consent by (a) affected Bondholders in accordance with and subject to the provisions of Section 1203 and (b) DOE in accordance with and subject to the provisions of Section 1204, which Supplemental Resolution, upon (i) the filing with the Trustee of a copy thereof certified by an Authorized

Officer of the Authority, (ii) receipt of written consents thereto of Holders of the percentages of affected Outstanding Bonds specified in Section 1202 and (iii) the consent (or deemed consent) of DOE thereto made or given as provided in Section 1204 hereof, shall become fully effective in accordance with its terms.

1104. **General Provisions.** 1. The Resolution shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of this Article XI and Article XII. Nothing in this Article XI or Article XII contained shall affect or limit the right or obligation of the Authority to adopt, make, do, execute, acknowledge or deliver any resolution, act or other instrument pursuant to the provisions of Section 704 or the right or obligation of the Authority to execute and deliver to any Fiduciary any instrument which elsewhere in the Resolution it is provided shall be delivered to said Fiduciary.

2. Any Supplemental Resolution referred to and permitted or authorized by Sections 1101 and 1102 may be adopted by the Authority without the consent of any of the Bondholders, but shall become effective only on the conditions, to the extent and at the time provided in said Sections, respectively. The copy of every Supplemental Resolution when filed with the Trustee shall be accompanied by an Opinion of Counsel stating that such Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution, and is valid and binding upon the Authority and enforceable in accordance with its terms.

3. The Trustee is hereby authorized to accept the delivery of a certified copy of any Supplemental Resolution referred to and permitted or authorized by Sections 1101, 1102 or 1103 and to make all further agreements and stipulations which may be therein contained, and the Trustee, in taking such action, shall be fully protected in relying on an Opinion of Counsel that such Supplemental Resolution is authorized or permitted by the provisions of the Resolution.

4. No Supplemental Resolution shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereto.

ARTICLE XII

CONSENTS TO AMENDMENTS

1201. **Mailing.** Any provision in this Article for the mailing of a notice or other paper to Bondholders shall be fully complied with if it is mailed postage prepaid only (i) to each Holder of Bonds then Outstanding at his address, if any, appearing upon the registry books of the Authority and (ii) to the Trustee.

1202. **Powers of Amendment.** In addition to the Supplemental Resolutions authorized pursuant to Section 1101 and 1102, any modification or amendment of the Resolution and of the rights and obligations of the Authority and of the Holders of the Bonds and the DOE Secured Parties, in any particular, may be made by a Supplemental Resolution, with the written consent (i) of the Holders of at least a majority in principal amount of the Bonds Outstanding at the time such consent is given that are affected by such modification or amendment, such consent to be given as provided in Section 1203 (or, in case the modification or amendment changes the terms of any Sinking Fund Installment, with the written consent of the Holders of at least a majority in principal amount of the Bonds of the particular Series and maturity entitled to such Sinking Fund

Installment and Outstanding at the time such consent is given); *provided, however*, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section and (ii) of DOE, such consent to be made or given (or deemed to have been given) as provided in Section 1204. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of any Fiduciary without its written assent thereto. For the purposes of this Section, any Bond shall be deemed to be affected by a modification or amendment of the Resolution if the same adversely affects or diminishes the rights of the Holder of such Bond. The Trustee may in its discretion determine whether or not any Bonds would be affected by any modification or amendment of the Resolution in accordance with the foregoing powers of amendment and any such determination shall be binding and conclusive on the Authority and all Holders of Bonds. In making any such determination, the Trustee may rely conclusively upon (a) an opinion of counsel, as to legal matters and (b) certifications of (1) any banking or financial institution serving as a financial advisor to the Authority, as to financial and economic matters, (2) an engineer or engineering firm, as to matters within its field of expertise, (3) such other experts, as to matters within their respective fields of expertise, as it, in its reasonable judgment, determines necessary or appropriate and (4) such other proof (including, without limitation, certificates of Authorized Officers of the Authority) as the Trustee, in its reasonable judgment, determines necessary or appropriate. In addition, and notwithstanding any other provision of the Resolution, in determining whether the rights or interests of the Holders of Outstanding Bonds are affected by any modification or amendment of the Resolution, the Trustee shall consider the effect on the Holders of any Bonds for which a Credit Facility has been provided without regard to such Credit Facility. For the purpose of this Section and Section 1102, (a) a change in the terms of redemption of any Outstanding Bond shall be deemed only to affect such Bond, and shall be deemed not to affect any other Bond and (b) any modification or amendment that, in accordance with its terms, relates only to a specified Bond or Bonds shall be deemed not to affect any other Bonds. For the purpose of this Section, the Holders of any Bonds may include the initial Holders thereof, regardless of whether such Bonds are being held for resale. In any Supplemental Resolution setting forth proposed amendments that are subject to the consent of the Bondholders, the Authority may provide that the Holders of all Bonds issued after the adoption of such Supplemental Resolution shall be deemed to have irrevocably consented to such amendments for all purposes of the Resolution.

1203. *Consent of Bondholders.* The Authority may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section 1202 to take effect when and as provided in this Section. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee), together with a request to affected Bondholders for their consent thereto in form satisfactory to the Trustee, shall be mailed by the Authority to affected Bondholders (but failure of any Holder of an affected Bond to receive such copy and request shall not affect the validity of the Supplemental Resolution when consented to as in this Section provided). Such Supplemental Resolution shall

not be effective unless and until (i) there shall have been filed with the Trustee (a) the written consents thereto of Holders of the percentages of affected Outstanding Bonds specified in Section 1202, (b) evidence of the consent thereto of DOE and (c) an Opinion of Counsel stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Authority in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution, and is valid and binding upon the Authority and enforceable in accordance with its terms, and (ii) a notice shall have been given as hereinafter in this Section 1203 provided. It shall not be necessary that the consents of Holders of Bonds approve the particular form of wording of the proposed modification or amendment or of the proposed Supplemental Resolution effecting such modification or amendment, but it shall be sufficient if such consents approve the substance of the proposed amendment or modification. Each such consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 1302. A certificate or certificates executed by the Trustee and filed with the Authority stating that it has examined such proof and that such proof is sufficient in accordance with Section 1302 shall be conclusive that the consents have been given by the Holders of the Bonds described in such certificate or certificates of the Trustee. Any such consent shall be binding upon the holder of the Bonds giving such consent and, anything in Section 1302 to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof) unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee hereinafter in this Section 1203 provided for is filed, such revocation. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Authority to the effect that no revocation thereof is on file with the Trustee. At any time after (i) the Holders of the required percentages of affected Bonds shall have filed their consents to the Supplemental Resolution and (ii) the Trustee shall have received evidence that DOE shall have consented (or have been deemed to have consented) to the Supplemental Resolution, the Trustee shall make and file with the Authority a written statement that the Holders of such required percentages of affected Bonds have filed such consents and that DOE has so consented (or has been deemed to have so consented). Such written statements shall be conclusive that such consents have been given (or deemed to have been given). At any time thereafter, notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Authority on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of affected Bonds and DOE and will be effective as provided in this Section 1203, may be given to Bondholders and the DOE Secured Parties by the Authority by mailing such notice (but failure of any Holder of an affected Bond to receive such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section 1203 provided) not more than 90 days after the written statement of the Trustee hereinabove provided for is filed. The Authority shall file with the Trustee proof of the mailing of such notice. A record, consisting of the certificates or statements required or permitted by this Section 1203 to be made by the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Authority, the Fiduciaries, the Holders of all Bonds and the DOE Secured Parties at the expiration of 40 days after the filing with the Trustee of the proof of the mailing of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such 40-day period; *provided, however*, that any Fiduciary

and the Authority during such 40-day period and any such further period during which any such action or proceeding may be pending shall be entitled in their absolute discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

1204. ***Consent of DOE.*** 1. The Authority shall not directly or indirectly agree to (i) any amendment, modification, termination, replacement, supplement or waiver, (ii) waive any right to consent to any amendment, modification, termination, replacement, supplement or waiver of any right with respect to, or (iii) assign any of the respective duties or obligations, in each case, under any provision of the Resolution; except that:

(1) the Authority may agree to an amendment, modification, replacement, supplement or waiver that does not have an adverse effect on, or diminish the rights of, the DOE Secured Parties or the Trustee with respect to remedies or enforcement if, as required pursuant to Section 3.03 of the Equity Funding and Undertaking Agreement to be entered into among the Authority, the PPA Project Entity and DOE, as the same may be amended, supplemented or restated from time to time in accordance with the terms thereof, (A) the Authority has given DOE prior notice of such amendment, modification, replacement, supplement or waiver that meets the requirements of such Section 3.03 of said Equity Funding and Undertaking Agreement and (B) DOE has consented to, or has not given the Authority notice of its objection to, such proposed amendment, modification, replacement, supplement or waiver within sixty (60) days of receipt of such notice (and, if DOE shall fail to give such notice of objection within such sixty (60)-day period, DOE shall be deemed to have consented to such proposed amendment, modification, replacement, supplement or waiver);

(2) the Authority may adopt a Supplemental Resolution that is adopted solely for the purpose of authorizing the issuance of Bonds of one or more Series, Subordinated Bonds, Parity Obligations or Subordinated Obligations; and

(3) the Authority may agree to an amendment, modification, replacement, supplement or waiver to the Resolution if the amendment, modification, replacement, supplement or waiver is adopted in connection with the issuance of Bonds, Subordinated Bonds, Parity Obligations or Subordinated Obligations and such amendment, modification, replacement, supplement or waiver (x) relates only to mechanical or structural issues that are required to be addressed in order to allow such Bonds, Subordinated Bonds, Parity Obligations or Subordinated Obligations, as applicable, to be issued on their proposed terms and the timing for such issuance does not allow for the sixty (60)-day notice and review period contemplated under paragraph (1) above and (y) does not adversely affect the application and flow of funds under the Resolution, the Shared Trust Estate, DOE's, the DOE Collateral Agent's or the Trustee's rights or any provisions included for their benefit, or any other voting rights or decision-making matters or provisions related to remedies or enforcement provided for in the Resolution.

2. Notwithstanding the provisions of subsection 1 of this Section 1204, without DOE's consent the Authority shall have the right to amend, modify, replace, supplement or waive any provision of the Resolution solely to correct minor or technical errors that do not change any person's rights or obligations; *provided, however*, that the Authority shall deliver a copy of any such amendment, modification, replacement, supplement or waiver to DOE not later than five (5)

Business Days after the adoption or execution, as applicable, of such amendment, modification, replacement, supplement or waiver.

1205. ***Modifications by Unanimous Consent.*** In addition to the Supplemental Resolutions authorized pursuant to Section 1101, 1102 and 1103, the terms and provisions of the Resolution and the rights and obligations of the Authority and of the Holders of the Bonds and the DOE Secured Parties may be modified or amended in any respect upon the adoption and filing by the Authority of a Supplemental Resolution and (a) the consent thereto of the Holders of all the affected Bonds then Outstanding, such consent to be given as provided in Section 1203 except that no notice to Bondholders by mailing shall be required and (b) the consent (or deemed consent) thereto of DOE, such consent to be made or given as provided in subsection 1 of Section 1204; *provided, however*, that no such modification or amendment shall change or modify any of the rights or obligations of any Fiduciary without the filing with the Trustee of the written assent thereto of such Fiduciary in addition to the consent of the Bondholders and the DOE Collateral Agent.

1206. ***Exclusion of Bonds.*** Bonds owned or held by or for the account of the Authority shall not be deemed to be Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Article XII, and the Authority shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Article. At the time of any consent or other action taken under this Article, the Authority shall furnish the Trustee a certificate of an Authorized Officer of the Authority, upon which the Trustee may rely, describing all Bonds so to be excluded.

1207. ***Notation on Bonds.*** Bonds authenticated and delivered after the effective date of any action taken as in Article XI or this Article XII provided may, and if the Trustee so determines shall, bear a notation by endorsement or otherwise in form approved by the Authority and the Trustee as to such action, and in that case upon demand of the Holder of any Bond Outstanding at such effective date and presentation of his Bond for the purpose at the principal corporate trust office of the Trustee or upon any transfer or exchange of any Bond Outstanding at such effective date, suitable notation shall be made on such Bond or upon any Bond issued upon any such transfer or exchange by the Trustee as to any such action. If the Authority or the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the Authority to conform to such action shall be prepared, authenticated and delivered, and upon demand of the Holder of any Bond then Outstanding shall be exchanged, without cost to such Bondholder, for Bonds of the same Series and maturity and interest rate then Outstanding, upon surrender of such Bonds.

ARTICLE XIII

MISCELLANEOUS

1301. ***Defeasance.*** 1. If (a) the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of all Bonds the principal or Redemption Price, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Resolution and (b) (i) the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the DOE Collateral Agent (for the benefit of the applicable DOE Secured Parties) the principal of, and interest and prepayment premiums, if any, due or to become due on, and all other amounts due with respect to, the Federal Loan and (ii) the PPA Project Entity has satisfied

all of its obligations under the DOE Loan Guarantee Agreement (and no undisbursed commitments remain available thereunder), then the pledges of the Shared Trust Estate and the Bondholders' Trust Estate, respectively, and all covenants, agreements and other obligations of the Authority to the Bondholders and the DOE Secured Parties shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall cause an accounting for such period or periods as shall be requested by the Authority to be prepared and filed with the Authority and, upon the request of the Authority, shall execute and deliver to the Authority all such instruments as may be desirable to evidence such discharge and satisfaction, and the Fiduciaries shall pay over or deliver to the Authority all moneys or securities held by them pursuant to the Resolution which are not required for the payment of (x) principal or Redemption Price, if applicable, on Bonds not theretofore surrendered for such payment or redemption or (y) the Federal Loan or other obligations under the DOE Loan Guarantee Agreement. If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Holders of any Outstanding Bonds (or portions thereof) the principal or Redemption Price, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Resolution, such Bonds (or portions thereof) shall cease to be entitled to any lien, benefit or security under the Resolution, and all covenants, agreements and obligations of the Authority to the Holders of such Bonds (or portions thereof) shall thereupon cease, terminate and become void and be discharged and satisfied. If (a) the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the DOE Collateral Agent (for the benefit of the applicable DOE Secured Parties) the principal of, and interest and prepayment premiums, if any, due or to become due on, and all other amounts due with respect to, the Federal Loan, at the times and in the manner stipulated in the DOE Loan Guarantee Agreement and (b) the PPA Project Entity has satisfied all of its obligations under the DOE Loan Guarantee Agreement (and no undisbursed commitments remain available thereunder), the Federal Loan Debt Service Payments shall cease to be entitled to any lien, benefit or security under the Resolution, and all covenants, agreements and obligations of the Authority to the DOE Secured Parties shall thereupon cease, terminate and become void and be discharged and satisfied.

2. Bonds (or portions thereof) or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Paying Agents (through deposit by the Authority of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section. All or any portion of any Outstanding Bonds shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section if (a) in case any of said Bonds (or portions thereof) are to be redeemed on any date prior to their maturity, the Authority shall have given to the Trustee instructions to give written notice of redemption of such Bonds, or portions thereof (other than Bonds which have been purchased or otherwise acquired by the Authority as hereinafter provided prior to the giving of such notice of redemption), on said dates as provided in Article IV, (b) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Securities (including any Defeasance Securities issued or held in book-entry form on the books of the Department of the Treasury of the United States) the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient, to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds (or portions thereof) on or prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds (or portions thereof) are not to

be redeemed or paid at maturity within the next succeeding 60 days, the Authority shall have given the Trustee instructions to give, as soon as practicable, by first class mail, postage prepaid a notice to the Holders of such Bonds (or portions thereof) that the deposit required by (b) above has been made with the Trustee and that said Bonds (or portions thereof) are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds, or portions thereof (other than Bonds which have been purchased or otherwise acquired by the Authority and delivered to the Trustee as hereinafter provided prior to the giving of the notice of redemption referred to in clause (a) of this sentence). Any notice given pursuant to the preceding sentence with respect to Bonds (or portions thereof) which constitute less than all of the Outstanding Bonds of any maturity and interest rate within a Series shall specify the letter and number or other distinguishing mark of each such Bond. The Trustee shall, as and to the extent necessary, apply moneys held by it pursuant to this Section 1301 to the retirement of said Bonds (or portions thereof) in amounts equal to the unsatisfied balances (determined as provided in subsection 2 of Section 511 hereof) of any Sinking Fund Installments with respect to such Bonds (or portions thereof), all in the manner provided in the Resolution. The Trustee shall, if so directed by the Authority (1) prior to the maturity date of Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301 which are not to be redeemed prior to their maturity date or (2) prior to the giving of the notice of redemption referred to in clause (a) of the second sentence of this subsection 2 with respect to any Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301 which are to be redeemed on any date prior to their maturity, apply moneys deposited with it in respect of such Bonds (or portions thereof) and redeem or sell Defeasance Securities so deposited with the Trustee and apply the proceeds thereof to the purchase of such Bonds (or portions thereof) and the Trustee shall immediately thereafter surrender all such Bonds so purchased to the Bond Registrar for cancellation; *provided, however*, that the moneys and Defeasance Securities remaining on deposit with the Trustee after the purchase and cancellation of such Bonds (or portions thereof) shall be sufficient to pay when due the Principal Installments or Redemption Price, if applicable, and interest due or to become due on all Bonds (or portions thereof), in respect of which such moneys and Defeasance Securities are being held by the Trustee on or prior to the redemption date or maturity date thereof, as the case may be. If, at any time (1) prior to the maturity date of Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301 which are not to be redeemed prior to their maturity date or (2) prior to the giving of the notice of redemption referred to in clause (a) of the second sentence of this subsection 2 with respect to any Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301 which are to be redeemed on any date prior to their maturity, the Authority shall purchase or otherwise acquire any such Bonds and deliver such Bonds to the Trustee prior to their maturity date or redemption date, as the case may be, the Trustee shall immediately surrender all such Bonds so delivered to the Bond Registrar for cancellation; such delivery of Bonds to the Trustee shall be accompanied by directions from the Authority to the Trustee as to the manner in which such Bonds are to be applied against the obligation of the Trustee to pay or redeem Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301. The directions given by the Authority to the Trustee referred to in the preceding sentences shall also specify the portion, if any, of such Bonds so purchased or delivered and cancelled to be applied against the obligation of the Trustee to pay Bonds (or portions thereof) deemed to have been paid in accordance with this Section 1301 upon their maturity date or dates and the portion, if any, of such Bonds so purchased or delivered and cancelled to be applied against the obligation of the Trustee to redeem Bonds (or portions

thereof) deemed to have been paid in accordance with this Section 1301 on any date or dates prior to their maturity. If on any date as a result of any purchases, acquisitions and cancellations of Bonds as provided in this subsection 2 the total amount of moneys and Defeasance Securities remaining on deposit with the Trustee under this subsection 2 is in excess of the total amount which would have been required to be deposited with the Trustee on such date in respect of the remaining Bonds (or portions thereof) in order to satisfy clause (b) of the second sentence of this subsection 2, then the Trustee shall, if requested by the Authority, pay the amount of such excess to the Authority free and clear of any trust, lien or pledge. Except as otherwise provided in this subsection 2, neither Defeasance Securities nor moneys deposited with the Trustee pursuant to this Section nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds (or portions thereof); *provided, however*, that any cash received from such principal or interest payments on such Defeasance Securities deposited with the Trustee, (1) to the extent such cash will not be required at any time for such purpose, shall be paid over to the Authority as received by the Trustee, free and clear of any trust, lien or pledge, and (2) to the extent such cash will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Securities maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds (or portions thereof) on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the Authority, as received by the Trustee, free and clear of any trust, lien or pledge.

3. Option Bonds shall be deemed to have been paid in accordance with the second sentence of paragraph 2 of this Section 1301 only if, in addition to satisfying the requirements of clauses (a) and (c) of such sentence, there shall have been deposited with the Trustee moneys in an amount which shall be sufficient to pay when due the maximum amount of principal of and premium, if any, and interest on such Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds; *provided, however*, that if, at the time a deposit is made with the Trustee pursuant to paragraph 2 of this Section 1301, the options originally exercisable by the Holder of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes of this paragraph 3. If any portion of the moneys deposited with the Trustee for the payment of the principal of and premium, if any, and interest on Option Bonds is not required for such purpose the Trustee shall, if requested by the Authority, pay the amount of such excess to the Authority free and clear of any trust, lien or pledge.

4. Anything in the Resolution to the contrary notwithstanding, any moneys held by a Fiduciary in trust for the payment and discharge of any of the Bonds which remain unclaimed for twenty years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Fiduciary at such date, or for twenty years after the date of deposit of such moneys if deposited with the Fiduciary after the said date when such Bonds became due and payable, shall, at the written request of the Authority, be repaid by the Fiduciary to the Authority, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondholders shall look only to the Authority for the payment of such Bonds; *provided, however*, that before being required to make any such payment to the Authority, the Fiduciary shall, at the expense of the Authority, cause to be published in an Authorized Newspaper, a notice

that said moneys remain unclaimed and that, after a date named in said notice, which date shall be not fewer than 30 days after the date of the first publication of such notice, the balance of such moneys then unclaimed will be returned to the Authority.

1302. *Evidence of Signatures of Bondholders and Ownership of Bonds.* 1. Any request, consent, revocation of consent or other instrument which the Resolution may require or permit to be signed and executed by the Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by such Bondholders in person or by their attorneys appointed in writing. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the holding by any person of the Bonds, shall be sufficient for any purpose of the Resolution (except as otherwise therein expressly provided) if made in the following manner, or in any other manner satisfactory to the Trustee, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable: The fact and date of the execution by any Bondholder or his attorney of such instruments may be proved by a certificate, which need not be acknowledged or verified, of an officer of a Bank or of any notary public or other officer authorized to take acknowledgments of deeds, that the person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership, such signature guarantee, certificate or affidavit shall also constitute sufficient proof of his authority.

2. The ownership of Bonds and the amount, numbers and other identification, and the date of holding the same shall be proved by the registry books.

3. Any request or consent by the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the Authority or any Fiduciary in accordance therewith.

1303. *Moneys Held for Particular Bonds.* The amounts held by any Fiduciary exclusively for the payment of the interest, principal or Redemption Price due on any date with respect to particular Bonds shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Holders of the Bonds entitled thereto.

1304. *Preservation and Inspection of Documents.* All documents received by any Fiduciary under the provisions of the Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Authority, any other Fiduciary, and any Bondholder and their agents and their representatives, any of whom may make copies thereof.

1305. *Parties Interested Herein.* Nothing in the Resolution expressed or implied is intended or shall be construed to confer upon, or to give to, any person or corporation, other than the Authority, the Fiduciaries, each Credit Provider that has provided a Credit Facility, each Liquidity Provider that has provided a Liquidity Facility, each Qualified Hedging Contract Provider that has provided a Qualified Hedging Contract, the Holders of the Bonds and the DOE Secured Parties, any right, remedy or claim under or by reason of the Resolution or any covenant, condition or stipulation thereof; and all the covenants, stipulations, promises and agreements in the Resolution contained by and on behalf of the Authority shall be for the sole and exclusive benefit of the Authority, the Fiduciaries, each such Credit Provider, each such

Liquidity Provider, each such Qualified Hedging Contract Provider, the Holders of the Bonds and the DOE Secured Parties.

1306. ***No Recourse on the Bonds.*** No recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on the Resolution against any member or officer of the Authority or any person executing the Bonds.

1307. ***Severability of Invalid Provisions.*** If any one or more of the covenants or agreements provided in the Resolution on the part of the Authority or any Fiduciary to be performed should be contrary to law, then such covenant or covenants or agreement or agreements shall be deemed severable from the remaining covenants and agreements, and shall in no way affect the validity of the other provisions of the Resolution.

1308. ***Applicability of Provisions Relating to Federal Loan.*** Notwithstanding anything to the contrary contained in the Resolution, the terms and provisions of the Resolution relating to the Federal Loan (including, without limitation, provisions relating to the transfer of funds to the DOE Project Accounts and all provisions granting any rights or remedies to DOE or the DOE Secured Parties) shall, without further act, cease to be of any force or effect upon notice from DOE to the Trustee confirming the occurrence of the DOE Debt Termination Date. In furtherance of the foregoing, the Trustee shall be entitled to rely conclusively on notice in writing from DOE to the effect that the DOE Debt Termination Date shall have occurred.

1309. ***Notices to the Trustee.*** All notices and/or directions to the Trustee hereunder shall be given in writing and may be sent to the Trustee by first class mail postage prepaid, by facsimile or by electronic transmission.

ARTICLE XIV

VALIDATION OF BONDS, BOND FORMS AND EFFECTIVE DATE

1401. ***Validation of Bonds.*** Bonds authorized pursuant to the Resolution shall be validated in the manner provided by law.

1402. ***Forms of Bonds, Trustee's Certificate of Authentication and Validation Certificate.*** Subject to the provisions of the Resolution, the forms of the Bonds of each Series, the Trustee's Certificate of Authentication and the Validation Certificate shall be as set forth in the Supplemental Resolution authorizing such Series of Bonds.

1403. ***Effective Date.*** This Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution shall take effect immediately, except that the amendment and restatement of the Bond Resolution provided for herein shall not become effective until the Effective Date.

**DESCRIPTION OF THE AUTHORITY'S INTEREST
IN THE PLANT VOGTLE ADDITIONAL UNITS**

I. The Authority's Interest.

The Authority's Interest in the Additional Units shall consist of the ownership (whether owned in whole or in part by the Authority or by any entity (including, without limitation, the PPA Project Entity) that is a wholly-owned subsidiary of the Authority (a "Project Entity")) of a twenty-two and seven-tenths percent (22.7%) undivided interest in the two additional nuclear units, each 1,102 megawatts nominally rated, to be located at Plant Vogtle, in Burke County, Georgia and consisting of (i) nuclear power reactors, the turbine-generators, the buildings housing the same, the associated auxiliaries and equipment, and the related transmission facilities (as more specifically described in the application, and amendments thereto, filed by GPC with the Nuclear Regulatory Commission for a Combined Construction and Operating License); (ii) inventories of materials, supplies, Fuel, tools and equipment for use in connection with the Additional Units to be constructed at Plant Vogtle; (iii) land adequate for the Additional Units or, alternatively, appropriate easements granting the right of use to land adequate for the Additional Units, and site preparation, foundations, fencing and fire protection; (iv) the right of use of the infrastructure and system supporting the existing units one and two at Plant Vogtle as well as existing services supporting such units; (v) all property and equipment for connecting the generating facilities to the transmission system at the point where said transmission system forms part of the Georgia Integrated Transmission System (as determined as of June 15, 2008, the dated date of the Additional Units PPA Power Sales Contracts), including, without limitation, the step-up transformers, high side bushing to the electrical transmission system, all related switching stations, remote terminal unit and connections to Supervisory Control and Data Acquisition System (SCADA); (vi) inventories of materials, supplies, tools and equipment; (vii) prepayment of initial supply of Fuel; and (viii) the additional facilities of the Additional Units as described in Part II of this Attachment A.

II. Additional Facilities.

The additional facilities of the Additional Units shall include (i) any major renewals, replacements, repairs, additions, betterments and improvements to the Additional Units necessary, in the opinion of the Authority, to keep the Additional Units in good operating

condition or to prevent a loss of revenues therefrom, and (ii) any major additions, improvements, repairs and modifications to the Additional Units and any disposals of the Additional Units required by any governmental authority having jurisdiction over the Additional Units, or for which the Authority (or a Project Entity) shall be responsible by virtue of any obligation of the Authority (or such Project Entity) arising out of any contract to which the Authority (or such Project Entity) may be a party relating to ownership of the Additional Units or any facility thereof.

EXHIBIT H

AMENDED AND RESTATED
PLANT VOGTLE ADDITIONAL UNITS PPA POWER SALES CONTRACT BETWEEN
MUNICIPAL ELECTRIC AUTHORITY OF GEORGIA
AND THE UNDERSIGNED ADDITIONAL UNITS PPA PARTICIPANT

EXECUTION VERSION

**AMENDED AND RESTATED PLANT VOGTLE ADDITIONAL UNITS PPA
POWER SALES CONTRACT
BETWEEN MUNICIPAL ELECTRIC AUTHORITY OF GEORGIA
AND THE UNDERSIGNED ADDITIONAL UNITS
PPA PARTICIPANT**

FULTON COUNTY

STATE OF GEORGIA

This Amended and Restated Plant Vogtle Additional Units PPA Power Sales Contract is made and entered into as of _____, 2014 (the "Execution Date"), by and between the Municipal Electric Authority of Georgia, a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia, hereinafter sometimes designated as the "Authority", created by the provisions of Georgia Law, Ga. L. 1975, p. 107, *et seq.*, codified at O.C.G.A. § 46-3-110, *et seq.*, as amended from time to time, and the undersigned political subdivision of the State of Georgia, hereinafter sometimes designated as the "Additional Units PPA Participant."

WITNESSETH:

WHEREAS, the Authority owns an undivided ownership interest in two additional nuclear generating units under construction at Plant Vogtle in Burke County, Georgia, a portion of which ownership interest is known as the "Plant Vogtle Additional Units PPA Project," "Project J" or "PPA Project," a portion of which ownership interest is known as the "Plant Vogtle Additional Units PPA-2 Project" or "Project P" and the

remainder of which ownership interest is known as the “Plant Vogtle Additional Units Non-PPA Project” or “Project M”; and

WHEREAS, the Authority has entered into the Amended and Restated Power Purchase Agreement with JEA, a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida (the “Buyer”), dated _____, 2014 (the “PPA”), involving the sale by the Authority to the Buyer of the output and services of the PPA Project Entity’s Ownership Interest (such term, and all other capitalized terms used in these recitals without definition, having the respective meanings assigned thereto in Section 103 hereof); and

WHEREAS, the term of the PPA (the “PPA Term”) extends until midnight Eastern Prevailing Time on the twentieth anniversary of the Commercial Operation Date of the second of the Additional Units or until the Authority’s and the Buyer’s remaining obligations under the PPA have been fully performed and satisfied, whichever occurs later, but in no event shall such PPA Term extend beyond fifty (50) years from the date of execution of the PPA; and

WHEREAS, the Additional Units PPA Participant has need for an additional economical, reliable source of electric power and energy to meet the growing and future demands of its customers and has determined to purchase said electric power and energy from the PPA Project as provided herein; and

WHEREAS, the Authority has taken or caused to be taken or will take or cause to be taken all steps necessary to secure such governmental permits, licenses and approvals as are necessary for, and has proceeded or will then proceed as appropriate with final

design, financing and acquisition or construction of those facilities herein described and designated as the PPA Project for the supply of electric power and energy to the Additional Units PPA Participant and to all other political subdivisions contracting with the Authority therefor, and will sell the output and services of such facilities pursuant to this Contract and to contracts of similar subject matter (together with this Contract, the “Contracts”) with such other political subdivisions (together with the Additional Units PPA Participant, the “Additional Units PPA Participants”); and

WHEREAS, in order to enable the Authority to issue its revenue PPA Bonds and the PPA Project Entity to obtain the DOE Guaranteed Loan to pay the costs of acquiring and constructing the Plant Vogtle Additional Units PPA Project, it is necessary (i) for the Authority to have a binding PPA with the Buyer and for the Authority to have binding Contracts with such political subdivisions of the State of Georgia as have determined, pursuant to the Act, to contract with the Authority, and (ii) that certain payments required to be made in accordance with the provisions of the PPA and in accordance with the provisions of Article III of such Contracts, including payments required to be made under Article III of this Contract, and certain other payments attributable to the Plant Vogtle Additional Units PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs, to be made in accordance with or pursuant to the Contracts and PPA, be pledged as security for the payment of such PPA Bonds and the DOE Guaranteed Loan; and

WHEREAS, the Authority and the Additional Units PPA Participant entered into the Plant Vogtle Additional Units PPA Power Sales Contract dated as of June 15, 2008 (the “Original Contract”) relating to the Plant Vogtle Additional Units PPA Project; and

WHEREAS, as an additional source of financing, the Authority may decide to obtain one or more loans to be made by FFB and guaranteed by DOE pursuant to Title XVII of the Energy Policy Act of 2005 (the “DOE Guaranteed Loan”); and

WHEREAS, in the event that the Authority does decide to obtain the DOE Guaranteed Loan, in order to obtain the DOE Guaranteed Loan, the Authority will transfer the portion of its undivided ownership interest in the Additional Units that currently constitutes a part of the Plant Vogtle Additional Units PPA Project to the PPA Project Entity; and

WHEREAS, the Authority will simultaneously with the execution and delivery of this Contract enter into the PPA Project Entity Power Purchase Agreement with the PPA Project Entity, for the purchase and sale of all of the output and services of the Additional Units PPA Project for resale to Buyer under the PPA and to the Additional Units PPA Participants under the Contracts during the respective terms of the PPA and the Contracts; and

WHEREAS, the Authority and the Additional Units PPA Participant desire to amend and restate the Original Contract on the terms and conditions hereof in connection with the foregoing.

NOW, THEREFORE:

For and in consideration of the premises and the mutual covenants hereinafter set forth, and in order to pay the Authority for its costs of providing to the Additional Units PPA Participant output and related services from the Plant Vogtle Additional Units PPA Project, it is agreed by and between the parties hereto as follows:

**ARTICLE I
EFFECTIVENESS; TERM OF CONTRACT;
AND DEFINITIONS**

SECTION 101. EFFECTIVENESS.

Notwithstanding anything to the contrary herein, this Contract shall become fully binding and enforceable on the Execution Date; provided, that the obligations of the Authority and the Additional Units PPA Participant hereunder shall not commence, the terms and conditions hereof other than this Section 101 shall not be effective, and the Original Contract shall not be amended and restated by this Contract, in each case, until the occurrence of the "Effective Date." The Effective Date shall occur automatically, without any further action, consent or agreement of the Authority and the Additional Units PPA Participant, on the date of issuance of the "DOE Guarantee" (as defined in the DOE Loan Guarantee Agreement).

In the event, however, that (a) the Effective Date shall not occur on or before January 1, 2017 or (b) the DOE Loan Guarantee Agreement and the other DOE Loan Documents shall be terminated prior to the making of any Advance, then this Contract shall be null and void and without further force or effect, and the Original Contract shall continue in full force and effect, except as amended as set forth in Schedule I hereto.

SECTION 102. TERM.

The term of this Contract shall begin and, subject to Section 101, this Contract shall constitute a binding obligation of the parties hereto from and after its execution by the last party to execute the same. The term of this Contract shall continue in full force and effect until such time, not exceeding fifty (50) years from the Execution Date, as all of the Authority's PPA Bonds or notes issued in anticipation of the issuance of PPA Bonds and the interest thereon, all of the Advances and the interest thereon and all other

Debt Service have been paid or provision for payment shall have been made in accordance with the provisions thereof and all obligations of the PPA Project Entity under the DOE Loan Documents have been satisfied and all lending commitments thereunder have been terminated or until such time as the Plant Vogtle Additional Units PPA Project shall be retired from service or disposed of or decommissioned by the Authority or the PPA Project Entity, as applicable, whichever is later; provided, however, that any decision by the Authority to dispose of the Plant Vogtle Additional Units PPA Project must be consistent with Prudent Utility Practice and the Authority's purpose as stated in the Act, and must also be consistent with the goal of advancing the collective interests of the Additional Units PPA Participants.

SECTION 103. DEFINITIONS AND EXPLANATIONS OF TERMS.

As used herein:

“Act” shall mean that certain Act of the 1975 session of the General Assembly of the State of Georgia, compiled and published in Georgia Law 1975, p. 107, *et seq.*, codified at O.C.G.A. Section 46-3-110 through 155, as the same has been heretofore or may be hereafter amended.

“Additional Units” shall mean the two 1102 megawatts Nominally Rated additional nuclear units being constructed at Plant Vogtle, in Burke County, Georgia, pursuant to the Development Agreement.

“Additional Units PPA Participant” shall mean a Participant that is a party to a Contract and any other party as assignee of such Contract pursuant to Section 702 thereof. “Additional Units PPA Participants” shall mean all Participants that are parties to the Plant Vogtle Additional Units PPA Power Sales Contracts. The term “an Additional Units PPA Participant” or “each Additional Units PPA Participant” shall

mean any one of the Additional Units PPA Participants or each of the Additional Units PPA Participants, as the case may be.

“Advance” shall mean an advance or borrowing of the DOE Guaranteed Loan made pursuant to the DOE Loan Documents from FFB.

“Authority’s Interest” shall have the meaning set forth in Attachment A hereto.

“Build America Bonds” shall mean any PPA Bonds with respect to which the Authority has irrevocably elected, pursuant to Section 54AA(g) of the Internal Revenue Code of 1986, as amended, or any other similar federal program creating subsidies for municipal borrowers for which the Authority qualifies, to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on such PPA Bonds.

“Buyer” shall have the meaning given to such term in the recitals hereto.

“Commercial Operation” shall mean achieving “Commercial Operation” within the meaning of the Operating Agreement.

“Commercial Operation Date” shall mean, with respect to each of the Additional Units, the date on which such Additional Unit achieves Commercial Operation.

“Contract” shall mean this Plant Vogtle Additional Units PPA Power Sales Contract, by and between the Authority and the Additional Units PPA Participant, as the same may be amended from time to time. “Contracts” shall mean, respectively, this Contract with the Additional Units PPA Participant and all the other contracts of similar subject matter with other Additional Units PPA Participants, as the same may be amended from time to time.

“Costs of Acquisition and Construction” shall mean, to the extent not included in the Plant Vogtle Additional Units PPA Project Annual Costs, all costs and expenses incurred by or for the account of the Authority or the PPA Project Entity for planning, designing, acquiring, constructing, and installing the PPA Project Entity’s Ownership Interest, including, without limitation, any major renewals, replacements, repairs, additions, betterments or improvements necessary, in the opinion of the Authority or the PPA Project Entity, to keep the PPA Project Entity’s Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, placing the PPA Project Entity’s Ownership Interest in operation, disposing of the PPA Project Entity’s Ownership Interest, and obtaining governmental approvals, certificates, permits and licenses with respect thereto heretofore or hereafter paid or incurred by, or for the account of, the Authority or the PPA Project Entity, as applicable, including, without limitation, the following:

(1) working capital reserves in such reasonable amounts as may be established by the Authority or the PPA Project Entity for the PPA Project Entity’s Ownership Interest (including working capital reserves held in (a) funds or accounts established under the PPA Bond Resolution and (b) accounts established under the DOE Accounts Agreement);

(2) acquisition of initial inventories or prepayment of Fuel for the PPA Project Entity’s Ownership Interest and working capital and reserves therefor and working capital and reserves for additional inventories or prepayment of Fuel for the PPA Project Entity’s Ownership

Interest held by, or for the account of, either the Authority or the PPA Project Entity;

(3) charges related to processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity's Ownership Interest, including, without limitation, the following: (a) Fuel storage facilities, including spent fuel storage facilities; and (b) working capital and reserves related to acquisition, processing, design, fabrication, transportation, disposal and storage of Fuel for the PPA Project Entity's Ownership Interest;

(4) reserves for renewals and replacements, retirement from service, or disposal of any facility of the PPA Project Entity's Ownership Interest and contingencies held by, or for the account of, either the Authority or the PPA Project Entity;

(5) training and testing costs incurred by the Authority or the PPA Project Entity attributable to the PPA Project Entity's Ownership Interest;

(6) preliminary investigation and development costs, engineering fees, contractors' fees, costs of labor, materials, equipment, utility services and supplies and legal costs attributable to the PPA Project Entity's Ownership Interest and the PPA Project;

(7) all costs of insurance applicable to the period of construction of the PPA Project Entity's Ownership Interest; and

(8) amounts necessary to provide funds for contribution to the PPA Project Entity to repay Advances when due (whether at the maturity of principal or upon prepayment) on the DOE Guaranteed Loan and to reacquire from the PPA Project Entity the PPA Project Entity's Ownership Interest at such time as (a) the principal of, and interest and prepayment premiums, if any, due or to become due on, and all other amounts due with respect to, the DOE Guaranteed Loan shall have been paid, at the times and in the manner stipulated in the DOE Loan Guarantee Agreement and the other DOE Loan Documents, as applicable and (b) the PPA Project Entity shall have satisfied all of its obligations under the DOE Loan Guarantee Agreement and the other DOE Loan Documents, as applicable (and no undisbursed commitments remain available thereunder).

Costs of Acquisition and Construction shall also include all other costs, except Financing Costs, incurred by the Authority or the PPA Project Entity and properly allocable to planning, designing, acquiring, constructing and installing the PPA Project Entity's Ownership Interest and the establishment of the Plant Vogtle Additional Units PPA Project including, without limitation, (i) all costs associated with the transfer to the PPA Project Entity of the PPA Project Entity's Ownership Interest and the entry by the PPA Project Entity into the DOE Loan Guarantee Agreement and the other DOE Loan Documents, (ii) the Additional Costs as described and defined in Section 2.2 of the

Development Agreement attributable to the PPA Project Entity's Ownership Interest, (iii) amounts required to reimburse the Buyer and the Additional Units PPA Participants for amounts paid by them in respect of the principal of maturing PPA BANs and PPA Take-Out Bonds (as such terms are defined in the PPA), and (iv) amounts required to be repaid, reimbursed or otherwise paid by the Authority to Buyer pursuant to any provision of the PPA at the end of the PPA Term.

"Debt Service" shall mean, with respect to any period, the aggregate of the amounts required by the PPA Bond Resolution and the DOE Loan Documents to be paid by the Authority or the PPA Project Entity, as applicable, during said period into any fund or funds created by the PPA Bond Resolution or any account or accounts required by the DOE Loan Documents, as applicable, for the sole purpose of paying (i) the principal (including the sinking fund or equivalent payment installments) of, and premium, if any, and interest on, PPA Bonds or the DOE Guaranteed Loan, as applicable, and all other amounts due with respect to the DOE Guaranteed Loan and (ii) any payments on Qualified Hedging Contracts, including any swap premium or swap termination payment, or Reimbursement Obligations, relating to PPA Bonds or the DOE Guaranteed Loan from time to time outstanding as the same shall become due; provided, however, that Debt Service shall not include any acceleration of the maturity of the PPA Bonds or the DOE Guaranteed Loan.

"Development Agreement" shall mean the Plant Vogtle Owners' Agreement Authorizing Development, Construction, Licensing and Operation of Additional Generating Units dated as of May 13, 2005, as heretofore amended and as it may, from time to time hereafter, be further amended.

“DOE” shall mean the United States Department of Energy, as guarantor of the DOE Guaranteed Loan, and any successor in that capacity.

“DOE Accounts Agreement” shall mean the Collateral Agency and Accounts Agreement to be entered into among DOE, the DOE Collateral Agent and the PPA Project Entity as it may, from time to time, be amended.

“DOE Collateral Agent” shall mean PNC Bank, National Association, doing business as Midland Loan Services, a division of PNC Bank, National Association, or any successor thereto, in its capacity as Collateral Agent for DOE.

“DOE Event of Default” shall have the meaning assigned to the term “Event of Default” in the DOE Loan Guarantee Agreement.

“DOE Guaranteed Loan” shall have the meaning given to such term in the recitals hereto.

“DOE Loan Documents” shall have the meaning assigned to the term “Loan Documents” in the DOE Loan Guarantee Agreement.

“DOE Loan Guarantee Agreement” shall mean the Loan Guarantee Agreement to be entered into between the PPA Project Entity and DOE, as it may, from time to time, be amended.

“DOE Secured Obligations” shall have the meaning assigned to the term “Secured Obligations” in the DOE Loan Guarantee Agreement.

“DOE Secured Parties” shall mean DOE and the DOE Collateral Agent, as their respective interests may appear.

“Effective Date” shall have the meaning assigned to such term in Section 101 hereof.

“Engineering, Procurement and Construction Agreement” means the Engineering, Procurement and Construction Agreement between Georgia Power Company, for itself and as Agent for Oglethorpe Power Corporation, the Authority and the City of Dalton, Georgia, acting by and through its Board of Water, Light and Sinking Fund Commissioners, as Owners, and a consortium consisting of Westinghouse Electric Company LLC and Stone & Webster, Inc., as Contractor for Units 3 and 4 at the Vogtle Electrical Generating Plant Site in Waynesboro, Georgia, dated as of April 8, 2008, as heretofore amended and as it may, from time to time hereafter, be further amended.

“Execution Date” shall have the meaning assigned to such term in the preamble to this Contract.

“Federal Financing Bank” or “FFB” shall mean the Federal Financing Bank, a body corporate and instrumentality of the United States of America.

“Final Term” shall mean the time period commencing at 12:01 AM, Eastern Prevailing Time, on the day after the twentieth anniversary of the Commercial Operation Date of the second of the Additional Units and shall continue in full force and effect until such time, not exceeding fifty (50) years (commencing as of the Execution Date of this Contract), as all of the Authority’s PPA Bonds or notes issued in anticipation of the issuance of PPA Bonds and the interest thereon, all of the Advances and the interest thereon and all other Debt Service have been paid or provision for payment shall have been made in accordance with the provisions thereof and all obligations of the PPA Project Entity under the DOE Loan Documents have been satisfied and all lending commitments thereunder have been terminated or until such time as the Plant Vogtle

Additional Units PPA Project shall be retired from service or disposed of or decommissioned by the Authority, whichever is later.

“Financing Costs” shall mean all financing costs related to the Plant Vogtle Additional Units PPA Project that may be financed from the proceeds of PPA Bonds or the DOE Guaranteed Loan (to the extent permitted under the DOE Loan Documents), including, but without limitation, the following:

(i) costs of issuance, including, without limitation, underwriting fees, bank commitment and letter of credit fees, legal and financial advisory fees, bond insurance and indemnity fees, and any payments on Qualified Hedging Contracts including, without limitation, (a) any periodic “net” payments accruing in whole or in part prior to and during construction and for such additional period as the Authority may reasonably determine to be necessary in connection with the placing of the PPA Project Entity’s Ownership Interest in operation and (b) any swap premium or swap termination payment;

(ii) interest accruing in whole or in part on PPA Bonds or the DOE Guaranteed Loan prior to and during construction (or, in the case of PPA Bonds issued or Advances made to finance Fuel, interest accruing in whole or in part on such PPA Bonds or such Advances prior to the loading of such Fuel in the reactor) and for such additional period as the Authority may reasonably determine to be necessary in connection with the placing of the PPA Project Entity’s Ownership Interest in operation in accordance with the provisions of the PPA Bond Resolution, including, without

limitation, any major renewals, replacements, repairs, additions, betterments or improvements or modifications with respect to the PPA Project Entity's Ownership Interest of a particular Additional Unit undertaken following the Commercial Operation Date of such Additional Unit;

(iii) the deposit or deposits from the proceeds of PPA Bonds issued, or Advances made, to finance such costs in any fund or account established pursuant to the PPA Bond Resolution or the DOE Loan Documents to meet Debt Service reserve requirements for PPA Bonds or the DOE Guaranteed Loan, or replenishment of such funds if drawn down; and

(iv) any other fees, costs and expenses of financing for the PPA Bonds or the DOE Guaranteed Loan.

"Fixed Costs" shall mean, with respect to any period, all fixed costs related to the Plant Vogtle Additional Units PPA Project attributed to such period, as defined by and provided in Section 306(b)(1) of this Contract.

"Fuel" shall mean the nuclear materials required for the operation of the Additional Units, including the initial nuclear fuel cores.

"Fuel Costs" shall mean all costs incurred by the Authority or the PPA Project Entity during any Power Supply Year that are allocable to the acquisition, processing, design, fabrication, transportation, delivering, reprocessing, storage and disposal of Fuel for the PPA Project Entity's Ownership Interest, including, without limitation, hedging

transactions entered into in connection therewith, the initial nuclear fuel cores, and further including prepayments of such costs or transfers to reserves established for such costs related to future Power Supply Years, less appropriate credits related to such costs, and including, without limitation, those portions of administrative and general expenses incurred by the Authority and the PPA Project Entity that are properly and reasonably allocable to acquisition and management of Fuel for the PPA Project Entity's Ownership Interest, and, to the extent that any such costs have been paid for through proceeds of PPA Bonds or Advances or replenishments from billings, the amount of such costs that are amortized during the Power Supply Year.

"Initial Term" shall mean the time period that commences upon the Commercial Operation Date of the first of the Additional Units and continues until the twentieth anniversary of the Commercial Operation Date of the second of the Additional Units.

"Nominally Rated" means the net electrical unit output, as measured on the high voltage side of the main step-up transformer, guaranteed by the contractor under the Engineering, Procurement and Construction Agreement.

"Non-PPA Project Entity" shall mean MEAG Power SPVM LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the Non-PPA Project Portion of the Authority's Interest and that is a wholly-owned, direct subsidiary of the Authority.

"Non-PPA Project Portion" shall mean 33.870736 percent of the Authority's Interest, which portion shall include, without limitation, 169.458 MWs of the output of the Additional Units, based upon the nominal ratings of the Additional Units.

“Nuclear Managing Board Agreement” shall mean the Second Amended and Restated Nuclear Managing Board Agreement dated as of April 21, 2006, as heretofore amended and as it may, from time to time hereafter, be further amended or supplemented.

“Operating Agreement” shall mean the Plant Alvin W. Vogtle Nuclear Units Amended and Restated Operating Agreement dated April 21, 2006, as heretofore amended and as it may, from time to time hereafter, be further amended or supplemented.

“Original Contract” shall have the meaning set forth in the recitals hereto.

“Other Costs” shall mean, with respect to any period, all costs other than Fixed Costs, related to the Plant Vogtle Additional Units PPA Project attributed to such period, as defined by and provided in Section 306(b)(2) of this Contract.

“Ownership Agreement” shall mean the Plant Alvin W. Vogtle Additional Units Ownership Participation Agreement dated as of April 21, 2006, as heretofore amended and as it may, from time to time hereafter, be further amended or supplemented.

“Participant” shall mean any political subdivision of the State of Georgia which is authorized by Section 46-3-130 of the Act to make contracts for the payment of such rates, tolls, fees and charges as may be prescribed by the Authority for the use of services and facilities of the projects and which has entered into such contracts.

“Plant Vogtle Additional Units Non-PPA Project” or “Non-PPA Project” shall mean: (1) a percentage of the Authority’s Interest in an amount equal to the Non-PPA Project Portion thereof, and (2) working capital for the Non-PPA Project Portion required by the Authority during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Non-PPA Project Portion for operation of the Additional Units; provided, however, that in the event that the

amendment and restatement of the Plant Vogtle Additional Units Non-PPA Project Bond Resolution provided for in the Second Amended and Restated Plant Vogtle Additional Units Non-PPA Project Bond Resolution to be adopted by the Authority shall become effective, then “Plant Vogtle Additional Units Non-PPA Project” or “Non-PPA Project” shall mean (i) all of the Authority’s right, title and interest (whether direct or indirect) in and to the output and services of such percentage of the Authority’s Interest, and (ii) working capital for the Non-PPA Project Portion required by the Authority or the Non-PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Non-PPA Project Portion for operation of the Additional Units. The Non-PPA Project is referred to sometimes as “Project M.”

“Plant Vogtle Additional Units PPA Obligation Share” or “Obligation Share” shall mean, with respect to an Additional Units PPA Participant, the percentage set forth in Attachment B hereto for such Additional Units PPA Participant representing both (i) such Additional Units PPA Participant’s percentage share of the output and services of the PPA Project Entity’s Ownership Interest which it is entitled to receive in accordance with Sections 302 and 303 of its Contract, and (ii) the percentage of the Plant Vogtle Additional Units PPA Project Annual Costs that the Additional Units PPA Participant is obligated to pay in accordance with Sections 302 and 303 of its Contract.

“Plant Vogtle Additional Units PPA Project” or “PPA Project” shall mean: (1) all of the Authority’s right, title and interest (whether direct or indirect) in and to the output and services of the PPA Project Entity’s Ownership Interest, such right, title and interest of the Authority being available to the Authority pursuant to the PPA Project Entity

Power Purchase Agreement, and (2) working capital for the PPA Project Portion required by the Authority or the PPA Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the PPA Project Portion for operation of the Additional Units. The PPA Project is referred to sometimes as “Project J.”

“Plant Vogtle Additional Units PPA Project Annual Budget” shall mean, with respect to a Power Supply Year, the budget or amended budget adopted by the Authority pursuant to Section 201 hereof, which budget shall contain itemized estimates of the Plant Vogtle Additional Units PPA Project Annual Costs and all revenues, income or other funds to be applied to such Plant Vogtle Additional Units PPA Project Annual Costs and shall separately show the Debt Service costs relating to the Plant Vogtle Additional Units PPA Project and shall include separately such itemized estimates for Fixed Costs and for Other Costs.

“Plant Vogtle Additional Units PPA Project Annual Costs” shall mean, with respect to a Power Supply Year, to the extent not paid as a part of the Costs of Acquisition and Construction, all costs and expenses of the Authority or the PPA Project Entity paid or payable by the Authority or the PPA Project Entity during such Power Supply Year allocable to the Plant Vogtle Additional Units PPA Project, which costs and expenses shall include, without limitation, those items of cost and expense referred to in Section 306(b) hereof as the Plant Vogtle Additional Units PPA Project Annual Fixed Costs and Plant Vogtle Additional Units PPA Project Other Annual Costs.

“Plant Vogtle Additional Units PPA Project Billing Statement” or “Billing Statement” shall mean the written statement prepared or caused to be prepared monthly

by the Authority that shall be based upon the Plant Vogtle Additional Units PPA Project Annual Budget or upon the amended Plant Vogtle Additional Units PPA Project Annual Budget, which shall show the monthly amount to be paid to the Authority by the Additional Units PPA Participant under this Contract.

“Plant Vogtle Additional Units PPA-2 Project” or “PPA-2 Project” shall mean: (1) a percentage of the Authority’s Interest in an amount equal to the PPA-2 Project Portion thereof, and (2) working capital for the PPA-2 Project Portion required by the Authority during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the PPA-2 Project Portion for operation of the Additional Units; provided, however, that in the event that the amendment and restatement of the Plant Vogtle Additional Units PPA-2 Project Bond Resolution provided for in the Second Amended and Restated Plant Vogtle Additional Units PPA-2 Project Bond Resolution to be adopted by the Authority shall become effective, then “Plant Vogtle Additional Units PPA-2 Project” or “PPA-2 Project” shall mean (i) all of the Authority’s right, title and interest (whether direct or indirect) in and to the output and services of such percentage of the Authority’s Interest, and (ii) working capital for the PPA-2 Project Portion required by the Authority or the PPA-2 Project Entity during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the PPA-2 Project Portion for operation of the Additional Units. The PPA-2 Project is referred to sometimes as “Project P.”

“Power Supply Year” shall mean the calendar year, except that the first Power Supply Year shall begin on the earliest of (i) the date an Additional Unit is first declared to be in Commercial Operation, (ii) the date to which all interest has been capitalized on

PPA Bonds and the DOE Guaranteed Loan, (iii) the date which is twelve (12) months prior to the date on which the first annual principal installment on any of the PPA Bonds is due, (iv) the date which is three (3) months prior to the date on which the first principal installment on the DOE Guaranteed Loan is due, or (v) the date on which any Plant Vogtle Additional Units PPA Project Annual Costs become payable.

“PPA” shall have the meaning given to such term in the recitals hereto.

“PPA Bond Resolution” shall mean the Plant Vogtle Additional Units PPA Project Bond Resolution adopted by the Authority and accepted by the Trustee thereunder for the benefit of the owners of the PPA Bonds that provides for the issuance of such PPA Bonds, as the same is proposed to be amended and restated by the Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution to be adopted by the Authority (the “Second Amended and Restated PPA Project Bond Resolution”), as it may be supplemented or amended from time to time, a copy of which Second Amended and Restated PPA Bond Resolution in substantially the form which will be presented to the Authority’s Board for its approval has been provided to the Additional Units PPA Participant. The PPA Bond Resolution shall not modify or alter the rights or obligations of the Additional Units PPA Participant under this Contract unless consented to by the Additional Units PPA Participant.

“PPA Bonds” shall mean the bonds, notes or other evidences of indebtedness issued by the Authority pursuant to or as permitted by the provisions of the PPA Bond Resolution to finance or refinance the Costs of Acquisition and Construction and Financing Costs of the Plant Vogtle Additional Units PPA Project, whether or not any issue of such PPA Bonds, notes or other evidences of indebtedness shall be subordinated

as to payment to any other issue of such PPA Bonds, and shall include refunding PPA Bonds issued pursuant to the provisions of Section 402 hereof.

“PPA Project Entity” shall mean MEAG Power SPVJ LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the PPA Project Entity’s Ownership Interest in the Additional Units and that is a wholly-owned, direct subsidiary of the Authority.

“PPA Project Entity Power Purchase Agreement” means the Wholesale Power Sales Agreement, to be entered into between the PPA Project Entity, as seller, and the Authority, as buyer.

“PPA Project Entity’s Ownership Interest” shall mean a percentage of the Authority’s Interest in the Additional Units in an amount equal to the PPA Project Portion, which, upon the Effective Date, will be transferred to the PPA Project Entity and which includes, without limitation, 9.3466423 percent of the output of the Additional Units.

“PPA Project Portion” shall mean 41.174636 percent of the Authority’s Interest, which portion shall include, without limitation, 206.000 MWs of the output of the Additional Units, based upon the nominal ratings of the Additional Units.

“PPA Term” shall have the meaning assigned to it in the recitals hereto.

“PPA-2 Project Entity” shall mean MEAG Power SPVP LLC, a limited liability company organized under the laws of the State of Georgia formed by the Authority for the sole purpose of owning and operating the PPA-2 Project Portion of the Additional Units and that is a wholly-owned, direct subsidiary of the Authority.

“PPA-2 Project Portion” shall mean 24.954628 percent of the Authority’s Interest, which portion shall include, without limitation, 124.850 MWs of the output of the Additional Units, based upon the nominal ratings of the Additional Units.

“Project Agreements” shall collectively mean the Development Agreement, the Nuclear Managing Board Agreement, the Operating Agreement, and the Ownership Agreement.

“Prudent Utility Practice” at a particular time shall mean any of the practices, methods and acts engaged in or approved by a significant portion of the electric utility industry prior to such time, or any of the practices, methods and acts that, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at the lowest reasonable cost consistent with good business practices, reliability, safety and expedition. Prudent Utility Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to be a spectrum of possible practices, methods or acts having due regard for manufacturers’ warranties and the requirements of governmental agencies of competent jurisdiction. In evaluating whether any act or proposal conforms to Prudent Utility Practice, the parties shall take into account the objective to achieve optimum utilization of the Authority’s resources.

“Qualified Hedging Contract” has the meaning set forth in the PPA Bond Resolution.

“Reimbursement Obligation” has the meaning set forth in the PPA Bond Resolution.

“Trustee” has the meaning set forth in the PPA Bond Resolution.

“Uncontrollable Forces” means any cause beyond the control of the Authority or the PPA Project Entity, as applicable, which by the exercise of due diligence the Authority or the PPA Project Entity, as applicable, is unable to prevent or overcome, including but not limited to, failure or refusal of any other person or entity to comply with then existing contracts with the Authority or the PPA Project Entity, as applicable, or with an Additional Units PPA Participant, an act of God, fire, flood, explosion, strike, sabotage, pestilence, an act of the public enemy, civil or military authority including court orders, injunctions, and orders of governmental agencies with proper jurisdiction, insurrection or riot, an act of the elements, failure of equipment, or inability of the Authority or the PPA Project Entity, as applicable, or any contractors engaged in work on the Plant Vogtle Additional Units PPA Project to obtain or ship materials or equipment because of the effect of similar causes on suppliers or carriers, or inability of the Authority to sell or issue its PPA Bonds or notes or of the PPA Project Entity to receive Advances.

“Uniform System of Accounts” means the Uniform System of Accounts prescribed for Public Utilities and Licensees subject to the provisions of the Federal Power Act.

Capitalized terms not specifically defined herein or in a referenced document shall have their normal meanings in the context in which they are used.

SECTION 104. DOE GUARANTEED LOAN AND ADVANCES.

The Authority and the Additional Units PPA Participant acknowledge and agree that, for all purposes of this Contract, any reference to:

- (a) the use of proceeds of the DOE Guaranteed Loan or an Advance means the use of such proceeds to the extent permitted under, and in compliance

with, the DOE Loan Documents, including, without limitation, the limitations on use of the proceeds of such Advance for Eligible Project Costs (as defined in the DOE Loan Guarantee Agreement) and the requirement that such Advance be requested during the Availability Period (as defined in the DOE Loan Guarantee Agreement); and

(b) Advances made means Advances made during the Availability Period for Eligible Project Costs.

**ARTICLE II
CERTAIN OBLIGATIONS OF THE AUTHORITY AND THE
ADDITIONAL UNITS PPA PARTICIPANT**

SECTION 201. THE PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT ANNUAL BUDGET.

The Authority shall prepare and submit to the Additional Units PPA Participant a Plant Vogtle Additional Units PPA Project Annual Budget at least ninety (90) days prior to the beginning of each Power Supply Year. Such budget shall show separately (i) the Plant Vogtle Additional Units PPA Project Annual Fixed Costs, and (ii) the Plant Vogtle Additional Units PPA Project Other Annual Costs. The Additional Units PPA Participant may then submit to the Authority, at any time until such budget is adopted, any matters or suggestions relating to such Plant Vogtle Additional Units PPA Project Annual Budget that the Additional Units PPA Participant may care to present and the Authority shall give due consideration to said matters or suggestions. The Authority shall then proceed with the consideration and adoption of such Plant Vogtle Additional Units PPA Project Annual Budget not less than thirty (30) nor more than forty-five (45) days prior to the beginning of such Power Supply Year, and shall cause copies of such adopted Plant

Vogle Additional Units PPA Project Annual Budget to be delivered to the Additional Units PPA Participant; provided, however, that the Plant Vogle Additional Units PPA Project Annual Budget for the first Power Supply Year shall be prepared, considered, adopted and delivered in the most practicable manner available in the discretion of the Authority. As required from time to time during any Power Supply Year after thirty (30) days' notice to the Additional Units PPA Participant, the Authority may adopt an amended Plant Vogle Additional Units PPA Project Annual Budget for and applicable to such Power Supply Year for the remainder of such Power Supply Year.

SECTION 202. REPORTS.

The Authority will prepare and issue to the Additional Units PPA Participant the following reports during each Power Supply Year:

(1) Financial and operating statement relating to the Plant Vogle Additional Units PPA Project on a quarterly basis;

(2) Status of the Plant Vogle Additional Units PPA Project Annual Budget on a monthly basis commencing as of the date that the Authority first submits a Plant Vogle Additional Units PPA Project Billing Statement to the Additional Units PPA Participant pursuant to Section 307 hereof;

(3) Status of the construction budget of the Plant Vogle Additional Units PPA Project during construction on the same basis that such reports are received by the Authority or the PPA Project Entity; and

(4) Analysis of operations relating to the Plant Vogtle Additional Units PPA Project on a monthly basis commencing as of the date that the Authority first submits a Plant Vogtle Additional Units PPA Project Billing Statement to the Additional Units PPA Participant pursuant to Section 307 hereof on the same basis that such reports are received by the Authority or the PPA Project Entity.

SECTION 203. RECORDS AND ACCOUNTS.

The Authority will keep, and will cause the PPA Project Entity to keep, accurate records and accounts of the facilities comprising the PPA Project Entity's Ownership Interest and of the operations of the PPA Project Entity's Ownership Interest in accordance with the Uniform System of Accounts. Said accounts shall be subject to the Authority's annual audit by a firm of independent certified public accountants experienced in electric utility accounting and of national reputation to be submitted to the Authority within one hundred and fifty (150) days after the close of each Power Supply Year. All transactions of the Authority and the PPA Project Entity relating to the Plant Vogtle Additional Units PPA Project with respect to each Power Supply Year shall be subject to such an audit. A copy of the Authority's annual audit shall be provided to each Additional Units PPA Participant.

SECTION 204. ADJUSTMENT OF BILLING.

(a) At the end of each Power Supply Year, the Authority shall determine if the aggregate amount paid by the Additional Units PPA Participant under this Contract to provide recovery of all the Authority's Plant Vogtle Additional Units PPA Project Annual Fixed Costs and Plant Vogtle Additional Units PPA Project Other Annual Costs

during such Power Supply Year was in the proper amount. Upon making such determination, any amount found to have been paid by the Additional Units PPA Participant in excess of the amount that should have been paid by the Additional Units PPA Participant shall, at the election of the Authority, either be paid to the Additional Units PPA Participant, or credited on the Plant Vogtle Additional Units PPA Project Billing Statements to the Additional Units PPA Participant for the remaining month or months of the Power Supply Year next succeeding the Power Supply Year for which such adjustment was determined to have been necessary. The Additional Units PPA Participant must be fully compensated for any over recovery by the end of such next succeeding Power Supply Year either as the result of credits, payments or a combination thereof. The amount of any deficiencies shall be added to the Plant Vogtle Additional Units PPA Project Billing Statements in equal installments over the remaining month or months of the Power Supply Year next succeeding the Power Supply Year for which such adjustment was determined to be necessary. In the event that the failure of an Additional Units PPA Participant to pay any amounts due under its Contract shall have resulted in the application of amounts in any reserve or working fund to the payment of costs payable from such reserve or working fund and the other Additional Units PPA Participants shall have made up the deficiency created by such application or paid additional amounts into such reserve or working fund, amounts, including interest, thereafter paid to the Authority by such non-paying Additional Units PPA Participant for application to such past due payments shall be credited on the Plant Vogtle Additional Units PPA Project Billing Statements of such other Additional Units PPA Participants in the next month or months as shall be appropriate.

(b) At its election, the Authority may establish a policy for making monthly, quarterly or semi-annual retroactive adjustments to the Additional Units PPA Participant's billings to account for variances between the billed amounts and the actual costs incurred during the respective period in order to avoid large cumulative adjustments at the end of the Power Supply Year under subsection (a) above. Such intra-year adjustments are not to be used to avoid a budget amendment when there are material changes affecting the remaining months of the Power Supply Year.

(c) Upon expiration of the PPA, the Authority shall have the discretion, subject to the concurrence of a sufficient number of Additional Units PPA Participants whose total Obligation Shares in the PPA Project exceed $66 \frac{2}{3}$ percent, to apply any excess amount (as described in subpart (a) hereof), or portion thereof, for the purpose (i) of purchasing, redeeming or defeasing PPA Bonds in advance of maturity or (ii) of retiring by prepayment Advances, in each such case, in such manner as the Authority may determine, and in such event the Authority will reduce such elements of the Plant Vogtle Additional Units PPA Project Annual Costs as are necessary and appropriate to reflect such accelerated retirement or prepayment or redemption.

SECTION 205. DISPUTED MONTHLY PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT BILLING STATEMENT.

In case any portion of any monthly Plant Vogtle Additional Units PPA Project Billing Statement received by the Additional Units PPA Participant from the Authority shall be in bona fide dispute, the Additional Units PPA Participant shall pay the Authority the full amount of such Billing Statement. Upon determination of the correct amount, the difference between such correct amount and such full amount, if any, will be

credited to the Additional Units PPA Participant by the Authority after such determination. In the event such Billing Statement is in dispute, the Authority shall exercise due diligence in considering such dispute and will advise the Additional Units PPA Participant with regard to the Authority's position relative thereto within thirty (30) days following written notification by the Additional Units PPA Participant of such dispute.

SECTION 206. RESALE COVENANT.

So long as the Authority has tax exempt PPA Bonds or Build America Bonds outstanding, the Additional Units PPA Participant agrees that it shall not, without the express written consent of the Authority, enter into any contract pursuant to which a non-exempt person agrees to purchase power produced by the Plant Vogtle Additional Units PPA Project in a manner that results in private business use within the meaning of the Internal Revenue Code of 1986, as amended, modified or re-enacted (or any successor thereto) (the "Code"). For purposes of the preceding sentence, "non-exempt person" shall mean any entity that is not a state, territory or possession of the United States, the District of Columbia or any political subdivision thereof.

SECTION 207. TAX COVENANT.

The Additional Units PPA Participant hereby covenants that it shall take no action, nor shall it consent to or approve the taking of any action, that would in the opinion of the Authority adversely affect (a) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any series the interest on which is intended to be so excluded or (b) the eligibility of the Authority to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds. In furtherance thereof, the Additional Units PPA Participant

shall provide information reasonably requested by the Authority regarding compliance with the Code, including providing an appropriate certification that it has complied fully with the provisions of this tax covenant.

**ARTICLE III
ELECTRIC POWER AND ENERGY FROM THE
PPA PROJECT ENTITY'S OWNERSHIP INTEREST**

SECTION 301. OWNERSHIP AND OPERATION OF THE PPA PROJECT ENTITY'S OWNERSHIP INTEREST.

The PPA Project Entity will acquire and own, and the Authority will issue PPA Bonds in series from time to time under or in accordance with the PPA Bond Resolution or cause the PPA Project Entity to receive Advances to finance, the PPA Project Entity's Ownership Interest, and the Authority shall cause the PPA Project Entity to operate, maintain, and manage the facilities of the PPA Project Entity's Ownership Interest in accordance with Prudent Utility Practice. The Authority may also, at its sole discretion, enter into Qualified Hedging Contracts relating to such PPA Bonds and Advances or other appropriate transactions.

Except as provided in the following sentence, this Contract and the other Contracts, on the one hand, and the PPA Project Entity Power Purchase Agreement, on the other hand, are intended to be "back-to-back" power purchase agreements during the term of this Contract and such other Contracts such that all of the output and services of the Plant Vogtle Additional Units PPA Project shall be purchased by the Authority from the PPA Project Entity pursuant to the PPA Project Entity Power Purchase Agreement and resold to the Buyer, the Additional Units PPA Participant and the other Additional Units PPA Participants pursuant to the terms and conditions of the PPA and the

Contracts. Notwithstanding the foregoing, it is the current intention of the Authority that, following the repayment in full of the DOE Guaranteed Loan, including the payment of all interest, fees, charges, expenses and all other amounts from time to time due under or in connection therewith, and the satisfaction by the PPA Project Entity of all of its obligations under the DOE Loan Guarantee Agreement and all other DOE Loan Documents and the termination of all lending commitments thereunder, the Authority will, subject to the occurrence of each of the conditions set forth in subsection 3 of Section 1101 of the PPA Bond Resolution, reacquire from the PPA Project Entity the PPA Project Entity's Ownership Interest. In that event, upon written notice from DOE to the Authority confirming the repayment in full of the DOE Guaranteed Loan as aforesaid and the satisfaction by the PPA Project Entity of all of its obligations under the DOE Loan Guarantee Agreement and all other DOE Loan Documents and the termination of all lending commitments thereunder, (a) the terms and provisions of this Contract relating to the DOE Guaranteed Loan shall, without further act, cease to be of any force or effect, (b) the PPA Project Entity Power Purchase Agreement shall be terminated and (c) the Authority and the Additional Units PPA Participant agree to amend this Contract in such manner as shall be determined by the Authority to be necessary or desirable in order to reflect the foregoing transactions, including, without limitation, an amendment to the definition of "Plant Vogtle Additional Units PPA Project" set forth in Section 103 hereof in order to reflect the transfer to the Authority of the PPA Project Entity's Ownership Interest and the termination of the PPA Project Entity Power Purchase Agreement.

The Additional Units PPA Participant shall be entitled to and shall take its Plant Vogtle Additional Units PPA Obligation Share of the output and services of the PPA

Project Entity's Ownership Interest in accordance with Sections 302 and 303 hereof. The Authority will cause to be delivered to the Additional Units PPA Participant in accordance with Sections 302 and 303 hereof such of its Obligation Share of the output and services of the PPA Project Entity's Ownership Interest as the Additional Units PPA Participant requires in order to serve the requirements of its electric distribution system during periods when such facilities are operating, unless the Authority determines in accordance with this Section 301 that it is more economical to supply such amounts from other sources.

The Authority covenants and agrees that it will operate, maintain and manage the PPA Project or cause the same to be operated, maintained and managed to attempt to achieve the best operating economics therefor in accordance with Prudent Utility Practice, and may sell such of the output to others as it determines, based upon such economic determination and consistent with Prudent Utility Practice and the terms of the PPA.

In addition, during any period of this Contract that the Additional Units PPA Participant is entitled to the output and services of the PPA Project Entity's Ownership Interest, the Authority may utilize its rights to such output and services to enter into transactions with others in accordance with Prudent Utility Practice, when such transactions are reasonably expected to result in economic benefits to the Additional Units PPA Participants, including, but not limited to, (i) capacity sales and swaps, (ii) energy sales and swaps, and (iii) financial swaps, hedges and risk management contracts and (iv) reliability exchanges with other utilities.

The Additional Units PPA Participant shall receive a credit from the Authority of its Obligation Share of the proceeds of all such transactions as provided in Section 308(c) hereof.

SECTION 302. ADDITIONAL UNITS PPA PARTICIPANT'S PAYMENT OBLIGATIONS AND ENTITLEMENT DURING THE INITIAL TERM.

(a) The Buyer, and not the Additional Units PPA Participants (except as expressly provided below), is obligated to pay Debt Service during the Initial Term as specified in the PPA, and a copy of the PPA has been provided to the Additional Units PPA Participant in substantially the form which will be provided to the Authority's Board for its approval. As reflected in the terms of the PPA, there are circumstances under which Buyer's obligation to pay Debt Service terminates prior to the completion of the Initial Term, including the following: (1) in the event of a delay of the Commercial Operation Date of either or both of the Additional Units which was anticipated (x) in the case of the DOE Guaranteed Loan, as of the date of the DOE Loan Guarantee Agreement and (y) in the case of any Series of PPA Bonds, as of the date of issuance of such PPA Bonds that causes the Authority to commence billing the principal and/or interest components of Debt Service on the DOE Guaranteed Loan or the PPA Bonds of such series relating to the delayed unit or units prior to the Commercial Operation Date of such unit or units; and (2) during the time period commencing as of the twentieth anniversary of the Commercial Operation Date of the first unit and continuing until the end of the Initial Term, Buyer is not responsible for paying Debt Service on the PPA Bonds and the DOE Guaranteed Loan pertaining to the first of the Additional Units. The Additional Units PPA Participant shall be obligated to pay Debt Service during the Initial Term

under these circumstances and any other circumstances which may arise where the Buyer is no longer obligated to pay Debt Service under the terms of the PPA.

(b) The Additional Units PPA Participant shall be obligated to pay its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs, other than Debt Service (subject to the exception set forth in subpart (a) hereof), during the entirety of the Initial Term. However, such liability shall be discharged to the extent that the Authority receives payment from the Buyer pursuant to the PPA, which obligates Buyer to pay the entirety of such costs for the following periods: as to the first Additional Unit, for twenty years following the Commercial Operation Date of such unit; and, as to the second Additional Unit, for twenty years following the Commercial Operation Date of such unit.

(c) Except as provided herein, the Additional Units PPA Participant is not entitled to receive its Obligation Share of the output and services of the PPA Project Entity's Ownership Interest during the Initial Term. Provided, however, that the Additional Units PPA Participant shall be entitled to receive its Obligation Share of the output and services, which include capacity and energy, of that portion of the first of the Additional Units included in the PPA Project during the period commencing on the twentieth anniversary of the Commercial Operation Date of such unit and continuing throughout the remainder of the Initial Term, subject to Section 502 hereof.

(d) Notwithstanding any other provision of this Contract, the Additional Units PPA Participant shall be obligated to pay its Obligation Share of any Costs of Acquisition and Construction and any Plant Vogtle Additional Units PPA Project Annual Costs that

become due and owing prior to or during the Initial Term to the extent that such costs are not required to be paid for by the Buyer in accordance with the terms of the PPA.

SECTION 303. ADDITIONAL UNITS PPA PARTICIPANT'S PAYMENT OBLIGATION AND ENTITLEMENT DURING THE FINAL TERM.

(a) The Additional Units PPA Participant is entitled to receive its Obligation Share of the output and services of the PPA Project Entity's Ownership Interest during the entirety of the Final Term.

(b) The Additional Units PPA Participant shall be liable for paying its Obligation Share of the Plant Vogtle Additional Units PPA Project Annual Costs during the entirety of the Final Term.

SECTION 304. INTERCONNECTION ARRANGEMENTS.

(a) Capacity and energy supplied to the Additional Units PPA Participant under this Contract shall constitute a supplemental resource for the Additional Units PPA Participant's electric distribution system, and the Authority waives any further notice from the Additional Units PPA Participant with respect to the acquisition of this supplemental resource.

(b) The Authority will purchase or provide generating capacity reserve service (if required), transmission service, maintenance service, emergency service, and other interchange service or ancillary service associated with the PPA Project Entity's Ownership Interest as may be necessary for the reliable and economical supply of the output and services of the PPA Project Entity's Ownership Interest. The Authority may also contract for such operating reserves as it determines to be needed. The parties agree

that no participant interchange agreement shall be required with respect to this resource since this resource shall be scheduled by the Authority.

SECTION 305. INSURANCE.

The Authority shall maintain or cause to be maintained by the PPA Project Entity or otherwise, as Costs of Acquisition and Construction or as Plant Vogtle Additional Units PPA Project Annual Costs, such insurance with respect to the PPA Project Entity's Ownership Interest as shall be available and as is usually carried by utilities constructing and operating nuclear generating facilities and such other insurance as is usually carried by electric utilities in conformity with Prudent Utility Practice. Any payments under such insurance with respect to the Plant Vogtle Additional Units PPA Project (a) to the extent received by the Authority, shall be subject to the lien of the PPA Bond Resolution to the extent provided therein and (b) to the extent received by the PPA Project Entity, shall be subject to the security interest and lien of the DOE Secured Parties described in Section 605 hereof and, in either such case, may be applied to rebuild or replace the applicable Additional Unit or to prepay the DOE Guaranteed Loan in accordance with the DOE Loan Documents prior to any distribution thereof by the PPA Project Entity to the Authority.

SECTION 306. COSTS OF THE PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT.

(a) The Authority will determine all of the costs, exclusive of costs paid from the proceeds of PPA Bonds or Advances, attributable to the Plant Vogtle Additional Units PPA Project commencing with the first Power Supply Year, or such earlier time as the Authority shall determine, and such costs shall in the aggregate be equal to the Plant Vogtle Additional Units PPA Project Annual Costs. The Authority is expressly

authorized to bill some or all of the Debt Service costs which are payable during construction and prior to the Commercial Operation Date of any facility.

(b) The Plant Vogtle Additional Units PPA Project Annual Costs for the generating and related facilities of the PPA Project Entity's Ownership Interest shall include the following items of cost and expense:

(1) "Plant Vogtle Additional Units PPA Project Annual Fixed Costs", which means all fixed costs allocable to the Plant Vogtle Additional Units PPA Project incurred by the Authority or the PPA Project Entity, including, but not limited to:

(A) Amounts that the Authority or the PPA Project Entity is required to pay for taxes or payments in lieu thereof attributable to the PPA Project Entity's Ownership Interest and/or the Plant Vogtle Additional Units PPA Project;

(B) Amounts required for renewals and replacements attributable to the PPA Project Entity's Ownership Interest, or payment or deposit of such amounts into any reserve fund or account established for the Plant Vogtle Additional Units PPA Project;

(C) Amounts to be set aside by the Authority or the PPA Project Entity for the retirement from service or disposal of the facilities of the PPA Project Entity's Ownership Interest;

(D) Amounts, if any, that must be paid by the Authority or the PPA Project Entity for the purchase of generating capacity reserves for the PPA Project Entity's Ownership Interest;

(E) Amounts that the Authority or the PPA Project Entity is required under the PPA Bond Resolution or the DOE Loan Documents to pay or deposit into any fund or account established by the PPA Bond Resolution or the DOE Loan Documents for the payment of Debt Service on the PPA Bonds or the DOE Guaranteed Loan, as applicable, and any reserve requirements for the PPA Bonds or the DOE Guaranteed Loan, as applicable;

(F) Amounts (not otherwise included under any item of this Section 306(b)) for the Plant Vogtle Additional Units PPA Project that the Authority or the PPA Project Entity is required under the PPA Bond Resolution or the DOE Loan Documents, as applicable, to pay or deposit during any Power Supply Year into any other fund or account established by the PPA Bond Resolution or the DOE Loan Documents, as applicable, or payment or deposit of such amounts into any such fund or account established outside the PPA Bond Resolution or the DOE Loan Documents, as applicable;

(G) Amounts for payment or deposit into any fund or account outside the pledge of the PPA Bond Resolution or the DOE Loan Documents attributable to costs or reserves of the Plant Vogtle Additional Units PPA Project, including such amounts established by the Authority in the Plant Vogtle Additional Units PPA Project Annual Budget to provide reasonable reserves for the payment of the PPA Project Entity's share of costs required pursuant to either the Ownership Agreement or the Operating Agreement;

(H) Amounts for payment of Additional Costs (as that term is described and defined in Section 2.2 of the Development Agreement) attributable to the PPA Project Entity's Ownership Interest incurred during any Power Supply Year;

(I) Amounts for payment of any obligation that the Authority incurs under the PPA, including monetary judgments obtained by the Buyer against the Authority; and

(J) Without duplication, all fixed costs required to be paid by the PPA Project Entity (whether to DOE, as operating expenses or otherwise) in the DOE Loan Documents other than such costs and expenses set forth in Section 306(b)(2) hereof.

(2) "Plant Vogtle Additional Units PPA Project Other Annual Costs", which means all Plant Vogtle Additional Units PPA Project Annual Costs other than the Plant Vogtle Additional Units PPA Project Annual Fixed Costs allocable to the Plant Vogtle Additional Units PPA Project incurred by the Authority or the PPA Project Entity, including, but not limited to:

(A) All costs of producing and delivering electric power and energy from the PPA Project Entity's Ownership Interest to the Additional Units PPA Participants including, but not limited to, (i) Fuel Costs and other ordinary operation and maintenance costs and provisions for reserves therefor, administrative and general costs, insurance and overhead costs and any charges payable by the Authority or the PPA Project Entity in connection with the output and services of the PPA Project Entity's Ownership Interest, (ii) net costs of scheduled, emergency, economy or other interchange service as described in Section 304(b) hereof and incurred by the Authority or the PPA

Project Entity in connection with the Plant Vogtle Additional Units PPA Project, (iii) working capital reasonably required for operation of the Plant Vogtle Additional Units PPA Project, and (iv) a share, determined by the Authority to be allocable to the Plant Vogtle Additional Units PPA Project, of all operation and maintenance costs related to the operation and conducting of the business of the Authority, including costs incurred in connection with reliability exchanges, salaries, fees for legal, engineering, and other services and all other expenses properly related to the conduct of the affairs of the Authority;

(B) Amounts required to pay the costs of or to provide reserves for (i) extraordinary operating and maintenance costs attributable to the Plant Vogtle Additional Units PPA Project including the costs of scheduled, emergency or other interchange service and the prevention or correction of any unusual loss or damage to keep the facilities of the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, (ii) any major renewals, replacements, repairs, additions, betterments and improvements to the Additional Units necessary, in the opinion of the Authority or the PPA Project Entity, to keep the facilities of the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, and (iii) any major additions, improvements, repairs or modifications to any such facility, or any retirements or disposals of any such facility, required by any governmental agency having jurisdiction over the Additional Units or for which the PPA Project Entity shall be responsible by virtue of any obligation of the PPA Project Entity arising out of any contract to which the PPA Project Entity may be a party relating to ownership of the Additional Units or any facility thereof to the extent that the

Authority or the PPA Project Entity is not reimbursed therefor from the proceeds of insurance or funds for such payments are not available to the Authority or the PPA Project Entity therefor from any funds or accounts established by the Authority or by or on behalf of the PPA Project Entity, or funds for such payment are not provided or to be provided by the issuance of PPA Bonds pursuant to Article IV of this Contract; and

(C) Without duplication, all amounts required to be paid by the PPA Project Entity (whether to DOE, as operating expenses or otherwise) in the DOE Loan Documents other than fixed costs as set forth in Section 306(b)(1).

SECTION 307. BILLING STATEMENT; PAYMENT OBLIGATIONS.

(a) The Authority shall bill the Additional Units PPA Participant, consistent with Sections 302 and 303 hereof, each month during each Power Supply Year, in advance, by providing the Additional Units PPA Participant with a Plant Vogtle Additional Units PPA Project Billing Statement for such month for the Additional Units PPA Participant's Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs as set forth in Section 306 hereof. Such statement shall be paid by the Additional Units PPA Participant on or before the 10th day from the date of such bill. Amounts due and not paid by the Additional Units PPA Participant on or before said day shall bear an additional charge of one and one-half percent (1 ½%) per month for each month, or fraction thereof, until the amount due is paid in full. At the end of each Power Supply Year, adjustments of billing shall be made in accordance with Section 204 hereof.

(b) The Additional Units PPA Participant shall pay its Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs, consistent with Sections 302

and 303 hereof, whether or not the PPA Project Entity's Ownership Interest is completed or is operating or operable, and whether or not its output is suspended, interrupted, interfered with, reduced or curtailed or terminated in whole or in part, and such payments shall not be subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or non-performance by any party of any agreement for any cause whatsoever. The Authority shall be obligated to pursue with reasonable diligence any valid claims against contracting parties as a result of any of the circumstances referenced in this subparagraph.

(c) The Additional Units PPA Participant will establish, maintain and collect rates and charges for the electric service of its electric distribution system so as to provide revenues sufficient, together with available electric distribution system reserves, to enable the Additional Units PPA Participant to pay to the Authority all amounts payable under this Contract, to pay all other amounts payable from and all lawful charges against or liens on the revenues of its electric distribution system, and to operate and maintain its electric distribution system in a sound, businesslike manner.

(d) The obligations of the Additional Units PPA Participant to make the payments to the Authority under this Contract shall constitute general obligations of the Additional Units PPA Participant for the payment of which the full faith and credit of the Additional Units PPA Participant shall be and the same hereby is pledged to provide the funds required to fulfill all obligations arising under this Contract. Unless such payments or provisions for such payments shall have been made from the revenues of the electric system of the Additional Units PPA Participant or from other funds thereof, the Additional Units PPA Participant will annually in each and every fiscal year during the

term of this Contract include in its general revenue or appropriation measure, whether or not any other items are included, sums sufficient to satisfy the payments required to be made in each year by this Contract until all payments required under this Contract have been paid in full. In the event for any reason any such provision or appropriation is not made for a fiscal year of the Additional Units PPA Participant, then the chief fiscal officer of the Additional Units PPA Participant shall, in accordance with the provisions of the Act in effect as of the Execution Date, set up as an appropriation on the accounts of the Additional Units PPA Participant in each fiscal year the amounts required to pay the obligations called for under this Contract. The amount of the appropriation in such fiscal year to meet the obligations of this Contract shall be due and payable and shall be expended for the purpose of paying and meeting the obligations provided under the terms and conditions of this Contract, and such appropriation shall have the same legal status as if the Additional Units PPA Participant had included the amount of the appropriation in its general revenue or appropriation measure.

(e) The Additional Units PPA Participant hereby agrees that amounts payable by the Additional Units PPA Participant under this Contract shall be paid by the Additional Units PPA Participant as a cost of purchased power and energy for the Additional Units PPA Participant's electric distribution system and otherwise as an expense of operation and maintenance thereof.

SECTION 308. RATES AND CHARGES.

(a) Fixed Costs. The Additional Units PPA Participant shall pay its Obligation Share of the Fixed Costs in accordance with Sections 302 and 303 hereof for each month of each Power Supply Year as set forth in the Plant Vogtle Additional Units

PPA Project Annual Budget or amended Plant Vogtle Additional Units PPA Annual Budget for the respective month and reflected in the monthly Plant Vogtle Additional Units PPA Project Billing Statement for the respective month.

(b) Other Costs. The Additional Units PPA Participant shall pay its Obligation Share of the Other Costs in accordance with Sections 302 and 303 hereof in advance for each month of each Power Supply Year as set forth in the Plant Vogtle Additional Units PPA Project Annual Budget or amended Plant Vogtle Additional Units PPA Project Annual Budget for the respective month and reflected in the monthly Plant Vogtle Additional Units PPA Project Billing Statement for the respective month. In each monthly Plant Vogtle Additional Units PPA Project Billing Statement the Authority may charge or credit the Additional Units PPA Participant for any adjustment to the prior month's Plant Vogtle Additional Units PPA Project Billing Statement required to reflect any other charge actually incurred during the respective prior month. The Other Costs may be expressed and billed as a charge per kWh of output from the Additional Units, in the discretion of the Authority.

(c) Credits to Additional Units PPA Participant's Billings. Amounts resulting from the sale or other transactions of output and services of the generating facilities of the Plant Vogtle Additional Units PPA Project during any period of this Contract that the Additional Units PPA Participant is entitled to receive its Obligation Share of output and services, except for transactions entered into pursuant to Section 310 hereof, shall be credited to the Additional Units PPA Participant's obligations to pay Plant Vogtle Additional Units PPA Project Annual Costs in the proportion of the Additional Units PPA Participant's respective Plant Vogtle Additional Units PPA Obligation Share of the

output and services of the PPA Project Entity's Ownership Interest. In the event that any such amounts remain uncredited as of the end of the next succeeding Power Supply Year, such uncredited amounts shall be paid to the Additional Units PPA Participant within thirty (30) days thereafter.

SECTION 309. PLEDGE OF PAYMENTS.

All payments required to be made by the Additional Units PPA Participant pursuant to this Contract attributable to the Plant Vogtle Additional Units PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs, and any or all rights to collection or enforcement of such payments, may be pledged to secure the payment of the Authority's PPA Bonds and the DOE Secured Obligations.

SECTION 310. SALE OF EXCESS ADDITIONAL UNITS PPA PARTICIPANT'S OBLIGATION SHARE.

(a) Consistent with Sections 302 and 303 hereof, in the event the Additional Units PPA Participant determines that all or any portion of its Obligation Share of the output and services of the PPA Project Entity's Ownership Interest to which it is entitled is in excess of its needs, the Additional Units PPA Participant may request the Authority to sell and transfer for any period of time such excess output and services on terms and conditions proposed by the selling Additional Units PPA Participant. Such excess shall first be offered to the non-selling Additional Units PPA Participants on terms that may require, at the option of the selling party, that the excess may be purchased in its entirety on such stated terms and conditions. In the event the non-selling Additional Units PPA Participants elect not to purchase the entire amount of such excess in accordance with the stated terms and conditions, the Authority may dispose of such excess by sale to other utilities on such stated terms and conditions.

(b) If all or any portion of such excess of the Additional Units PPA Participant's Obligation Share of output and services is sold pursuant to this Section, the Additional Units PPA Participant's Obligation Share shall not be reduced, and the Additional Units PPA Participant shall remain liable to the Authority to pay the full amount of its Billing Statement as if such sale had not been made; except that such liability shall be discharged to the extent that the Authority shall receive payment for such excess output and services from the purchaser or purchasers thereof.

SECTION 311. ALLOCATION OF PREMIUM PAYMENTS.

Any additional compensation payment ("Premium Payment"), that the Buyer is committed to make pursuant to Section 203 of the PPA shall be placed by the Authority in a reserve fund for the purpose of either reducing the Additional Units PPA Participant's Obligation Share of Other Costs following the expiration of the term of the PPA or satisfying any payment obligations of the Additional Units PPA Participant which it incurs pursuant to this Contract during the term of the PPA. Such funds shall be allocated among the Additional Units PPA Participants on a pro rata basis reflecting each Additional Units PPA Participant's Obligation Share and shall not be included in the pledge in favor of the bondholders to secure the payment of the Authority's PPA Bonds or the pledge in favor of the DOE Secured Parties to secure the payment of the DOE Secured Obligations.

**ARTICLE IV
BONDS AND DOE GUARANTEED LOAN**

SECTION 401. ISSUANCE OF PPA BONDS AND MAKING OF ADVANCES.

(a) The Authority may sell and issue PPA Bonds, and may cause the PPA Project Entity to draw upon the DOE Guaranteed Loan in accordance with the provisions

of the PPA Bond Resolution and the DOE Loan Documents, respectively, at any time and from time to time to finance Costs of Acquisition and Construction and Financing Costs, including without limitation, the issuance of PPA Bonds to pay the costs of (i) any major renewals, replacements, repairs, additions, betterments, or improvements to the PPA Project Entity's Ownership Interest necessary, in the opinion of the Authority or the PPA Project Entity, to keep the PPA Project Entity's Ownership Interest in good operating condition or to prevent a loss of revenues therefrom, including spent fuel storage facilities, (ii) any major additions, improvements, repairs, or modifications to the PPA Project Entity's Ownership Interest or any retirements or disposals or decommissioning of the PPA Project Entity's Ownership Interest required by any governmental agency having jurisdiction over the Plant Vogtle Additional Units PPA Project or for which the Authority or the PPA Project Entity shall be responsible by virtue of any obligation of the Authority or the PPA Project Entity arising out of any contract to which the Authority or the PPA Project Entity may be a party relating to ownership of the PPA Project Entity's Ownership Interest or any facility thereof, or (iii) additional Fuel inventory for each facility of the PPA Project Entity's Ownership Interest in any Power Supply Year to the extent that sufficient funds are not available in any reserves established by the Authority or the PPA Project Entity for Fuel Costs; provided, however, that no such PPA Bonds may be issued or Advances made for the purpose of adding additional generating units to the Plant Vogtle Additional Units PPA Project.

(b) Any PPA Bonds and the DOE Secured Obligations may be secured by assignment of all payments attributable to the Plant Vogtle Additional Units PPA Project or the Plant Vogtle Additional Units PPA Project Annual Costs to be made in accordance

with or pursuant to the provisions of this Contract and all other Contracts, as such payments may be increased and extended by reason of the issuance of such PPA Bonds or the making of additional Advances, and such PPA Bonds may be issued and such Advances may be made in amounts sufficient to pay the full amount of such costs and sufficient to provide such reserves as may be reasonably determined by the Authority or the PPA Project Entity to be desirable.

SECTION 402. ISSUANCE OF REFUNDING BONDS.

In the event it shall be advantageous, in the opinion of the Authority, to refund any PPA Bonds or prepay any portion of the principal of the DOE Guaranteed Loan, the Authority may issue and sell refunding PPA Bonds which may be secured by assignment of all payments attributable to the Plant Vogtle Additional Units PPA Project or the Plant Vogtle Additional Units PPA Project Annual Costs to be made in accordance with or pursuant to the provisions of this Contract and all other Contracts.

SECTION 403. ADJUSTMENT OF THE PLANT VOGTLE ADDITIONAL UNITS PPA PROJECT ANNUAL COSTS.

In the event the proceeds derived from the sale of any PPA Bonds (including by reimbursement from the PPA Project Entity to the Authority of proceeds of PPA Bonds previously issued and applied for Costs of Acquisition and Construction and Financing Costs) exceed the aggregate amount required for the purposes for which such PPA Bonds were issued, the amount of such excess attributable to the issuance of PPA Bonds shall be used to make up any deficiency then existing in any fund or account under the PPA Bond Resolution in the manner therein provided, and any balance shall be used (a) to retire by purchase, redemption or defeasance PPA Bonds in advance of maturity or (b) to retire by prepayment Advances in advance of maturity, in each such case, in such manner as the

Authority may determine. In any such case, the Authority agrees to use its best efforts to equitably apportion the Debt Service savings resulting from the prepayments of Advances and/or redemption of PPA Bonds both during the PPA Term and during the term of this Agreement. In all such events, the Authority will reduce such elements of the Plant Vogtle Additional Units PPA Project Annual Costs as are necessary and appropriate to reflect such accelerated retirement or prepayment or redemption.

ARTICLE V DEFAULT

SECTION 501. EVENT OF DEFAULT.

Failure of the Additional Units PPA Participant to make to the Authority any of the payments for which provision is made in this Contract shall constitute a default on the part of the Additional Units PPA Participant.

SECTION 502. CONTINUING OBLIGATION, RIGHT TO DISCONTINUE SERVICE.

In the event of any such default, the Additional Units PPA Participant shall not be relieved of its liability for payment of the amounts in default, and the Authority shall have the right and obligation to exercise its best efforts to recover from the Additional Units PPA Participant any amount in default. In enforcement of any such right of recovery, the Authority may bring any suit, action, or proceeding in law or in equity, including, without limitation, mandamus and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement, or obligation to make payment for which provision is made in this Contract against the Additional Units PPA Participant, and the Authority may, upon sixty (60) days' written notice to the Additional Units PPA Participant, cease and discontinue providing service under this Contract. If the default continues for a period in excess of 180 days or if a non-defaulting Additional

Units PPA Participant exercises its right of first refusal to purchase a pro rata share of such defaulting Additional Units PPA Participant's Obligation Share of the output and services of the PPA Project Entity's Ownership Interest, whichever event first occurs, the Authority may, at its discretion, permanently discontinue service to the defaulting Additional Units PPA Participant. Additionally, the defaulting Additional Units PPA Participant expressly waives any claim to interest payments recovered by the Authority pursuant to Section 307(a) hereof as the result of the default of said Additional Units PPA Participant.

SECTION 503. LEVY OF TAX FOR PAYMENT.

In the event of such default by the Additional Units PPA Participant, the Additional Units PPA Participant shall provide for the assessment and collection of an annual tax sufficient to provide funds annually to make all payments due under the provisions of this Contract in each year over the remainder of the life of this Contract and the Authority shall have the right to bring any suit, action or proceeding in law or in equity, including, without limitation, mandamus and action for specific performance, to enforce the assessment and collection of a continuing direct annual tax upon all the taxable property within the boundaries of such Additional Units PPA Participant sufficient in amount to provide such funds annually in each year of the remainder of the life of this Contract.

SECTION 504. OTHER DEFAULT BY ADDITIONAL UNITS PPA PARTICIPANT.

In the event of a failure of the Additional Units PPA Participant to establish, maintain, or collect rates or charges adequate to provide revenues sufficient to enable the Additional Units PPA Participant to pay all amounts due to the Authority under this

Contract, or in the event of any default by the Additional Units PPA Participant under any other covenant, agreement or obligation of this Contract, the Authority may bring any suit, action, or proceeding in law or in equity, including, without limitation, mandamus, injunction and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement or obligation of this Contract against the Additional Units PPA Participant.

SECTION 505. DEFAULT BY AUTHORITY.

In the event of any default by the Authority under any covenant, agreement or obligation of this Contract, the Additional Units PPA Participant may bring any suit, action, or proceeding in law or in equity, including, without limitation, mandamus, injunction and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement, or obligation of this Contract against the Authority.

SECTION 506. ABANDONMENT OF REMEDY.

In case any proceeding taken on account of any default shall have been discontinued or abandoned for any reason, the parties to such proceeding shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Authority and the Additional Units PPA Participant shall continue as though no such proceedings had been taken.

SECTION 507. DEFAULT OF OTHER ADDITIONAL UNITS PPA PARTICIPANTS.

(a) In the event of a default by an Additional Units PPA Participant and discontinuance of service pursuant to Section 502 hereof or of the other Contracts to such defaulting Additional Units PPA Participant, the Authority shall first offer to transfer to all other non-defaulting Additional Units PPA Participants a pro rata portion (determined

pursuant to the formula set forth in Section 508(b) hereof) of the defaulting Additional Units PPA Participant's Obligation Share which shall have been discontinued by reason of such default. Any portion of such Obligation Share of a defaulting Additional Units PPA Participant which shall be declined by any non-defaulting Additional Units PPA Participant shall be reoffered pro rata to the non-defaulting Additional Units PPA Participants which have accepted in full the first such offer. Such reoffering shall be repeated until such defaulting Additional Units PPA Participant's Obligation Share shall have been reallocated in full or until all non-defaulting Additional Units PPA Participants shall have declined to take any additional portion of such defaulting Additional Units PPA Participant's Obligation Share.

(b) In the event less than all of a defaulting Additional Units PPA Participant's Obligation Share shall be accepted pursuant to subsection (a) of this Section by the non-defaulting Additional Units PPA Participants, the Authority shall use its reasonable best efforts to sell the remaining portion of a defaulting Additional Units PPA Participant's Obligation Share for the remaining term of such defaulting Additional Units PPA Participant's Contract to any person, firm, association or corporation, public or private; provided, however, that the Authority shall make no such sales in such amounts, for such periods of time and under such terms and conditions as will adversely affect the tax exempt status of PPA Bonds intended to be tax exempt. The agreement for such sale shall contain such terms and conditions as will not adversely affect the security for the PPA Bonds and the DOE Secured Obligations afforded by the Contract of such defaulting Additional Units PPA Participant, including provisions of the discontinuance of service upon default, and as are otherwise acceptable to the Authority. In the event of

default and discontinuance of service under such agreement, the Obligation Share sold pursuant to such agreement shall be offered and transferred as provided for defaulting Additional Units PPA Participants in this Section.

(c) In the event that less than all of a defaulting Additional Units PPA Participant's Obligation Share shall be accepted pursuant to subsection (a) of this Section by the non-defaulting Additional Units PPA Participants or sold pursuant to subsection (b) of this Section, the Authority shall transfer, on a pro rata basis (based on the respective original Obligation Shares of the Additional Units PPA Participants), to all other non-defaulting Additional Units PPA Participants the remaining portion of such defaulting Additional Units PPA Participant's Obligation Share, subject to the limitations specified in subsection (d) of this Section.

(d) Any portion of the Obligation Share of a defaulting Additional Units PPA Participant transferred pursuant to this Section to a non-defaulting Additional Units PPA Participant shall become a part of and shall be added to the Obligation Share of each transferee Additional Units PPA Participant, and the transferee Additional Units PPA Participant shall be obligated to pay for its Obligation Share, increased as aforesaid, as if the Obligation Share of the transferee Additional Units PPA Participant, increased as aforesaid, had been stated originally as the Obligation Share of the transferee Additional Units PPA Participant in its Contract; provided, however, that in no event shall any transfer of any part of a defaulting Additional Units PPA Participant's Obligation Share pursuant to subsection (c) of this Section result in a transferee Additional Units PPA Participant having an Obligation Share (excluding transfers to such transferee Additional

Units PPA Participant pursuant to subsection (a) of this Section) in excess of 130% of its Obligation Share in effect on the Execution Date, as specified on Attachment B hereto.

(e) In the event that less than all of a defaulting Additional Units PPA Participant's Obligation Share shall be sold or transferred to non-defaulting Additional Units PPA Participants pursuant to this Section, the Authority shall use its reasonable best efforts to sell the remaining portion of a defaulting Additional Units PPA Participant's Obligation Share or the energy associated therewith on such terms and conditions as are acceptable to the Authority to any person, firm, association or corporation, public or private; provided, however, that the Authority shall make no such sales in such amounts, for such periods of time and under such terms and conditions as will adversely affect the tax exempt status of PPA Bonds intended to be tax exempt. A defaulting Additional Units PPA Participant shall remain liable under its Power Sales Contract in all events, except that the obligation of the defaulting Additional Units PPA Participant to pay the Authority shall be reduced to the extent that payment shall be received by the Authority for that portion of a defaulting Additional Units PPA Participant's Obligation Share transferred or sold pursuant to this Section.

SECTION 508. ADDITIONAL UNITS PPA PARTICIPANT'S RIGHTS OF FIRST REFUSAL.

(a) In the event the Buyer defaults in connection with any of its payment obligations under the PPA and the Authority permanently discontinues service pursuant to the terms of the PPA, each Additional Units PPA Participant shall have a right of first refusal to purchase a pro rata amount of such defaulting Buyer's Obligation Share (as defined in the PPA) of the output and services of the PPA Project Entity's Ownership

Interest. The pro rata amount of each Additional Units PPA Participant's right of first refusal shall be equal to its Obligation Share. Any portion of the Buyer's Obligation Share which shall be declined by an Additional Units PPA Participant shall be reoffered pro rata to the Additional Units PPA Participants which have accepted in full the first such offer. Such reoffering shall be repeated until such defaulting Buyer's Obligation Share shall have been reallocated in full or until all Additional Units PPA Participants shall have declined to take any additional portion of such defaulting Buyer's Obligation Share.

In the event that less than all of a defaulting Buyer's Obligation Share shall be accepted pursuant to this section, the right of first refusal provided for herein to each Additional Units PPA Participant shall be considered null and void and the Authority shall use its reasonable best efforts to sell Buyer's Obligation Share of the output and services of the PPA Project Entity's Ownership Interest. The net proceeds resulting from any sale to a third party will first be credited to Buyer's Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs, exclusive of Debt Service and reserves required under the PPA Bond Resolution and the DOE Loan Documents, and any remaining net proceeds will then be applied to Buyer's Obligation Share of Debt Service and reserves required under the PPA Bond Resolution and the DOE Loan Documents in the manner provided in the PPA Bond Resolution and the DOE Loan Documents.

(b) In the event that the Authority permanently discontinues service under any Contract to a defaulting Additional Units PPA Participant pursuant to Section 502 thereof, each non-defaulting Additional Units PPA Participant shall have a right of first refusal to purchase a pro rata amount of such defaulting Additional Units PPA

Participant's Obligation Share of the output and services of the PPA Project Entity's Ownership Interest. The pro rata amount of each non-defaulting Additional Units PPA Participant's right of first refusal shall be determined as follows: the non-defaulting Additional Units PPA Participant's Obligation Share of the output and services of the PPA Project Entity's Ownership Interest divided by the sum of all Obligation Shares of the output and services of the PPA Project Entity's Ownership Interest of the non-defaulting Additional Units PPA Participants electing to exercise their right of first refusal.

ARTICLE VI SERVICE

SECTION 601. CHARACTER AND CONTINUITY OF SERVICE.

(a) The Authority or the PPA Project Entity may temporarily interrupt, increase or reduce deliveries of electric energy from the Plant Vogtle Additional Units PPA Project if the Authority or the PPA Project Entity or its respective agent determines that such interruption, increase or reduction is necessary in case of emergencies. The Authority or the PPA Project Entity or its respective agent may also interrupt or reduce deliveries of electric energy from the Plant Vogtle Additional Units PPA Project in order to install equipment in or make repairs to or replacements, investigations, and inspections of or to perform other maintenance work on its generation or transmission facilities and related apparatuses (planned interruptions). After informing the Additional Units PPA Participant regarding any such planned interruption or reduction, giving the reason therefor, and stating the probable duration thereof, the Authority will to the best of its ability schedule, or cause the PPA Project Entity to schedule, such interruption or

reduction at a time which will cause the least interference with the operations of the Plant Vogtle Additional Units PPA Project.

(b) The Authority shall not be required to provide, or be liable for failure to provide, service under this Contract when such failure or the cessation or curtailment of or interference with the service is caused by Uncontrollable Forces.

SECTION 602. METERING.

(a) The Authority reserves the right to provide for installation of meters and will provide or cause to be provided all necessary metering equipment for determining the quantity and conditions of the supply of electric power and energy delivered by the Authority under this Contract; provided, however, that the Additional Units PPA Participant may at its own cost install additional metering equipment to provide a check on that of the Authority.

(b) If any meter used for billing fails to register or is found to be inaccurate, the Authority shall repair or replace such meter or cause it to be repaired or replaced, and the appropriate billing shall be made to the Additional Units PPA Participant by the Authority based upon the best information available for the period, not exceeding sixty (60) days, during which no metering occurred. Any meter tested and found to be not more than two percent (2%) above or below normal shall be considered accurate insofar as correction of billings is concerned. If, as the result of any test, a meter is found to register in excess of two percent (2%) above or below normal then the reading of such meter previously taken for billing purposes shall be corrected for the period during which it is established the meter was inaccurate, but no correction shall be made for any period

beyond sixty (60) days prior to the date on which an inaccuracy is discovered by such test. The Additional Units PPA Participant shall have reasonable access to read and monitor the meter.

SECTION 603. POWER DELIVERIES.

Power and energy furnished to the Additional Units PPA Participant under this Contract shall be in the form of three phase current, alternating at a frequency of approximately 60 Hertz.

SECTION 604. OTHER TERMS AND CONDITIONS.

Service hereunder shall be in accordance with such other terms and conditions as are established as part of the Authority's service rules and regulations, which shall not be inconsistent with the provisions of this Contract.

SECTION 605. DOE GUARANTEED LOAN ARRANGEMENTS.

(a) The Additional Units PPA Participant acknowledges and agrees that, in connection with the entry into the DOE Loan Documents, the Authority will transfer the PPA Project Portion of the Authority's Interest to the PPA Project Entity, the Authority's wholly-owned, special-purpose direct subsidiary. In connection with this transfer, the Authority will enter into the PPA Project Entity Power Purchase Agreement with the PPA Project Entity pursuant to which the Authority will purchase the output and services of the PPA Project Entity's Ownership Interest for resale to Buyer under the PPA and to the Additional Units PPA Participants under the Contracts during the respective terms of the PPA and the Contracts.

(b) The Additional Units PPA Participant acknowledges and agrees that (i) the Authority may grant a first-priority security interest in and lien on its ownership interest

in the PPA Project Entity to the DOE Collateral Agent, and (ii) the PPA Project Entity may grant a first-priority security interest in and lien on all of its assets, including its undivided ownership interest in the Additional Units, its right, title and interest in, to and under the PPA Project Entity Power Purchase Agreement and the Project Agreements and all other collateral specified in the DOE Loan Documents, to the DOE Collateral Agent, in each such case, to secure the DOE Secured Obligations under the DOE Loan Documents and the DOE Guaranteed Loan.

ARTICLE VII MISCELLANEOUS PROVISIONS

SECTION 701. LIABILITY OF PARTIES.

The Authority and the Additional Units PPA Participant shall assume full responsibility and liability for the maintenance and operation of their respective properties and each shall indemnify and save harmless the other from all liability and expense on account of any and all damages, claims, or actions, including injury to or death of persons arising from any act or accident in connection with the installation, presence, maintenance and operation of the property and equipment of the indemnifying party and not caused in whole or in part by the negligence of the other party; provided that any liability which is incurred by the Authority through the operation and maintenance of the Plant Vogtle Additional Units PPA Project and not covered, or not covered sufficiently, by insurance shall be paid solely from the revenues of the Authority, and any payments made by the Authority to satisfy such liability shall become part of the Plant Vogtle Additional Units PPA Project Annual Costs.

SECTION 702. ASSIGNMENT OF CONTRACT.

(a) This Contract shall inure to the benefit of and shall be binding upon the respective successors and assigns of the parties to this Contract which may only be assigned as specifically authorized herein. This Contract and the Additional Units PPA Participant's rights and obligations hereunder may be assigned, either in whole or in part, by the Additional Units PPA Participant to any other Additional Units PPA Participant or, if such assignment will not adversely affect, in the sole opinion of the Authority, (a) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any series the interest on which is intended to be so excluded or (b) the eligibility of the Authority to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds, to another third party if such Participant or other third party (i) meets the minimum credit rating established by the Authority for Additional Units PPA Participants, and (ii) is acceptable to the bond insurers or other credit providers for the Authority's PPA Bonds and to DOE. Any assignee of the Additional Units PPA Participant shall specifically assume in writing the Additional Units PPA Participant's obligations under this Contract with respect to the rights transferred, and the Additional Units PPA Participant shall remain contingently liable therefor.

(b) The Additional Units PPA Participant acknowledges and agrees that the Authority may assign and pledge to the Trustee designated in the PPA Bond Resolution, for the benefit of the DOE Collateral Agent, DOE and the other secured parties identified therein, all its right, title and interest in and to all payments to be made to the Authority under the provisions of this Contract attributable to the Plant Vogtle Additional Units

PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs as security for the payment of amounts due and payable in connection with the Plant Vogtle Additional Units PPA Project, including amounts under the PPA Bonds and DOE Secured Obligations under the DOE Guaranteed Loan or the DOE Loan Guarantee Agreement, or secured by, the PPA Bond Resolution (including as security for amounts owed by the PPA Project Entity under the DOE Loan Documents), and, following the execution of such assignment and pledge, upon the occurrence and continuance of a Bondholders' Event of Default or a Federal Loan Event of Default under (and as each such term is defined in) the PPA Bond Resolution, the Trustee (or, in the case of a DOE Event of Default, DOE or the DOE Collateral Agent on behalf of DOE) shall have all rights and remedies herein provided to the Authority, including to make all demands, give all notices, take all actions (including collection action) and exercise all rights on behalf or in the place of the Authority. The Trustee, DOE, the DOE Collateral Agent and the PPA Project Entity each shall be a third-party beneficiary of the covenants and agreements of the Additional Units PPA Participant herein contained.

(c) The Additional Units PPA Participant (i) has received no written notice of any previous assignment by the Authority of all or any part of its rights under this Contract and (ii) except as set forth in Section 702(b) hereof, has not consented to any previous assignment by the Authority of all or any part of its rights under this Contract.

(d) Except as permitted by Section 702(b) hereof, this Contract may not be assigned by the Authority without the prior written consent of the DOE Collateral Agent.

SECTION 703. TERMINATION OR AMENDMENT OF CONTRACT.

(a) Subject to Section 101 hereof, this Contract shall not be terminated by either party under any circumstances, whether based upon the default of the other party under this Contract or any other instrument or otherwise except as specifically provided in this Contract.

(b) This Contract, on which purchasers of PPA Bonds and DOE shall have relied as an inducement to purchase and hold the PPA Bonds and to guarantee the DOE Guaranteed Loan, respectively, shall not be amended, modified, or otherwise altered in any manner except as provided in this Contract. So long as any of the PPA Bonds or the DOE Secured Obligations are outstanding or until adequate provisions for the payment thereof have been made in accordance with the provisions of the PPA Bond Resolution and the DOE Loan Documents, respectively, and no undisbursed commitments remain available under the DOE Loan Documents, this Contract shall not be amended, modified, or otherwise altered in any manner which will reduce the payments pledged as security for the Debt Service on all the PPA Bonds and as security for the DOE Secured Obligations or extend the time of such payments provided herein or adversely impact, in the opinion of the Authority, the tax exempt status of the PPA Bonds, or which will in any manner impair or adversely affect the rights of the owners from time to time of the PPA Bonds or the rights of the Buyer during the PPA Term or the rights of the DOE Secured Parties pursuant to the DOE Loan Documents. Subject to the foregoing and any other limitations contained in the PPA Bond Resolution or the DOE Loan Documents, any amendment of this Contract must be in writing and duly executed by both the Authority and the Additional Units PPA Participant.

SECTION 704. SEVERABILITY.

In case any one or more of the provisions of this Contract shall for any reason be held to be illegal or invalid by a court of competent jurisdiction, it is the intention of each of the parties hereto that such illegality or invalidity shall not affect any other provision hereof, but this Contract shall be construed and enforced as if such illegal or invalid provision had not been contained herein, and this Contract shall be construed to adopt, but not to enlarge upon, all of the applicable provisions of said Act, and all the applicable provisions of the Constitution and general laws of Georgia, and, if any provisions hereof conflict with any applicable provision of said Constitution or laws, the former as proposed by the legislature, approved by the people of the State of Georgia and interpreted by the courts of the State of Georgia, and the latter as adopted by the legislature and as interpreted by the courts of the State of Georgia, shall prevail in lieu of any provision hereof in conflict or not in harmony therewith.

SECTION 705. GOVERNING LAW.

This Contract shall be governed by, and construed in accordance with, the laws of the State of Georgia.

SECTION 706. DULY AUTHORIZED SIGNATORIES; BINDING EFFECT OF EXECUTION.

The Authority as to its signatory and the Additional Units PPA Participant as to its signatory hereby represents and warrants that the person executing this Contract on its respective behalf is duly authorized to do so, and that, by such execution, such party is hereby duly and lawfully bound by this Contract.

IN WITNESS WHEREOF, the Municipal Electric Authority of Georgia has caused this Contract to be executed in its corporate name by its duly authorized officers

and, by the execution hereof it is acknowledged that payments made under this Contract may be assigned, as provided in Section 309 hereof, and the Authority has caused its corporate seal to be hereunto impressed and attested; the Additional Units PPA Participant has caused this Contract to be executed in its corporate name by its duly authorized officers and its corporate seal to be hereunto impressed and attested, and delivery hereof by the Authority to the Additional Units PPA Participant is hereby acknowledged, all as of the day and year first above written.

SCHEDULE I
AMENDMENTS TO ORIGINAL CONTRACT

As provided in Section 101 of the Amended and Restated Plant Vogtle Additional Units PPA Power Sales Contract to which this Schedule I is attached (the “Contract”), in the event that (a) the Effective Date shall not occur on or before January 1, 2017 or (b) the DOE Loan Guarantee Agreement and the other DOE Loan Documents shall be terminated prior to the making of any Advance, the Original Contract shall be amended as follows:

(1) The term thereof (as provided in Section 101 thereof) shall be and be deemed to have been extended to the date that is fifty (50) years following the Execution Date of the Contract.

(2) Section 102 of the Original Contract shall be amended to add thereto, in the appropriate alphabetical order, a definition of “Build America Bonds,” to read as follows:

“Build America Bonds” shall mean any PPA Bonds with respect to which the Authority has irrevocably elected, pursuant to Section 54AA(g) of the Internal Revenue Code of 1986, as amended, or any other similar federal program creating subsidies for municipal borrowers for which the Authority qualifies, to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on such PPA Bonds.

(3) The first sentence of Section 206 of the Original Contract shall be amended to read as follows (with additions being indicated by double-underscoring):

So long as the Authority has tax exempt PPA Bonds or Build America Bonds outstanding, the Additional Units PPA Participant agrees that it shall not, without the express written consent of the Authority, enter into any contract pursuant to which a non-exempt person agrees to purchase power produced by the Plant Vogtle Additional Units PPA Project in a manner that results in private business use within the meaning of the Internal Revenue Code of 1986, as amended, modified or re-enacted (or any successor thereto) (the “Code”).

(4) The first sentence of Section 207 of the Original Contract shall be amended to read as follows (with additions being indicated by double-underscoring):

The Additional Units PPA Participant hereby covenants that it shall take no action, nor shall it consent to or approve the taking of any action, that would in the opinion of the Authority adversely affect (a) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any series the interest on which is intended to be so excluded or (b) the eligibility of the Authority to receive cash subsidy payments from the United States

Treasury equal to a portion of the interest payable on any Build America Bonds.

(5) The second sentence of Section 702(a) of the Original Contract shall be amended to read as follows (with additions being indicated by double-underscoring and deletions being struck-through):

This Contract and the Additional Units PPA Participant's rights and obligations hereunder may be assigned, either in whole or in part, by the Additional Units PPA Participant to any other Additional Units PPA Participant or, if such assignment will not adversely affect, in the sole opinion of the Authority, ~~the tax exempt status of the Authority's outstanding PPA Bonds~~ (a) the exclusion from gross income for federal income tax purposes of the interest on the PPA Bonds of any series the interest on which is intended to be so excluded or (b) the eligibility of the Authority to receive cash subsidy payments from the United States Treasury equal to a portion of the interest payable on any Build America Bonds, to another third party if such Participant or other third party (i) meets the minimum credit rating established by the Authority for Additional Units PPA Participants, and (ii) is acceptable to the bond insurers or other credit providers for the Authority's PPA Bonds.

ATTACHMENT A
DESCRIPTION OF THE AUTHORITY'S INTEREST
IN THE PLANT VOGTLE ADDITIONAL UNITS

I. Authority's Interest.

The Authority's Interest in the Additional Units shall consist of the ownership (whether owned in whole or in part by the Authority or by any entity (including, without limitation, the PPA Project Entity) that is a wholly-owned subsidiary of the Authority (a "Project Entity")) of a 22.7% undivided interest in the two additional nuclear units, each 1,102 megawatts Nominally Rated, to be located at Plant Vogtle, in Burke County, Georgia and consisting of (i) nuclear power reactors, the turbine-generators, the buildings housing the same, the associated auxiliaries and equipment, and the related transmission facilities (as more specifically described in the application, and amendments thereto, filed by the Georgia Power Company with the Nuclear Regulatory Commission for a Combined Construction and Operating License); (ii) inventories of materials, supplies, Fuel, tools and equipment for use in connection with the Additional Units to be constructed at Plant Vogtle; (iii) land adequate for the Additional Units or, alternatively, appropriate easements granting the right of use to land adequate for the Additional Units, and site preparation, foundations, fencing and fire protection; (iv) the right of use of the infrastructure and system supporting the existing units one and two at Plant Vogtle as well as existing services supporting such units; (v) all property and equipment for connecting the generating facilities to the transmission system at the point where said transmission system forms part of the Georgia Integrated Transmission System (as determined as of June 15, 2008, the dated date of the Original Contract), including,

without limitation, the step-up transformers, high side bushing to the electrical transmission system, all related switching stations, remote terminal unit and connections to Supervisory Control and Data Acquisition System (SCADA); (vi) inventories of materials, supplies, tools and equipment; (vii) prepayment of initial supply of Fuel; and (viii) the additional facilities of the Additional Units as described in Part II of this Attachment.

II. Additional Facilities.

The additional facilities of the Additional Units shall include (i) any major renewals, replacements, repairs, additions, betterments and improvements to the Additional Units necessary, in the opinion of the Authority, to keep the Additional Units in good operating condition or to prevent a loss of revenues therefrom, and (ii) any major additions, improvements, repairs and modifications to the Additional Units and any disposals of the Additional Units required by any government agency having jurisdiction over the Additional Units or for which the Authority (or a Project Entity) shall be responsible by virtue of any obligation of the Authority (or such Project Entity) arising out of any contract to which the Authority (or such Project Entity) may be a party relating to ownership of the Additional Units or any facility thereof.

FORM OF TAX CERTIFICATION

TAX CERTIFICATE AS TO ARBITRAGE AND THE PROVISIONS OF SECTIONS 141-150 OF THE INTERNAL REVENUE CODE OF 1986

In connection with the issuance by the Municipal Electric Authority of Georgia (the “**Authority**”) of its Plant Vogtle Additional Units PPA Project Revenue Bonds, 20__ Series __ (the “**Bonds**”), which are being issued to finance or refinance the PPA Project (as defined below) and in furtherance of the covenants of JEA contained in Section 306 of the Power Purchase Agreement, dated as of May 12, 2008, as amended and restated, between the Authority, as Seller, and JEA, as Buyer (the “**Purchase Contract**”), and pursuant to Treasury Regulations Section 1.148-2(b)(2), JEA makes and enters into the following Tax Certificate.

SECTION 1. DEFINITIONS. For purposes hereof, the following definitions shall apply:

- a. **Code** shall mean the Internal Revenue Code of 1986.
- b. **Special Tax Counsel** shall mean Nixon Peabody LLP or any other law firm appointed by the Authority, having a national reputation in the field of municipal finance whose opinions are generally accepted by purchasers of municipal bonds.
- c. **Treasury Regulations** shall mean the Treasury Regulations to the extent applicable to the Bonds.

SECTION 2. REPRESENTATIONS.

(a) **Purpose.** JEA understands that the Bonds will be issued by the Authority on the date hereof (the “**Delivery Date**”) to finance or refinance costs of the PPA Project, as defined in the Purchase Contract. For purposes hereof, the term “**Project**” shall refer only to the output that is purchased by JEA pursuant to the Purchase Contract.

(b) **Statement as to Facts, Estimates and Circumstances.** The facts and estimates set forth in this Tax Certificate on which JEA’s expectations as to the use of the Project based are made to the best of the knowledge and belief of the undersigned officer of JEA, and JEA’s expectations are reasonable.

(c) **Responsible Person.** The undersigned is an officer of JEA responsible for the matters described herein and has made due inquiry with respect to and is fully informed as to the matters set forth herein.

SECTION 3. RESTRICTIONS ON NONGOVERNMENTAL USE.

(a) **In general.** JEA does not expect that the Project will be used in any trade or business carried on by any natural person or any activity carried on by anyone other than a

natural person or a state or local governmental unit (the “**Private Use Limits**”). For purposes of this section, “use” includes the sale of power to nongovernmentally owned utilities pursuant to output or requirements contracts as well as any other arrangements for the sale or transmission of power on terms different from those available to the general public. Except as permitted by paragraph (c) below, JEA shall not permit any private business use of the Project. This requirement is applied by taking into account any arrangements JEA has with third parties for the sale of power from the Project that would be taken into account as a “use” of the Project if made by JEA. JEA agrees to notify the Authority prior to any such use.

(b) Reasonable Expectations. JEA reasonably expects to comply with the Private Use Limits throughout the term of the Bonds.

(c) Other Uses of the Project. JEA has and may enter into a variety of arrangements with nongovernmental persons, including wholesale and retail customers of JEA and nongovernmental utilities and other providers of electric generation and transmission service. With respect to the Project, each of these arrangements will satisfy one of the following exceptions to the limitations on private business use and private security or payments:

(1) in the case of sales of electric generation service, the term of such transactions will not exceed three years (including renewal options), such transactions will be negotiated, arm’s length arrangements that provide for compensation at fair market value or are based on generally applicable and uniformly applied rates, and the Project was not acquired with a principal purpose of providing that facility for use by that nongovernmental person;

(2) in the case of sales of electric generation service, the compensation for such service will not exceed JEA’s properly allocable cost of ordinary and necessary expenses that are directly attributable to the operation of the Project used by the nongovernmental person;

(3) in the case of sales of electric generation service, the output is sold (i) to a retail customer pursuant to a requirements contract that does not involve minimum guaranteed payments, or (ii) under a contract pursuant to which the average annual payments to be made under the contract do not exceed 1 percent of the average annual debt service on all outstanding tax-exempt bonds issued to finance the Project;

(4) the use of the Project is by (i) an entity that qualifies as an agency of JEA, as approved by the Internal Revenue Service or Special Tax Counsel, or (ii) absent advice from Special Tax Counsel to the contrary, The Energy Authority, Inc., provided, in either case that such entity does not, in turn, use the output of the Project in a manner that gives rise to private business use;

(5) in the case of sales of electric generation service, the output is sold to a customer pursuant to a wholesale requirements contract wherein (i) the term of the contract does not exceed the lesser of 5 years or the term of the Bonds, and (ii) the amount of the output sold does not exceed 5% of the available output of the Project; or

(6) in the case of sales of electric generation service, output that is allocable to portions of the Project that were financed with amounts other than the proceeds of obligations the interest on which is excluded from gross income for federal income tax purposes.

JEA may use the output of the Project in a manner that gives rise to private business use provided that the aggregate of such private business use by JEA does not exceed JEA's share of the permitted \$15 million of private business use. For this purpose, JEA's share of the permitted \$15 million of private business use shall be based on the portion of such \$15 million allocable to the Bonds (and other obligations) issued under the PPA Project Bond Resolution (as defined in the Purchase Contract) that is allocable to JEA based on the term of the Purchase Contract, the measurement period for the Bonds, the output purchased under the Purchase Contract, and the available output of the PPA Project. The provisions of this Section 3 shall only apply to sales of output that are, under the applicable Treasury Regulations, allocable to the Project.

SECTION 4. RECORDKEEPING. JEA shall retain records related to the matters described herein as reasonably necessary to establish compliance with the requirements of this Tax Certificate and shall provide copies of such records as reasonably required by the Authority. JEA shall provide the Authority with such other information related to the Project as may be reasonably required by the Authority to determine the tax-exempt status of the Bonds.

SECTION 5. AMENDMENTS. This Tax Certificate has been executed pursuant to section 306 of the Purchase Contract wherein JEA has covenanted to comply with the provisions of this Tax Certificate in order that it not adversely affect the exclusion of interest on the Bonds from gross income for purposes of Federal income taxation. This Tax Certificate sets forth a portion of the information, representations, and procedures necessary in order for Special Tax Counsel to render its opinion regarding the exclusion of interest on the Bonds from gross income for purposes of Federal income taxation and may be amended or supplemented from time to time to maintain such exclusion only with the approval of Special Tax Counsel.

Notwithstanding any other provision herein, the covenants and obligations contained herein may be and shall be deemed modified to the extent JEA secures an opinion of Special Tax Counsel that any action required hereunder is no longer required or that some further action is required in order to maintain the exclusion of interest on the Bonds from gross income for purposes of Federal income taxation. To that end, JEA shall be permitted to supplement or modify this Tax Certificate in a manner which is mutually acceptable both to JEA's bond counsel and to Special Tax Counsel.

SECTION 6. SUPPLEMENTATION OF THIS CERTIFICATE. JEA understands the need to supplement this Tax Certificate periodically to reflect further developments in the Federal income tax laws governing the exclusion from Federal gross income of interest on the Bonds and will, periodically, seek the advice of its bond counsel as to the propriety of seeking the review of and supplements to this Tax Certificate from Special Tax Counsel.

FORM OF BUYER'S CONSENT AND DIRECT AGREEMENT

CONSENT TO ASSIGNMENT

This CONSENT TO ASSIGNMENT (this "Agreement"), dated as of [●], is by and among the Municipal Electric Authority of Georgia, a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia ("MEAG Power"), JEA, a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida ("JEA") and PNC Bank, National Association, doing business as Midland Loan Services, a division of PNC Bank, National Association (the "Collateral Agent").

RECITALS

1. WHEREAS, MEAG Power SPVJ, LLC, a limited liability company organized and existing under the laws of the State of Georgia (the "Borrower"), together with each of Georgia Power Company, a corporation organized and existing under the laws of the State of Georgia; Oglethorpe Power Corporation (An Electric Membership Corporation), an electric membership corporation organized and existing under the laws of the State of Georgia; City of Dalton, Georgia, acting by and through its Board of Water, Light and Sinking Fund Commissioners, d/b/a Dalton Utilities; and MEAG Power, individually and/or through one or both of its wholly owned direct subsidiaries, MEAG Power SPVP, LLC, a limited liability company organized and existing under the laws of the State of Georgia and MEAG Power SPVM, LLC, a limited liability company organized and existing under the laws of the State of Georgia, intends to expand the facilities at the existing nuclear power generating facility commonly known as the Alvin W. Vogtle Electric Generating Plant located in Burke County, Georgia, near Waynesboro, Georgia, on the west bank of the Savannah River, by developing, constructing, owning, operating and maintaining two additional nuclear generating units, consisting of two (2) Westinghouse AP1000[®] nuclear reactors, each with a nominally rated generating capacity of approximately 1,100 megawatts, natural draft cooling towers, intake and discharge structures, associated transmission facilities, fuel and ancillary structures supporting the power generation process (together, the "Project"), located adjacent to such existing facility;

2. WHEREAS, (a) MEAG Power and JEA entered into that certain Amended and Restated Power Purchase Agreement, dated as of [●]¹ (the "JEA PPA"), pursuant to which MEAG Power has agreed to sell the output of the Plant Vogtle Additional Units PPA Project (as defined in the JEA PPA) to JEA for a term ending twenty (20) years after the Commercial Operation Date (as defined in the JEA PPA) of the second of the Additional Units (as defined in the JEA PPA) and (b) JEA has agreed to purchase such output under the JEA PPA, which includes in its Recitals a whereas clause stating that JEA's desire to purchase such output is predicated upon the understanding that the sale of such output by MEAG Power to JEA will require JEA to assume a proportionate share of the related construction risk;

3. WHEREAS, the Borrower will enter into the Loan Guarantee Agreement, dated as of the date hereof, by and between the Borrower and DOE (the "Loan Guarantee Agreement") and the Note Purchase Agreement, dated as of the date hereof, by and among the Borrower, the

¹ Date to be inserted before filing validation petition.

Federal Financing Bank ("FFB") and DOE (the "Note Purchase Agreement") to finance a portion of the cost to develop and construct its undivided ownership interest in the Project;

4. WHEREAS, pursuant to one or more guarantee instruments (collectively, the "DOE Guarantee"), dated as of the date hereof, issued by the U.S. Department of Energy acting by and through the Secretary of Energy (or appropriate authorized representative thereof) ("DOE"), it is contemplated that DOE (in such capacity, the "Guarantor") will guarantee all or a portion of the indebtedness of the Borrower incurred pursuant to the Note Purchase Agreement;

5. WHEREAS, the Borrower has agreed to reimburse DOE for any payments made by DOE under the DOE Guarantee pursuant to the Loan Guarantee Agreement, dated as of the date hereof, by and between the Borrower and DOE (the "Loan Guarantee Agreement"), and MEAG Power has made certain undertakings for the benefit of the Guarantor pursuant to the Equity Funding and Undertaking Agreement, dated as of the date hereof, by and among MEAG Power, the Borrower and DOE (the "Equity Funding Agreement" and, together with the Loan Guarantee Agreement, the Note Purchase Agreement, the security documents, including each deed to secure debt, indenture, security agreement, equity pledge agreement or other similar security documents entered into by the Borrower or MEAG Power, and the other documents and instruments executed in connection with the Borrower's financing, the "Credit Facility Documents");

6. WHEREAS, MEAG Power has transferred a portion of its undivided ownership interest in the Project to the Borrower in connection with the Borrower's execution and delivery of the Credit Facility Documents;

7. WHEREAS, as security for the Borrower's obligations under the Credit Facility Documents, pursuant to that certain Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution, adopted [●]² (the "Bond Resolution"), MEAG Power has made a collateral assignment of, and granted a security interest in, the Shared Trust Estate (as defined in the Bond Resolution), including all of its right, title and interest in and to all payments to be made to MEAG Power under the provisions of the JEA PPA attributable to the Plant Vogtle Additional Units PPA Project or to the Plant Vogtle Additional Units PPA Project Annual Costs (as defined in the JEA PPA), other than the Buyer's Additional Compensation Obligation (as defined in the JEA PPA) (all such payments being referred to herein as the "JEA PPA Payments," and the foregoing security interests, the "Security Interests"), to Wells Fargo Bank, N.A., as trustee under the Bond Resolution (together with any successor trustee, the "Trustee") for the benefit of the Collateral Agent, the Guarantor and the other secured parties identified therein; and

8. WHEREAS, pursuant to the Bond Resolution, if a Bondholders' Event of Default or a Federal Loan Event of Default (as such terms are defined in the Bond Resolution) occurs and is not remedied, the Collateral Agent is authorized to exercise certain rights and remedies or to cause the Trustee to exercise certain rights and remedies for the benefit of the DOE Secured Parties (as defined in the Bond Resolution) and the other secured parties identified therein,

² Date to be inserted before filing validation petition.

including all rights and remedies provided to MEAG Power under the JEA PPA (other than the right to collect the Buyer's Additional Compensation Obligation); and

9. WHEREAS, it is a condition precedent to the Guarantor's execution and delivery of the DOE Guarantee that each of the parties hereto execute and deliver this Agreement provided that this Agreement shall become effective upon the date of issuance of the DOE Guarantee;

NOW, THEREFORE, in consideration of the foregoing, and for other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, and intending to be legally bound, the parties hereto hereby agree and consent as follows:

SECTION 1: Definitions and Interpretation.

1.01 Definitions. For purposes of this Agreement, the following terms shall have the following meanings:

"**Agreement**" shall have the meaning set forth in the preamble.

"**Additional Units**" shall have the meaning set forth in recital 2.

"**Bond Resolution**" shall have the meaning set forth in recital 7.

"**Bondholders' Event of Default**" shall have the meaning set forth in recital 8.

"**Borrower**" shall have the meaning set forth in recital 1.

"**Buyer's Additional Compensation Obligation**" shall have the meaning set forth in the JEA PPA.

"**Collateral Agent**" shall have the meaning set forth in the preamble.

"**Commercial Operation Date**" shall have the meaning set forth in recital 2.

"**Credit Facility Documents**" shall have the meaning set forth in recital 5.

"**Debt Termination Date**" shall mean the first day on which the indebtedness of the Borrower under the Note Purchase Agreement has been indefeasibly paid in cash in full (other than unasserted contingent indemnity obligations and other obligations that expressly survive termination of the applicable documents), all commitments to the Borrower under the Note Purchase Agreement and the other Credit Facility Documents have terminated, and the Borrower has paid in cash all sums due from the Borrower under the Credit Facility Documents (other than unasserted contingent indemnity obligations and other obligations that expressly survive termination of the applicable documents).

"**DOE**" shall have the meaning set forth in recital 4.

"**DOE Event of Default**" shall mean an Event of Default as defined in the Equity Funding Agreement.

"**DOE Guarantee**" shall have the meaning set forth in recital 4.

"**DOE Secured Parties**" shall have the meaning set forth in recital 8.

"**Equity Funding Agreement**" shall have the meaning set forth in recital 5.

"**Federal Loan Event of Default**" shall have the meaning set forth in recital 8.

"**Guarantor**" shall have the meaning set forth in recital 4.

"**JEA**" shall have the meaning set forth in the preamble.

"**JEA PPA**" shall have the meaning set forth in recital 2.

"**JEA PPA Payments**" shall have the meaning set forth in recital 7.

"**Loan Guarantee Agreement**" shall have the meaning set forth in recital 5.

"**MEAG Power**" shall have the meaning set forth in the preamble.

"**Note Purchase Agreement**" shall have the meaning set forth in recital 3.

"**Person**" shall mean any individual, corporation, company, partnership, firm, limited liability company, voluntary association, joint venture, trust, unincorporated organization, governmental authority, committee, department, authority or any other entity, incorporated or unincorporated, whether having distinct legal personality or not.

"**Plant Vogtle Additional Units PPA Project**" shall have the meaning set forth in recital 2.

"**Plant Vogtle Additional Units PPA Project Annual Costs**" shall have the meaning set forth in recital 7.

"**Project**" shall have the meaning set forth in recital 1.

"**Security Interests**" shall have the meaning set forth in recital 7.

"**Shared Trust Estate**" shall have the meaning set forth in recital 7.

"**Termination Date**" shall have the meaning set forth in Section 4.08.

"**Trustee**" shall have the meaning set forth in recital 7.

1.02 Interpretation. Except as otherwise expressly provided, the following rules of interpretation shall apply to this Agreement:

(a) the definitions of terms herein shall apply equally to the singular and plural forms of the terms defined;

(b) whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms;

(c) the words "include", "includes" and "including" shall be deemed to be followed by the phrase "without limitation";

(d) the word "will" shall be construed to have the same meaning and effect as the word "shall";

(e) unless the context requires otherwise, any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein or therein) and shall include any appendices, schedules, exhibits, clarification letters, side letters and disclosure letters executed in connection therewith;

(f) any reference herein to any Person shall be construed to include such Person's successors and permitted assigns;

(g) any reference to any applicable law shall include all references to such applicable law as amended from time to time;

(h) the words "herein", "hereof" and "hereunder", and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof; and

(i) all references herein to Articles, Sections and Exhibits shall be construed to refer to Articles and Sections of, and Exhibits to, this Agreement.

SECTION 2: Consent to Assignment; General Undertakings.

2.01 Consents; Acknowledgments and Agreements.

- (a) In accordance with Section 1001 of the JEA PPA, (i) JEA consents to MEAG Power granting a Security Interest pursuant to the Bond Resolution to the Trustee for the benefit of the Collateral Agent, the Guarantor and the other secured parties identified therein in and to all JEA PPA Payments and (ii) JEA agrees that, following the occurrence and continuance of (1) a Bondholders' Event of Default or a Federal Loan Event of Default, the Trustee, or (2) a DOE Event of Default, the Guarantor or the Collateral Agent, in either case, shall have all rights and

remedies provided to MEAG Power under the JEA PPA (other than the right to collect the Buyer's Additional Compensation Obligation), including taking collection action on behalf of MEAG Power for any and all JEA PPA Payments owed to MEAG Power by JEA under the JEA PPA. The Guarantor and the Collateral Agent shall each be a third-party beneficiary of the covenants and agreements of JEA contained in the JEA PPA.

- (b) JEA acknowledges that upon and after its receipt of a notice from (1) the Trustee of the occurrence and continuance of a Bondholders' Event of Default or a Federal Loan Event of Default and the exercise of the Trustee's rights and remedies under the Bond Resolution, or (2) the Guarantor or the Collateral Agent of the occurrence and continuance of a DOE Event of Default and the exercise of the Guarantor's rights and remedies under the Equity Funding Agreement, in either case, to make all demands, give all notices, take all actions and exercise, on behalf or in the place of MEAG Power, all rights of MEAG Power under the JEA PPA (other than the right to collect the Buyer's Additional Compensation Obligation), JEA agrees to (i) accept any such exercise of rights and remedies by the Trustee, the Collateral Agent or the Guarantor, as the case may be, and (ii) recognize the Trustee, the Collateral Agent or the Guarantor, as the case may be, as having all of the rights and remedies provided to MEAG Power under the JEA PPA (other than the right to collect the Buyer's Additional Compensation Obligation), including taking collection action on behalf of MEAG Power for any and all JEA PPA Payments owed to MEAG Power by JEA under the JEA PPA.

2.02 Opinion of Counsel. JEA shall, on the date hereof, deliver an opinion of counsel relating to the JEA PPA and this Agreement, reasonably satisfactory to the Collateral Agent, which opinion shall be substantially in the form attached hereto as Exhibit A.

SECTION 3: Representations and Warranties.

JEA hereby represents and warrants to the Collateral Agent as follows:

3.01 Due Organization. JEA represents and warrants that JEA is a body politic and corporate duly organized and validly existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida. JEA has the requisite power and authority to own and operate its business and properties and to carry on its business as such business is now being conducted and is duly qualified to do business in the State of Florida and in any other jurisdiction in which the transaction of its business makes such qualification necessary.

3.02 Authorization. JEA has full power and authority to execute and deliver this Agreement and to perform its obligations hereunder, and the execution, delivery and performance of this Agreement by JEA have been duly authorized by the necessary action on the part of JEA. This Agreement has been duly executed and delivered by JEA and is the valid and

binding obligation of JEA enforceable in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, moratorium or other laws affecting the rights of creditors generally and by general principles of equity.

3.03 Non-Contravention. The execution, delivery and performance of this Agreement by JEA and the consummation of the transactions contemplated hereby do not and will not contravene the organizational documents of JEA and do not and will not conflict with or result in a material breach of or default under any indenture, mortgage, lease, agreement, instrument, judgment, decree, order or ruling to which JEA is a party or by which it or any of its properties is bound or affected.

3.04 Approvals. There are no approvals or consents of governmental authorities or other Persons not yet obtained, the absence of which would materially impair JEA's ability to execute, deliver and perform its obligations under this Agreement.

3.05 No Previous Assignments. JEA (a) has received no written notice of any previous assignment by MEAG Power of all or any part of its rights under the JEA PPA and (b) has not consented to any previous assignment by MEAG Power of all or any part of its rights under the JEA PPA.

3.06 Sovereign Immunity. In any proceedings by the Guarantor or the Collateral Agent to enforce any of the obligations of JEA in connection with the JEA PPA, the defense of sovereign immunity is not available to JEA, except to the extent that any such proceeding seeks enforcement based on tort or similar claim and in such case such defense is available only to the extent set forth under Florida Statutes Section 768.28 or other similarly applicable provision of law, and, to the extent permitted by applicable law, JEA consents to the initiation of any such proceedings in any court of competent jurisdiction and agrees not to assert the defense of sovereign immunity in any such proceedings.

3.07 No Breach. JEA is not, or but for the passage of time or giving of notice or both will not be, in breach or default of any obligation under the JEA PPA or any other agreement or contract except for any such breach that could not reasonably be expected to have a material adverse effect on the completion or operation of the Project or on the performance by JEA of its obligations under the JEA PPA. All conditions precedent to the obligations of the respective parties under the JEA PPA have been satisfied or, where required, waived in writing by the applicable party thereto and disclosed to DOE. To JEA's knowledge, there exists no default by MEAG Power under the JEA PPA.

SECTION 4: Miscellaneous Provisions.

4.01 Governing Law; Submission to Jurisdiction.

(a) The validity, construction and performance of this Agreement shall be governed by and interpreted in accordance with the laws of the State of Georgia.

(b) The parties hereto agree to the non-exclusive jurisdiction of the United States District Court for the District of Columbia for any legal proceedings that may be brought by a

party hereto arising out of or in connection with this Agreement or for recognition or enforcement of any judgment. Each party hereto accepts, generally and unconditionally, the jurisdiction of the aforesaid court for legal proceedings arising out of or in connection with this Agreement. Each party hereto hereby waives any right to stay or dismiss any action or proceeding under or in connection with this Agreement brought before the foregoing court on the basis of forum non-conveniens or improper venue. For the avoidance of doubt, the parties hereto do not, by this Section 4.01, waive any first-to-file challenges to venue.

4.02 Waiver of Jury Trial. EACH PARTY HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT.

4.03 Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Delivery of an executed signature page of this Agreement by facsimile transmission, electronic transmission or portable document format shall be effective as delivery of a manually executed counterpart of the Agreement by such party.

4.04 Headings Descriptive. Section and subsection headings in this Agreement are included herein for convenience of reference only and shall not affect the construction of or interpretation of and shall not constitute a part of this Agreement for any other purpose or be given any substantive effect.

4.05 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall not invalidate the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

4.06 Amendments, Waivers. No amendment, modification or waiver of any of the provisions of this Agreement will be effective unless in writing (including a writing evidenced by a facsimile transmission) and signed by each of the parties hereto, and any waiver shall be a waiver only with respect to the specific instance involved and shall in no way impair the rights of the parties making such waiver or the obligations of the other parties to such party in any other respect or at any other time.

4.07 Remedies Cumulative. The rights and remedies of the parties under this Agreement are cumulative, not alternative, and are not exclusive of any rights or remedies provided by law.

4.08 Termination. This Agreement shall terminate upon the earlier of (the "Termination Date"): (i) the date on which the JEA PPA has expired in accordance with its terms and JEA has satisfied all of its executory obligations and (ii) receipt by the other parties hereto of notice from the Collateral Agent that the Debt Termination Date has occurred (which notice shall only be

given after DOE has notified the Collateral Agent of such occurrence). On the Termination Date, this Agreement shall be deemed terminated and each of the parties shall be released, relieved and discharged from any obligation or liability hereunder other than any obligations or liabilities accruing on or prior to the Termination Date.

4.09 Successors and Assigns.

(a) This Agreement may be assigned by the Collateral Agent with the prior written consent of JEA, which will not be unreasonably withheld, provided that no such consent shall be required in connection with any assignment of this Agreement by the Collateral Agent to any successor collateral agent or trustee in accordance with the Credit Facility Documents. Upon an assignment of this Agreement by the Collateral Agent, the assigning Collateral Agent will be released from its obligations hereunder, other than any obligations arising out of obligations owed to any party under this Agreement by the assigning Collateral Agent prior to its assignment of this Agreement.

(b) This Agreement may not be assigned by MEAG Power without the prior written consent of the Collateral Agent and JEA.

(c) This Agreement may not be assigned by JEA without the prior written consent of the Collateral Agent and MEAG Power.

4.10 Further Assurances. The parties hereto agree that each of them shall act in a commercially reasonable manner to take such further action and execute and deliver such additional documents and instruments (in recordable form, if reasonably requested) as the Collateral Agent may reasonably request to effectuate the purposes of this Agreement.

4.11 Entire Agreement. This Agreement constitutes the entire agreement and understanding of the parties with respect to its subject matter and supersedes all oral communication and prior writings with respect thereto.

4.12 Relationship of Parties. This Agreement is not intended to and does not create or establish between the parties any relationship as partners, joint venturers, employer and employee, master and servant, or principal and agent.

4.13 Notices. All notices, communications and approvals required or permitted to be given hereunder shall be in writing and shall be valid and sufficient if (a) delivered in person or dispatched by certified mail (return receipt requested), postage prepaid, in any post office in the United States or by any national overnight express mail services (return receipt requested) to the Person(s) and at the address(es) identified below for such Person(s); (b) delivered by facsimile directed to the Person(s) as listed below provided that the sender has received electronic or voice confirmation of the recipient's receipt of such transmission; or (c) delivered by electronic mail directed to the Person(s) as listed below provided that the tracking option on such electronic mail is enabled to provide both a delivery receipt and a read receipt from the addressee (i.e., the sender will receive a return acknowledgement that the electronic mail has been received and read by the addressee); provided, however, if such delivery receipt and read receipt are not received, the subject notice, communication or required approval shall not be deemed delivered. A party

may change its notice information set forth below by delivery of notice thereof to each other party in accordance with this Section 4.13.

Assumptions: DOE Closing is assumed to occur on 1/1/2015 with COD for Unit 3 and 4 on 1/1/2018 and 1/1/2019, respectively. Assumes proceeds received 1/1/2020 in amount of \$30 million. Monies not applied to reduce DOE Advances. JEA receives interest earnings on funds unapplied each year to offset interest expense paid each year, as a result true up calculations are computed on assumed principal that would have been reduced if funds were able to be applied to reduce debt service.

Assumptions: DOE Closing is assumed to occur on 1/1/2015 with COD for Unit 3 and 4 on 1/1/2018 and 1/1/2019, respectively. Public debt is assumed to be issued at par. Proceeds of original construction funding received after COD and applied to reduce DOE Advances in inverse order of maturity under the assumption that no DOE Notes are available to completely retire DOE Notes which would result in level debt service reduction.

Exhibit N - Adjustment for Buyback with Funds from Original Construction Proceeds - Unit 3

Actual Debt Service after retirement of \$50 million of DOE Advances from excess funding

Accrual Year	# of Years	Buyback of DOE Advances				Public Markets after reduction				DOE after reduction				Total Debt Service after reduction

Assumptions: DOE Closing is assumed to occur on 1/1/2015 with COD for Unit 3 and 4 on 1/1/2018 and 1/1/2019, respectively. Public debt is assumed to be issued at par. Proceeds of original construction funding received after COD and applied to reduce DOE Advances in inverse order of maturity under the assumption that no DOE Notes are available to completely retire DOE Notes which would result in level debt service reduction.

Exhibit N - Adjustment for Buyback with Funds from Original Construction Proceeds - Unit 4

Actual Debt Service after retirement of \$50 million of DOE Advances from excess funding																
		Buyback of DOE Advances				Public Markets after reduction				DOE after reduction				Total Debt Service after reduction

WHOLESALE POWER SALES AGREEMENT

This **WHOLESALE POWER SALES AGREEMENT**, dated as of November __, 2014 (together with permitted amendments hereto, the “*Agreement*”), is entered into by and between **MEAG POWER SPVJ, LLC**, a limited liability company organized and existing under the laws of the State of Georgia (the “*Seller*”), and **MUNICIPAL ELECTRIC AUTHORITY OF GEORGIA**, a public body corporate and politic, a public corporation and an instrumentality of the State of Georgia, created by that certain Act of the 1975 session of the General Assembly of the State of Georgia, compiled and published in Georgia Law 1975, p. 107, *et seq.*, codified at O.C.G.A. §§ 46-3-110 through 46-3-155, as the same heretofore has been or hereafter may be amended (the “*Purchaser*”). The Seller and the Purchaser are sometimes referred to in this Agreement individually as a “party” and collectively as the “parties.”

RECITALS

WHEREAS, the Seller is a wholly owned subsidiary of the Purchaser, formed for the sole purpose of, and whose business and activities are limited to, acquiring, constructing and owning the Project Undivided Interest (such term, and all other capitalized terms used in these recitals without definition, having the respective meanings ascribed thereto in Section 1 hereof); and

WHEREAS, pursuant to the Ownership Agreement, the Purchaser acquired a 22.7 percent undivided ownership interest in the properties, facilities and rights of the two Additional Units being constructed at Plant Vogtle in Burke County, Georgia (the “*Undivided Interest*”); and

WHEREAS, the Purchaser is (i) dividing the Undivided Interest and (ii) transferring 41.174636 percent of the Undivided Interest (the “*Project Undivided Interest*”) to the Seller, which equals a 9.3466423 percent undivided ownership interest in the properties, facilities and rights of the two Additional Units; and

WHEREAS, the Purchaser is assigning to the Seller the portion of its rights and obligations under the Project Agreements attributable to the Project Undivided Interest; and

WHEREAS, the Purchaser has issued and may issue Bonds payable from and secured by a pledge of the Bondholders’ Trust Estate and the Shared Trust Estate under the Bond Resolution to fund (i) Costs of Acquisition and Construction and Financing Costs incurred by the Purchaser prior to the transfer of the Project Undivided Interest to the Seller and (ii) future capital contributions of the Purchaser to the Seller; and

WHEREAS, pursuant to the Loan Documents, the U.S. Department of Energy (“*DOE*”) is issuing an irrevocable and unconditional guaranty, pledging the full faith and credit of the United States of America to the payment of the principal of and interest on loans to the Seller (the “*Guaranteed Loan*”) to be made by the Federal Financing Bank pursuant to Title XVII of the Energy Policy Act of 2005, as amended, and the regulations and solicitations promulgated thereunder by DOE; and

WHEREAS, the Seller is financing the completion of the Project through the proceeds of the Guaranteed Loan and the Purchaser’s capital contributions to the Seller; and

WHEREAS, the Seller desires and undertakes to sell the Output of the Project for the Term of this Agreement, and the Purchaser desires and undertakes to purchase such Output on the terms and conditions herein set forth;

NOW, THEREFORE, in consideration of the premises and the mutual undertakings herein contained, the Seller and the Purchaser hereby agree as follows:

1. DEFINITIONS. Capitalized terms used herein shall have the following meanings:

“Accounts Agreement” shall mean that certain Collateral Agency and Accounts Agreement to be entered into by and among DOE, the Collateral Agent and the Seller, as supplemented, amended or restated.

“Additional Units” shall mean the two 1,102 MW nominally rated additional nuclear units to be located at Plant Vogtle, in Burke County, Georgia, pursuant to the Development Agreement.

“Agreement” shall have the meaning set forth in the introductory paragraph of this Agreement.

“Ancillary Services” shall mean reactive supply and voltage support service (as defined by the Purchaser’s open access transmission tariff) and such other services the Additional Units may provide that are customarily characterized in the electric utility industry as ancillary services.

“Annual Budget” shall mean the budget prepared by the Seller and delivered to the Purchaser pursuant to Section 5.1 hereof, as such budget may be amended or revised from time to time.

“Billing Statement” shall mean a written statement prepared each calendar month by the Seller which shall be based on the Annual Budget and which shall show for such month the amount to be paid by the Purchaser in accordance with the provisions of Section 5.2 hereof.

“Bond Resolution” shall mean the Plant Vogtle Additional Units PPA Project Bond Resolution, adopted by the Purchaser on October 16, 2008 (as supplemented, modified or amended from time to time), as amended and restated by the Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution, adopted by the Purchaser on December 23, 2009 (as supplemented, modified or amended from time to time), as further amended and restated by the Second Amended and Restated Plant Vogtle Additional Units PPA Project Bond Resolution, adopted by the Purchaser on November __, 2014, as heretofore or hereafter supplemented, modified, amended or amended and restated from time to time.

“Bondholders’ Trust Estate” shall have the meaning ascribed to such term in the Bond Resolution.

“Bonds” shall mean the bonds, notes or other evidences of indebtedness issued by the Purchaser pursuant to or as permitted by the provisions of the Bond Resolution to finance or refinance the Costs of Acquisition and Construction and Financing Costs of the Project, including by the Purchaser’s contribution of capital to the Seller for application to the payment

of such costs, whether or not any issue of such bonds, notes or other evidences of indebtedness shall be subordinated as to payment to any other issue of such bonds, notes or other evidences of indebtedness, and shall include refunding Bonds issued pursuant to the provisions of the Power Sales Contracts.

“Capacity” shall mean that portion of the net electrical capacity in MW of the Additional Units corresponding to the Project Undivided Interest.

“Collateral Agent” shall mean PNC Bank, National Association, doing business as Midland Loan Services, a division of PNC Bank, National Association, as appointed pursuant to the Accounts Agreement.

“Commercial Operation” shall mean achieving “Commercial Operation” within the meaning of the Operating Agreement.

“Costs of Acquisition and Construction” shall have the meaning ascribed to such term in the Bond Resolution.

“Dalton” shall mean the City of Dalton, Georgia, an incorporated municipality in the State of Georgia acting by and through its Board of Water, Light and Sinking Fund Commissioners.

“Debt Service” shall mean, with respect to any period, payments of principal of and premium, if any, and interest on all debt issued by the Seller (including the Guaranteed Loan), including the amounts required by the Accounts Agreement to be paid during said period into any account or accounts established pursuant to, or fund or funds created by, the Accounts Agreement for the sole purpose of paying the principal of, and premium, if any, and interest on, and any other amounts due with respect to, the Guaranteed Loan.

“Delivery Point” shall have the meaning set forth in Section 6.1.

“Development Agreement” shall mean the Plant Vogtle Owners Agreement Authorizing Development, Construction, Licensing and Operation of Additional Generating Units by and among the Purchaser, OPC, GPC and Dalton, dated as of May 13, 2005, as heretofore or hereafter supplemented, amended or restated.

“DOE” shall have the meaning set forth in the Recitals to this Agreement.

“DOE Event of Default” shall have the meaning ascribed to the term “Event of Default” in the Loan Guarantee Agreement.

“Effective Date” shall have the meaning set forth in Section 10.

“Energy” shall mean that portion of the actual hourly net electric energy generated by the Additional Units corresponding to the Project Undivided Interest.

“Energy Output” shall mean the Capacity, Energy, and Ancillary Services actually generated by the Additional Units.

“Environmental Attributes” shall mean any and all credits, benefits, emissions reductions, environmental air quality credits, emission reduction credits, renewable energy credits, offsets, and allowances attributable to the generation, purchase, sale, or use of the Energy Output, including tags, certificates, credits, allowances, offsets, and similar products or rights attributable to the generation, purchase, sale, or use of the Energy Output that can be used to claim responsibility for, ownership of, or any avoidance or reduction of emissions or pollutants, including mercury, nitrogen oxide, sulfur oxide, carbon dioxide, carbon monoxide, particulate matter or similar pollutants or contaminants of air, water or soil, under any governmental, regulatory or voluntary program, including the United Nations Framework Convention on Climate Change and related Kyoto Protocol or other program.

“Fiduciaries” shall have the meaning ascribed to such term in the Bond Resolution.

“Financing Costs” shall have the meaning ascribed to such term in the Bond Resolution.

“Fuel” shall have the meaning ascribed to such term in the Bond Resolution.

“Guaranteed Loan” shall have the meaning set forth in the Recitals to this Agreement.

“GPC” shall mean Georgia Power Company, a corporation organized and existing under the laws of the State of Georgia.

“Initial Power Purchaser” shall mean JEA, a body politic and corporate organized and existing under the laws of the State of Florida and an independent agency of the City of Jacksonville, Florida.

“Initial PPA” shall mean that certain Power Purchase Agreement between the Purchaser and the Initial Power Purchaser, dated as of May 12, 2008, as heretofore or hereafter supplemented, amended or restated, including as amended and restated by the Amended and Restated Power Purchase Agreement between the Purchaser and the Initial Power Purchaser dated on or about the date hereof.

“Loan Documents” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“Loan Guarantee Agreement” shall mean that certain Loan Guarantee Agreement to be entered into by the Seller and DOE, in its capacity as guarantor of the Advances (as defined therein), as supplemented, amended or restated.

“Local Account” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“MW” shall mean megawatt.

“Nuclear Managing Board Agreement” shall mean the Second Amended and Restated Nuclear Managing Board Agreement by and among the Purchaser, OPC, GPC and Dalton, dated as of April 21, 2006, as heretofore or hereafter supplemented, amended or restated.

“O&M Costs” shall mean the costs and expenses for operation and maintenance of the Project, including ordinary repairs, renewals and replacements of the Project and all costs of purchasing, producing and delivering Output to the Delivery Point and payments into reserves for items of O&M Costs the payment of which is not immediately required, and shall include any expenses or obligations required to be paid in connection with the Project, by law or under or in connection with any contract related to the Project, all to the extent properly allocable to the Project; the fees and expenses of the Fiduciaries; and the fees and expenses of the Secured Parties incurred after Commercial Operation of the second Additional Unit to achieve Commercial Operation. O&M Costs shall not include any costs or expenses for new construction or any allowance for depreciation.

“OPC” shall mean Oglethorpe Power Corporation (an Electric Membership Corporation), an electric membership corporation organized and existing under the laws of the State of Georgia.

“Operating Agreement” shall mean the Plant Alvin W. Vogtle Nuclear Units Amended and Restated Operating Agreement by and among the Purchaser, OPC, GPC and Dalton, dated April 21, 2006, as heretofore or hereafter supplemented, amended or restated.

“Output” shall mean collectively the portion of Energy Output and any Environmental Attributes in each case corresponding or attributable to the Project Undivided Interest.

“Ownership Agreement” shall mean the Plant Alvin W. Vogtle Additional Units Ownership Participation Agreement by and among the Purchaser, OPC, GPC and Dalton, dated as of April 21, 2006, as heretofore or hereafter supplemented, amended or restated.

“Participant” shall mean each of the thirty-nine (39) participants of the Purchaser that are party to a Power Sales Contract.

“Payment Default” shall have the meaning set forth in Section 9.1.

“Performance Default” shall have the meaning set forth in Section 9.3.

“Person” shall mean an individual, partnership, limited liability company, corporation, business trust, joint stock company, trust, unincorporated association, joint venture, membership cooperative, governmental authority or other entity of whatever nature.

“Power Sales Contracts” shall mean each of those certain Plant Vogtle Additional Units PPA Power Sales Contracts, effective as of June 15, 2008, between the Purchaser and a Participant, each as heretofore or hereafter supplemented, amended and restated, including as amended and restated by the Amended and Restated Plant Vogtle Additional Units PPA Power Sales Contracts between the Purchaser and such Participants dated on or about the date hereof.

“Power Supply Year” shall have the meaning ascribed to such term in the Initial PPA and the Power Sales Contracts.

“Project” shall mean (1) the Project Undivided Interest and (2) working capital required by the Seller or the Purchaser with respect to the Project Undivided Interest during construction of the Additional Units and for the placing of the Additional Units in operation, and working capital for the Project Undivided Interest for operation of the Additional Units.

“Project Accounts” shall have the meaning ascribed to such term in the Accounts Agreement.

“Project Agreements” shall mean collectively the Development Agreement, the Nuclear Managing Board Agreement, the Operating Agreement, and the Ownership Agreement.

“Project Costs” shall have the meaning set forth in Section 3.4.

“Project Undivided Interest” shall have the meaning set forth in the Recitals to this Agreement.

“Prudent Utility Practice” shall mean at a particular time any of the practices, methods and acts engaged in or approved by a significant portion of the electric utility industry prior to such time, or any of the practices, methods and acts that, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at the lowest reasonable cost consistent with good business practices, reliability, safety and expedition. Prudent Utility Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to be a spectrum of possible practices, methods or acts having due regard for manufacturers’ warranties and the requirements of governmental agencies of competent jurisdiction.

“Purchaser” shall have the meaning set forth in the introductory paragraph of this Agreement.

“Purchaser’s O&M Costs” shall mean all O&M Costs other than Seller’s O&M Costs.

“Purchaser’s Revenue Fund” shall mean the Revenue Fund established under Section 502 of the Bond Resolution.

“Secured Obligation” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“Secured Party” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“Seller” shall have the meaning set forth in the introductory paragraph of this Agreement.

“Seller’s O&M Costs” shall mean all O&M Costs paid or incurred or to be paid or incurred by or on behalf of the Seller.

“Shared Collateral Accounts” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“Shared Trust Estate” shall have the meaning ascribed to such term in the Bond Resolution.

“Standstill Period” shall have the meaning ascribed to such term in the Loan Guarantee Agreement.

“Term” shall have the meaning set forth in Section 10.

“Trustee” shall have the meaning ascribed to such term in the Bond Resolution.

“Undivided Interest” shall have the meaning set forth in the Recitals to this Agreement.

“Uniform System of Accounts” shall mean the Uniform System of Accounts prescribed for Public Utilities and Licensees subject to the provisions of the Federal Power Act as set forth in 18 C.F.R. Part 101.

2. INTERPRETATION.

2.1 Rules of Construction. For all purposes of the this Agreement, unless otherwise indicated or required by the context:

(a) Headings. The table of contents, article and section headings and other captions have been inserted as a matter of convenience for the purpose of reference only and do not limit or affect the meaning of the terms and provisions thereof.

(b) Including. The words “include,” “includes” and “including” are not limiting and mean include, includes and including “without limitation” and “without limitation by specification.”

(c) Plurals and Gender. Defined terms in the singular shall include the plural and vice versa, and the masculine, feminine or neuter gender shall include all genders.

(d) Successors and Assigns. A reference to a Person includes its successors and permitted assigns.

(e) Articles, Sections, Exhibits. A reference in this Agreement to an Article, Section, Exhibit, Schedule, Annex or Appendix is to the Article, Section, Exhibit, Schedule, Annex or Appendix of this Agreement unless otherwise indicated.

(f) Hereof, Herein, Hereunder. The words “hereof,” “herein” and “hereunder” and words of similar import when used in this Agreement shall refer to the Agreement as a whole and not to any particular provision of this Agreement.

(g) Periods and Time. References to “days,” “weeks,” “months” and “years” shall mean calendar days, weeks, months and years, respectively. References to a period

of “days,” “weeks,” “months” and “years” shall mean consecutive days, weeks, months and years, respectively, and such period shall be deemed to begin on the day that the event to which the period relates first occurs. For purposes of computation of time periods, the word “from” means “from but not including” and the words “to” and “until” each mean “to and including”. References to a time of day shall mean such time in Washington, D.C.

(h) Change of Law. Each reference to a governmental rule or law includes any amendment, supplement or modification of such governmental rule or law, as the case may be, and all regulations, rulings and other governmental rules or laws promulgated thereunder.

(i) Use of Or. The word “or” is not exclusive.

(j) Attachments, Replacements, Amendments. References to any document, instrument or agreement (a) shall include all exhibits, schedules, annexes and appendices thereto, and all exhibits, schedules, annexes or appendices to any document shall be deemed incorporated by reference in such document, (b) shall include all documents, instruments or agreements issued or executed in replacement thereof, and (c) shall mean such document, instrument or agreement, or replacement thereto, as amended, modified and supplemented from time to time and in effect at any given time.

(k) Ambiguities. This Agreement is the result of negotiations among, and has been reviewed by each party hereto and their respective counsel. Accordingly, this Agreement shall be deemed to be the product of all parties hereto and no ambiguity shall be construed in favor of or against any Person.

(l) Continuing Definitions. With respect to any term that is defined by reference to any document, for purposes hereof, such term shall continue to have the definition given in such document notwithstanding any termination or expiration of such document.

(m) Terms Defined Elsewhere. Terms that are defined in the preamble, the recitals, or the Sections of this Agreement have the meanings ascribed to them therein.

(n) Accounting Terms. All accounting terms not specifically defined herein shall be construed in accordance with applicable accounting requirements.

(o) Certifications. Any certifications made or to be made by any natural person pursuant to or in connection with this Agreement shall be deemed to have been made or to be made in such person’s official, and not individual, capacity.

3. PURCHASE AND SALE OBLIGATION.

3.1 Purchase and Sale. The Seller shall sell and deliver to the Purchaser, and the Purchaser shall take and pay for or pay for, even if not available, delivered or taken, as provided for in Section 3.2, all Output. The Purchaser’s payment obligations under this Agreement shall commence on the date hereof and shall continue until all Project Costs are paid in full notwithstanding the occurrence of any event, or the taking of any action permitted by this Agreement, with respect to the Project, including any event or action described in Section 3.2. This Agreement, on the one hand, and the Initial PPA and the Power Sales Contracts, on the

other hand (during the respective periods that the Initial Power Purchaser and the Participants are entitled to the Output) are intended to be “back-to-back” power purchase agreements during the Term of this Agreement such that all of the Output shall be purchased by the Purchaser from the Seller pursuant to the terms and conditions of this Agreement and resold to the Initial Power Purchaser and the Participants pursuant to the terms and conditions of the Initial PPA and the Power Sales Contracts, respectively. For the avoidance of doubt and notwithstanding anything to the contrary herein, and to confirm the understanding of the parties, if the Initial Power Purchaser or the Participants, as applicable, has (or have) satisfied its (or their) respective payment and performance obligations under and in accordance with the Initial PPA or the Power Sales Contracts, as applicable, the Purchaser is required to purchase such Output from the Seller under and in accordance with this Agreement and as long as all the payment and performance obligations of the Purchaser to the Seller have been satisfied under this Agreement, the Seller is required to sell and provide such Output to the Purchaser and the Purchaser in turn is required to sell and provide such Output to the Initial Power Purchaser under the Initial PPA and to the Participants under the Power Sales Contracts, as allocated between the Initial Power Purchaser and the Participants as provided in the Initial PPA and Power Sales Contracts.

3.2 Purchaser’s Unconditional Obligation to Pay.

3.2.1 The Purchaser shall make all payments for all of the Project Costs pursuant to this Agreement in a timely manner, whether or not the Project Undivided Interest is completed or is operating or operable, and whether or not its Energy Output is suspended, interrupted, interfered with, reduced or curtailed or terminated in whole or in part, and such payments shall not be subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or non-performance by any party of any agreement for any cause whatsoever.

3.2.2 Section 3.2.1 shall not be construed to release the Seller from the performance of any of its obligations expressed in this Agreement or, except to the extent expressly provided in this Agreement, to prevent or restrict the Purchaser from asserting any rights that it may have against the Seller or any other Person under this Agreement, any other agreement, or any provision of law, or to prevent or restrict the Purchaser, at its own cost and expense, from prosecuting or defending any action or proceeding against or by third parties, or taking any other action to secure or protect its rights under this Agreement. For the avoidance of doubt, nothing in this Section 3.2.2 shall affect (i) the Purchaser’s obligation to take and pay for or pay for Output in accordance with Section 3.1 or (ii) the limitation on the Purchaser’s right to terminate this Agreement set forth in Section 9.2.

3.3 Purchaser Limited Recourse. Without otherwise limiting the Seller’s remedies upon the occurrence of a Payment Default (including suspension of service to the Purchaser and the sale of Output to any Person) or a Performance Default by the Purchaser, the Purchaser’s liability arising from or in connection with its payment obligations hereunder (including the payment of any judgments arising from a default hereunder) shall be limited to making the payments required hereunder from the Shared Trust Estate or the Bondholders’ Trust Estate in accordance with the Bond Resolution.

3.4 Project Costs. The term “*Project Costs*” shall include all costs and expenses paid or incurred or to be paid or incurred by the Seller (excluding costs and expenses funded

(i) with the proceeds of debt issued by the Seller, (ii) with capital contributions to the Seller made by the Purchaser (for the sake of clarity it is confirmed that payments under this Agreement are not to be construed as or considered capital contributions) or (iii) with amounts held in any funds or accounts established by the Seller or the Purchaser for the payment of such costs and expenses) with respect to the Project, including all costs and expenses resulting from obligations under the Project Agreements and the ownership, operation, maintenance, termination and retirement from service and decommissioning of, and repairs, renewals, replacements, additions, improvements, betterments and modifications to, the Project, all costs and expenses relating to the acquisition and sale of Output hereunder by the Seller, including the following items of cost:

(a) Debt Service;

(b) amounts which the Seller may be required to pay for the prevention or correction of any loss or damage to the Additional Units, or for renewals, replacements, repairs, additions, improvements, betterments, and modifications which are necessary, in accordance with Prudent Utility Practice, to keep such facilities in good operating condition or to prevent a loss of revenues therefrom;

(c) Seller's O&M Costs;

(d) all costs incurred or associated with the salvage, discontinuance, and disposition or sale of properties;

(e) all costs, settlements and expenses relating to claims asserted against the Seller or the Project;

(f) any additional cost or expense not specified in the other items of this definition imposed by any regulatory agency or which is paid or incurred by the Seller and which is not otherwise included in any of the costs specified herein;

(g) amounts required to be paid by the Seller under any contract to which it is a party not covered under any other clause of this definition, including amounts payable with respect to interest rate swaps, option contracts and hedging contracts;

(h) reserves the Seller shall determine to be necessary for the payment of those items of costs and expenses referred to in this definition to the extent not already included in any other clause of this definition;

(i) any additional amounts that the Seller is required to pay or deposit into any fund or account maintained under the Accounts Agreement; and

(j) any other cost or expense of the Seller relating or pertaining to the Project which is not otherwise specified herein.

For the avoidance of doubt and notwithstanding anything herein or in the Initial PPA or the Power Sales Contracts to the contrary, Project Costs must be related to the Project (including all amounts required to be paid by the Seller (whether to DOE, as operating expenses or otherwise) in the Loan Documents and all costs associated with the Guaranteed Loan).

4. PURCHASER PAYMENTS.

4.1 Flow of Funds. The Purchaser shall perform its payment obligations under Section 3 by making monthly payments from the Purchaser's Revenue Fund, and as otherwise provided in the Bond Resolution, to the Seller or the Collateral Agent for the Project Costs in accordance with each such month's Billing Statement, the Bond Resolution and the Accounts Agreement or to the Decommissioning Trust (as defined in the Loan Guarantee Agreement) for Project Costs with respect thereto.

5. BUDGET AND BILLING.

5.1 Annual Budget.

5.1.1 At least ninety (90) days before the beginning of each calendar year, the Seller shall prepare and provide to the Purchaser a proposed Annual Budget for the succeeding calendar year which provides for all Project Costs for such calendar year. Within thirty (30) days after receipt of the proposed Annual Budget, the Purchaser may submit to the Seller any matters or suggestions relating to such proposed Annual Budget that the Purchaser may care to present and the Purchaser shall submit to the Seller any matters or suggestions relating to Project Costs and such proposed Annual Budget that the Purchaser received from the Initial Power Purchaser or any Participant under with the Initial PPA or the Power Sales Contracts, as applicable, and the Seller shall give due consideration to said matters or suggestions. At its sole discretion and subject to the terms of this Agreement, the Seller shall then proceed with the consideration and adoption of such Annual Budget not less than thirty (30) nor more than forty-five (45) days prior to the beginning of such calendar year, and shall cause copies of such adopted Annual Budget to be delivered to the Purchaser; *provided, however,* that the Annual Budget for the first calendar year shall be prepared, considered, adopted and delivered in the most practicable manner available in the discretion of the Seller.

5.1.2 If at any time during a year it becomes apparent that the then current adopted Annual Budget no longer accurately reflects such Project Costs, the Seller may adopt an amended Annual Budget for and applicable to such calendar year for the remainder of such calendar year. The Seller shall prepare and submit to the Purchaser such amended Annual Budget at least thirty (30) days prior to the effective date of such amended Annual Budget. Within fifteen (15) days after receipt of the amended Annual Budget, the Purchaser may submit to the Seller any matters or suggestions relating to such amended Annual Budget that the Purchaser may care to present and the Purchaser shall submit to the Seller any matters or suggestions relating to Project Costs and such proposed Annual Budget that the Purchaser received from the Initial Power Purchaser or any Participant under with the Initial PPA or the Power Sales Contracts, as applicable, and the Seller shall give due consideration to said matters or suggestions. At its sole discretion and subject to the terms of this Agreement, the Seller shall then proceed with the consideration and adoption of such amended Annual Budget, and shall provide copies of such adopted amended Annual Budget to the Purchaser.

5.1.3 In addition to Section 5.1.1 of this Agreement, by April 1 of the year before each calendar year, the Seller shall prepare and submit to the Purchaser a reasonable best estimate under the circumstances of its Annual Budget from October 1 of the

year before that Power Supply Year to September 30 of the calendar year based on the Seller's current revenue requirements projections. Within thirty (30) days after receipt of such estimate, the Purchaser may submit to the Seller any matters or suggestions relating to such best estimate that the Purchaser may care to present and the Purchaser shall submit to the Seller any matters or suggestions relating to Project Costs and such proposed Annual Budget that the Purchaser received from the Initial Power Purchaser or any Participant under with the Initial PPA or the Power Sales Contracts, as applicable, and the Seller shall give due consideration to said matters or suggestions.

5.2 Monthly Billing Statements. The Seller shall prepare a Billing Statement each calendar month with respect to the succeeding calendar month and shall send such Billing Statement to the Purchaser on or prior to the tenth (10th) calendar day of that month. Such Billing Statement shall be based on the Annual Budget and shall be equal to the sum of (x) the Project Costs budgeted for such succeeding calendar month and (y) the difference, whether positive or negative, between (i) the actual Project Costs incurred by the Seller in the prior month and (ii) the budgeted Project Costs for the prior month to the extent paid by the Purchaser. The Purchaser shall pay each Billing Statement on or before the last business day of the month to which such Billing Statement relates.

5.3 Annual Adjustment of Billings. On or before 180 days after the end of each calendar year, the Seller shall submit to the Purchaser a detailed statement of the actual Project Costs for the prior calendar year. If on the basis of such statement the actual Project Costs for such year exceed the amount billed and paid by the Purchaser for such year, the Purchaser shall promptly pay to the Seller an amount equal to such excess. If on the basis of such statement the amount billed and paid by the Purchaser for such year exceeds the actual Project Costs for such year, then the Seller shall promptly pay to the Purchaser an amount equal to such excess; *provided, however*, that the Seller shall cause the Collateral Agent to fund such payment from the Project Accounts in accordance with the Accounts Agreement; *provided further, however*, that the sum of such disbursements shall not exceed the amount of the Seller's payment to the Purchaser.

5.4 Disputed Monthly Billing Statement. In case any portion of any Billing Statement received by the Purchaser from the Seller shall be the subject of a bona fide dispute, the Purchaser shall pay the Seller the full amount of such Billing Statement and, upon determination of the correct amount, the negative difference between such correct amount and such full amount, if any, will be credited to the Purchaser by the Seller after such determination. In the event any such Billing Statement is in dispute, the Seller will give consideration to such dispute and will advise the Purchaser with regard to the Seller's position relative thereto within 30 days following written notification by the Purchaser of such dispute.

6. DELIVERY POINT AND SCHEDULING.

6.1 Delivery Point. The point of delivery to the Purchaser of Capacity and Energy is the busbar of the Additional Units [at the point where each of the Additional Units interconnects to the Georgia Integrated Transmission System] (the "***Delivery Point***"). The Seller shall be responsible for the facilities and arrangements necessary to deliver Capacity and Energy to the Delivery Point. It is the obligation of the Purchaser to arrange for transmission of its Capacity and Energy from the Delivery Point. The Purchaser shall be responsible for the

facilities and arrangements necessary to take and use the Capacity and Energy beyond the Delivery Point.

6.2 Scheduling. The Purchaser acknowledges that GPC, acting in its capacity as agent for the Seller, or a replacement or successor agent, shall have sole authority for the scheduling of the operation and the dispatching of Output of each of the Additional Units.

7. RIGHTS OF ACCESS, RECORDS AND ACCOUNTS.

7.1 Rights of Access. Duly authorized representatives of either party hereto shall be permitted to enter the premises of the other party hereto at all reasonable times upon advance notice, to the extent necessary or appropriate in order to carry out the provisions hereof.

7.2 Accounting Records. The Seller shall keep accurate records and accounts in accordance with the Uniform System of Accounts. Promptly after the close of each fiscal year (and not later than 150 days after the end of each fiscal year), the Seller shall cause such records and accounts of all transactions of the Seller with respect to the Project for such fiscal year to be subject to an audit by a firm of independent certified public accountants experienced in electric utility accounting and possessing a national reputation in accounting and auditing. The Seller shall without delay provide a copy of each such annual audit, including all written comments and recommendations of such accountants, to the Purchaser.

7.3 Access to Books and Records.

7.3.1 The Purchaser shall at all times have reasonable access upon advance notice and during business hours to examine any and all of the books, records and supporting worksheets and data of the Seller as may be appropriate to determine the accuracy of any charges by the Seller or payments required to be made by the Purchaser to the Seller. If, after such examination of the Seller's records, there is still a dispute as to the accuracy of any charge and the Purchaser proceeds with mediation, arbitration or litigation, any requirements of confidentiality imposed by a mediator, arbitrator or court shall be applied.

7.3.2 The Purchaser shall at all times have such rights of access as shall be required to enable it to perform its obligations under the Initial PPA and the Power Sales Contracts, including Sections 308, 309 and 310 of the Initial PPA, but subject to the same limitations and restrictions contained therein.

8. ASSIGNMENTS.

8.1 General.

8.1.1 This Agreement shall be binding upon and inure to the benefit of the permitted successors and permitted assigns of the parties, except that this Agreement may not be assigned by either party unless (i) prior consent to such assignment is given in writing by the other party or (ii) the assignment is an Assignment for Security (as defined below). Any assignment made without a consent required hereunder shall be void and of no force or effect as against the non-consenting party.

8.1.2 No sale, assignment, transfer or other disposition permitted by this Agreement shall affect, release or discharge either party from its rights or obligations under this Agreement, except as may be expressly provided by this Agreement.

8.2 Assignment for Security.

8.2.1 Notwithstanding any other provision of this Agreement, the Seller, without the Purchaser's consent, may assign, transfer, mortgage or pledge its interest in this Agreement as security to the Collateral Agent to create a security interest for the benefit of the Secured Parties securing the Guaranteed Loan and the Secured Obligations, without limitation on the right of the Secured Parties to further assign this Agreement (an "**Assignment for Security**").

8.2.2 Except during a Standstill Period, after any Assignment for Security to a Secured Party, such Secured Party, without the approval of any party to this Agreement, may, if the party who made the Assignment for Security is in default of its obligations to the Secured Parties that are secured by such security interest, cause this Agreement to be sold, assigned, transferred or otherwise disposed of to a third party pursuant to the terms governing such Assignment for Security.

9. EVENTS OF DEFAULT AND REMEDIES.

9.1 Payment Default. If the Purchaser fails to make full payment to the Seller or the Collateral Agent when required to be made under the applicable provisions of this Agreement, and such failure continues for a period of ten (10) business days, the Seller may give or cause to be given written notice of payment default to the Purchaser. If the Purchaser does not, within ten (10) business days from the date of the receipt of such written notice of payment default, pay the full amount then due to the Seller or the Collateral Agent, then such failure shall constitute a "**Payment Default**" on the part of the Purchaser.

9.1.1 Except during a Standstill Period, upon a Payment Default, the Seller may suspend service to the Purchaser for all or any part of the period of continuing default and may, but is not obligated to, sell the Output to any Person. The Seller's right to suspend service shall not be exclusive, but in addition to all other remedies available to the Seller at law or in equity. No suspension of service under or termination of this Agreement or recovery of additional revenues from sales of Capacity, Energy, Ancillary Services and Environmental Attributes to any Person shall relieve the Purchaser of its obligations hereunder, which are absolute and unconditional. The Seller shall credit the obligations of the Purchaser during any suspension of service with the monies actually received by the Seller from sales of Capacity, Energy, Ancillary Services and Environmental Attributes that would have been available to the Purchaser.

9.1.2 The Seller may terminate this Agreement if a Payment Default shall have occurred and be continuing for a period of sixty (60) days; *provided, however*, that the Seller may not terminate this Agreement during a Standstill Period; *provided further, however*, that if any Secured Obligations are outstanding, the Seller may not terminate this Agreement without the prior written consent of DOE.

9.1.3 The Seller may commence such suits, actions or proceedings, at law or in equity, including suits for specific performance, as may be necessary or appropriate to enforce the obligations of the Purchaser under this Agreement.

9.2 Seller's Failure to Deliver. If the Seller fails to deliver Output for any reason, the Purchaser shall not be entitled to terminate this Agreement or to withhold payments required to be made pursuant to this Agreement; *provided, however*, that the Purchaser may commence such suits, actions or proceedings, at law or in equity, including mandamus, injunction and action for specific performance, as may be necessary or appropriate to enforce the obligations of the Seller under this Agreement.

9.3 Performance Default. If either party fails to comply with any of the terms, conditions and covenants of this Agreement (and such failure does not constitute a Payment Default by the Purchaser), the non-defaulting party shall give the defaulting party written notice of the default (a "***Performance Default***"). The defaulting party shall have a period of thirty (30) days after receipt of such notice to commence reasonable efforts to cure such Performance Default, and it shall have an additional thirty (30) days to cure such Performance Default. Thereafter, if such Performance Default is continuing, the non-defaulting party, subject to the provisions of Sections 3 and 9.5.1, shall have all of the rights and remedies provided at law and in equity, other than termination of this Agreement.

9.4 DOE Exercise of Remedies. Following the exercise by DOE of any remedy of foreclosure and a sale of the Project Undivided Interest, the Seller shall pay over to the Purchaser any proceeds received by the Seller from the sale of the Project Undivided Interest that are in excess of the amount necessary to fully pay all Secured Obligations and that are not required to be used to satisfy the Seller's obligations to any other Person.

9.5 Remedies.

9.5.1 No remedy conferred upon or reserved to the Seller or the Purchaser under this Agreement is intended to be exclusive of any other remedy or remedies available hereunder or now or hereafter existing and every such remedy shall be cumulative and shall be in addition to every other such remedy, provided that no Performance Default by the Seller shall permit the Purchaser to terminate this Agreement or relieve the Purchaser of its obligation to make payments pursuant to this Agreement, which obligation is absolute and unconditional.

9.5.2 No waiver by either party hereto of any one or more defaults by the other party hereto in the performance of any provision of this Agreement shall be construed as a waiver of any other default or defaults, whether of a like kind or different nature.

9.5.3 To the fullest extent permitted by law, neither party shall be liable to the other for any indirect, consequential, multiple or punitive damages.

9.5.4 The Purchaser shall take all appropriate actions to enforce its rights under the Initial PPA and the Power Sales Contracts, upon the occurrence and continuance of a default by the Initial Power Purchaser or any Participant under the Initial PPA and the Power Sales Contracts, respectively.

9.5.5 As to the Purchaser's remedy of specific performance hereunder, the Seller hereby acknowledges that the damages recoverable at law in the event of a default by the Seller will be difficult to ascertain and will not adequately compensate the Purchaser, and, therefore, specific performance is an appropriate remedy to enforce any covenant, agreement, or obligation of this Agreement against the Seller in the event of a default hereunder.

10. EFFECTIVENESS AND TERM. This Agreement is dated as of the date specified in the introductory paragraph and shall be fully binding and enforceable as of such date; *provided, however,* that, the terms and conditions hereof other than this Section 10 shall not be effective until the occurrence of the "Effective Date." The Effective Date shall occur automatically, without any further action, consent or agreement of the parties, on the date of issuance of the "DOE Guarantee" (as defined in the Loan Guarantee Agreement). This Agreement shall remain in effect until such time (a) as all of the Debt Service has been paid, or provision for payment shall have been made in accordance with the provisions thereof, (b) the Additional Units have been permanently shut down and are no longer capable of generating Energy Output, and (c) all obligations with respect to the decommissioning of the Additional Units have been satisfied, or provision for satisfaction of such obligations shall have been made (the "*Term*").

11. AMENDMENTS, ENTIRE AGREEMENT AND COUNTERPARTS.

11.1 Amendments. This Agreement may be amended by agreement between the Seller and the Purchaser, but no such amendment to this Agreement shall be effective unless it is in writing, executed by both parties and, during the Term of the Initial PPA (as such term is defined therein), so long as an event of default by the Initial Power Purchaser is not continuing under the Initial PPA, approved by the Initial Power Purchaser and, if any Secured Obligations remain outstanding, approved by DOE.

11.2 Entire Agreement. This Agreement constitutes the entire agreement between the parties hereto relating to the subject matter contemplated by this Agreement and supersedes all prior agreements, whether oral or written.

11.3 Counterparts. This Agreement may be executed in multiple counterparts to be construed as one.

12. SEVERABILITY. If any part, term, or provision of this Agreement is held by a court of competent jurisdiction to be unenforceable, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular part, term, or provision held to be unenforceable.

13. GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF GEORGIA.

14. MISCELLANEOUS.

14.1 Indemnification. The Purchaser shall indemnify and hold the Seller harmless from and against any and all losses, costs, liabilities, damages and expenses (including

attorneys' fees and expenses) of any kind incurred or suffered by the Seller pursuant to, as a result of or in connection with any resale by the Seller of any Output or in the exercise of the Seller's rights under Section 9.1.1, except for losses, costs, liabilities, damages and expenses (including attorneys' fees and expenses) incurred or suffered by the Seller as a proximate cause of any action of the Seller that is not consistent with Prudent Utility Practice or is a breach of this Agreement.

14.2 Third Party Beneficiaries. Except for each Participant and the Initial Power Purchaser (all of which are, and are intended to be, express third party beneficiaries of this Agreement, the provisions of which are for the benefit of, and are enforceable by, each such Participant and the Initial Power Purchaser), no third party is an intended third-party beneficiary of this Agreement.

14.3 Immunity. In any proceedings in connection with this Agreement, the Purchaser covenants and agrees that it shall not exercise its right to claim for itself or any of its assets immunity from suit, execution, attachment or other legal processes.

15. PERMITTED BUSINESS. The Seller shall not engage in any business or activities other than acquiring, financing, designing, developing, constructing, owning, operating, maintaining, improving, terminating, retiring and decommissioning the Project, and without limiting any of the foregoing, the Seller shall not change the nature of its business.

16. NOTICES. All notices, requests, or statements provided for, required or permitted by this Agreement shall be sufficient for any and all purposes under this Agreement when transmitted by facsimile, first class United States mail, hand delivery, or a private express delivery service to the facsimile numbers or addresses provided below. Any party (which, for purposes of this sentence, shall include the Initial Power Purchaser) shall have the right to change its facsimile number or address to any other facsimile number or address by giving prior written notice to the other parties in the manner set forth above. All notices of breach or default by one party to the other party under this Agreement as well as copies of the proposed Annual Budget and amendments thereto and matters or suggestions with respect thereto provided by one party to the other party under this Agreement shall, during the Term of the Initial PPA (as such term is defined therein), be accompanied with simultaneous copy to the Initial Power Purchaser; *provided, however*, that any failure to comply with the provisions of this sentence shall not affect the Purchaser's or the Seller's obligations hereunder, which obligations are absolute and unconditional, except as expressly otherwise provided herein.

Re: Amended and Restated Power Purchase Agreement

Dear Mr. Fuller:

This firm and the undersigned represent the interests of JEA. JEA and the Municipal Electric Authority of Georgia (“MEAG”) are parties to an Amended and Restated Power Purchase Agreement (“PPA”) relating to Plant Vogtle Units 3 & 4. JEA previously informed MEAG that it does not wish to proceed with the last and only nuclear project under construction in the United States, or with the PPA, for reasons that we have previously discussed.

The events giving rise to JEA’s decision were unforeseen by JEA, and in the context of the entire transaction, they destroy JEA’s underlying reasons for entering into and performing the PPA. In fact, when JEA entered into the Amended PPA, the Vogtle Units 3 & 4 were supposed to have been operational and providing JEA with power more than a year ago. At present, even under the most optimistic forecasts, JEA is forced to continue making monthly payments for a generation facility that remains years away from producing power, at best. The value of the PPA has been eviscerated from JEA’s point of view, frustrating the essential purpose of the contract, and operating as a discharge of JEA’s continued performance thereunder.

JEA trusts that MEAG will agree that the purpose of the PPA is frustrated by these “unforeseen” events. A common view between us on this point would obviate the necessity to address MEAG’s implied covenant of good faith and fair dealing, whether MEAG’s actions breach the contract or the implied covenants associated therewith, whether MEAG’s conduct is consistent with “Prudent Utility Practices,” or to consider MEAG’s internal and external communications concerning Plant Vogtle. JEA justifiably relied on representations from MEAG including assurances that MEAG would not elevate its interests, or the interests of its participating

members, above JEA's interests (PPA §1014). It is unclear what MEAG knew at the time it was negotiating the Amended PPA with JEA, or what the MEAG board had been informed of prior to recommending that the project be restarted despite the previously undisclosed and only recently revealed additional \$500 million increase in the difference between the additional expense to complete Vogtle Units 3 & 4 versus the cost of abandoning the project. MEAG's decision to proceed with construction is contrary not only to the interests of JEA and its constituents, but also to the interests of MEAG's own constituents and their ratepayers. We hope to avoid any further harm to JEA caused by the unforeseen circumstances that now exist, which give rise to an urgent obligation on the part of JEA to represent the interests of its ratepayers.

In light of the foregoing and MEAG's public enthusiasm for the project, we propose that MEAG and JEA mutually agree to end the JEA's involvement with the PPA, and that MEAG or its designee be substituted for JEA. JEA will relinquish its claims and the right to recover the monies already extracted from it, but its further performance under the PPA is excused due to frustration. If this offer to substitute MEAG or its designee for JEA is accepted in principle and in writing to the undersigned within ten (10) business days from the date of this letter, then JEA will prepare definitive documentation and mutual releases.

Sincerely,

HOLLAND & KNIGHT LLP

**Re: Demand for Adequate Assurance of Performance Under
Amended and Restated Power Purchase Agreement dated
as of December 31, 2014 (the "Agreement")**

Dear Paul:

I write in connection with the parties' ongoing discussions about the completion of Plant Vogtle Units 3 and 4 (the "Project"). As you know, on September 29, 2017, counsel for JEA wrote to the Municipal Electric Authority of Georgia ("MEAG Power"), declaring that JEA does not wish to proceed with the Project, explaining JEA's view that there has been a material breach of the Agreement thereby relieving JEA of its obligations under the Agreement, and asking that JEA be absolved of its obligations under the Agreement except for "monies already extracted." Our counsel responded on October 9, 2017, explaining, among other things, that the Agreement remains wholly enforceable and reminding JEA of its contractual obligations. Those letters were followed up by an in-person meeting between you and me on November 13, 2017, in which this dispute was discussed. To date, we have not received a communication from JEA retracting its September 29, 2017 letter. Additionally, we understand through a variety of public sources that JEA's Board of Directors is pursuing a sale of its assets. See, e.g., *The Future of JEA: Opportunities and Considerations*, Public Financial Management (Feb. 14, 2018).

Because the letter from JEA and the proposed sale of JEA threaten to breach the Agreement, MEAG Power is compelled to demand that JEA provide it with written assurance that JEA will continue to fully perform its obligations under the Agreement.

JEA

Attention: Paul E. McElroy, CEO & Managing Director

Page 2

Accordingly, pursuant to Section 11-2-609 of the Georgia Code, as well as to the Agreement, MEAG Power hereby demands that JEA provide it with written adequate assurances as follows:

First: That JEA will take all Output (as defined in the Agreement) made available to it under the Agreement.

Second: That JEA will use all Output in strict compliance with the terms of the Agreement.

Third: That JEA will make all payments to MEAG Power as and when required by the terms of the Agreement.

Fourth: That JEA will cooperate with MEAG Power as required by the Agreement in connection with the financing of Plant Vogtle Units 3 and 4.

Fifth: That JEA rescinds its September 29, 2017 letter.

Sixth: That JEA will not take any actions in connection with its sale of its electric utility assets which will breach its obligations under the Agreement, including but not limited to, limitations on assignment (Sections 1001, 305, and 306).

Seventh: That JEA will, in all other ways, act in strict compliance with the terms of the Agreement.

The written assurances demanded above must be received by MEAG Power no later than March 10, 2018. MEAG Power will be prepared to proceed immediately to enforce its rights under the Agreement and under applicable law should JEA not provide the requested assurances.

MEAG Power reserves all of its rights and remedies under the Agreement, and at law and in equity.

We look forward to receiving JEA's assurances on or before March 10, 2018.

Sincerely,

James E. Fuller

Re: Amended and Restated Power Purchase Agreement Between
MEAG and JEA – *Plant Vogtle Additional Units PPA*
Project (Project J)

Dear Mr. Fuller:

It was nice to briefly meet you at the LPPC event in Asheville recently. I regret that we did not speak at length. The meeting took place very early in my tenure as interim CEO of JEA. I was still working to understand the history of interactions between MEAG and JEA in order to provide better context to our long standing corporate relationship and in specific our relationship related to Plant Vogtle. I wish our first substantive interaction was under better circumstances. As you are aware, JEA and Municipal Electric Authority of Georgia (“MEAG”) are parties to an Amended and Restated Power Purchase Agreement (“PPA”) relating to Plant Vogtle Units 3 & 4 (“Additional Units”). After my thorough review of all relevant documents and correspondence it is readily apparent that MEAG and JEA have a starkly different understanding of our joint business and legal relationship as well as the fundamental viability of the Additional Units at Plant Vogtle.

The addition of these Additional Units at Plant Vogtle is the only remaining nuclear project under construction in the United States. Industry experts, analysts and the Georgia Public Service Commission’s own staff have all concluded that continued construction and operation of these nuclear facilities is no longer economically feasible. The most recent report by Georgia Power of an additional **\$2.3 Billion** cost overrun, just a few short months after the project owners proclaimed confidence in the cost-to-completion estimates provided in testimony before the Georgia PSC, underscores what JEA, the experts and

Mr. James E. Fuller
Page 2 of 4
August 17, 2018

analysts concluded long ago. To summarize, in 2008 the project was expected to be a \$9.5 billion project with a guaranteed maximum price ("GMP") of \$14.5 billion and an expected service date of 2016. The GMP was in effect until Westinghouse's bankruptcy in March 2017, just over a year ago, and now the project budget stands at \$27.5 billion with a questionable service date of 2021. At a number of points in the past year, JEA has requested, without success, that MEAG take action to safeguard the financial interests of JEA, MEAG's constituent's and Power South. Regardless of our past differences of opinion about whether the project should be abandoned, it now is beyond reasonable debate that prudent utility practices and the interests of ratepayers require that MEAG and the other owners of the Additional Units vote no on continuing construction of the Additional Units.

Based upon MEAG's EMMA filing dated August 8, 2018, "the holders of at least 90% of the ownership interests in Vogtle Units 3&4 must vote to continue construction. The co-owners are expected to conduct these votes in the third quarter of 2018, and each of GPC, OPC and MEAG Power, acting through the Vogtle Units 3&4 Project Entities, will have to affirmatively vote to continue construction. If the co-owners vote to move forward, they will also approve a revised project budget." As you evaluate this decision on whether to proceed with construction of these two economically obsolete Additional Units, please note it is JEA's position that continuation would violate MEAG's obligations and common law duties owed to JEA, other participants and ratepayers. Any vote to continue this project ignores well-documented facts and is contrary not only to the interests of JEA and its constituents, but also to the interests of MEAG's own constituents and their ratepayers. Furthermore, I trust MEAG, MEAG's Board members and you as MEAG's Chief Executive Officer will use good business judgement when deciding how to proceed and/or vote as you, collectively and individually, stand as the fiduciaries of JEA's capital vis-a-vis our PPA relationship and MEAG's ability to solely direct the project.

A decision to continue cannot be justified on any rational basis. The latest cost overruns add an estimated \$10 Million annual PPA expense to JEA's ratepayers that can be replaced at a fraction of the cost for power that may never be produced. Continuing to saddle ratepayers with more debt for a project that will be subsidized by the government or the project's owners for years to come if it ever achieves COD, or worse, a project that will have to be abandoned before completion after even greater sums are invested, is inconsistent with prudent utility practices.

When JEA entered into the PPA, it justifiably relied on representations from MEAG including assurances that MEAG would not elevate its interests, or the interests of its participating members, above JEA's interests. (PPA §1014). It is not in JEA's interests for construction of the Additional Units to continue. JEA trusts that MEAG will run appropriate economic models and analysis with the

latest cost projections and come to the same conclusion as JEA. Attached is a third-party independent economic analysis that was prepared for JEA in September of 2017. The latest cost projections confirm the conclusions of this analysis and make the case even stronger for a “no vote” on continuing construction. JEA requests a copy of all MEAG analyses and models during the last two years, including current analyses in light of the recently announced cost overruns.

If MEAG and 90% of the ownership interest affirmatively vote to continue with the construction of these Additional Units, JEA will demand that MEAG work cooperatively to address the changed circumstances on behalf of JEA’s ratepayers and develop a commercially reasonable solution. Some of the ideas that should be explored are an assignment, either partial or in whole, of the PPA to MEAG, MEAG cities or other interested party, reevaluation of the payment schedule based upon longer useful life cycle of the Additional Units (60 years instead of 40 years) and modifications to the PPA that would provide parity to JEA with other participating members. Any solution must provide for more equitable treatment of JEA as compared to the MEAG city members.

JEA has, in the past, requested a significant amount of documentation, financial data and project audit information only to be rebuffed by MEAG staff and been told that JEA had been provided with all relevant information. Please take specific notice to the audit rights and cooperation provisions of the PPA (§310 and §1015). JEA respectfully requests the following project related documents be made available for review: all project documents, including, but not limited to, all correspondence, financial reports, analysis, projection forecasts, models and a copy of MEAG’s Directors and Officers (D&O) liability insurance policy that includes the limits of available coverage. This request includes all project documents, minutes, agenda items and presentations provided to the MEAG Board or to the other Project participants – Project M, Project J – 39 Participants and Project P.

For all of the foregoing reasons, JEA demands MEAG vote not to continue the project. If MEAG votes to continue this project over JEA’s objections, MEAG will have failed to meet its obligations under the PPA. In that event, this letter constitutes (1) written notice to MEAG pursuant to §310 of the PPA, of JEA’s demand to examine the records of MEAG beginning promptly, and (2) a demand by JEA for and immediate meeting with MEAG to discuss terms for JEA’s exit from the PPA and substitution of MEAG or its designee for JEA. If MEAG refuses to immediately produce all of the documents requested from it by JEA, and refuses to meet with and reach a commercial solution with JEA, JEA reserves the right to pursue all of the remedies available to it under the law and the applicable agreements.

Mr. James E. Fuller
Page 4 of 4
August 17, 2018

Please provide response to this letter within five business days of receipt and indicate MEAG's: (1) position on continuing construction of the Plant Vogtle Additional Units; (2) process and timeline on the vote to continue the project; (3) willingness to work with JEA to find a commercial solution in the event of a vote to continue; (4) intention to comply with its obligations under the PPA to provide the requested documentation; and (5) proposed management plans and internal procedures MEAG intends to employ in light of its fiduciary obligations to JEA and ratepayers.

Sincerely,

Aaron Zahn, Interim Managing Director and CEO

DRAFT – 9/12/17

CONFIDENTIAL EXECUTIVE SUMMARY

Independent Economic Analysis: Cost Comparison of Vogtle 3&4 Costs Under JEA's Power Purchase Agreement vs. Alternative Generation Resources

Bottom-Line

Navigant evaluated the economics from JEA's perspective of construction activities at Vogtle 3&4 being terminated on January 1, 2018 ("No Go" scenario) relative to completion of the plant using the latest cost-to-complete estimate ("Go" scenario). Based on this preliminary evaluation:

- Under the cases evaluated thus far, cancellation of Vogtle 3&4 is less costly to JEA than completing the facility. The savings to JEA under the No Go scenario range from \$345 million to \$727 million (2017 present value).
- The No Go scenario is 15% to 32% less expensive in terms of JEA's cost per MWh (based on levelized nominal costs over 20 years). The projected levelized JEA cost for the Vogtle 3&4 capacity and energy in the Go scenario – including all costs incurred to date for Vogtle 3&4 (the Sunk Costs), all costs to complete the project, and reducing the cost by expected payments from the Toshiba settlement (the Toshiba Payments) – is \$119/MWh, while the projected JEA levelized cost for an equivalent amount of capacity and energy under the No Go scenario – including Sunk Costs and the Toshiba Payments – ranges from \$81 to \$101/MWh.

The "Go" analysis is based on the revised P80 schedule and cost-to-complete estimates for Vogtle 3&4 provided by MEAG. For a variety of reasons, the project has not met prior cost and schedule estimates.¹

Background

JEA has a 20-year, long-term off-take power purchase agreement (PPA) with the Municipal Electric Authority of Georgia (MEAG) for 206 MW of the electric output from Vogtle 3&4 over the first 20 years of the plants' operation. Under the PPA, JEA pays a share of the Vogtle 3&4 capital and operating costs during this period. Following the bankruptcy of Westinghouse Electric Company, the EPC contractor for Vogtle 3&4, JEA and other stakeholders (including Georgia Power Company (GPC) and MEAG) have been evaluating the expected cost of completion of Vogtle 3&4.

JEA, through its counsel, Gibson Dunn & Crutcher, retained Navigant to undertake an evaluation of JEA's expected costs assuming completion of Vogtle 3&4 as compared to alternative options for the supply of an equivalent amount of power. Navigant has completed a preliminary analysis. This Executive Summary describes the analytical assumptions, the sources of data relied upon and the preliminary results. The Navigant analysis covers the period from 2018 through 2042 (the end of the 20-year PPA in

¹ The revised overnight cost-to-complete Vogtle 3&4 is approximately twice the original estimate, and the revised construction schedule is approximately twice as long.

the P80 case). Other than for the assumed cost of replacement power in the No Go scenario, Navigant has largely relied on projected Vogtle 3&4 capital and operating costs provided by MEAG to JEA.

Scenarios Examined

"Go" Scenario Vogtle 3&4 are completed and placed in service in January 2022 and January 2023, respectively, at a total incremental cost to complete of \$9.6 billion (including 100% of all parties' obligations). This is in addition to the more than \$15 billion of Sunk Costs (including interest through the in-service date) already incurred on the Vogtle 3&4 project. This is the "P80" scenario, which represents a 29-month delay in Vogtle 3&4 in-service dates from the prior (January 2017) estimate. MEAG provided JEA with the additional costs that JEA would incur under this P80 cost to complete, net of the expected proceeds from the Toshiba settlement. The P80 cost-to-complete was combined with the MEAG projection of JEA costs under the January 2017 Vogtle cost estimate to yield the total capital revenue requirement, including all Sunk Costs.

"No Go" Scenario The No Go Scenario assumes that construction activities at Vogtle 3&4 are terminated on January 1, 2018. MEAG provided JEA with a projection of the annual debt service for the recovery of Vogtle 3&4 capital that JEA would incur under this scenario for all Sunk Costs incurred prior to the halt of construction, including expected payments from the Toshiba settlement that would be prepaid to the Department of Energy (DOE) under the Loan Guarantee Agreement, and an estimated \$732 million lump sum true-up payment that JEA would receive from MEAG in 2035 to reflect overpayment by JEA during the term of the PPA, due primarily to prepayment of the DOE loan using expected payments from the Toshiba settlement.

Analysis – Results and Observations

The analytical results are summarized in Table 1, which shows the Present Value (PV) of the JEA revenue requirements under the Go and No Go scenarios, as well as the Levelized Nominal \$/MWh of all costs, including Sunk Costs.² The first panel focuses on Vogtle 3&4 capital, operating and associated costs. The second panel focuses on replacement power costs under the No Go Scenario under various sensitivity cases, which are added to the Sunk Costs to provide the total cost for the No Go Scenario. The bottom panel summarizes the total present value of the Go vs. No Go case under the various replacement power sensitivity cases.

² An inflation rate of 2% is assumed. The discount rate applied is 4%, equivalent to JEA's debt rate. The levelized MWh is the cost in nominal dollars per MWh of the Vogtle 3&4 capacity and energy or its replacement, including all Sunk Costs. See Table for the equivalent cost in levelized 2017 real (i.e., net of inflation) dollars per MWh.

Table 1: JEA Revenue Requirement under the Go and No Go Scenarios

	PV (2017 M\$)			Level Nominal \$/MWh		
	Go	No Go	Change	Go	No Go	Change

NCI Base Florida JEA	\$2,257	\$1,824	(\$433)	\$119	\$96	(\$23)
NCI Base, Florida JEA, NYMEX Hedge	\$2,257	\$1,698	(\$559)	\$119	\$89	(\$29)
NCI Base F-Class Toll, Florida JEA, NYMEX Hedge	\$2,257	\$1,695	(\$562)	\$119	\$89	(\$30)

Each category in Table 1 is explained in further detail below:

Vogtle Capital Cost, net of Toshiba Settlement As shown, there is an estimated \$747 million savings to JEA in the No Go case in capital cost recovery if Vogtle 3&4 is cancelled, using the capital and Toshiba settlement assumptions provided by MEAG discussed above.³

Vogtle Operating Costs In the Go scenario, JEA is projected to pay Vogtle operating costs (O&M, fuel and capital additions) of \$853 million (present value), or about \$45/MWh levelized (nominal\$).⁴ These costs are avoided in the No Go scenario. Again, these are based on assumptions provided by MEAG.

Termination Costs In the No Go scenario, MEAG estimated JEA would incur termination costs of \$32 million (present value) if Vogtle 3&4's construction activities are terminated on January 1, 2018. These costs would not be incurred in the Go scenario.

The above categories total to a positive benefit to JEA for the No Go Scenario, before consideration of replacement power, of \$1,568 million (present value), or \$83/MWh levelized (nominal\$).

Replacement Power Costs In the No Go scenario, JEA would need to replace the 206 MW of power provided by Vogtle 3&4 over the 20-year term of the PPA. Navigant examined a range of cases as described below. The key components of the replacement power cost forecast are natural gas prices; the heat rate for market purchases, and capacity prices. As shown, these forecasts yield a preliminary estimated cost for Vogtle 3&4 replacement power (capacity and energy) of between \$44 and \$64/MWh levelized (nominal\$).

³ Using some simplifying assumptions, the Toshiba Settlement is estimated to have reduced the JEA share of the Vogtle capital cost in the Go Scenario by \$267 million (present value), or about \$14/MWh (nominal\$), including the impact on capitalized interest on new debt. A similar settlement amount is reflected in the No Go Scenario.

⁴ For purposes of this analysis, the projected Vogtle operating costs estimated by GPC and provided to JEA by MEAG in January 2017 for Vogtle 3&4 in-service years of 2019/2020 were simply shifted two years later. These costs conservatively were not escalated for two years of inflation from the original estimate. Updated MEAG forecasts using the P80 forecast are under development by MEAG and may modify these figures.

1. Market Case. Replacement power costs are projected based upon recent purchase power offers to JEA for energy and capacity, with energy prices increasing at 1% above inflation and capacity prices increasing at inflation in the out years. This yields a levelized cost for capacity and energy of \$44/MWh over the 2022-2042 period.
2. Navigant Base Case (Georgia Market Prices). Replacement power costs are based on Navigant's forecast for natural gas, capacity, and energy market prices in Georgia, yielding a levelized cost for capacity and energy of \$64/MWh over the 2022-2042 period.
3. Navigant Base Case Alternative (FRCC Market Prices). Replacement power cost are based on Navigant's forecast for natural gas, capacity, and energy market prices in the FRCC yielding a levelized cost for capacity and energy of \$60/MWh over the 2022-2042 period.
4. NYMEX Gas Price Hedge + FRCC Market Prices. This forecast is based on gas prices hedged against the NYMEX index through 2029, reverting to Navigant's FRCC market price forecast thereafter. This yields a levelized cost for capacity and energy of \$53/MWh over the 2022-2042 period. The use of a hedge against the NYMEX index reduces gas prices, and creates a lower forecast cost for replacement power, but in practice the hedge may not be available for that length of time.⁵
5. NYMEX Gas Price Hedge + Tolling Agreement for New Combined Cycle Plant + FRCC Market Prices. This forecast is based on gas prices hedged against the NYMEX index through 2029, reverting to Navigant's FRCC forecast thereafter, with the market heat rate based on a new combined-cycle plant, yielding a \$53/MWh cost over the 2022-2042 period.

Preliminary Findings

- Across all of the replacement power sensitivity cases, cancellation of Vogtle 3&4 is less costly to JEA than completion of the facility. The present value of savings under the No Go scenario ranges from \$345 million to \$727 million.
- As compared to a forecasted all-in levelized cost under the Go scenario, the No Go scenario is 15% to 32% less expensive in terms of levelized nominal \$/MWh. The forecasted levelized cost under the Go scenario, including all Sunk Costs and the cost to complete, offset by the Toshiba Payments, is \$119/MWh (nominal\$). The forecasted levelized costs under No Go scenario range, including all Sunk Costs, from \$81 to \$101/MWh (nominal\$).
- A Production Tax Credit (PTC) may apply to the Vogtle 3&4 plants if supporting legislation is enacted to extend the date in which Vogtle 3&4 must be in service to qualify for the credit and JEA is able to recover the tax credits with respect to the tax-exempt MEAG Project J.⁶ If so, the JEA costs in the Go Scenario would decrease by \$85 million (present value), or about \$4.5/MWh (nominal\$), which would still result in the cancellation of Vogtle 3&4 being significantly less costly to JEA.
- Even these differences understate what a fully risk-adjusted analysis may indicate. Based on the history of the Vogtle 3&4 project, there are potential risks associated with completing the project. In particular, the Go scenario does not account for risks such as:

⁵ To address this issue, 75% of the gas is assumed to be hedged through 2023, declining to 50% for 2025-2029.

⁶ The credit for MEAG Project J would be \$18/MWh for the first 8-years of Vogtle 3&4 operation, and the MEAG Project J share would be split 50/50 between JEA and MEAG. The PTC would not apply in the No Go scenario.

- o Further cost increases or construction delays for the first-of-its-kind Vogtle 3&4 beyond those incorporated in the P80 case.
 - o Availability of the PTC and ability to recover the tax credits for MEAG Project J
 - o NRC approvals/inspections/costs/time for first-of-a-kind NRC inspection and approval process
- There also are risks around the replacement power forecast in the No Go scenario. While the No Go scenario eliminates the significant construction/cost risk related to Vogtle, there is some uncertainty around the replacement power forecasts which are driven by gas prices over the 20-year period, environmental regulations, future technological advancement, and potentially carbon prices.

Additional Calculations

Table 1a below is a duplicate of Table 1, but also includes Levelized \$2017/MWh.

Table 1a: JEA Revenue Requirement under the Go and No Go Scenarios including Level 2017 and Level Nominal \$/MWh

**COMPLAINT FOR DECLARATORY JUDGMENT
AND BREACH OF CONTRACT**

This lawsuit arises from a Power Purchase Agreement (“PPA”) that supports the ongoing construction of Units 3 and 4 (the “Additional Units”) of the Alvin W. Vogtle Electric Generating Plant in Waynesboro, Georgia (“Plant Vogtle”), which has been undertaken by four power providers in Georgia: Plaintiff Municipal Electric Authority of Georgia (“MEAG Power”), the Georgia Power Company (“Georgia Power”), Oglethorpe Power Corporation (“Oglethorpe”) and the City of Dalton, Georgia (“Dalton”) (collectively, the “Co-Owners”). MEAG Power’s ownership is structured as three separate projects: one to sell power to the municipalities it serves (“Project M”); one to sell to PowerSouth Energy Cooperative (“Project P”); and a third to sell power to Defendant Jacksonville Energy Authority (“JEA”) (“Project J”). Sales to PowerSouth and JEA are each governed by a Power Purchase Agreement (“PPA”).

Certain recent disclosures of unanticipated costs by Georgia Power have triggered a vote among the Co-Owners as to whether to continue the construction of the Additional units or cease construction. That vote is scheduled for September 24, 2018.

JEA has demanded that MEAG Power vote to discontinue construction, although MEAG Power has duties to PowerSouth and to its participant cities and cannot base its vote solely on

JEA's perceived interests. Despite the fact that there has been no vote yet and not all the facts are known, JEA has indicated a clear intent to breach its contract, abandon its obligations, undermine MEAG Power's ability to perform, and attempt to force MEAG Power's hand in the vote. JEA has already commenced taking actions designed to undermine and disrupt MEAG Power's internal process and the Co-Owner vote, and to force termination of construction of the Additional Units. In correspondence with MEAG Power, JEA has clearly stated that it believes the PPA is unenforceable and it intends to immediately exit the PPA.

In addition to casting doubt on the Project J PPA, JEA's actions are breach of its contractual obligations under the PPA, both because they breach JEA's duty to cooperate with MEAG and because they effectuate an anticipatory repudiation of the contract. MEAG Power therefore respectfully asks the Court for declaratory judgment as to the rights and obligations of the parties and injunctive relief preventing further such breaches.

Without such relief, MEAG Power and the 49 Georgia communities who participate in MEAG Power projects face serious and irreparable injury, including, potentially: the inability to finance and complete construction of Vogtle Units 3 and 4, declaration of payment default as to loans backed by the U.S. Department of Energy ("DOE"), an increase of expense in financing, and diminishment of and severe harm to MEAG Power's access to credit.

PARTIES, JURISDICTION AND VENUE

1. Plaintiff MEAG Power is a public corporation and instrumentality of the state of Georgia. MEAG Power was created by the Georgia General Assembly in 1975 to acquire or construct, and to operate and maintain, electric generation and transmission facilities. MEAG Power's headquarters are located at 1470 Riveredge Parkway NW, Atlanta, Georgia 30328. MEAG Power's projects benefit 49 communities in Georgia, which are called "Participants." The Participants are the cities of Acworth, Adel, Albany, Barnesville, Blakely, Brinson, Buford, Cairo,

Calhoun, Camilla, Cartersville, College Park, Commerce, Covington, Crisp County, Doerun, Douglas, East Point, Elberton, Ellaville, Fairburn, Fitzgerald, Forsyth, Fort Valley, Grantville, Griffin, Hogansville, Jackson, LaFayette, LaGrange, Lawrenceville, Mansfield, Marietta, Monroe, Monticello, Moultrie, Newnan, Norcross, Oxford, Palmetto, Quitman, Sandersville, Sylvania, Sylvester, Thomaston, Thomasville, Washington, West Point, Whigham, and Crisp County. These Participants encompass a service area population of 634,000 Georgia citizens. Each Participant is a Georgia resident.

2. JEA is a publicly-owned electric, water, and wastewater (sewer) utility and an independent agency of the City of Jacksonville, Florida. By service population, JEA is the eighth (8th) largest municipal utility in the United States. JEA's principal place of business located in Jacksonville, Florida. Each member or participant in JEA is a Florida resident.

3. This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. § 1332(a)(1). Plaintiff MEAG Power and Defendant JEA are citizens of different states and the amount in controversy exceeds the jurisdictional minimum of \$75,000.

4. This Court also has jurisdiction under 28 U.S.C. § 2201 (Declaratory Judgment Act).

5. Venue in this District is appropriate because JEA subjected itself to the jurisdiction of this Court by executing the contract at issue, the Power Purchase Agreement between Municipal Electric Authority of Georgia as Seller and JEA as Buyer, as amended and restated on December 31, 2014 (the "PPA"), wherein the parties agreed that:

Each party irrevocably submits to the jurisdiction and venue of the Superior Court of Fulton County, Georgia and the U.S. District Court for the Northern District of Georgia in any dispute arising out of or related to this Agreement, and hereby irrevocably agrees that all claims in respect of such dispute may be heard and determined in the Superior Court of Fulton County, Georgia and the U.S. District Court for the Northern District of Georgia.

PPA § 1003. (The PPA is attached as Exhibit A.) The parties further agreed that “the Superior Court of Fulton County, Georgia or the U.S. District Court for the Northern District of Georgia” are “the sole legally binding forums available to the Parties for resolution of a dispute hereunder.” PPA § 801. Those two courts therefore have exclusive jurisdictions for these claims.

FACTUAL BACKGROUND

MEAG Power’s Reliance on JEA Power Purchase Agreement

6. MEAG Power is a partial owner of Units 1 and 2 of Plant Vogtle, along with Georgia Power, Oglethorpe, Dalton. Construction for those original two units was completed in 1989. The construction of those units was significantly over budget and delayed, but today those units are MEAG Power’s lowest-cost base load generation assets.¹

7. As a Co-Owner, MEAG Power had a right to participate in up to 22.7% ownership interest for the construction of two more nuclear units at Plant Vogtle—the Additional Units, dubbed Units 3 and 4.

8. In 2007, when the Co-Owners were deciding whether to pursue construction of Units 3 and 4, MEAG Power determined that its Participants would need only about 9% of the Project by the time the two units would come on line, rather than the entire 22.7% share that MEAG Power was entitled to take.

9. Although MEAG Power anticipated that the output of Units 3 and 4 in 2017 would be surplus to the Participants’ near-term needs, it was and is duty-bound to efficiently manage its electric supply for decades into the future. MEAG Power anticipated the planned retirement of MEAG Power’s existing nuclear units (two Plant Hatch units in years 2034 and 2037) and its

¹ “Base load” is the minimum level of demand on an electrical grid over a span of time, for example, one week. Base load power sources are power stations which can economically generate the electrical power needed to satisfy this minimum demand.

Participants' anticipated growing needs in the coming decades, as well as adhering to the cardinal principal of having diversified power generation resources. In order to provide for interim costs while making the power available to its Participants in the future, MEAG Power pursued long term, PPAs with other entities (sometimes referred to as "offtakers") to cover construction costs and the first twenty years of operation. These "hell-or-high-water" contracts specifically provide that the buyer has no right, under any circumstances, to abandon the contract or be relieved of its contractual obligations.

10. The PPAs sought by MEAG Power were designed to commit the offtakers to pay for all of the costs related to their share of power, which they would receive for the timeframe when most of MEAG Power's Participants did not need the Vogtle Units 3 and 4 output. Thereafter, upon the expiration of the offtakers' specified timeframe for taking power, certain Participants would take the power going forward and pay for it.

11. By structuring its potential ownership interest in Units 3 and 4 this way, MEAG Power could take more of an ownership share of Units 3 and 4 than its Participants needed in the relative short term by shifting the cost and benefit of power from Units 3 and 4 to other purchasers until a time when MEAG Power's Participants were anticipated to be in need of a new supply of carbon-free and reliable power.

12. MEAG Power undertook a competitive bidding process to select the offtakers, making clear that only those bidders who agreed to hell-or-high-water contracts would be accepted. After a competitive bidding process, the two winning bidders were JEA and PowerSouth.

13. Thereafter, MEAG Power and JEA (and separately, MEAG Power and PowerSouth) engaged in lengthy contract negotiations, which involved MEAG Power disclosing

to JEA extensive information, including but not limited to all the pertinent contracts between the Co-Owners pertinent to the construction, management, and operation of Units 3 and 4.

14. The result of those negotiations was that on May 12, 2008, JEA executed the PPA, committing JEA to pay for 100% of its respective project total annual costs, inclusive of all debt service (principal and interest) and all variable costs for the first 20 years of the Project. (PowerSouth also executed a PPA on May 12, 2008, which terms are substantially similar to the JEA PPA. PowerSouth has consistently maintained its support for the construction of the Additional Units.)

15. It was only after MEAG Power obtained JEA's and PowerSouth's agreement to be irreversibly obligated for the obligations of their shares of the Project that MEAG Power agreed to proceed with committing to the other Plant Vogtle Co-Owners that MEAG Power would, in fact, take 22.7% of the total output of Units 3 and 4. That is, MEAG Power expressly relied on the contractual commitments of JEA and PowerSouth when agreeing to proceed with a 22.7% commitment of Units 3 and 4. Had either JEA or PowerSouth not agreed to be obligated for their shares in hell-or-high-water contracts, committing them to pay, for example, for the cost of construction even if Units 3 and 4 never produced electricity, MEAG Power would not have agreed to a 22.7% share and instead would have taken a far smaller share.

16. Upon obtaining the commitments of JEA and PowerSouth, and further determining the commitments of its own Participants in the first 20 years and thereafter, MEAG Power divided its undivided ownership interest in the Project into three wholly-owned, special purpose limited liability subsidiaries dubbed "Project M" (representing a 33.871% ownership interest or 169.458 MW of nominally rated generating capacity), "Project J" (representing a 41.175% ownership interest, or 206.000 MW of nominally rated generating capacity), and "Project P" (representing a

24.955% ownership interest, representing 124.850 MW of nominally rated generating capacity).

JEA's rights and obligations under the PPA relate to Project J.²

17. The final ownership structure of the Project is depicted below:

² PowerSouth's power purchase agreement rights and obligations pertain to Project P; and certain MEAG Power Participants have rights and obligations with respect to Project M.

**Contracted Sales of
Output of the Vogtle Units 3&4 Projects ***
(all data are approximations)

JEA's Unconditional Obligations Under the PPA

18. The PPA requires, in relevant part, that for twenty (20) years, JEA make payments due for all debt service (inclusive of the principal of and interest on each series of bonds and applicable DOE-guaranteed loans), as well as all variable costs related to the Project, whether or not the project is completed, is operating or operable or its output is suspended, interrupted, interfered with, reduced, curtailed or terminated in whole or in part. *See* PPA Article II generally.

19. The PPA provides specifically that

[JEA] shall pay its Obligation Share of Plant Vogtle Additional Units PPA Project Annual Costs whether or not the PPA Project Entity's Ownership Interest is completed or is operating or operable, and whether or not its Output is suspended, interrupted, interfered with, reduced or curtailed or terminated in whole or in part, and such payments shall not be subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or non-performance by any party of any agreement for any cause whatsoever.

PPA § 204(g).

20. JEA's unconditional commitment is reflected in the Recitals to the PPA, wherein the parties acknowledged that

MEAG [Power] desires to sell the Output . . . of the Plant Vogtle Additional Units PPA Project for the Term of this Agreement, and [JEA] desires to purchase such Output **predicated upon the understanding that the sale of the Output by MEAG [Power] to [JEA] will require [JEA] to assume a proportionate share of the related construction risk.**

PPA Recitals (emphasis added).

21. In order to fund Project J, the PPA authorizes MEAG Power to, among other things, issue bonds and seek and draw upon DOE loans. *See* PPA Article IV generally. For the first 20 years of debt service, the security for Project J bonds and DOE loans is dependent on the payment

obligations owed by JEA under the PPA.³ That is, if JEA were to do anything to undermine or restrict that security, additional needed bonds and loans would become much more difficult and expensive to obtain. To obviate such an occurrence, the PPA provides that

This Agreement, on which purchasers of PPA Bonds and DOE shall have relied as an inducement to purchase and hold the PPA Bonds and to guarantee the DOE Guaranteed Loan, respectively, shall not be amended, modified, or otherwise altered in any manner except as provided in this Agreement. So long as any of the PPA Bonds or the DOE Secured Obligations are outstanding or until adequate provisions for the payment thereof have been made in accordance with the provisions of the PPA Project Bond Resolution and the DOE Loan Documents, respectively, and no undisbursed commitments remain available under the DOE Loan Documents, this Agreement shall not be amended, modified, or otherwise altered in any manner that will (i) reduce the payments pledged as security for the Debt Service on all the PPA Bonds and as security for the DOE Secured Obligations or extend the time of such payments provided herein, . . . , or (iii) in any manner impair or adversely affect the rights of the owners from time to time of the PPA Bonds or the rights of the DOE Secured Parties pursuant to the DOE Loan Documents.

PPA § 103(b).

22. The PPA further provides that “this Agreement shall not be terminated by either Party under any circumstances.”⁴ PPA § 103(a).

23. JEA also expressly acknowledged that Georgia Power had “sole authority and responsibility for the planning, licensing, design, construction, acquisition, completion, start up, commissioning, renewal, addition, replacement, modification, and decommissioning” of the Project, as well as “sole responsibility for the management, control, operation and maintenance” of the Project. PPA § 601. While the four Co-Owners amended their agreement in 2017 to provide for votes to continue or halt construction under certain conditions, MEAG Power expressly

³ JEA’s payment obligations extend only through the first twenty years of operation. PPA § 102.

⁴ Section 103 was conditioned solely on the issuance of a DOE Loan Guarantee Agreement, which occurred.

disavowed “any responsibility” and any liability for those matters that fall within “the authority and responsibility” of Georgia Power. *Id.* JEA agreed that “any failure” by Georgia Power to comply with its obligations or otherwise perform, “in whole or in part, shall not excuse [JEA’s] performance under this Agreement.” *Id.*

24. Under the PPA, MEAG Power is obligated to “fully and timely comply with its obligations under and in connection with,” among other things, “the DOE Loan Guarantee Agreement and the other DOE Loan Documents, including payment of all costs and compliance with all financial obligations in such documents.” PPA § 1017.

25. Finally, the PPA requires that MEAG Power and JEA “**shall cooperate with each other** and with each other’s employees and agents by taking all actions necessary to fully effectuate the intent of this Agreement.” PPA § 1015 (emphasis added).

JEA’s Commitments Were Repeatedly Affirmed by JEA in a Bond Validation in the Superior Court of Fulton County

26. In order to raise funds to pay for, among other things, MEAG Power’s acquisition, construction and operation of electric generating assets, MEAG Power is expressly authorized by the Georgia Code to issue revenue bonds. O.C.G.A. § 46-3-126(11); O.C.G.A. § 46-3-131. The issuance of such bonds is subject to a validation proceeding in the Superior Court of Fulton County. Such proceedings were had in connection with financing raised for Project J in matters styled *State of Georgia v. Municipal Electric Authority of Georgia*, Civil Action No. 2008CV159297 (validating the issuance of Project J Bonds in the aggregate principal amount of \$6,010,140,000), *State of Georgia v. Municipal Electric Authority of Georgia*, Civil Action No. 2009CV179503 (validating a DOE guarantee loan), and *State of Georgia v. Municipal Electric Authority of Georgia*, Civil Action No. 2010CV259189 (validating additional funding for Project J and the December 31, 2014 amended and restated PPA).

27. In these validation proceedings, MEAG Power filed a complaint in which the obligations of JEA under the PPA, as amended and revised, were explained (and the PPA itself was attached), and JEA filed an answer in which JEA admitted to the full and unconditional enforceability of the PPA, as amended and revised. The court, upon this record, validated the bonds and the underlying contracts.

History of the Additional Units Construction Project

28. The original contractor for the Project was Westinghouse Electric Co. LLC, which executed a lump sum Engineering, Procurement, and Construction contract for the Project (the “EPC Contract”). Toshiba Corporation, the parent of Westinghouse, executed a guaranty worth as much as \$3.68 billion, backing Westinghouse’s performance of the EPC Contract.

29. On March 29, 2017, Westinghouse and certain affiliates filed for Chapter 11 bankruptcy and on July 20, 2017, Westinghouse was authorized to reject the EPC Contract. Georgia Power, as agent for the Co-Owners and who had sole decision-making responsibility with respect to the Project, on the basis of extensive cost-to-complete and cost-of-cancellation analyses, concluded in August 2017 that it was reasonable and prudent to complete the Project, and that the cost to complete would be less than the cost of cancellation. Using Georgia Power’s data on the cost to complete, MEAG Power undertook its own system-level analysis. The conclusion of that analysis was consistent with Georgia Power’s decision to complete the Project. In summer 2017, MEAG Power shared these analyses, as well as all other Project-based information to which it had access, with JEA.

30. On September 28, 2017, MEAG Power received an additional commitment from the DOE with respect to additional financing for each of its three Vogtle Projects, including the Additional Units.

31. In December 2017, Toshiba honored its guaranty of the EPC Contract and paid to the Co-Owners the entirety of the Toshiba Parent Guaranty, totaling \$3.68 billion, reducing the total cost of the Project to the Co-Owners.

32. In January 2018, the Georgia Public Service Commission (“PSC”), after five months of proceedings that involved the intervention of scores of entities (including JEA and MEAG Power), extensive briefing and written testimony, and days of oral testimony and cross examination of and by the parties, the intervenors, and the public, approved Georgia Power’s decision to complete the Project in light of the Westinghouse bankruptcy, notwithstanding the delays and increased costs.

**The Co-Owners Re-Negotiated Their Agreement
to Provide for Cancellation by Vote**

33. In November 2017, the four Co-Owners amended their agreement. Georgia Power would continue to oversee all aspects of construction, with the other Co-Owners exercising a simple yes-or-no vote as to continued construction in the event of certain triggering events, including certain budget overages. An affirmative vote of 90% or more of the ownership interests (in practice, all Co-Owners other than Dalton) would be required to continue construction.

34. In August 2018, Georgia Power announced that the budget for the Project would need to be revised upward by over \$2 billion, triggering such a vote on continuation. If the Co-Owners vote to proceed with construction of the Project, MEAG Power will need to raise additional financing to pay for its share of the construction costs related to Project J (as well as the other MEAG projects).

**JEA's Disavowal of the Project
and Its Acts to Undermine MEAG Power's
Relationship With DOE, Others**

35. In November 2017, JEA's Board of Directors discussed the prospect of selling JEA's assets to a private firm. JEA commissioned a study of such a possible sale. In a report dated February 14, 2018, that study concluded that such a sale "could produce substantial up-front net proceeds to" the City of Jacksonville, and ended with a recommendation that Jacksonville's leaders "evaluate and weigh" the possibility, through "an updated valuation of JEA" and "perhaps an exploratory sale process."

36. In late 2017 and early 2018, JEA indicated to MEAG Power that it was in favor of discontinuing the project. JEA wrote to MEAG Power in February 2018 that "it is not in the best interests of JEA's ratepayers for the construction of the last and only US nuclear project to continue and for JEA to continue to be bound by the terms of the PPA." The letter ended threatening legal action if a resolution could not be achieved in a February 27, 2018 meeting. Shortly thereafter, however, JEA reaffirmed that it would meet its obligations under the PPA.

37. Upon the disclosure by Georgia Power of additional project costs in mid-2018, JEA renewed its objections to the Project. In a letter to MEAG Power dated August 17, 2018, JEA's Interim Managing Director and CEO, Aaron Zahn, stated that it was "JEA's position that continuation [of the Project] would violate MEAG's obligations and common law duties owed to JEA," that the case for terminating the Project was "even stronger" than in the fall of 2017, and that "JEA demands MEAG vote not to continue the project."

38. MEAG Power responded in a letter dated August 24, 2018. MEAG Power reassured JEA that it would take JEA's input on the continuation vote; informed JEA that it was "still in the process of obtaining the necessary data" to complete its analysis of the economics of

continuation versus cancellation; asked JEA for a copy of the analysis that JEA had independent commissioned in 2017; reaffirmed that it would make no adverse distinctions between JEA, PowerSouth, and the Participants in discharging its responsibilities; confirmed that it had taken all actions available to it to protect all its constituents, including the off-takers; offered to share information as to estimations of the cost of continuing; and stated MEAG Power's willingness to work with JEA to find a solution, while noting that MEAG Power lacked authority to enter into any arrangement that would increase cost or risk for itself or its Participants.

39. MEAG Power also noted, however, that JEA's demand that MEAG Power vote for cancellation was, in effect, "a demand that we breach our Loan Guarantee Agreements with DOE which would be an event of default under the Loan Guarantee Agreements and would give DOE the option to accelerate all of our DOE debt, which would lead to a cross-acceleration of the bonds issued under our Bond Resolutions related to Project J, Project P and Project M." MEAG Power also warned that JEA's taking that position publicly "could have very deleterious effects," including a domino effect that could profoundly injure PowerSouth, the MEAG Participants, Georgia Power, Oglethorpe, and the City of Dalton.

40. On September 5, 2018, JEA communicated its position to DOE representatives regarding its strong desire for the Project to be terminated and construction.

41. On September 7, 2018, DOE sent MEAG Power a letter stating that DOE would "evaluate the impact of JEA's recent statements on MEAG's existing DOE-guaranteed indebtedness within the context of the provisions of the existing loan guarantee agreement with MEAG, and likewise would evaluate the impact of JEA's actions on additional indebtedness."

42. JEA's actions have already had their intended effect: to interfere with and destabilize MEAG Power's access to credit in order to force MEAG Power's hand in the upcoming vote.

COUNT ONE
DECLARATORY JUDGMENT: THE PPA IS ENFORCEABLE

43. MEAG Power restates and incorporates by reference those allegations set forth in paragraphs 1 through 42 above, as if set forth fully herein.

44. MEAG Power is entitled to a declaratory judgment, pursuant to 28 U.S.C. § 2201(a), that the PPA is valid and fully enforceable against JEA.

45. The contract is in all respects valid.

46. JEA has waived, and is estopped from claiming, any defect in the PPA or its formation, or that it is not enforceable in any respect. JEA performed under the PPA for years and never intimated that it was not enforceable. As recently as March 2018 it reaffirmed that it would continue to perform under the PPA. Additionally, the adjudication of the the validity of the PPA in bond validation proceedings was and is conclusive and binding, O.C.G.A. § 46-3-132, and JEA is estopped for that reason as well.

47. MEAG Power is an interested party because its own investments (which are those of its Participants) in the Vogtle Plant project depend in part on JEA fulfilling its contractual obligations to, among other things, make all payments required under Project J.

48. There is actual doubt as to JEA's performance of its obligations under the PPA. On August 17, 2018, JEA's CEO announced an intent, if MEAG Power does not vote to terminate the Project, to "exit the PPA." JEA argued in its letter that a vote to continue would be a failure on MEAG Power's part "to meet its obligations under the PPA."

49. JEA's position and its declaration that it will not abide by the terms of the contract create an imminent threat, because the Co-Owners' vote is scheduled to be held on September 24, 2018.

50. A substantial, justiciable and actual controversy exists between MEAG Power and JEA, and MEAG Power's contractual rights in the PPA are threatened and uncertain, because JEA has expressed doubt about the continued enforceability of the PPA.

51. Because JEA has threatened to ignore its obligations under the contract, MEAG Power's interests are at risk if JEA does not perform under the contract. JEA's actions in denying the enforceability of the PPA have already created uncertainty in MEAG's ability to fulfill its own obligations under the PPA, as well as uncertainty in determining whether to proceed or cancel the Vogtle Project. MEAG has been forced to expend money, time, and attention to deal with that uncertainty. The controversy between the parties is substantial, justiciable, and actual. MEAG Power is entitled to declaratory relief and direction from the Court that MEAG Power has performed under the PPA, that no Co-Owner vote by MEAG Power would be a breach of the contract, and that the entirety of the PPA continues to be fully enforceable against JEA, and will continue to be regardless of the vote.

COUNT TWO
BREACH OF CONTRACT: DUTY TO COOPERATE

52. MEAG Power restates and incorporates by reference those allegations set forth in paragraphs 1 through 51 above, as if set forth fully herein.

53. Section 1015 of the PPA requires that "[t]he Parties **shall cooperate with each other** and with each other's employees and agents by taking all actions necessary to fully effectuate the intent of this Agreement" (emphasis added).

54. The intent of the PPA, as manifested by the explicit language agreed to by the parties, included that MEAG Power would use DOE loans to finance the Project, and that it should “fully and timely comply with its obligations under . . . the DOE Loan Guarantee Agreement and the other DOE Loan Documents, including payment of all costs and compliance with all financial obligations in such documents.” PPA §§101, 1017.

55. The intent of the PPA was also that MEAG Power would “not make any adverse distinction in connection with discharging its responsibilities” as between JEA, PowerSouth, and the Participant cities.”

56. JEA’s actions are already hindering MEAG Power’s ability to carry out those obligations by interfering with its ability to continue to borrow under the DOE program. An inherent aspect of the PPA is that MEAG Power must be able to access capital markets and other sources of funding in order to satisfy its obligations under the PPA and the Co-Owners’ agreements.

57. JEA’s threats to imminently “exit” the PPA, and to take legal action to avoid its obligations under the PPA, hinder MEAG Power’s ability to effectuate the intent of the PPA by depriving it of access to sources funding, as well as hindering MEAG Power’s ability to fully and timely comply with the terms of its DOE loans. Such threats, by introducing instability, uncertainty, and risk, are a failure to cooperate, regardless of whether the threat is carried out.

58. JEA’s actions also hinder MEAG Power’s ability to discharge its responsibilities without adverse distinctions among its contractual counterparties. Indeed, the entire thrust of JEA’s recent actions is to attempt to force MEAG Power to *only* take into account JEA’s desires and interests and ignore the interests of PowerSouth and the Participant cities.

59. JEA’s actions violate its duties under Section 1015.

60. JEA's actions in failing to cooperate in fulfilling the intent of the PPA have already created uncertainty in MEAG's ability to fulfill its own obligations under the PPA, as well as uncertainty in determining whether to proceed or cancel the Vogtle Project. MEAG has been forced to expend money, time, and attention to deal with that uncertainty. If allowed to continue, JEA's actions will cause MEAG Power and its constituents grave, immediate, and irreparable harm that could not be adequately remedied by damages, including, but not limited to, loss of access to credit that is needed in a timely fashion for MEAG Power to avoid defaulting or otherwise breaching its own contractual and statutory duties.

61. MEAG Power is therefore entitled to declaratory relief stating that JEA's actions are in breach of the PPA, as well as a specific performance order requiring JEA to cooperate with MEAG Power in effectuating the intent of the contract. The remedy of specific performance is contemplated by the contract, as discussed in more detail below.

COUNT THREE: SPECIFIC PERFORMANCE

62. MEAG Power restates and incorporates by reference those allegations set forth in paragraphs 1 through 61 above, as if set forth fully herein.

63. MEAG Power is entitled to seek specific performance to remedy JEA's breaching conduct.

64. Under Georgia law, "[s]pecific performance of a contract, if within the power of the party, will be decreed, generally, whenever the damages recoverable at law would not be an adequate compensation for nonperformance." O.C.G.A. § 23-2-130. Here, damages would not be adequate to compensate MEAG Power for JEA's threatened nonperformance. The Plant Vogtle Project is a vast, years-long nuclear power project funded by complex, interlocking investments and commitments. The nature of the business requires MEAG Power not only to receive timely

payments from contractually-committed offtakers like JEA, but to depend on those buyers' full support and continued participation while raising funds in the market in the future. If JEA were allowed to exit the project, notwithstanding the hell-or-high-water contract that it signed, funding for Project J may fail or become difficult to obtain. This would affect the completion of the Project and thereby potentially cause harm to PowerSouth, the MEAG Participant cities, Georgia Power, Oglethorpe, and Dalton, as well as MEAG Power itself.

65. Furthermore, specific performance is an appropriate remedy regardless of whether the breach is viewed under the UCC or under Georgia common law. O.C.G.A. § 11-1-103 (“Unless displaced by the particular provisions of this title [the UCC], the principles of law and equity . . . shall supplement its provisions.”); *Jay Cty. Rural Elec. Membership Corp. v. Wabash Valley Power Ass'n, Inc.*, 692 N.E.2d 905, 913 (Ind. Ct. App. 1998) (noting that “under certain circumstances, specific performance on behalf of the seller has been permitted [under the UCC], as where payment was to be made in a particular manner, and the remedy at law was inadequate”) (quoting *Central Illinois Public Service Co. v. Consolidated Coal Co.*, 527 F.Supp. 58, 65 (C.D. Ill. 1981), and 67 Am.Jur.2d § 556)).

66. Finally, the parties explicitly contemplated specific performance as an appropriate remedy when drafting the PPA. Section 501 of the PPA states that MEAG may seek specific performance in the event of non-payment or “failure to comply with any other covenant, agreement, representation, warranty or obligation of this Agreement.” Thus, the remedy of specific performance is not prohibited by, and indeed is expressly contemplated by, the PPA.

67. MEAG Power thus asks that this Court order specific performance from JEA as follows:

- a. That JEA take all Output (as defined in the PPA) made available to it under the Agreement;
- b. That JEA use all Output in compliance with the terms of the PPA;
- c. That JEA make all payments to MEAG Power as and when required by the terms of the PPA;
- d. That JEA not take any actions which will breach its obligations under the PPA, including but not limited to, its obligation to support MEAG's ability to obtain financing for the Project, and its obligations to make all payments required under the Agreement;
- e. That JEA cooperate with MEAG Power as required by the PPA in connection with the ongoing and future financing of Project J;
- f. That JEA rescind its August 17, 2018 letter;
- g. That JEA, in all other ways, act in strict compliance with the terms of the Agreement, and do nothing to threaten the continued financing of the project.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays for:

1. A final declaration and decree that the PPA is lawful and enforceable;
2. Grant of the specific performance requested;
3. Entry of the injunctive relief in the form requested;
4. An award of damages;
5. An award of reasonable attorneys' fees, costs, and expenses; and
6. Such other and further relief as the Court deems just and equitable.

Respectfully submitted this 11th day of September, 2018.

and politic of the state of Georgia,

Defendant.

COMPLAINT FOR DECLARATORY JUDGMENT

This is an action for a declaratory judgment pursuant to Section 86.011, Florida Statutes. Plaintiffs City of Jacksonville, Florida and JEA seek a judicial declaration that the Power Purchase Agreement (the “PPA,” as is further defined herein) between JEA and Defendant, Municipal Electric Authority of Georgia (“MEAG”)—which purports to saddle JEA and its ratepayers with an unlimited obligation to fund the exorbitant and ever-ballooning cost of constructing units of a nuclear power plant that JEA does not own, over which it has no control, and which will be owned and controlled primarily by private enterprises—violates the Constitution, laws, and public policy of the state of Florida and is therefore *ultra vires*, void *ab initio*, and unenforceable.

NATURE OF THE CASE

1. This action seeks to remove a cloud of uncertainty between what the terms of the PPA purport to require JEA to do, on the one hand, and what the law permits JEA to do, on the

other hand. At the center of this uncertainty is the project to construct the only two new nuclear power units being built in America. After the general contractor filed bankruptcy, a new cost-plus construction contract with a new general contractor was entered into that greatly increased JEA's exposure, which is now uncapped. The project initially was expected to cost \$9.5 billion with a guaranteed maximum price that limited JEA's liability. Current cost-to-completion estimates exceed \$27 billion, and that number is expected to increase. In the interest of the City's citizens and JEA's ratepayers, the City and JEA are uncertain as to the validity of the PPA and seek a declaration of JEA's rights, duties and obligations thereunder.

PARTIES, JURISDICTION, AND VENUE

2. This Court has jurisdiction over this matter pursuant to Section 26.012, Florida Statutes.

3. Plaintiff City of Jacksonville, Florida ("City") is an incorporated municipality of the State of Florida.

4. Plaintiff, JEA, is a body politic and corporate and an independent agency of the City, created and established pursuant to Chapter 21 of the Charter of the City of Jacksonville (the "Charter").

5. Defendant, MEAG, is a public body corporate and politic, a public corporation of the state of Georgia, but is not a Georgia institution nor a department or agency of Georgia. O.C.G.A. § 46-3-112. MEAG generates and transmits wholesale electric power to 49 communities (the "Participants") across the state of Georgia.

6. The amount in controversy exceeds \$15,000, exclusive of interest and costs.

7. This Court has specific personal jurisdiction over MEAG under Florida's long-arm statute because this cause of action arises from MEAG's acts in "[o]perating, conducting, engaging

in, or carrying on a business or business venture in [Florida].” § 48.193(1)(a)1, Fla. Stat. MEAG’s collective activities in Florida relating to the PPA show a general course of business activity in Florida for pecuniary benefit.

8. Venue is proper in this Court pursuant to Chapter 47, Florida Statutes, because a substantial part of the events or omissions giving rise to the claim occurred and the cause of action accrued in Jacksonville, Duval County, Florida. The issues in this case concern the validity of the PPA and do not arise out of either party’s actions or inactions in performance thereunder.

GENERAL ALLEGATIONS SUPPORTING DECLARATORY RELIEF

9. The Alvin W. Vogtle Electric Generating Plant (“Plant Vogtle”) is nuclear power plant located in Burke County, Georgia, consisting of two units—Plant Vogtle Units 1 and 2—constructed in 1987 and 1989, respectively.

10. Plant Vogtle Units 1 and 2 are jointly owned by Georgia Power Company (“Georgia Power”), Oglethorpe Power Corporation (“Oglethorpe”), MEAG, and City of Dalton (“Dalton,” and together with Georgia Power, Oglethorpe, and MEAG, the “Original Co-Owners”). The Original Co-Owners hold undivided ownership interests in Plant Vogtle Units 1 and 2 in the following ownership percentages: Georgia Power (45.7%); Oglethorpe (30%); MEAG (22.7%); and Dalton (1.6%).

11. In or about 2005, the Original Co-Owners agreed to expand the facilities at Plant Vogtle by developing two additional nuclear generating units, Plant Vogtle Units 3 and 4 (the “Additional Units”), consisting of two Westinghouse Electric Company LLC AP1000 reactors, each with a nominally rated generating capacity of 1,102 MW (generally, the “Vogtle Project”).

12. In or about May 2005, the Original Vogtle Co-Owners entered into an agreement to develop, construct, license, operate and own as tenants in common the Additional Units. The

Original Vogtle Co-Owners agreed to own and share the cost of constructing the Additional Units in the same ownership interest levels that each own with respect to Plant Vogtle Units 1 and 2—*i.e.*, Georgia Power (45.7%); Oglethorpe (30%); MEAG (22.7%); and Dalton (1.6%).

13. The Nuclear Regulatory Commission (“NRC”) certified the Additional Units’ nuclear reactor design in late 2011 and issued combined construction and operating licenses in early 2012, which allowed full construction of the Additional Units to begin. The NRC operating license Nos. NPF-91 and NPF-92 (“NRC Licenses”) each has a term of 40 years, which begins upon the requisite NRC Commission Finding set forth in 10 C.F.R. § 52.103(g).

14. Pursuant to its agreement with the other Original Co-Owners, MEAG acquired a 22.7 percent undivided ownership interest in the Additional Units, representing a projected 500.3 MW of nominally rated generating capacity.

15. Georgia Power owns the largest share of the Additional Units (45.7%) and acts as Agent for the other Co-Owners. *See* PPA § 104.

16. The total projected output of MEAG’s interest in the Additional Units over their 40-year life was expected to be in excess of its Participants’ needs. Accordingly, MEAG divided its undivided interest in the Additional Units into three separate undivided interests referred to as “Project J,” “Project P,” and “Project M.” *See* PPA “Recitals”. Project J refers to MEAG’s arrangement with JEA, which is described below. *See* PPA § 104. Project M refers to MEAG’s 40-year arrangement to sell 33.871 percent of its share of power from the Additional Units to 29 of its Participants. Project P refers to MEAG’s arrangement to sell 24.995 percent of its share of power from the Additional Units to an Alabama entity called PowerSouth for the initial 20 years of operation and then to 39 of its Participants for the final 20 years of operation.

17. MEAG created three separate legal entities corresponding to each of the three projects (the “Project Entities”) and transferred a portion of its ownership interest in the Additional Units equal to their respective project percentages. As a result of MEAG’s assignment of its ownership interest in Plant Vogtle to the Project Entities, the Vogtle Co-Owners now include Georgia Power, Oglethorpe, Dalton, and the Project Entities, but not MEAG (the “Co-Owners”).

18. To implement Project J, MEAG created MEAG Power SPVJ LLC (the “Project J Entity”) as a wholly-owned, direct subsidiary and transferred to it approximately 41.175 percent of its interest in the Additional Units. *See* PPA § 104.

19. Pursuant to Project J, JEA as buyer and MEAG as seller entered into that certain Power Purchase Agreement dated as of May 12, 2008 (“Original PPA”) for the sale and purchase of approximately 41.175 percent (206 megawatts) of MEAG’s share of the electric capacity and energy projected to be generated during the initial 20 years of operation of the Additional Units. MEAG also contracted with 39 of its Participants (the “Project J Participants”) to sell the Project J Participants the potential output generated after the initial 20 years of operation.

20. On December 31, 2014, the parties executed that certain Amended and Restated Power Purchase Agreement dated as of December 31, 2014 (the “Amended PPA,” and together with the Original PPA, “the PPA”), which supersedes the Original PPA and is the current operative agreement between the parties. *See* Exhibit A.

21. Neither the Original PPA nor the Amended PPA were approved by the Jacksonville City Council (“City Council”).

22. Under the PPA, JEA is entitled to 103 megawatts of capacity and energy from each of the Additional Units over a 20-year term commencing on each unit’s commercial operation

date, but will only receive it in the event the units are actually built and become operational. *See* PPA §§ 104, 204(a), & 102.

23. The PPA requires JEA to purchase all of the capacity and energy generated by Project J during the first 20 years of operation. *See* PPA § 202. The energy that JEA might eventually receive under the PPA is projected to represent approximately 13 percent of JEA's total energy requirements in the year 2023.

24. Under the PPA, JEA did not acquire any ownership interest in the Additional Units or Project J. Moreover, JEA has no control over, or even any right to participate in, any of the decisions concerning the construction or operation of the Vogtle Project or Project J in particular. *See* PPA § 601.

25. MEAG and the Project J Entity entered into a Wholesale Power Purchase Agreement, pursuant to which MEAG is entitled to all of the capacity and energy of the Project J Entity's ownership interest in Project J, and MEAG is obligated to pay all of the Project J Entity's costs and expenses, including the cost of financing the construction of the Additional Units.

26. Under the PPA, MEAG is required to "resell" to JEA all of the power it receives under the Wholesale Power Purchase Agreement from the Project J Entity during the first 20 years of operation of the Additional Units. *See* PPA § 201.

27. In order to finance Project J's portion of the construction costs for the Additional Units, MEAG authorized and validated approximately \$6 billion of revenue bonds to be secured for the first 20 years by the payments to be made by JEA under the PPA (the "Project J Bonds"), and thereafter by the payments to be made by the Project J Participants under their agreements to take over the Project J capacity.

28. MEAG issued a portion of the Project J Bonds in 2010 and 2015, of which approximately \$1.43 billion in principal was outstanding as of December 31, 2017.

29. In 2008, MEAG applied to the U.S. Department of Energy (the “DOE”) for loans guaranteed by the DOE for nuclear projects employing new or significantly improved technology under Title XVII of the Energy Policy Act of 2005.

30. The DOE approved the application and issued a commitment to guarantee loans of up to \$577.4 million (the “DOE Guaranteed Loans”) to be made by the Federal Financing Bank to the Project J Entity.

31. As of December 31, 2017, approximately \$337.9 million of DOE Guaranteed Loans for Project J construction costs had been drawn down by the Project J Entity and are outstanding.

32. The PPA unconditionally requires JEA to pay MEAG for capacity and energy at the full cost of production of Project J, including debt service on the Project J Bonds issued and to be issued by MEAG and on the DOE Guaranteed Loans made and to be made to the Project J Entity to finance the portion of the capacity to be sold to JEA from the Additional Units. *See* PPA §§ 104 & 204.

33. Under the PPA, JEA is obligated to fix the rates for its electric utility and charge its ratepayers at levels at least sufficient to meet its obligations thereunder and must pay those obligations first, prior to making debt service payments on its own debt.

34. JEA’s obligation to pay is completely unconditional regardless of whether the electricity is ever delivered, or whether either or both of the Additional Units are ever “completed or [are] operating or operable, and whether or not [their] Output is suspended, interrupted, interfered with, reduced or curtailed or terminated in whole or in part, and such payments shall not be subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the

performance or non-performance by any party of any agreement for any cause whatsoever.” *See* PPA § 204(g). This obligation is called a “hell-or-high-water” clause because of the unconditional nature of the obligation imposed.

35. In 2008, Georgia Power, for itself and as Agent for the other Co-Owners, entered into a contract (“the EPC Contract”), pursuant to which Westinghouse Electric Company LLC (“Westinghouse”) and its affiliate, WECTEC Global Project Services Inc. (“WECTEC”), agreed to design, engineer, procure, construct, and test the Additional Units.

36. The EPC Contract was a fixed-cost contract, which required Westinghouse and WECTEC to absorb most of the construction cost overruns for the Vogtle Project.

37. Construction of the Additional Units experienced significant delays and substantial cost overruns, resulting in construction costs far in excess of the fixed cost under the EPC Contract and delaying the projected completion date by years.

38. As a result of the problems with the construction of the Additional Units, the significant cost overruns and other issues, Westinghouse and WECTEC each filed bankruptcy on March 29, 2017.

39. On June 9, 2017, Georgia Power, for itself and as Agent for the Co-Owners, entered into a “Services Agreement” (later amended and restated on June 20, 2017) with Westinghouse and WECTEC, which called for Westinghouse and WECTEC to transition construction management of the Additional Units to Southern Nuclear Company (“Southern Nuclear”), the parent company of Georgia Power.

40. Effective October 23, 2017, Georgia Power, for itself and as Agent for the Co-Owners, entered into a Construction Completion Agreement (the “Construction Agreement”) with

Bechtel Corporation (“Bechtel”), who serves as the primary construction contractor for the remainder of the Vogtle Project.

41. The terms of Construction Agreement differ considerably from those of the EPC Contract. Unlike the EPC Contract, which was a fixed-cost contract, the Construction Agreement is a cost-reimbursement arrangement. Under the Construction Agreement, the Co-Owners agreed to reimburse Bechtel for its actual construction costs plus certain additional fees. Each Co-Owner is liable for its proportionate share of all amounts owed to Bechtel under the Construction Agreement.

42. Since the Construction Agreement was entered into, the estimated cost to complete construction of the Additional Units has increased uncontrollably and the estimated completion date has repeatedly been pushed back. The initial \$1.387 billion estimated to complete Project J, has ballooned to \$2.918 billion. The initial estimated completion date of April 2016 is now November 2021. There appears to be no end in sight to the ever-increasing cost and delays plaguing the construction of the Additional Units.

43. JEA was not permitted by MEAG to participate in any way with the negotiation of the terms of the Construction Agreement or the decision to press ahead with construction of the Additional Units despite the absence of any economic reason to do so. Thus, JEA is not a party to, did not authorize, and did not participate in any way with, the Construction Agreement or the ill-advised decision of the Co-Owners to continue with the Vogtle Project.

44. The change in the underlying construction contract for the Vogtle Project from a fixed-cost contract to a cost-reimbursement contract fundamentally and drastically changed the nature of JEA’s obligations and risks with respect to Project J. Through the PPA, MEAG and the Project J Entity are able to pass along to JEA a substantial portion of the now-unlimited cost to

construct the Additional Units. JEA must satisfy this open-ended obligation to pay for MEAG's yet unknown and uncapped debt service regardless of the amount, regardless of whether the Additional Units are ever built or ever become operational, and regardless of whether JEA ever receives any electricity, capacity, or benefit whatsoever from the Additional Units.

GROUND IN SUPPORT OF DECLARATORY RELIEF

45. For the reasons set forth below, JEA acted beyond the limits of its authority by entering into the PPA in violation of the constitution, laws, and public policy of the state of Florida, rendering the PPA *ultra vires*, void, and unenforceable.

***First Ground:
The PPA Violates Article VII, Section 10 of the Florida Constitution***

46. Article VII, Section 10 of the Florida Constitution provides, in relevant part:

Pledging credit.—Neither the state nor any county, school district, municipality, special district, or agency of any of them, shall become a joint owner with, or stockholder of, or give, lend or use its taxing power or credit to aid any corporation, association, partnership or person; but this shall not prohibit laws authorizing:

* * *

(d) a municipality, county, special district, or agency of any of them, being a joint owner of, giving, or lending or using its taxing power or credit for the joint ownership, construction and operation of electrical energy generating or transmission facilities with any corporation, association, partnership or person.

47. Article VII, Section 10 of the Florida Constitution generally prohibits a Florida public entity from, among other things, becoming a joint owner with or lending or using its credit to aid any corporation, association, partnership or person. The prohibition in Article VII, Section 10 has been a part of Florida constitutional law for more than 130 years and reflects the long-standing public policy of the state of Florida that public entities may not jeopardize their financial stability by becoming financially entangled with private enterprise.

48. Article VII, Section 10(d) supplies a limited exception to the prohibition against a public entity's ability to give, lend, or use its credit to aid a private entity. Section 10(d) authorizes the Florida Legislature to enact laws that permit a public entity to be a joint owner of, or give, lend, or use its taxing power or credit for the **joint** ownership, construction, and operation of electrical generation or transmission facilities with any corporation, association, partnership or person.

49. Under Article VII, Section 10(d) of the Florida Constitution, JEA is only permitted to give, lend, or use its credit towards an electrical generation or transmission facility that is co-owned with a private corporation when JEA also has **joint** ownership of the facility.

50. One of the Co-Owners of the Vogtle Project is Georgia Power, a private for-profit corporation, which owns a 45.7 percent share—the largest share—of the Additional Units. The second largest Co-Owner is Oglethorpe, a private not-for-profit corporation, which owns a 30 percent share of the Additional Units. Thus, private enterprises own and control more than 75 percent of the Additional Units.

51. JEA's 20-year obligation to pay for the construction of the Additional Units is estimated to cost JEA more than \$1.6 billion. Further, the PPA also requires JEA to act as liquidity provider (*i.e.*, to provide up to \$75 million in cash upon MEAG's demand) to retire short-term debt instruments issued by MEAG (such as bond anticipation notes, take-out bonds and commercial paper) in the event MEAG cannot refinance those debt instruments. *See* PPA § 204(b). Under the PPA, JEA may not be reimbursed for such liquidity loans to MEAG for up to 20 years if MEAG deems that it is too expensive to access the market to reimburse JEA.

52. JEA's payment obligations under the PPA are "Contract Debt" payable from the general revenues of JEA's electric system before payment of any of JEA's other expenses, including its own debt service. JEA is obligated to raise the rates it charges its customers for

electricity in order to generate enough revenue to satisfy its obligations under the PPA. Further, under the PPA's "hell-or-high-water" clause, JEA is obligated to pay for construction of the Additional Units regardless of whether any power is ever generated from them.

53. JEA has no ownership interest in the Vogtle Project and no ability to control any of the decisions with respect to the Vogtle Project, including the decision to continue to incur expense in constructing the Additional Units. This lack of joint ownership and control violates Article VII, Section 10(d) of the Florida Constitution.

54. Pursuant to the PPA, JEA has given, lent, and used its credit to aid the Co-Owners, including Georgia Power and Oglethorpe, in financing their construction and ownership of the Additional Units, which the Co-Owners own as tenants in common. The primary and paramount purpose of JEA's payment obligations under the PPA is to finance the construction of the Additional Units, as evidenced by the fact that JEA's payments are based on MEAG's debt service on its financing of the construction of the Additional Units and the fact that JEA's payments are due regardless of whether the Additional Units ever produce electricity and regardless of whether JEA ever actually receives any electricity from the Additional Units.

55. JEA acted outside the scope of its constitutional authority under Article VII, Section 10(d) of the Florida Constitution in entering into the PPA because JEA has given, lent, and used its credit to aid the Vogtle Project, the largest Co-Owners of which (75.7 percent) are private corporations, yet JEA retains no ownership interest in the Additional Units and has no power to manage or control the Vogtle Project. Accordingly, the PPA is *ultra vires*, void, and unenforceable.

***Second Ground:
The PPA Violates Chapter 80-513, Laws of Florida***

56. Section 21.04(o) of the Charter allows JEA to enter into agreements with other public or private electric utilities to implement "joint electric power projects" in accordance with

Chapter 80-513, Laws of Florida, as amended (“Chapter 80-513”). Specifically, pursuant to § 21.04(o) of the Charter, JEA has the power:

To enter into agreements with one or more other electric utilities, public or private, and related contracts with respect to joint electric power projects as provided in section 2 of chapter 80-513, Laws of Florida, as amended. The provisions of said chapter 80-513 shall govern and control JEA in all respects in the carrying out of a joint electric power project authorized thereunder notwithstanding any provision of the charter or of the Ordinance Code of the City of Jacksonville which may be in conflict therewith.

57. Section 10 of Chapter 80-513 provides that “[t]he provisions of this act are intended to implement the provisions of s. 10, Article VII of the State Constitution” by permitting JEA to “give, lend or use its credit to aid any joint participant in such project.”

58. Section 1 of Chapter 80-513 authorizes JEA to “acquire, build, construct, erect, extend, enlarge, lease, improve, furnish, equip, own and operate” “projects” which are defined as “*electric generating plants* and transmission lines and interconnections and substations for the generation, transmission and exchanging of electric power and energy both within and without the boundaries of the consolidated City of Jacksonville and within and without the state.” (emphasis added).

59. The Vogtle Project, consisting of the Additional Units, is an electric generating plant located “without the state” of Florida and qualifies as a “project” as defined under section 1 of Chapter 80-513.

60. Section 2(a) of Chapter 80-513 authorizes JEA to

join with any other electric utility located within or without the state or any group of such electric utilities, public or private, for the purpose of *jointly financing*, acquiring, building, constructing, erecting, extending, enlarging, leasing as lessor or as lessee, improving, furnishing, equipping, owning and operating any project in accordance with the provisions of this act, and may contract with any such utility or group of electric utilities *for any such purpose* (emphasis added).

61. Pursuant to the PPA, JEA is “jointly financing” the Vogtle Project with MEAG, Georgia Power, Oglethorpe, and other entities within the meaning of section 2(a) of Chapter 80-513. The PPA provides for more than just the purchase of electricity. It obligates JEA to satisfy a portion of MEAG’s debt service with respect to debt MEAG and the Project J Entity issues to finance the construction of the Additional Units, including the Project J Bonds and the DOE Guaranteed Loans. Although MEAG is the nominal issuer of the Project J Bonds and the Project J Entity is nominally the obligor under the DOE Guaranteed Loans, JEA is the obligated party to whom the bondholders and the DOE are looking for repayment.

62. JEA was required to disclose and did disclose its financial and operational information in MEAG’s prospectus for the issuance of the Project J Bonds and is obligated to provide ongoing disclosure of such information until its payment obligations are complete, as if it had been the issuer of MEAG’s Project J Bonds. Under Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934 relating to disclosure requirements in connection with the issuance of municipal securities, JEA is an “obligated person” who is responsible for the repayment of MEAG’s Project J Bonds during the first 20 years.

63. The PPA also requires JEA to act as liquidity provider (*i.e.*, to provide up to \$75 million in cash upon MEAG’s demand) to retire short-term debt instruments issued by MEAG (such as bond anticipation notes, take-out bonds and commercial paper) in the event MEAG cannot refinance those debt instruments. *See* PPA § 204(b). Under the PPA, JEA may not be reimbursed for such liquidity loans to MEAG for up to 20 years if MEAG deems that it is too expensive to access the market to reimburse JEA. *See id.* This is a role typically fulfilled by an external credit support financial institution and not a utility provider.

64. Section 8 of Chapter 80-513 requires that contracts entered into under section 2(a) of Chapter 80-513 (*i.e.*, an agreement to “jointly financ[e]” a project) are invalid unless approved by two-thirds of the membership of City Council. Section 8 of Chapter 80-513 provides, in pertinent part:

[A]ny agreements or contracts entered into by JEA under section 2(a) of this act shall be subject to the prior consent and approval by two-thirds of the membership of the council

65. The PPA is a joint financing contract under section 2(a) of Chapter 80-513. Pursuant to section 8 of Chapter 80-513, the PPA required the prior consent and approval by two-thirds of the membership of City Council. However, no City Council approval was obtained for the PPA.

66. The PPA violates Chapter 80-513 (the act implementing Article VII, Section 10 of the Florida Constitution) because JEA did not obtain approval from City Council before entering into the PPA. Accordingly, the PPA is *ultra vires*, void, and unenforceable.

67. Additionally, the PPA violates Chapter 80-513 because it does not comply with the ownership and control requirements set forth therein. Under the PPA, JEA did not acquire any ownership interest in the Additional Units or Project J and has no control over, or even any right to participate in, any of the decisions concerning the construction or operation of the Vogtle Project or Project J in particular. *See* PPA § 601. Because Chapter 80-513 implements the exception in Article VII, Section 10(d), ownership and control over the project being financed is constitutionally mandated.

68. Additionally, the PPA violates section 2(b) of Chapter 80-513 because it has a maximum term of 50 years from its execution. *See* PPA § 102. Section 2(b) of Chapter 80-513 provides that JEA “[m]ay contract for a period not exceeding 40 years for: (i) The purchase by

take-or-pay contracts, or otherwise, of capacity or energy, or both.” Accordingly, the PPA violates section 2(b) of Chapter 80-513 because it has a maximum term of 50 years.

***Third Ground:
The PPA is a Joint Project Agreement Requiring City Council Approval
Pursuant to § 21.04(n) of the Charter***

69. Section 21.04(n) of the Charter allows JEA to enter into “joint project agreements” to implement a “project” as defined in part II, chapter 361, Florida Statutes, subject to certain requirements:

To enter into joint project agreements as provided by part II of chapter 361, Florida Statutes, for the purpose of implementing a project, as such term is defined in Part II of Chapter 361, Florida Statutes. A copy of all such joint project agreements shall be filed with the council and the mayor at least thirty days prior to the effective date of the agreement. Anything in this provision to the contrary notwithstanding, *(i) any joint project agreement that involves a transfer of any function or operation that comprises more than ten percent of the total of the utilities system by sale, lease or otherwise to any other utility, public or private, or (ii) any joint project agreement that involves the issuance of debt not previously authorized by s.21.04(i)(2), shall require prior approval of the council.* (emphasis added).

70. A “project” is defined in § 361.11(1), Florida Statutes, as “a joint electric power supply project . . . for the joint generation or transmission of electrical energy, or both” The Vogtle Project qualifies as a “project” under this statute.

71. Section 361.12, Florida Statutes, empowers an “electric utility” to join with any one or more “foreign public utilities” for the purpose of “*jointly financing, acquiring, constructing, managing, operating, or owning any project.*” (emphasis added).

72. As set forth above, MEAG and JEA are jointly financing Project J because MEAG and the Project J Entity incur indebtedness based on JEA’s creditworthiness, the debt service of which JEA is then required to pay for the first 20 years. Therefore, the PPA is a “joint project agreement” within the meaning of § 21.04(n) of the Charter.

73. Pursuant to clauses (i) and (ii) of § 21.04(n) of the Charter, respectively, City Council approval is required if the “joint project agreement” (*i.e.*, the PPA) involves either (i) the transfer of any function or operation in excess of 10 percent of the total of the utility system or (ii) the issuance of debt not previously authorized under § 21.04(i)(2) of the Charter.

74. The PPA is a joint project agreement that involves the transfer of a function of JEA in excess of 10 percent of the total of JEA’s electric utilities system. The energy JEA is expected to receive under the PPA is projected to represent approximately 13 percent of JEA’s total energy requirements in the year 2023. The functions being transferred are JEA’s power to control its expenditures in both constructing and operating Project J, both of which JEA has contracted away by agreeing to be responsible for MEAG’s debt service on more than \$1.6 billion of MEAG debt for 20 years as well as operational costs during such time without having any ability to control construction or operating costs.

75. The PPA involves the issuance of debt not previously authorized by City Council under § 21.04(i)(2) of the Charter. JEA’s liability under the PPA constitutes the “issuance of debt” within the meaning of clause (ii) of § 21.04(n)(ii) of the Charter. JEA agreed in the PPA that MEAG and the Project J Entity may incur unlimited amounts of debt, the debt service on which JEA will be responsible to pay over 20 years. JEA’s obligation to pay this debt was not previously authorized by City Council under § 21.04(i)(2) of the Charter.

76. JEA lacked the authority to enter into the PPA pursuant to § 21.04(n) of the Charter because prior City Council approval of the PPA was not obtained as required by clauses (i) and (ii) of § 21.04(n) of the Charter. Accordingly, the PPA is *ultra vires*, void, and unenforceable.

***Fourth Ground:
The PPA is an Agreement to Borrow Money Requiring City Council Approval
Pursuant to § 21.04(j) of the Charter***

77. Section 21.04(j) of the Charter empowers JEA:

To borrow money and to issue notes for any purpose or purposes for which bonds or revenue certificates may be issued under the provisions of this article, in accordance with the provisions of this article relating to the issuance of bonds or revenue certificates (emphasis added).

78. Section 21.04(j) of the Charter is applicable to instances in which JEA borrows money other than by issuing bonds or revenue certificates for any purpose for which bonds or revenue certificates may be issued. Although these borrowings are not bonds or revenue certificates, § 21.04(j) of the Charter nonetheless requires that they be undertaken “in accordance with the provisions of this article [21] relating to the issuance of bonds or revenue certificates.”

79. Section 21.04(i)(2) of the Charter provides the JEA may issue bonds or revenue certificates if “the total aggregate amount of bonds or revenue certificates issued by JEA [are] within the limits prescribed by ordinance of the council.” If a debt issuance would cause the aggregate total amount of bonds and revenue certificates to exceed the limits prescribed by City Council ordinance, JEA must obtain the prior approval from City Council.

80. Under the PPA, JEA is obligated to pay the debt service on bonds issued by MEAG and on the DOE Guaranteed Loans made by the Project J Entity to finance the construction of the Additional Units. Although MEAG is the nominal issuer of the bonds and the Project J Entity is the nominal obligor under the DOE Guaranteed Loans, JEA is the obligated party to whom bondholders and the DOE are looking for repayment. The PPA is first and foremost a financing agreement for JEA to repay money borrowed by MEAG and the Project J Entity for JEA’s presumed benefit, regardless of whether JEA actually receives the benefit.

81. Because the PPA effectively makes JEA the borrower of the Project J Bonds and the DOE Guaranteed Loans, City Council approval of the aggregate indebtedness of JEA under the PPA was required. Because City Council approval was not obtained for this borrowing, the PPA is *ultra vires*, void, and unenforceable.

***Fifth Ground:
The PPA is a Constitutionally Impermissible Delegation of JEA’s Decision-Making
Authority and Responsibility***

82. JEA, as a public entity and an independent agency of the City, impermissibly delegated to MEAG and the Co-Owners its constitutional decision-making authority and responsibility with respect to the incurrence and payment of debt and expenses.

83. Pursuant to the terms of the PPA, JEA does not retain any control over the Vogtle Project generally or Project J in particular, including decisions to incur debt or to continue with construction of the Additional Units. *See* PPA § 601.

84. JEA has no ownership interest in Project J or the Additional Units, no power or authority to participate in project finance and spending decisions, and no power or authority to challenge, object, or have any input with regard to the cost of the Vogtle Project. *See* PPA “Recitals” at 1; PPA §§ 208 & 601.

85. The PPA obligates JEA to an unknown, uncapped substantial amount of debt, and JEA has delegated all decision-making authority to MEAG, the Co-Owners, and Georgia Power as Agent.

86. The PPA also impermissibly imposes restrictions upon JEA’s discretionary power to make expenditures with regard to other projects or purchases because it requires JEA’s payments under the PPA to be made prior to debt service on JEA’s own electric system revenue bonds.

87. The PPA also impermissibly imposes restrictions upon JEA's ability to set its rates because JEA is required to fix its rates in an amount sufficient to cover its obligations under the PPA.

88. JEA has no right under the PPA to suspend or terminate its payment obligations for any reason, including if MEAG fails construct the Additional Units or deliver electricity to JEA.

89. JEA has delegated to MEAG and the Co-Owners plenary authority to make spending and all other decisions concerning JEA's fiscal share of the construction costs of the Additional Units, and JEA retains no ownership or management interest in the Additional Units.

90. JEA's transfer of these powers and interests to MEAG and the Co-Owners is a constitutionally impermissible delegation of JEA's spending power. Therefore, the PPA is *ultra vires*, void, and unenforceable.

***Sixth Ground:
The PPA Violates Florida Public Policy***

91. The citizens and ratepayers in northeast Florida rely on JEA to manage the electric utility system in a prudent manner and to protect them from unjust, ill-considered, or extortionate contracts.

92. Under the PPA, JEA's electric utility ratepayers are burdened for 20 years by the obligation to fund a project in which JEA retains no ownership interest, over which JEA has no management or budgetary control, and from which ratepayers may never receive any electricity or capacity notwithstanding the massive unconditional financial obligations incurred.

93. At the same time, the Project J Participants, who are all members of MEAG, receive the benefit of an indirect ownership interest in the Additional Units by virtue of their membership in MEAG, as well as energy and capacity therefrom, following the 20-year PPA term, for the remainder of such Units' 40-year NRC Licenses' terms.

94. The substantial, open-ended, and unlimited obligations borne by JEA's ratepayers are not balanced by either ownership or management control in the project. There is a complete absence of any JEA oversight or discretion, which constitutes an improper delegation of JEA's spending power. As a result, the PPA is imprudent, ill-considered, and injurious to the public.

95. JEA has a duty to engage in prudent and responsible management of its resources and finances for the benefit of its ratepayers as an established social interest. The Charter allows JEA to enter into contracts that it deems necessary or desirable "for the **prudent** management of JEA funds, debts or fuels, ... including, without limitation, ... contracts for the future delivery or price management of power, energy, ... or other related commodities." *See* § 21.04(l), Charter.

96. Article VII, section 10 of the Florida Constitution reflects the long-held public policy of the state of Florida that forbids the financial entanglement of a public body with private interests without the benefit of ownership and control of the subject matter. The PPA inflicts precisely the sort of harm on JEA and its ratepayers that this public policy was designed to guard against.

97. As a result of the unconditional and uncapped obligations of JEA under the PPA, the improper delegation of JEA's decision-making authority, and the drastic changes imposed on JEA by the Construction Agreement, the PPA exposes JEA and its ratepayers to significant financial risk in violation of the public policy of the state of Florida. Accordingly, the PPA is *ultra vires*, void, and unenforceable.

DEMAND FOR DECLARATORY RELIEF

98. The City and JEA are entitled to declaratory relief because JEA acted without authority and in violation of the constitution, laws, and public policy of the state of Florida in entering into the PPA.

99. The declaratory relief requested herein will resolve a present, actual controversy between the parties and bring certainty as to the respective rights and obligations of the parties concerning the PPA.

100. All conditions precedent to the filing and maintenance of this action have been satisfied, excused, or waived.

WHEREFORE, Plaintiffs City of Jacksonville, Florida and JEA request the entry of judgment declaring that the PPA entered into between JEA and MEAG is *ultra vires*, void, and unenforceable against JEA, and awarding Plaintiffs all further appropriate relief.

DEMAND FOR JURY TRIAL

Plaintiffs, City of Jacksonville and JEA request a trial by jury of all issues so triable.

Respectfully submitted this 11th day of September, 2018.
